

STATE OF NEW YORK

10870

IN ASSEMBLY

May 25, 2018

Introduced by M. of A. SMITH -- read once and referred to the Committee on Alcoholism and Drug Abuse

AN ACT to amend the general business law, the mental hygiene law and the social services law, in relation to the improvement and operation of sober living homes

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Declaration of findings and legislative intent. The legis-
2 lature hereby finds and declares that there is an urgent need to improve
3 the operation of sober living homes. A sober living home is intended to
4 provide affordable, drug and alcohol free environments for persons who
5 are enrolled in out-patient treatment or recovering from a drug or alco-
6 hol addiction. The mission of a sober living home is to promote recovery
7 and allow individuals to become self-supporting. In order to meet this
8 mission, residents must be afforded a safe, sanitary, and secure envi-
9 ronment.

10 The legislature further finds that far too many sober living home
11 operators fail to provide the atmosphere necessary for residents. While
12 there certainly are some well-run sober living homes that truly aim to
13 assist those in recovery, many of these homes are often overcrowded,
14 drug and alcohol infested, unsanitary, and incompetently managed. In
15 order to ensure that appropriate living standards are being maintained,
16 regulations pertaining to the operation of sober living homes must be
17 established and enforced.

18 The legislature further finds and declares that it is the intent of
19 the legislature to prevent recidivism, injury, and death among persons
20 seeking housing in a sober living home by establishing and enforcing
21 operational standards. By ensuring that appropriate standards are estab-
22 lished and enforced, communities which host a sober living home will
23 also benefit. By authorizing the state to certify establishments meeting
24 the criteria necessary to provide an appropriate environment, and by
25 allowing localities to inspect the establishment, safe and effective
26 sober living homes can continue to improve people's lives.

21.03 Definition.

21.05 Certification process.

21.07 Certification fee.

21.09 Revocation of certificates.

21.11 Inspections.

21.13 Violations.

21.17 Listing of certified sober living homes.

21.19 Toll-free hotline.

§ 21.01 Authority.

The legislature hereby declares that alcoholism, substance abuse and chemical dependence pose major health and social problems for individuals. It has been proven that transitional living environments can help to prevent recidivism after an individual has ceased using alcohol, illegal substances and chemicals. The tragic, cumulative and often fatal consequences of recidivism can be prevented through the establishment of quality sober living homes.

The legislature recognizes locally implemented transitional living programs as an effective avenue to avert recidivism. The primary goals of rehabilitation and recovery are to restore social, family, lifestyle, vocational, and economic supports by stabilizing an individual's physical and psychological functioning. By ensuring that sober living homes are offering the environment necessary for such success, positive treatment outcomes can be further attained.

The state of New York and local governments have a responsibility to coordinate the delivery of alcoholism and substance abuse services, through the entire process of recovery. To accomplish these objectives, the legislature declares that the establishment of a program for certification of sober living homes will provide an integrated framework to further plan, oversee, and regulate the state's prevention and treatment network. In recognition of the growing trends and incidences of recidivism, this oversight allows the state to respond to the recovery needs of individuals suffering from alcoholism, substance abuse and chemical dependency.

§ 21.03 Definition.
