IN ASSEMBLY

October 19, 2018

Introduced by COMMITTEE ON RULES -- (at request of M. of A. Hyndman) -- read once and referred to the Committee on Education

AN ACT to amend the education law, in relation to classroom safety mechanisms, emergency medical equipment, and evidence-based best practices for school safety planning and training

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The education law is amended by adding a new section 409-m 1 2 to read as follows: § 409-m. Quick action school security devices. 1. To ensure safety for 3 4 children, administrators, and staff, every door in school buildings 5 shall be equipped with a locking device that follows, at a minimum, the guidelines under section 2.19 of the United States department of home-6 7 land security primer, which states that door locks shall lock automatically or with a simple locking mechanism in order to ensure that it can 8 9 be quickly locked from either side. 10 2. Wherever possible, advanced hardening options for windows and doors on school premises shall be considered and applied, such as ballistic 11 12 classroom doors, ballistic or shatter proof safety film on ground floor classroom windows, and classroom door view panels. 13 14 3. School administrators, in consultation with the local police 15 department, shall install security cameras supported by artificial intelligence and be installed where appropriate. 16 4. Devices outlined in this section shall be compliant with life safe-17 ty, fire codes, the Americans with disabilities act and all other appli-18 19 cable laws. 20 § 2. The education law is amended by adding a new section 923 to read 21 as follows: 22 § 923. Public bleeding control. 1. For purposes of this section, the 23 term "public bleeding control equipment" shall mean a first aid response kit that contains equipment such as tourniquets, pressure dressing, 24 scissors, protective gloves, and gauze bandages meant to help control 25 26 and stop bleeding until trained emergency responders arrive, that are

3	2. When assembling and selecting public bleeding control equipment,
4	public school administrators and staff, in consultation with the commis-
5	sioner of health and commissioner of education, shall utilize the
6	following best practices to enable untrained bystanders to become imme-
7	diate responders:
8	a. select products that are easily applied by untrained professionals;
9	b. ensure components are color and number-coded for easy identifica-
10	tion;
11	<u>c. products come with a user app that:</u>
12	(i) provides easy to follow product selection and application
13	instructions;
14	(ii) records useful activity and information that can inform first
15	responders, trauma staff, and incident management recording; and
16	(iii) provides emergency care guidance for common uses, such as bleed-
17	ing, choking, seizures, breathing, epi pen and asthma inhaler applica-
18	tion, and narcan;
19	d. policies and procedures for response to emergency situations, such
20	as those requiring evacuation, sheltering, and lock-down. These policies
21	shall include, at a minimum, evacuation routes, shelter sites, and
22	procedures for addressing medical needs, transportation, and emergency
23	notification of parents and guardians;
24	e. designation of an emergency response team comprised of school
25	personnel, law enforcement officials, fire officials and representatives
26	from local regional and/or state emergency response agencies, other
27	appropriate incident response teams, and a post-incident response team
28	that includes appropriate school personnel, medical personnel, mental
29	health counselors, and others who can assist the school community in
30	coping with the aftermath of a violent incident;
31	f. floor plans, blueprints, schematics or other maps of the school
32	interior, school grounds, and road maps of the immediate surrounding
33	area;
34	g. establishment of internal and external communication systems in
35	emergencies;
36	h. definition of the chain of command in a manner consistent with the
37	national interagency incident management system/incident command system;
38	i. coordination of the emergency response plan with the state-wide
39	plan for disaster mental health services to assure that the school has
40	access to federal, state, and local mental health resources in the event
41	<u>of a violent incident;</u>
42	j. procedures for review and the conducting of drills and other exer-
43	cises to test components of the emergency response plan; and
44	k. policies and procedures for securing and restricting access to the
45	crime scene in order to preserve evidence in cases of violent crimes on
46	school property.
47	3. When deploying public bleed control equipment, public school admin-
48	istrators and staff, in consultation with the commissioner of health and
49	commissioner of education, shall utilize the following best practices
50	for placement and quantities:
51	a. mobile units - to be utilized for school nurses, school resource
52	officers, athletic departments, school buses, physical education depart-
53	ments, and all after-school and out-of-school activities;
54	b. public access bleeding control station - for every automated

55 external defibrillator, as defined in paragraph (a) of subdivision one

1	of section three thousand-b of the public health law, that shall be a
2	wall-mounted station containing four individual kits;
3	c. individual kits in every classroom in case of emergencies or lock-
4	downs; and
5	d. for purposes of this section, proper placement of equipment should
	follow the three-minute rule, which means that an individual must be
6	
7	able to retrieve the equipment and begin treatment within three minutes.
8	4. Each district-wide school safety team shall be appointed by the
9	board of education, or the chancellor in the case of the city school
10	district of the city of New York, and shall include but not be limited
11	to representatives of the school board, teacher, administrator, and
12	parent organizations, school safety personnel, and other school person-
13	nel. At the discretion of the board of education, or the chancellor in
14	the case of the city of New York, a student may be allowed to partic-
15	ipate on the safety team, provided however, that no portion of a confi-
16	dential building-level emergency response plan shall be shared with such
17	student nor shall such student be present where details of a confiden-
18	tial building-level emergency response plan or confidential portions of
19	a district-wide emergency response strategy are discussed. Each build-
20	ing-level emergency response team shall be appointed by the building
21	principal, in accordance with regulations or guidelines prescribed by
22	the board of education, chancellor or other governing body. Such build-
23	ing-level teams shall include but not be limited to representatives of
24	teacher, administrator, and parent organizations, school safety person-
25	nel and other school personnel, community members, law enforcement offi-
26	cials, fire officials or any other emergency response agencies, and any
27	other representatives the board of education, chancellor, or other
