56 contracts as provided in this section, state contracts shall include

leases of real property by a state agency to a lessee where: the terms of such leases provide for the construction, demolition, replacement, major repair or renovation of real property and improvements thereon by such lessee; and the cost of such construction, demolition, replacement, major repair or renovation of real property and improvements thereon shall exceed the sum of one hundred thousand dollars. Reports to the director pursuant to section three hundred fifteen of this article shall include activities with respect to all such state contracts. Contracting agencies shall include or require to be included with respect to state contracts for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon, such provisions as may be necessary to effectuate the provisions of this section in every bid specification and state contract, including, but not limited to: (a) provisions requiring contractors to make a good faith effort to solicit active participation by enterprises identified in the directory of certified businesses provided to the contracting agency by the office; (b) requiring the parties to agree as a condition of entering into such contract, to be bound by the provisions of section three hundred sixteen of this article; and (c) requiring the contractor to include the provisions set forth in paragraphs (a) and (b) of this subdivision in every subcontract in a manner that the provisions will be binding upon each subcontractor as to work in connection with such contract. Provided, however, that no such provisions shall be binding upon contractors or subcontractors in the performance of work or the provision of services that are unrelated, separate or distinct from the state contract as expressed by its terms, and nothing in this section shall authorize the director or any contracting agency to impose any requirement on a contractor or subcontractor except with respect to a state contract.

4. In the implementation of this section, the contracting agency shall (a) consult the findings contained within the disparity study evidencing relevant industry specific availability of certified businesses;

(b) implement a program that will enable the agency to evaluate each contract to determine the appropriateness of the goal pursuant to subdivision one of this section;

(a) Contracting agencies shall administer the rules and regulations promulgated by the director in a good faith effort to meet the maximum feasible portion of the agency's goals adopted pursuant to this article and the regulations of the director. Such rules and regulations: shall require a contractor to submit a utilization plan after bids are opened, when bids are required, but prior to the award of a state contract; shall require the contracting agency to review the utilization plan submitted by the contractor and to post the utilization plan and any waivers of compliance issued pursuant to subdivision six of this section on the website of the contracting agency within a reasonable period of time as established by the director; shall require the contracting agen-

(b) The rules and regulations promulgated pursuant to this subdivision regarding a utilization plan shall provide that where enterprises have been identified within a utilization plan, a contractor shall attempt, in good faith, to utilize such enterprise at least to the extent indicated. A contracting agency may require a contractor to indicate, within a utilization plan, what measures and procedures he or she intends to take to comply with the provisions of this article, but may not require, as a condition of award of, or compliance with, a contract that a contractor utilize a particular enterprise in performance of the contract.

(c) Without limiting other grounds for the disqualification of bids or proposals on the basis of non-responsibility, a contracting agency may disqualify the bid or proposal of a contractor as being non-responsible for failure to remedy notified deficiencies contained in the contractor's utilization plan within a period of time specified in regulations promulgated by the director after receiving notification of such deficiencies from the contracting agency. Where failure to remedy any notified deficiency in the utilization plan is a ground for disqualification, that issue and all other grounds for disqualification shall be stated in writing by the contracting agency. Where the contracting agency states that a failure to remedy any notified deficiency in the utilization plan is a ground for disqualification the contractor shall be entitled to an administrative hearing, on a record, involving all grounds stated by the contracting agency. Such hearing shall be conducted by the appropriate authority of the contracting agency to review the determination of disqualification. A final administrative determination made following such hearing shall be reviewable in a proceeding commenced under article seventy-eight of the civil practice law and rules, provided that such proceeding is commenced within thirty days of the notice given by certified mail return receipt requested rendering such final administrative determination. Such proceeding shall be commenced in the supreme court, appellate division, third department and such proceeding shall be preferred over all other civil causes except election causes, and shall be heard and determined in preference to all other civil business pending therein, except election matters, irrespective of position on the calendar. Appeals taken to the court of

1 appeals of the state of New York shall be subject to the same prefer-
2 ence.

