AN ACT relating to the distribution of potassium iodide in a radiological emergency

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The disaster preparedness commission shall revise the New 1 2 York state radiological emergency preparedness plan to mandate the pre-3 distribution of potassium iodide to personnel monitoring centers, primary MS-1 hospital facilities, and state emergency management facilities 4 5 located within a fifty mile radius of nuclear power sites for distribution to populations in the event of a radiological emergency. б Outside 7 of the current 10 mile radius, the state shall reimburse counties for 8 the purchase of potassium iodide. The commission, in consultation with the department of health, shall develop a set of standards and protocols 9 10 for pre-distribution of potassium iodide as provided in this act. The 11 provision of this act shall be implemented within amounts made available 12 by appropriation therefor.

13 § 2. This act shall take effect April 1, 2018.
