- AN ACT to amend the education law, the insurance law and the public health law, in relation to providing for dispensing emergency contraception under certain conditions

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Short title. This act shall be known and may be cited as the "unintended pregnancy prevention act".

§ 2. Legislative findings. The United States Food and Drug Administration (FDA) has declared emergency contraceptive drugs to be safe and effective. There is neither medical nor public health research that validates an age restriction on access to emergency contraception (EC). Furthermore, no specific medical conditions preclude a woman from using EC. The only contraindication to EC use is pregnancy itself, not because it represents a danger to the woman or to the embryo but because it would be inefficient in preventing the pregnancy. Pregnancy prevention, not abortion, is caused by the use of emergency contraceptive drugs.

The legislature deems it necessary to guarantee immediate access to EC to all, especially young women. Nearly thirty percent of United States teenage girls become pregnant before reaching twenty years of age. Teens are more likely than adults to experience contraceptive failure, which may lead to unintended pregnancies and consequently dangerous medical issues for both mother and baby.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD07629-02-8

1 The legislature deems it necessary to create a structure for simplify-2 ing access to EC for these women, while respecting and preserving the prescribing scope of practice for physicians, nurse practitioners, and 3 4 midwives; the treating and case-finding scope of practice of registered 5 professional nurses; and the dispensing scope of practice of pharmaб cists. This act does not alter the scope of such professions, nor does 7 this legislation interfere with non-prescription access to EC where it 8 is otherwise lawful.

§ 3. Subdivision 6 of section 6527 of the education law, as added by chapter 573 of the laws of 1999, paragraph (c) as amended by chapter 464 of the laws of 2015, paragraph (d) as added by chapter 429 of the laws of 2005, paragraph (e) as added by chapter 352 of the laws of 2014, paragraph (f) as added by section 6 of part V of chapter 57 of the laws of 2015 and paragraph (g) as added by chapter 502 of the laws of 2016, is amended to read as follows:

6. A licensed physician may prescribe and order a non-patient specific
regimen [to a registered professional nurse], pursuant to regulations
promulgated by the commissioner, and consistent with the public health
law, [for] to:

39 § 4. Subdivision 3 of section 6807 of the education law, as added by 40 chapter 573 of the laws of 1999, is amended and a new subdivision 4 is 41 added to read as follows:

3. A pharmacist may dispense drugs and devices to a registered professional nurse, and a registered professional nurse may possess and administer, drugs and devices, pursuant to a non-patient specific regimen prescribed or ordered by a licensed physician, licensed midwife or certified nurse practitioner, pursuant to regulations promulgated by the commissioner and the public health law.