3 6. Where it appears that a contractor cannot, after a good faith
4 effort, comply with the minority [~~and women-owned~~], women and veteran-
5 owned business enterprise participation requirements set forth in a
6 particular state contract, a contractor may file a written application
7 with the contracting agency requesting a partial or total waiver of such
8 requirements setting forth the reasons for such contractor's inability
9 to meet any or all of the participation requirements together with an
10 explanation of the efforts undertaken by the contractor to obtain the
11 required minority [~~and women-owned~~], women and veteran-owned business
12 enterprise participation. In implementing the provisions of this
13 section, the contracting agency shall consider the number and types of
14 minority [~~and women-owned~~], women and veteran-owned business enterprises
15 located in the region in which the state contract is to be performed,
16 the total dollar value of the state contract, the scope of work to be
17 performed and the project size and term. If, based on such consider-
18 ations, the contracting agency determines there is not a reasonable
19 availability of contractors on the list of certified [~~business~~] busi-
20 nesses to furnish services for the project, it shall issue a waiver of
21 compliance to the contractor. In making such determination, the
22 contracting agency shall first consider the availability of other busi-
23 ness enterprises located in the region and shall thereafter consider the
24 financial ability of minority [~~and women-owned~~], women and veteran-owned
25 businesses located outside the region in which the contract is to be
26 performed to perform the state contract.

27 7. For purposes of determining a contractor's good faith effort to
28 comply with the requirements of this section or to be entitled to a
29 waiver therefrom the contracting agency shall consider:

30 (a) whether the contractor has advertised in general circulation
31 media, trade association publications, and [~~minority-focus and women-fo-~~
32 ~~cus~~] minority-focused, women-focused and veteran-focused media and, in

(4) ensuring that agency bid solicitations and requests for proposals are sent to MBEs, WBEs, VBEs and EBEs in a timely manner, consistent with this section and rules of the procurement policy board;

(5) referring MBEs, WBEs, VBEs and EBEs to technical assistance services available from agencies and other organizations;

(6) reviewing requests for waivers and/or modifications of participation goals and contractor utilization plans in accordance with paragraphs 11 and/or 12 of subdivision i of this section;

(7) working with the division and city chief procurement officer in creating directories as required pursuant to subdivision k of this section. In fulfilling this duty, the agency M/WBE and VBE officer shall track and record each contractor that is an MBE, WBE, VBE or EBE and

1 each subcontractor hired pursuant to such officer's agency contracts
2 that is an MBE, WBE, VBE or EBE, and shall share such information with
3 the director, the commissioner, and the city chief procurement officer;

4 (8) for contracts for which contractor utilization plans have been
5 established pursuant to subdivision i of this section, monitoring each
6 contractor's compliance with its utilization plan by appropriate means,
7 which shall include, but need not be limited to, job site inspections,
8 contacting MBES, WBES, VBES and EBEs identified in the plan to confirm
9 their participation, and auditing the contractor's books and records;

10 (9) monitoring the agency's procurement activities to ensure compli-
11 ance with its agency utilization plan and progress towards the partic-
12 ipation goals as established in such plan;

13 (10) providing to the city chief procurement officer information for
14 the reports required in subdivision l of this section and providing any
15 other plans and/or reports required pursuant to this section or
16 requested by the director and/or the city chief procurement officer; and

17 (11) participating in meetings required pursuant to subdivision m of
18 this section.

19 g. Agency utilization plans.

20 (1) Beginning May 15, 2006, and on July 31 of each year thereafter,
21 each agency which, during the fiscal year which ended on June 30 of the
22 preceding fiscal year, has made procurements in excess of five million
23 dollars, without counting procurements that are exempt pursuant to para-
24 graph two of subdivision q of this section, shall submit an agency
25 utilization plan for the fiscal year commencing in July of the year when
26 such plan is to be submitted to the commissioner. Upon approval by the
27 commissioner, such plan shall be submitted to the speaker of the coun-
28 cil, and shall be published on the City's website. Each such plan shall,
29 at a minimum, include the following:

30 (a) the agency's participation goals for MBES, WBES, VBES and EBEs for
31 the year, provided however, that when setting its goals, each agency
32 shall consider the citywide goals, the size and nature of its own
33 procurement portfolio (excluding contracts described in paragraph two of
34 subdivision q of this section), and the availability of MBES, WBES, VBES
35 and EBEs with the capacity to perform the specific types and scale of
36 work for which the agency anticipates it will solicit procurements
37 during the year;

38 (b) An explanation for any agency goal that is different than the
39 participation goal for the relevant group and industry classification as
40 determined pursuant to subdivision d of this section;

41 (c) A list of the names and titles of agency personnel responsible for
42 implementation of the agency utilization plan;

43 (d) Methods and relevant activities proposed for achieving the agen-
44 cy's participation goals; and

45 (e) Any other information which the agency or the commissioner deems
46 relevant or necessary.

