4 development and utilization of a treatment program, and/or consultation  
5 with the client, family, caregiver or organization in order to restore,

15 Prevention, wellness, education, adaptive sports and recreation and  
16 related services shall not require a referral. However, nothing  
17 contained in this article shall be construed to permit any licensee  
18 hereunder to practice occupational therapy, medicine or psychology,  
19 including psychotherapy or to otherwise expand such licensee's scope of  
20 practice beyond what is authorized by this chapter.

21 2. "Board" means the state board for recreation therapy established

25 to practice recreation therapy in this state unless the person is  
26 licensed, authorized or exempt under this article. Nothing in this para-  
27 graph shall be construed to prohibit students enrolled in board-approved  
28 schools or courses in recreation therapy from performing services that  
29 are incidental to their respective courses of study or supervised work.  
30 The board shall adopt rules relative to schools or courses allowing  
31 students to practice under this subdivision. Only a person licensed

20 determined in accordance with the commissioner's regulations.

21 § 8106. Exempt persons. This article shall not be construed to affect  
22 or prevent the following, provided that no title, sign, card or device  
23 shall be used in such manner as to tend to convey the impression that  
24 the person rendering such service is a licensed recreation therapist:

26 defined under article one hundred thirty-one and article one hundred  
27 thirty-one-B of this title;

38 § 8107. Special conditions. Any nonexempt person practicing a profes-

40 of said profession within one year of the effective date of the speci-  
41 fied profession except:

42 1. if such person does not meet the requirements for a license estab-  
43 lished within this article, such person may meet alternative criteria  
44 determined by the board of recreation therapy to be the substantial  
45 equivalent of such criteria; or

46 2. if such person meets the requirements for a license established  
47 within this article, except for examination, and has been certified or  
48 registered by a national certifying or registering body having certif-  
49 ication or registration standards acceptable to the commissioner, the  
50 department shall license without examination.

51 § 8108. Mandatory continuing competency. 1. a. Each licensed recre-  
52 ation therapist shall register triennially with the department to prac-  
53 tice in the state and must comply with the provisions of the mandatory

b. Recreation therapists shall be exempt from the mandatory continuing competency requirement for the triennial registration period during which they are first licensed. Adjustment to the mandatory continuing competency requirements may be granted by the department for reasons of health of the licensee where certified by an appropriate health care professional, for extended active duty with the armed forces of the United States, or for other good cause acceptable to the department which may prevent compliance.

c. A licensed recreation therapist not engaged in practice, as determined by the department, shall be exempt from the mandatory continuing competency requirement upon the filing of a statement with the department declaring such status. Any licensee who returns to the practice of recreation therapy during the triennial registration period shall notify the department prior to reentering the profession and shall meet such mandatory continuing competency requirements as shall be prescribed by regulations of the commissioner.

2. a. During each triennial registration period an applicant for registration as a recreation therapist shall complete a minimum of thirty hours of learning activities which contribute to continuing competence, as specified in subdivision four of this section, provided further that at least twenty hours shall be in areas of study pertinent to the scope of practice of recreation therapy. With the exception of continuing education hours taken during the registration period immediately preceding the effective date of this section, continuing education hours taken during one triennium may not be transferred to a subsequent triennium.

b. Thereafter, a licensee who has not satisfied the mandatory continuing competency requirements shall not be issued a triennial registration certificate by the department and shall not practice unless and until a conditional registration certificate is issued as provided for in subdivision three of this section.

3. The department, in its discretion, may issue a conditional registration to a licensee who fails to meet the continuing competency requirements established in subdivision two of this section, but who agrees to make up any deficiencies and complete any additional learning activities which the department may require. The fee for such a conditional registration shall be the same as, and in addition to, the fee for the triennial registration. The duration of such conditional registration shall be determined by the department but shall not exceed one year. Any licensee who is notified of the denial of registration for failure to submit evidence, satisfactory to the department, of required continuing competency learning activities and who practices without such registration may be subject to disciplinary proceedings pursuant to section sixty-five hundred ten of this title.

4. As used in subdivision two of this section, "acceptable learning activities" shall mean activities which contribute to professional practice in recreation therapy, and which meet the standards prescribed in the regulations of the commissioner. Such learning activities shall include, but not be limited to, collegiate level credit and non-credit courses, publications in professional journals and professional development programs; such learning activities may be offered and sponsored by

1 national, state and local professional associations and other organiza-  
2 tions or parties acceptable to the department, and any other organized  
3 educational and technical learning activities acceptable to the depart-  
4 ment. The department may, in its discretion and as needed to contribute  
5 to the health and welfare of the public, require the completion of  
6 continuing competency learning activities in specific subjects to  
7 fulfill this mandatory continuing competency requirement. Learning  
8 activities must be taken from a sponsor approved by the department,  
9 pursuant to the regulations of the commissioner.

10 5. Recreation therapists shall maintain adequate documentation of  
11 completion of acceptable continuing competency learning activities and

21 it shall have become a law.
