1 agencies seeking a keyboard search or similar comparison, and that the
2 data meets state DNA index system or national DNA index system criteria
3 as such criteria are applied to law enforcement agencies seeking such a
4 keyboard search or similar comparison, the court may order an entity
5 that has access to the combined DNA index system or its successor system
6 to compare such DNA profile against DNA databanks by keyboard searches,
7 or a similar method that does not involve uploading, upon notice to both
8 parties and the entity required to perform the search, upon a showing by
9 the defendant that such a comparison is material to the presentation of
10 his or her defense and that the request is reasonable. For purposes of
11 this paragraph, a "keyboard search" shall mean a search of a DNA profile
12 against the databank in which the profile that is searched is not
13 uploaded to or maintained in the databank; and (e) may order the divi-
14 sion of criminal justice services to compare a fingerprint obtained in
15 connection with the investigation or prosecution of the defendant
16 against the statewide automated fingerprint identification system, or
17 its successor system, and the national integrated automated fingerprint
18 identification system, or its successor system, upon the court's deter-
19 mination that such fingerprint complies with federal bureau of investi-
20 gation or state requirements, whichever are applicable and as such
21 requirements are applied to law enforcement agencies seeking such a
22 comparison and upon a showing by the defendant that such comparison is
23 material to the preparation of his or her defense, and that the request
24 is reasonable. Upon granting the motion pursuant to paragraph (c) of
25 this subdivision, the court shall, upon motion of the people showing
26 such to be material to the preparation of their case and that the
27 request is reasonable, condition its order of discovery by further
28 directing discovery by the people of property, of the same kind or char-
29 acter as that authorized to be inspected by the defendant, which he or
30 she intends to introduce at the trial.

31 § 2. Section 440.30 of the criminal procedure law is amended by adding
32 a new subdivision 1-b to read as follows:

33 1-b. In response to a motion under this section, the court may order
34 the division of criminal justice services to compare a fingerprint
35 obtained in connection with the investigation or prosecution of the
36 defendant against the statewide automated fingerprint identification
37 system, or its successor system, and the national integrated automated
38 fingerprint identification system, or its successor system, upon the
39 court's determination that (1) such fingerprint complies with federal
40 bureau of investigation or state requirements, whichever are applicable
41 and as such requirements are applied to law enforcement agencies seeking
42 such a comparison and (2) if such comparison had been conducted, and if
43 the results had been admitted in the trial resulting in the judgment, a
44 reasonable probability exists that the verdict would have been more
45 favorable to the defendant, or in a case involving a plea of guilty, if
46 the results had been available to the defendant prior to the plea, a
47 reasonable probability exists that the conviction would not have
48 resulted.

49 § 3. This act shall take effect immediately.