47 (2) An agency utilization plan shall set forth specific participation
48 goals for MBES, WBES, VBES and/or EBEs for purchases of professional
49 services, standard services, construction and goods. When setting its
50 goals for such purchases, in addition to the factors set forth in para-
51 graph (1) of this subdivision, each agency shall specifically consider
52 the potential for such purchases to provide opportunities for MBES,
53 WBES, VBES and EBEs to develop greater capacity, thereby increasing
54 competition for city procurements.

55 (3) An agency utilization plan may be amended from time to time to
56 reflect changes in the agency's projected expenditures or other relevant

1 circumstances and resulting changes in such agency's participation
2 goals. Such amendments shall be submitted to the commissioner, the city
3 chief procurement officer and the speaker of the council at least thirty
4 days prior to implementation.

5 (4) Prior to approving individual agency utilization plans, the
6 commissioner, in consultation with the city chief procurement officer,
7 shall consider whether such plans viewed in the aggregate establish any
8 goals exceeding the corresponding citywide goals set forth in subdivi-
9 sion d of this section. If any aggregated goals are found to exceed the
10 corresponding citywide goal, the commissioner shall require agencies to
11 adjust their goals so that plans, viewed in the aggregate, do not estab-
12 lish goals exceeding the citywide goals. Nothing in this paragraph shall
13 be construed to limit the awards of contracts and subcontracts that may
14 be made to MBEs, WBEs, VBES and EBEs without using goals.

15 (5) The commissioner, in consultation with the city chief procurement
16 officer, shall, no later than June 30 of each year, publish on the divi-
17 sion's website a plan and schedule for each agency detailing the antic-
18 ipated contracting actions for the upcoming fiscal year that form the
19 basis for the agency utilization plan of each such agency. The plan and
20 schedule shall include information specific to each prospective invita-
21 tion for bids, request for proposal, or other solicitation, including,
22 but not limited to, the specific type and scale of the services and/or
23 goods to be procured, the term of the proposed contract, the method of
24 solicitation the agency intends to utilize, and the anticipated fiscal
25 year quarter of the planned solicitation.

26 h. Achieving agency participation goals.

27 (1) Each agency head shall be directly accountable for the goals set
28 forth in his or her agency's utilization plan.

29 (2) Each agency shall make all reasonable efforts to meet the partic-
30 ipation goals established in its agency utilization plan. Agencies
31 shall, at a minimum, use the following methods to achieve participation
32 goals:

33 (a) Agencies shall engage in outreach activities to encourage MBEs,
34 WBEs, VBES and EBEs to compete for all facets of their procurement
35 activities, including contracts awarded by negotiated acquisition, emer-
36 gency and sole source contracts, and each agency shall seek to utilize
37 MBEs, WBEs, VBES and/or EBEs for all types of goods, services and
38 construction they procure.

39 (b) Agencies shall encourage eligible businesses to apply for certif-
40 ication as MBEs, WBEs, VBES and EBEs and inclusion in the directories of
41 MBEs, WBEs, VBES and EBEs. Agencies shall also encourage MBEs, WBEs,
42 VBES and EBEs to have their names included on their bidders lists, seek
43 pre-qualification where applicable, and compete for city business as
44 contractors and subcontractors. Agencies are encouraged to advertise
45 procurement opportunities in general circulation media, trade and
46 professional association publications and small business media, and
47 publications of minority [and], women's and veterans' business organiza-
48 tions, and send written notice of specific procurement opportunities to
49 minority [and], women's and veterans' business organizations.

50 (c) All agency solicitations for bids or proposals shall include
51 information referring potential bidders or proposers to the directories
52 of MBEs, WBEs, VBES and EBEs prepared by the division.

53 (d) In planning procurements, agencies shall consider the effect of
54 the scope, specifications and size of a contract on opportunities for
55 participation by MBEs, WBEs, VBES and EBEs.

(e) Prior to soliciting bids or proposals for contracts valued at over ten million dollars, other than contracts for capital projects valued at over twenty-five million dollars and contracts that are exempt pursuant to paragraph two of subdivision q of this section, an agency shall submit the bid or proposal to the city chief procurement officer for a determination whether it is practicable to divide the proposed contract into smaller contracts and whether doing so will enhance competition for such contracts among MBEs, WBEs, VBES and EBEs and other potential bidders or proposers. If the city chief procurement officer determines that it is both practicable and advantageous in light of cost and other relevant factors to divide such contracts into smaller contracts, then he or she shall direct the agency to do so.

(f) Agencies shall examine their internal procurement policies, procedures and practices and, where practicable, address those elements, if any, that may negatively affect participation of MBEs, WBEs, VBES and EBEs in city procurement.

i. Participation goals for contracts for construction and professional and standard services.

(1) Prior to issuing the solicitation of bids or proposals for individual contracts, agencies shall establish participation goals for MBEs, WBEs, VBES and/or EBEs. Such goals may be greater than, less than or the same as the relevant citywide goal or goals established pursuant to subdivision d of this section. Taking into account the factors listed in this subdivision, an agency may establish a goal for a procurement that may be achieved by a combination of prime contract and subcontract dollars, a combination of construction and services performed pursuant to the contract, and/or a combination of MBEs, WBEs, VBES and/or EBEs. Alternatively, an agency may establish specific goals for particular types of services, and/or goals for particular types of certified firms. In determining the participation goals for a particular contract, an agency shall consider the following factors:

(a) the scope of work;

(b) the availability of MBEs, WBEs, VBES and EBEs able to perform the particular tasks required in the contract;

(c) the extent to which the type and scale of work involved in the contract present prime contracting and subcontracting opportunities for amounts within the capacity of MBEs, WBEs, VBES and EBEs;

(d) the agency's progress to date toward meeting its annual participation goals through race-neutral, gender-neutral and other means, and the agency's expectations as to the effect such methods will have on participation of MBEs, WBEs, VBES and EBEs in the agency's future contracts; and

(e) any other factors the contracting agency deems relevant.

(2) A contracting agency shall not be required to establish participation goals for

(i) procurements described in subdivision q of this section; or

(ii) when the agency has already attained the relevant goal in its annual utilization plan, or expects that it will attain such goal without the use of such participation goals.

(3) For each contract in which a contracting agency has established participation goals, such agency shall state in the solicitation for such contract that bidders and/or proposers shall be required to agree as a material term of the contract that the contractor shall meet the participation goals unless such goals are waived or modified by the agency in accordance with this section. A contractor that is an MBE, WBE, VBE or EBE shall be permitted to count its own participation toward

1 fulfillment of the relevant participation goal, provided that the value
2 of such a contractor's participation shall be determined by subtracting
3 from the total value of the contract any amounts that the contractor
4 pays to direct subcontractors. A contractor that is a qualified joint
5 venture shall be permitted to count a percentage of its own partic-
6 ipation toward fulfillment of the relevant participation goal. The value
7 of such a contractor's participation shall be determined by subtracting
8 from the total value of the contract any amounts that the contractor
9 pays to direct subcontractors, and then multiplying the remainder by the
10 percentage to be applied to total profit to determine the amount to
11 which an MBE, WBE, VBE or EBE is entitled pursuant to the joint venture
12 agreement. Notwithstanding any provision of this paragraph to the
13 contrary, a contractor's achievement of participation goals shall be
14 determined as described in paragraph two of subdivision j of this
15 section.

16 (4) For each contract in which participation goals are established,
17 the agency shall include in its solicitation and/or bidding materials a
18 referral to the directories prepared by the division pursuant to this
19 section.

20 (5) For each contract for which participation goals are established,
21 the contractor shall be required to submit with its bid or proposal a
22 contractor utilization plan indicating:

23 (a) whether the contractor is an MBE, WBE, VBE, EBE, or a qualified
24 joint venture;

25 (b) the percentage of work it intends to award to direct subcontrac-
26 tors; and

27 (c) in cases where the contractor intends to award direct subcon-
28 tracts, a description of the type and dollar value of work designated
29 for participation by MBEs, WBEs, VBEs and/or EBEs, and the time frames
30 in which such work is scheduled to begin and end.

