1 o. Power Authority of the State of New York

2 Any application made concerning a project shall include the terms,  
3 conditions and dates of the repayment of state appropriations authorized  
4 by law pursuant to a repayment agreement. Any subsidiary of, or corpo-  
5 ration with the same members or directors as, a public benefit corpo-  
6 ration subject to the provisions of this section shall also be subject  
7 to the provisions of this section. All applications and submissions to  
8 the board required to be made by a subsidiary shall be made on behalf of  
9 such subsidiary by the public benefit corporation which created the  
10 subsidiary. No public benefit corporation subject to the provisions of  
11 this section shall make any commitment, enter into any agreement or  
12 incur any indebtedness for the purpose of acquiring, constructing, or  
13 financing any project unless prior approval has been received from the  
14 board by such public benefit corporation as provided herein.

15 3. The board may approve applications only upon its determination  
16 that, with relation to any proposed project, there are commitments of  
17 funds sufficient to finance the acquisition and construction of such  
18 project. In determining the sufficiency of commitments of funds, the  
19 board may consider commitments of funds, projections of fees or other  
20 revenues and security, which may, in the discretion of the board,  
21 include collateral security sufficient to retire a proposed indebtedness  
22 or protect or indemnify against potential liabilities proposed to be  
23 undertaken. In reviewing an application from the Long Island Power  
24 Authority, the North Country Power Authority or the Power Authority of  
25 the State of New York for the approval of any project related to energy  
26 generation or transmission, in addition to determining the sufficiency  
27 of commitments of funds and any other required reviews, the board may  
28 consider the consistency of the project with the current state energy  
29 plan and other state environmental and energy-related policies. A copy  
30 of such determination shall be submitted to the chief executive officer  
31 of the appropriate public benefit corporation and the state comptroller.

35 control board. The authority shall not make any commitment, enter into  
36 any agreement nor incur any indebtedness unless prior approval has been  
37 received from the New York state public authorities control board pursu-  
38 ant to article one-A of this chapter.

39 § 3. This act shall take effect immediately.
