

STATE OF NEW YORK

2777--A

2017-2018 Regular Sessions

IN ASSEMBLY

January 23, 2017

Introduced by M. of A. SEPULVEDA -- read once and referred to the Committee on Economic Development -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to establish a demonstration program authorizing the community board for community board district 12 in the city of New York to apply to the state liquor authority for the establishment of an up to 1 year moratorium during which no licenses for sale of alcoholic beverages for on-premises consumption shall be issued to certain premises within certain areas of such district; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. The legislature hereby finds that the
2 increasingly high concentration of bars located within portions of
3 community board district 12, in the borough of Manhattan and city of New
4 York, an area north of 155th Street in such borough, and the rapidly
5 increasing number of such establishments being located in portions of
6 such district that are near residential and other non-commercial areas
7 is detrimental to the quality of life of residents of that district.
8 Further, that the establishment of such bars has substantially increased
9 the incidence of violent crime, personal injuries, the level of property
10 damage and vandalism, reduced quality of life within the community, and
11 created a shortage of parking for local residents.
12 Therefore the legislature determines that the establishment of a
13 demonstration program authorizing the community board for community
14 board district 12 of the city of New York to petition the state liquor
15 authority to temporarily deny the issuance of new licenses for the sale
16 of alcoholic beverages for on-premises consumption to certain premises
17 located in select areas that have a high and over concentration of simi-
18 lar premises in such district. Furthermore, the establishment of such
