IN ASSEMBLY

February 2, 2017

Introduced by M. of A. GOODELL -- read once and referred to the Committee on Social Services

AN ACT to amend the social services law, in relation to requiring participation in educational programs leading to a high school diploma or high school equivalency diploma for those seeking public assistance

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Purpose. The legislature hereby finds that obtaining a 2 high school diploma or a high school equivalency diploma is often essential for successful private sector employment, and personal financial independence, self-sufficiency and success. Indeed, many occupations require a high school diploma or high school equivalency diploma as a precondition for employment. Individuals without a high school diploma or high school equivalency diploma are often relegated to low paying jobs, and suffer much higher unemployment rates than those with a high school diploma or high school equivalency diploma. It is therefore in 10 the public interest to require individuals who are capable of obtaining a high school diploma or high school equivalency diploma to be engaged 11 12 in good faith efforts to obtain that objective.

§ 2. Section 131 of the social services law is amended by adding a new 14 subdivision 21 to read as follows:
