46 business methods. Failure to comply with such lawful request shall be a
47 ground for denying an application for a license, or for revoking,
48 suspending, or not renewing a license issued under this article.

49 11. In order to assure that scrap processor licenses are not issued to
50 or held by unqualified or unsuitable persons, the secretary of state
51 may, consistent with articles twenty-three and twenty-three-A of the
52 correction law, deny, suspend or revoke any such license upon a written
53 determination that such action is required to protect the public health

6 (b) such licensee or applicant has been previously denied a license
7 for the same or substantially similar activity based upon one or more of
8 the provisions of this subdivision; or

9 (c) such license holder or applicant has been found in a civil

17 constitute a similar felony under such laws of this state; or

18 (e) such licensee in any matter within the jurisdiction of the depart-
19 ment has been determined to have knowingly falsified a material fact, or
20 knowingly submitted a false statement, or knowingly made use of a false
21 statement in connection with any document or application submitted to
22 the department or said agency; or

23 (f) such licensee or applicant is either:

24 (i) an individual who had a substantial interest in or acted as a high
25 managerial agent or director for any corporation, partnership, associ-
26 ation or organization which committed an act or failed to act, and such
27 act or failure to act could be the basis for the denial of a license
28 pursuant to this section or regulations promulgated thereunder if such
29 corporation, partnership, association or organization applied for a
30 license under this title; or

31 (ii) a corporation, partnership, association, or organization, or any
32 principal thereof, or any person holding a substantial interest therein,
33 which committed an act or failed to act, and such act or failure to act
34 could be the basis for the denial of a license pursuant to this section
35 or regulations promulgated thereunder if such corporation, partnership,
36 association or organization applied for a license under this title; or

37 (iii) a corporation, partnership, association or organization or any
38 high managerial agent or director thereof, or any person holding a
39 substantial interest therein, acting as high managerial agent or direc-
40 tor for or holding a substantial interest in another corporation, part-
41 nership, association or organization which committed an act or failed to
42 act, and such act or failure to act could be the basis for the denial of
43 a license pursuant to this section or regulations promulgated thereunder
44 had such other corporation, partnership, association or organization
45 applied for a license under this title.

46 For the purposes of this subdivision, "high managerial agent" has the
47 same meaning as is given that term in section 20.20 of the penal law.

48 12. Any act or failure to act which serves as a basis for denial or
49 revocation of a license pursuant to this subdivision shall have occurred
50 within five years from the date on which the application for a license,
51 renewal or modification is submitted to the department or from the date
52 on which the department serves notice of intent to revoke or modify a
53 license issued by the department in relation to an existing license.

54 13. Any person denied a license or renewal on the grounds specified in
55 this section shall be entitled to a hearing within sixty days of such

1 denial in the case of a new license, or within fifteen days in the case
2 of a renewal of any existing license.

3 14. The department shall maintain and publish a registry of all regis-
4 tered scrap processors, which shall list and identify on a county by
5 county basis, all registered scrap processors doing business in this
6 state. The department shall make the registry available on its website.

7 § 3. Section 69-g of the general business law, as amended by chapter

40 video record was made.

41 4. By no later than September first, two thousand eighteen, a scrap
42 processor shall maintain a record that said scrap processor either (a)
43 possesses refrigerant recovery equipment certified by the United States
44 environmental protection agency or (b) has executed a valid contract
45 with a refrigerant removal contract or certified by the United States

55 utility company, cemetery or railroad.

§ 69-j. Preemption of local laws. The provisions of sections sixty-nine-g and sixty-nine-h of this article shall preempt and supersede any local law which would otherwise regulate the purchase and/or sale of scrap metal and/or impose record keeping and/or reporting requirements in a manner which conflicts with or imposed additional requirements other than those set forth therein, and/or which would require a scrap processor to hold scrap material for a specified period of time prior to the processing or re-sale of such scrap material, or which would otherwise prohibit the acceptance of scrap material.

§ 5. Section 69-i of the general business law, as added by chapter 431 of the laws of 1976 and as renumbered by section four of this act, is amended to read as follows:

~~§ 69-i. Penalty. 1. ~~2. Each violation of this article by a seller or his agent shall be a misdemeanor.]~~ Any person, association, partnership or corporation who violates this article shall be liable for a criminal fine of not more than two thousand five hundred dollars and/or imprisonment for a term of not more than fifteen days. A second violation of this article committed within a ten-year period shall be punishable as a misdemeanor subject to a criminal fine of not more than five thousand dollars and/or imprisonment for a term of not more than one year.

2. Any person, association, partnership or corporation who violates this article shall be liable for a maximum civil penalty of two thousand five hundred dollars for a first offense, five thousand dollars for a second offense within a twelve month period and for a maximum civil penalty of ten thousand dollars for a third and for each subsequent offense within a twelve-month period.

3. In any criminal proceeding brought pursuant to this article, in addition to a term of imprisonment, where a person, association, partnership or corporation has gained money or property through a violation of this article the court, upon conviction thereof, in lieu of imposing the fine authorized for the offense under subdivision one of this section may sentence the defendant to pay an amount, fixed by the court, not exceeding double the amount of the defendant's gain from the commission of the offense.

4. (a) Notwithstanding any other provision of law, rule or regulation, in addition to those persons otherwise authorized to enforce this article and adjudicate violations thereof, the provisions of this article shall also be enforceable in a city with a population of one million or more by an agency designated by a local law duly adopted by such city, and notices of violation may be returnable to the environmental control board of such city, which shall have the power to impose the civil penalties herein provided. Notwithstanding any other provision of law, rule or regulation, service of a notice of violation for an alleged violation of this subdivision committed in such city may be made upon any person, association, partnership or corporation by first class mail, postage prepaid, and any such notice served by mail shall be returnable only to such environmental control board. Such service by first class mail shall be deemed complete upon mailing of the notice of violation, unless the notice of violation is returned to the sender by the United States postal service for any reason other than refusal of delivery. In

1 addition, any notice of violation for a violation of this subdivision
2 may be served by a means prescribed in article three of the civil prac-
3 tice law and rules or article three of the business corporation law.

4 (b) Notwithstanding any other provision of law, rule or regulation,
5 such civil penalties imposed by such environmental control board shall
6 be paid into the general fund of such city.

7 (c) Any final order issued pursuant to this subdivision by an environ-
8 mental control board of a city with a population of one million or more
9 shall constitute a judgment that may be entered in any place provided
10 for the entry of civil judgments within the state, and may be enforced
11 without court proceedings in the same manner as the enforcement of money
12 judgments entered in civil actions; provided, however, that no such
13 judgment shall be entered that exceeds the sum of twenty-five thousand
14 dollars for each person, association, partnership or corporation.
15 Notwithstanding the preceding sentence, before a judgment based upon a
16 default may be so entered, such environmental control board must have
17 notified the person, association, partnership or corporation by first
18 class mail in such form as such environmental control board may direct:
19 (1) of the default decision and order and the penalty imposed; (2) that
20 a judgment will be entered in any place provided for the entry of civil
21 judgments in the state; and (3) that entry of such judgment may be
22 avoided by requesting a stay of default for good cause shown and either
23 requesting a hearing or entering a plea pursuant to the rules of such
24 environmental control board within thirty days of the mailing of such
25 notice. No judgment based upon a default may be so entered by the envi-
26 ronmental control board within less than sixty days from the completion
27 of service by mail of the notice of violation as provided in paragraph
28 (a) of this subdivision. Any requirement of any provision of law other
29 than this subdivision that relates to the manner of service of the
30 notice of violation that precedes any final order of such environmental
31 control board shall not apply to a final order issued pursuant to this
32 subdivision. A judgment entered pursuant to this paragraph shall remain
33 in full force and effect for eight years.

34 § 6. This act shall take effect on the first of September next
35 succeeding the date on which it shall have become a law, provided,
36 however, that the department of state may take all steps necessary,
37 including but not limited to the promulgation of rules and regulations,
38 to ensure the prompt implementation of this act on its effective date.
