STATE OF NEW YORK

1506

2017-2018 Regular Sessions

IN ASSEMBLY

January 12, 2017

Introduced by M. of A. ABINANTI -- read once and referred to the Committee on Energy

AN ACT to amend the public service law, in relation to tree cutting, topping and removal along electricity distribution lines

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The public service law is amended by adding a new article 3 2 to read as follows:

ARTICLE 3

TREE CUTTING, TOPPING AND REMOVAL ALONG ELECTRICITY DISTRIBUTION

LINES

7 <u>Section 55. Legislative findings.</u>

56. Definitions.

9 <u>57. Prohibition.</u>

3

58. Notification.

59. Regulations.

12 <u>60. Enforcement.</u>

13 **61.** Severability.

14 § 55. Legislative findings. The legislature hereby recognizes the need

15 for the reliable delivery of electric power to the residents and busi-

16 nesses of this state. Trees and tree limbs, if not properly maintained,

17 may endanger such reliable delivery of electric power, thus making the

18 cutting and/or removal of trees a necessity.

However, the legislature also recognizes that trees provide various

20 benefits to the people of the state, including prevention of floods,

21 purification of water, reduction of soil erosion, removal of carbon

22 dioxide from the air, protection from the elements, and enhancement of

23 community character and individual property values.

24 The purpose of this article is to regulate tree cutting and removal by

25 <u>electric corporations and municipalities by requiring:</u>

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

- 1. advance notice of cutting to property owners and municipalities;
 - 2. adherence to regulations established by the commission;
- 3 3. reasonable efforts to minimize and mitigate possible environmental damage from any necessary tree removal, such as planting of new trees 4 5 compatible with the character of the community and the electric lines; 6 and
- 7 4. municipal input in determining when, which and how trees are to be 8 cut.
- 9 § 56. Definitions. As used in this article, the following terms shall 10 mean:
 - 1. "Arborist" means any person engaged in the practice of arboriculture who, through experience, education and training, possesses the competence to provide for or supervise the management of trees.
 - 2. "Cut" or "cutting" means the removal of any part of a tree.
 - 3. "Distribution line" means any electric line which distributes or which is intended to distribute electric power to one or more residential and/or commercial customers.
 - 4. "Pruning" means the selective cutting of tree parts to meet specific goals and objectives.
 - 5. "Right of way" means an easement or other right of way granted to an electric corporation or municipality and upon which a distribution line or service line is situate.
- 6. "Service line" means an electric line used to connect a distribution line to an individual customer's meter or other point of attach-24 25 ment.
 - 7. "Tree" means any self-supporting woody plant of a species that grows at maturity to an overall height of not less than ten feet, has a single trunk or multiple trunks which in the aggregate are not less than six inches in diameter, as measured four and one-half feet above the ground.
- 31 8. "Topping" means the cutting of most of the canopy of a tree for the 32 purpose of producing branch stubs.
 - § 57. Prohibition. No electric corporation or municipality shall cut a tree within a right of way, except as provided pursuant to this article.
 - § 58. Notification. 1. No electric corporation or municipality shall cut a tree within a right of way unless it provides written notice of the proposed tree cutting to the governing body of the municipality where the tree is situate, the grantor of the right of way or his or her successor in interest, and, if the right of way was granted by a governmental entity, to each owner of the property immediately adjacent thereto.
 - 2. The notices required by subdivision one of this section shall be delivered by personal service or first class mail not less than fifteen days nor more than thirty days prior to the date the proposed tree cutting is to occur.
 - 3. Each such notice shall include the names of the specific streets upon which trees will be cut; the approximate date or dates upon which trees will be cut within specific rights of way; the name and telephone number of the electric corporation's or municipality's contact person for the specific right of way; and a summary of the provisions of this article.
 - § 59. Regulations. No electric corporation or municipality shall cut a tree within a right of way, except as provided in this section.
- 54 1. Pruning. (a) Every electric corporation and municipality shall 55 subject to rules and regulations promulgated by the commission relating 56 to pruning. Such rules and regulations, to the extent practicable, shall

reflect the most recent edition of the American National Standards Institute A-300 (Part 1) standard, "Tree, Scrub and Other Woody Plant 3 <u>Maintenance - Standard Practices (Pruning)".</u>