31 When the contractor utilization plan indicates that the bidder or
32 proposer does not intend to meet the participation goals, the bid or
33 proposal shall not be deemed responsive unless the agency has granted a
34 pre-award request for change pursuant to paragraph 11 of this subdivi-
35 sion.

36 (6) (a) For each contract for which a contractor utilization plan has
37 been submitted, the contracting agency shall require that within thirty
38 days of the issuance of notice to proceed, and at least once per year
39 thereafter, the contractor submit a list of persons to which it intends
40 to award subcontracts within the next twelve months. In the event that a
41 contracting agency disapproves a contractor's selection of a subcontrac-
42 tor or subcontractors, the contracting agency shall allow such contrac-
43 tor a reasonable time to propose alternate subcontractors.

44 (b) The contracting agency may also require the contractor to report
45 periodically about the contracts awarded by its direct subcontractors to
46 indirect subcontractors.

47 (7) For each contract for which a contractor utilization plan has been
48 submitted, the contractor shall, with each voucher for payment, and/or
49 periodically as the agency may require, submit statements, certified
50 under penalty of perjury, which shall include, but not be limited to,
51 the total amount the contractor paid to its direct subcontractors, and,
52 where applicable pursuant to subparagraph (1) of paragraph (1) of subdi-
53 vision j of this section, the total amount direct subcontractors paid to
54 indirect subcontractors, the names, addresses and contact numbers of
55 each MBE, WBE, VBE or EBE hired as a subcontractor by the contractor or
56 any of the contractor's direct subcontractors, as well as the dates and

1 amounts paid to each MBE, WBE, VBE or EBE. The contractor shall also
2 submit, along with its voucher for final payment, the total amount it
3 paid to subcontractors, and, where applicable pursuant to subparagraph
4 (1) of paragraph (1) of subdivision j of this section, the total amount
5 its direct subcontractors paid directly to their indirect subcontractors;
6 and a final list, certified under penalty of perjury, which shall
7 include the name, address and contact information of each subcontractor
8 that is an MBE, WBE, VBE or EBE, the work performed by, and the dates
9 and amounts paid to each.

10 (8) If payments made to, or work performed by, MBEs, WBEs, VBEs or
11 EBEs are less than the amount specified in the contractor's utilization
12 plan, the agency shall take appropriate action in accordance with subdivision
13 o of this section, unless the contractor has obtained a modification
14 of its utilization plan pursuant to paragraph 12 of this subdivision.
15

16 (9) When advertising a solicitation for bids or proposals for a
17 contract for which a participation goal has been established, agencies
18 shall include in the advertisement a general statement that the contract
19 will be subject to participation goals for MBEs, WBEs, VBEs and/or EBEs.

20 (10) In the event that a contractor with a contract that includes a
21 contractor utilization plan submits a request for a change order the
22 value of which exceeds the greater of ten percent of such contract or
23 \$500,000, the agency shall review the scope of work for the contract,
24 and the scale and types of work involved in the change order, and determine
25 whether the participation goals should be modified.

26 (11) Requests from bidders or proposers for changes in participation
27 goals.

28 (a) A bidder or proposer may request that an agency change the participation
29 goal or goals established for the procurement on the grounds
30 that goals are unreasonable in light of the availability of certified
31 firms to perform the services required, or by demonstrating that it has
32 legitimate business reasons for proposing a lower level of subcontracting
33 in its utilization plan.

34 (b) If the contracting agency determines that the participation goals
35 established for the procurement are unreasonable in light of the availability
36 of certified firms to perform the services required, it shall
37 revise the solicitation and extend the deadline for bids and proposals.

38 (c) Subject to subparagraph (d) of this paragraph, the contracting
39 agency may grant a full or partial waiver of the participation goals to
40 a bidder or proposer who demonstrates that it has legitimate business
41 reasons for proposing the level of subcontracting in its utilization
42 plan. The contracting agency shall make its determination in light of
43 factors that shall include, but not be limited to, whether the bidder or
44 proposer has the capacity and the bona fide intention to perform the
45 contract without any subcontracting, or to perform the contract without
46 awarding the amount of subcontracts represented by the participation
47 goals. In making such determination, the agency may consider whether the
48 utilization plan is consistent with past subcontracting practices of the
49 bidder or proposer, whether the bidder or proposer has made efforts to
50 form a joint venture with a certified firm, and whether the bidder or
51 proposer has made good faith efforts to identify portions of the
52 contract that it intends to subcontract. The city chief contracting
53 officer shall notify the council of any such waiver granted with respect
54 to a registered contract in the quarterly report required pursuant to
55 subdivision 1 of this section.

(d) The agency M/WBE and VBE officer shall provide written notice of requests for a full or partial waiver of the participation goals to the division and the city chief procurement officer and shall not approve any such request without the approval of the city chief procurement officer, provided that the city chief procurement officer, upon adequate assurances of an agency's ability to administer its utilization plan in accordance with the provisions of this section, may determine that further approval from the city chief procurement officer is not required with respect to such requests for an agency's contracts or particular categories of an agency's contracts. The city chief procurement officer shall notify the speaker of the council in writing in the quarterly report required pursuant to subdivision 1 of this section following the registration of a contract for which a request for a full or partial waiver of a participation goal was granted, provided that where an agency has been authorized to grant waivers without approval of the chief procurement officer, such notice shall be provided to the speaker of the council by the agency. Such notification shall include, but not be limited to, the name of the contractor, the original participation goal, the waiver request, including all documentation, and an explanation for the approval of such request.

(12) Modification of utilization plans at contractor's request or agency's initiative. (a) A contractor may request modification of its utilization plan after the award of a contract. Subject to subparagraph (b) of this paragraph, an agency may grant such request if it determines that such contractor has established, with appropriate documentary and other evidence, that it made all reasonable, good faith efforts to meet the goals set by the agency for the contract. In making such determination, the agency shall consider evidence of the following efforts, as applicable, along with any other relevant factors:

(i) The contractor advertised opportunities to participate in the contract, where appropriate, in general circulation media, trade and professional association publications and small business media, and publications of minority ~~[and]~~, women's and veterans' business organizations;

(ii) The contractor provided notice of specific opportunities to participate in the contract, in a timely manner, to minority ~~[and]~~, women's and veterans' business organizations;

(iii) The contractor sent written notices, by certified mail or facsimile, in a timely manner, to advise MBEs, WBEs, VBEs or EBEs that their interest in the contract was solicited;

(iv) The contractor made efforts to identify portions of the work that could be substituted for portions originally designated for participation by MBEs, WBEs, VBEs and/or EBEs in the contractor utilization plan, and for which the contractor claims an inability to retain MBEs, WBEs, VBEs or EBEs;

(v) The contractor held meetings with MBEs, WBEs, VBEs and/or EBEs prior to the date their bids or proposals were due, for the purpose of explaining in detail the scope and requirements of the work for which their bids or proposals were solicited;

(vi) The contractor made efforts to negotiate with MBEs, WBEs, VBEs and/or EBEs as relevant to perform specific subcontracts, or act as suppliers or service providers;

(vii) Timely written requests for assistance made by the contractor to the agency M/WBE and VBE liaison officer and to the division; and

(viii) Description of how recommendations made by the division and the contracting agency were acted upon and an explanation of why action upon

1 such recommendations did not lead to the desired level of participation
2 of MBES, WBEs, VBES and/or EBEs.

3 (b) The agency M/WBE and VBE officer shall provide written notice of
4 requests for such modifications to the division and the city chief
5 procurement officer and shall not approve any such request for modifica-
6 tion without the approval of the city chief procurement officer,
7 provided that the city chief procurement officer, upon adequate assur-
8 ances of an agency's ability to administer its utilization plan in
9 accordance with the provisions of this section, may determine that
10 further approval from the city chief procurement officer is not required
11 with respect to such requests for an agency's contracts or particular
12 categories of an agency's contracts. The city chief procurement officer,
13 shall notify the speaker of the council in writing within seven days of
14 the approval of a request for modification of a utilization plan,
15 provided that where an agency has been authorized to grant modifications
16 without approval of the chief procurement officer, such notice shall be
17 provided to the speaker of the council by the agency. Such notification
18 shall include, but not be limited to, the name of the contractor, the
19 original utilization plan, the modification request, including all
20 documentation, and an explanation for the approval of such request.

