## STATE OF NEW YORK

420

2017-2018 Regular Sessions

## IN ASSEMBLY

January 9, 2017

Introduced by M. of A. M. G. MILLER -- read once and referred to the Committee on Transportation

AN ACT to amend the vehicle and traffic law, in relation to prohibiting the use of digital license plate frames

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. The vehicle and traffic law is amended by adding a new
2	section 397-c to read as follows:
3	<u>§ 397-c. Digital license plate frames prohibited. 1. No digital</u>
4	license plate frame shall be used in any motor vehicle. The presence on
5	such vehicle of a digital license plate frame connected to a power
6	source and in an operable condition is presumptive evidence of its use
7	by any person operating such vehicle. Such presumption shall be rebutted
8	by any credible and reliable evidence which tends to show that such
9	<u>digital license plate frame was not in use.</u>
10	2. For purposes of this section the term, "digital license plate
11	frame" shall mean any digital license plate frame capable of producing
12	<u>still or scrolling images or texts.</u>
13	3. The provisions of this section shall not be construed as authoriz-
14	ing the seizure or forfeiture of a digital license plate frame, unless
15	<u>otherwise provided by law.</u>
16	4. A violation of the provisions of this section shall constitute a
17	traffic infraction punishable by a fine of sixty-five dollars.

18 § 2. This act shall take effect on the one hundred eightieth day after 19 it shall have become a law.

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.