- (b) An electric corporation or municipality may prune a tree within a right of way only when an arborist, designated by the department of agriculture and markets, certifies that the part of the tree to be pruned is dead, diseased, a broken branch, resting against a service or distribution line, or poses or could reasonably be expected to pose a danger to a service or distribution line.
- (c) No electric corporation or municipality shall engage in the 11 topping of a tree in a right of way so as to remove more than twentyfive percent of the foliage within an annual growing season. 12
 - (d) An electric corporation or municipality may by agreement with the grantor of a right of way or his or her successor in interest, prune or contract for the pruning of a tree within such right of way in accordance with the rules of the commission promulgated pursuant to paragraph (a) of this subdivision.
 - 2. Removal. (a) An electric corporation or municipality may remove a tree from a right of way only when an arborist, designated by the department of agriculture and markets, certifies that the tree to be removed is dead, diseased, broken, that its branches are so entangled with a service or distribution line that pruning cannot be reasonably expected to prevent interference with such line, its trunk is touching such a line, or otherwise poses a danger to a service or distribution line if not removed.
 - (b) No electric corporation or municipality shall remove a tree within a right of way unless it shall have provided written notice thereof and the certification of an arborist pursuant to paragraph (a) of this subdivision, as provided in section fifty-eight of this article, and shall have received the written consent of each party to which notice is required to be provided not less than five days prior to the removal of the tree.
- 33 3. Emergencies. Nothing in this article shall be deemed to prohibit any electric corporation or municipality from cutting, pruning, topping 34 35 or removing any tree that has fallen on a service or distribution line, or is in imminent danger of doing so. 36
 - 4. Tree plantings. (a) If requested by the grantor of a right of way or his or her successor in interest or the appropriate city, town or village, an electric corporation or municipality shall plant a replacement tree for each tree that it removed within a right of way.
- 41 (b) Each replacement tree shall be planted in close proximity to the 42 tree it replaces and shall be a tree native to the region of the state 43 in which it is planted, as determined by the department of agriculture and markets. All other terms and conditions of the planting of a 44 45 replacement tree shall be as agreed upon in writing by the electric 46 corporation or municipality and the person or entity requesting such planting; provided, that if no such agreement is reached, within forty-47 five days, upon such terms and conditions as shall be determined by the 48 49
- (c) In any instance in which the owner of a right of way, or his or 51 her successor in interest, fails to request the planting of a replacement tree, the commission shall require the electric corporation or 52 53 municipality to:
- 54 (i) take such action as is necessary to insure against adverse environmental effects, including soil erosion and drainage in the vicinity 55 of the removed tree; or

15

1 (ii) contribute a sum of money for use by the appropriate city, town 2 or village for the planting of trees.

- 5. Regulations. (a) The commission shall promulgate any and all rules and regulations necessary to implement the provisions of this article.
- (b) The commission shall establish and conduct an ongoing public education program on the provisions of this article.
- § 60. Enforcement. 1. The commission, upon receipt of a complaint of a violation of this article, may issue a stop work order or may seek injunctive relief in a court of competent jurisdiction to restrain any such violation and/or compel the restoration of the premises affected by such violation.
- 2. The grantor of a right of way or his or her successor in interest 13 may bring a civil cause of action for damages incurred as the result of 14 a violation of this article.
- 3. Any electric corporation or municipality found by the commission to 16 have violated any provision of this article shall be subject to a civil 17 penalty of not less than five hundred dollars per tree that is damaged.
- § 61. Severability. If any clause, sentence, paragraph, section or 18 part of this article shall be adjudged by any court of competent juris-19 20 diction to be invalid, such judgment shall not affect, impair, or inval-21 idate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof directly 22 involved in the controversy in which such judgment shall have been 23 24 rendered.
- § 2. This act shall take effect on the one hundred eightieth day after 25 26 it shall have become a law. Effective immediately any rules and requ-27 lations necessary to implement the provisions of this act on its effec-28 tive date are authorized to be made on or before such date.
