the use of an electronic device while crossing the crosswalk

The People of the State of New York, represented in Senate and Assem-  
bly, do enact as follows:

1 Section 1. The vehicle and traffic law is amended by adding a new  
2 section 1158 to read as follows:

3 § 1158. Use of electronic devices in crosswalks prohibited. (a) For  
4 the purposes of this section:

5 (1) The term "electronic device" shall mean any type of instrument,  
6 device or equipment which is designed to transmit and/or receive tele-  
7 phonic, electric digital signals and access service as well as any type  
8 of instrument designed to have sound and/or image recording or capturing  
9 capabilities including, but not limited to, mobile telephones, portable  
10 media players and wireless handheld devices provided that the term shall  
11 exempt the use of hands free headsets or calling devices.

12 (2) The term "engaging in the use" shall mean holding an electronic  
13 device to, or in the immediate proximity of, the person's ear, talking  
14 or listening with such electronic device or texting and/or receiving a  
15 message with such electronic device.

16 (3) The term "immediate proximity" shall mean that distance as permits  
17 the user of an electronic device to hear or use any transmission over  
18 such electronic device but shall not require physical contact with such  
19 person's ear.

20 (4) The term "crosswalk" shall mean that part of a roadway at an  
21 intersection included within the connections of the lateral lines of the  
22 sidewalks on opposite sides of the highway between the curbs or, in the  
23 absence of curbs, between the edges of the traversable roadway or any  
24 portion of a roadway at an intersection or elsewhere distinctly indi-  
25 cated for pedestrian crossing by lines or other markings on the surface.

2 use of an electronic device.

4 the immediate proximity of his or her ear or who types into the device,  
5 is presumed to be engaging in the use of such device within the meaning

7 rebuttable by evidence tending to show that the user was not engaged in  
8 such use.

9 (d) The provisions of this section shall not be construed as authoriz-