21 (c) An agency may modify the participation goals established for a
22 procurement when the scope of the work has been changed by the agency in
23 a manner that affects the scale and types of work that the contractor
24 indicated in its contractor utilization plan would be awarded to subcon-
25 tractors.

26 (d) The agency M/WBE and VBE officer shall provide written notice to
27 the contractor of its determination that shall include the reasons for
28 such determination.

29 (13) For each contract in which a contracting agency has established
30 participation goals, the agency shall evaluate and assess the contrac-
31 tor's performance in meeting each such goal. Such evaluation and assess-
32 ment shall be a part of the contractor's overall contract performance
33 evaluation required pursuant to section 333 of the charter.

34 j. Determining credit for MBE, WBE, VBE and EBE participation.

35 (1) An agency's achievement of its annual goals shall be calculated as
36 follows:

37 (a) The dollar amount that an agency has paid or is obligated to pay
38 to a prime contractor that is an MBE, WBE, VBE or EBE, reduced by the
39 dollar amount the contractor has paid or is obligated to pay its direct
40 subcontractors upon their completion of work, shall be credited toward
41 the relevant goal. Where an agency has paid or is obligated to pay a
42 prime contractor that is both an MBE and a WBE, such amount shall be
43 credited toward the relevant goal for MBES or the goal for WBEs. Where
44 an agency has paid or is obligated to pay a prime contractor that is
45 both an MBE or WBE and a VBE, such amount shall be credited toward the
46 relevant goal for MBES or WBEs, as applicable, or the goal for VBES.

47 (b) Except as provided in subparagraph (c) of this paragraph, the
48 total dollar amount that a prime contractor of an agency has paid or is
49 obligated to pay to a direct subcontractor that is an MBE, WBE, VBE or
50 EBE shall be credited toward the relevant goal. Where such a contractor
51 has paid or is obligated to pay a direct subcontractor that is both an
52 MBE and a WBE, such amount shall be credited toward the relevant goal
53 for MBES or the goal for WBEs. Where such a contractor has paid or is
54 obligated to pay a direct subcontractor that is both an MBE or WBE and a
55 VBE, such amount shall be credited toward the relevant goal for MBES or
56 WBEs, as applicable, or the goal for VBES.

(c) In the case of contracts of the types identified pursuant to subparagraph (1) of this paragraph, the total dollar amount that a prime contractor of an agency has paid or is obligated to pay a direct subcontractor that is an MBE, WBE, VBE or EBE, reduced by the dollar amount the direct subcontractor has paid or is obligated to pay its indirect subcontractors upon completion of work, shall be credited toward the relevant goal. Where such a contractor has paid or is obligated to pay a direct contractor that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBEs or the goal for WBEs. Where

such contractor has paid or is obligated to pay a direct contractor that is both an MBE or WBE and a VBE, such amount shall be credited toward the relevant goal for MBEs or WBEs, as applicable, or the goal for VBEs.

(d) In the case of contracts of the types identified pursuant to subparagraph (1) of this paragraph, the total dollar amount that a direct subcontractor of the prime contractor has paid or is obligated to pay to an indirect subcontractor that is an MBE, WBE, VBE or EBE shall be credited toward the relevant goal. Where such a contractor has paid or is obligated to pay an indirect contractor that is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBEs or the goal for WBEs. Where such a contractor has paid or is obligated to pay a direct contractor that is both an MBE or WBE and a VBE, such amount shall be credited toward the relevant goal for MBEs or WBEs, as applicable, or the goal for VBEs.

(e) For requirements contracts, credit shall be given for the actual dollar amount paid under the contract.

(f) Where one or more MBEs, WBEs, VBEs or EBEs is participating in a qualified joint venture, the amounts that the joint venture is required to pay its direct subcontractors shall be subtracted as provided in subparagraph (a) of this paragraph, and then a percentage of the remaining dollar amount of the contract equal to the percentage of total profit to which MBEs, WBEs, VBEs or EBEs are entitled pursuant to the joint venture agreement shall be credited toward the relevant goal. Where such a participant in a joint venture is both an MBE and a WBE, such amount shall be credited toward the relevant goal for MBEs or the goal for WBEs. Where such a contractor has paid or is obligated to pay a direct contractor that is both an MBE or WBE and a VBE, such amount shall be credited toward the relevant goal for MBEs or WBEs, as applicable, or the goal for VBEs.

