§ 230-e. Office-based surgery workgroup. 1. An office-based surgery 4 workgroup shall be convened and shall consist of nine members appointed by the governor. Two members shall be appointed on the recommendation of the speaker of the assembly and two members shall be appointed on the recommendation of the temporary president of the senate and shall consist of two representatives of the office-based surgery industry, one representative of health plans, one representative of the accreditation 10 agencies, one representative of a statewide society representing physicians and two consumers and shall be co-chaired by the superintendent of financial services and the commissioner. Such representatives of the workgroup must represent different regions of the state. The members shall receive no compensation for their services but shall be allowed 15 their actual and necessary expenses incurred in the performance of their duties.

2. The workgroup shall review the history of office-based surgery since enactment of accreditation requirements for office-based surgery entities pursuant to section two hundred thirty-d of this title and any impacts including trends, upwards or downwards, in size, specialty and geographic distribution of office-based surgery practices and compar-22 isons with other out-patient surgical settings especially related to patient access, safety and rates of reimbursement paid by health plans. Based on this review, such workgroup shall make recommendations regarding appropriate reforms or policy changes necessary and in the best 26 interest of the public and considering the following factors:
