11. Judicial warrant. A warrant based on probable cause and issued by a judge appointed pursuant to article III of the United States constitution or a federal magistrate judge appointed pursuant to 28 USC 631, that authorizes federal immigration authorities to take into custody the person who is the subject of such warrant.
§ 5. Subdivisions 1 and 7 of section 502 of the vehicle and traffic law are REPEALED and a new subdivision 1 is added to read as follows:

1. Application for license. Application for a federal-purpose driver's license shall be made to the commissioner pursuant to this section. The fee prescribed by law may be submitted with such application. The applicant shall furnish such proof of identity, age, and fitness as may be required by the commissioner. Applicants who cannot present sufficient proof to obtain a federal-purpose driver's license shall be notified that they may be eligible for a standard driver's license under section five hundred two-b of this article. The commissioner may also provide
that the application procedure shall include the taking of a photo image or images of the applicant in accordance with rules and regulations prescribed by the commissioner. In addition, the commissioner also shall require that the applicant provide his or her social security number and shall provide space on the application so that the applicant may register in the New York state organ and tissue donor registry under section forty-three hundred ten of the public health law with the following stated on the application in clear and conspicuous type:
"You must fill out the following section: Would you like to be added to the Donate Life Registry? Check box for 'yes' or 'skip this question'."

The commissioner of health shall not maintain records of any person who checks "skip this question". Except where the application is made in person or electronically, failure to check a box shall not impair the validity of an application, and failure to check "yes" or checking "skip this question" shall not be construed to imply a wish not to donate. In the case of an applicant under eighteen years of age, checking "yes" shall not constitute consent to make an anatomical gift or registration in the donate life registry, except as otherwise provided pursuant to the provisions of paragraph (b) of subdivision one of section fortythree hundred one of the public health law. Where an applicant has previously consented to make an anatomical gift or registered in the donate life registry, checking "skip this question" or failing to check a box shall not impair that consent or registration. In addition, an applicant for a commercial driver's license who will operate a commercial motor vehicle in interstate commerce shall certify that such applicant meets the requirements to operate a commercial motor vehicle, as set forth in public law 99-570, title XII, and title 49 of the code of federal regulations, and all regulations promulgated by the United States secretary of transportation under the hazardous materials transportation act. In addition, an applicant for a commercial driver's license shall submit a medical certificate at such intervals as required by the federal motor carrier safety improvement act of 1999 and Part $383.71(\mathrm{~h})$ of title 49 of the code of federal regulations relating to medical certification and in a manner prescribed by the commissioner. For purposes of this section and sections five hundred three, five hundred ten-a, and five hundred ten-aa of this title, the terms "medical certificate" and "medical certification" shall mean a form substantially in compliance with the form set forth in Part $391.43(\mathrm{~h})$ of title 49 of the code of federal regulations. Upon a determination that the holder of a commercial driver's license has made any false statement, with respect to the application for such license, the commissioner shall revoke such license.
§ 6. Subdivision 3, paragraph (a) of subdivision 5 and paragraph (a) of subdivision 6 of section 502 of the vehicle and traffic law, subdivision 3 as amended by chapter 97 of the laws of 2016 , paragraph (a) of subdivision 5 as amended by chapter 138 of the laws of 1981 , and paragraph (a) of subdivision 6 as amended by section 3 of part $K$ of chapter 59 of the laws of 2009, are amended to read as follows:
3. Application for learner's permit. An application for a learner's permit shall be included in the application for a standard or federalpurpose driver's license. A learner's permit shall be issued in such form as the commissioner shall determine but shall not be issued unless the applicant has successfully passed the vision test required by this section and the test set forth in paragraph (a) of subdivision four of this section with respect to laws relating to traffic and ability to
read and comprehend traffic signs and symbols and has satisfactorily completed any course required pursuant to paragraph (a) of subdivision four of this section. Upon acceptance of an application for a learner's permit the commissioner shall provide the applicant with a driver's manual which includes but is not limited to the laws relating to traffic, the laws relating to and physiological effects of driving while ability impaired and driving while intoxicated, the law for exercising due care to avoid colliding with a parked, stopped or standing vehicle pursuant to section eleven hundred forty-four-a of this chapter, explanations of traffic signs and symbols and such other matters as the commissioner may prescribe.
(a) Upon successful completion of the requirements set forth in subdivision four of this section, and upon payment of the fee prescribed by law, the commissioner shall issue an appropriate federal-purpose driver's license to the applicant, except that the commissioner may refuse to issue such license:
(i) if the applicant is the holder of a currently valid or renewable license to drive issued by another state [or foreign oountry] unless the applicant surrenders such license, or
(ii) if such issuance would be inconsistent with the provisions of section five hundred sixteen of this chapter.
(a) A license issued pursuant to subdivision five of this section shall be valid until the expiration date contained thereon, unless such license is suspended, revoked or cancelled. Such license may be renewed by submission of an application for renewal, the fee prescribed by law, proofs of prior licensing, fitness and acceptable vision prescribed by the commissioner, the applicant's social security number, and if required by the commissioner a photo image of the applicant in such numbers and form as the commissioner shall prescribe. In addition, an applicant for renewal of a license containing a hazardous material endorsement shall pass an examination to retain such endorsement. The commissioner shall, with respect to the renewal of a hazardous materials endorsement, comply with the requirements imposed upon states by sections 383.141 and 1572.13 of title 49 of the code of federal regulations. A renewal of such license shall be issued by the commissioner upon approval of such application, except that no such license shall be issued if its issuance would be inconsistent with the provisions of section five hundred sixteen of this title, and except that the commissioner may refuse to renew such license if the applicant is the holder of a currently valid or renewable license to drive issued by another state [ox foreign eountry] unless the applicant surrenders such license.

5. Custody of records. (a) Notwithstanding any other provision of this article, the commissioner shall collect, store, and maintain documents and information furnished by applicants for standard driver's licenses in accordance with this subdivision.
(b) The commissioner shall not collect or retain the documents or copies of the documents furnished by an applicant for a standard driver's license, including those documents furnished as proof of identity and age.
(c) The commissioner may collect the application form completed by an applicant for a standard driver's license for the period necessary to review the application, provided that such application and any copies of such application shall be destroyed after a period of no more than six months. Application forms shall not be public records and shall not be disclosed in response to any public records request.
(d) The commissioner shall not disclose any information collected pursuant to this section to any law enforcement agency absent a judicial subpoena or judicial warrant that names the individual whose information is sought. If presented with a judicial subpoena or judicial warrant, only those records specifically identified in the subpoena or warrant may be disclosed.

Neither the commissioner nor his agent shall be required to allow the inspection of an application, or to furnish a copy thereof, or information therefrom, until a license has been issued thereon.
§ 9. This act shall take effect immediately.