(g) No credit shall be given for participation in a contract by an MBE, WBE, VBE or EBE that does not perform a commercially useful function.

(h) No credit shall be given for the participation in a contract by any company that has not been certified as an MBE, WBE, VBE or EBE in accordance with section 1304 of the charter.

(i) In the case of a contract for which the contractor is paid on a commission basis, the dollar amount of the contract may be determined on the basis of the commission earned or reasonably anticipated to be earned under the contract.

(j) No credit shall be given to a contractor for participation in a contract by a graduate MBE, WBE, VBE or EBE.

(k) The participation of a certified company shall not be credited toward more than one participation goal.

(l) The city chief procurement officer may identify types of contracts where payments to indirect subcontractors shall be credited toward the relevant participation goals.

(2) A contractor's achievement of its participation goals established in its utilization plan shall be calculated as follows:

(a) A contractor's use of direct subcontractors and their indirect subcontractors toward achievement of each goal established in its utilization plan shall be calculated in the same manner as described for calculating the achievement of agency utilization goals as described in paragraph (1) of this subdivision, except that a contractor's use of a subcontractor that is both an MBE and a WBE, or is an MBE or WBE and also a VBE, shall not be credited toward the contractor's achievement of more than one goal;

(b) A contractor that is an MBE, WBE, VBE or EBE shall be permitted to count its own participation toward fulfillment of the relevant participation goal, provided that the value of such a contractor's participation shall be determined by subtracting from the total value of the contract any amounts that the contractor pays to direct subcontractors, and provided further that a contractor that is both an MBE and a WBE, or is an MBE or WBE and also a VBE, shall not be credited for its participation toward more than one goal;

(c) No credit shall be given to the contractor for the participation of a company that is not certified in accordance with section 1304 of the charter before the date that the subcontractor completes the work under the subcontract.

(d) A contractor that is a qualified joint venture shall be permitted to count a percentage of its own participation toward fulfillment of the relevant participation goal. The value of such a contractor's participation shall be determined by subtracting from the total value of the contract any amounts that the contractor pays to direct subcontractors, and then multiplying the remainder by the percentage to be applied to total profit to determine the amount to which an MBE, WBE, VBE or EBE is entitled pursuant to the joint venture agreement; provided that where such a participant in a joint venture is both an MBE and a WBE, or is an MBE or a WBE and also a VBE, such amount shall not be credited toward more than one goal.

k. Small purchases.

Whenever an agency solicits bids or proposals for small purchases pursuant to section three hundred fourteen of the charter, the agency shall maintain records identifying the MBEs, WBEs, VBES and EBEs it solicited, which shall become part of the contract file.

l. Compliance reporting.

(1) The city chief procurement officer, in consultation with the division, shall prepare and submit quarterly reports to the speaker of the council as described in this section. Preliminary reports containing information for the fiscal year in progress shall be submitted to the speaker of the council by January first, April first, and July first of each year, and a final report containing information for the preceding fiscal year shall be submitted to the speaker of the council by October first of each year. The reports, which shall also be posted on the division's website, shall contain the following information, disaggregated by agency:

(a) the number and total dollar value of contracts awarded, disaggregated by industry classification, size of contract and status as MBE, WBE, VBE, EBE, or non-certified firm, and further disaggregated by minority and gender group, and the number and dollar value of such contracts that were awarded to firms that are certified both as MBES and WBEs, or as an MBE or WBE and also a VBE, including but not limited to, contracts valued at or below the micropurchase limit as set forth in the

1 rules of the procurement policy board in paragraph (ii) of subdivision
2 (c) of section 3-08 of title 9 of the rules of the city of New York,
3 contracts valued above the micropurchase limit but at or below the small
4 purchase limit as defined in the rules of the procurement policy board
5 in subdivision (a) of section 3-08 of title 9 of the rules of the city

The agency shall then conduct an investigation to determine whether such contractor or subcontractor is in compliance.

47 section, the department and the office shall establish procedures to
48 monitor the contractors' compliance with provisions hereof, provide

20 whether such new employment opportunities will be for individuals who
