## IN ASSEMBLY

May 25, 2018

Introduced by M. of A. SMITH -- read once and referred to the Committee on Alcoholism and Drug Abuse

AN ACT to amend the general business law, the mental hygiene law and the social services law, in relation to the improvement and operation of sober living homes

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Declaration of findings and legislative intent. The legis-1 2 lature hereby finds and declares that there is an urgent need to improve the operation of sober living homes. A sober living home is intended to 3 4 provide affordable, drug and alcohol free environments for persons who 5 are enrolled in out-patient treatment or recovering from a drug or alco-6 hol addiction. The mission of a sober living home is to promote recovery 7 and allow individuals to become self-supporting. In order to meet this 8 mission, residents must be afforded a safe, sanitary, and secure envi-9 ronment.

10 The legislature further finds that far too many sober living home 11 operators fail to provide the atmosphere necessary for residents. While 12 there certainly are some well-run sober living homes that truly aim to 13 assist those in recovery, many of these homes are often overcrowded, 14 drug and alcohol infested, unsanitary, and incompetently managed. In 15 order to ensure that appropriate living standards are being maintained, 16 regulations pertaining to the operation of sober living homes must be 17 established and enforced.

18 The legislature further finds and declares that it is the intent of 19 the legislature to prevent recidivism, injury, and death among persons 20 seeking housing in a sober living home by establishing and enforcing 21 operational standards. By ensuring that appropriate standards are estab-22 lished and enforced, communities which host a sober living home will 23 also benefit. By authorizing the state to certify establishments meeting 24 the criteria necessary to provide an appropriate environment, and by 25 allowing localities to inspect the establishment, safe and effective 26 sober living homes can continue to improve people's lives.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.
