AN ACT to amend the public authorities law, the environmental conservation law and the highway law, in relation to memorializing Robert F. Kennedy, Dr. Martin Luther King, Jr. and Dr. Pedro Albizu Campos by renaming certain spans of the Triborough bridge after such men

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings and intent. The legislature hereby recognizes Robert F. Kennedy by naming after him a span of the Triborough bridge, as a tribute befitting his historic contribution to the state of New York and the nation. Robert F. Kennedy represented the state of New York in the United States Senate with great distinction, from 1965 until his untimely death in 1968, working tirelessly to improve the lives of New Yorkers, fighting poverty and advancing the civil rights movement. The state of New York and our entire nation were further enriched by Robert F. Kennedy's prior service as the sixty-fourth Attorney General of the United States, and trusted advisor to the President. Common throughout his many works was an effort to bridge the gaps among persons of diverse racial, ethnic and economic backgrounds. Accordingly, the legislature hereby names the span of the Triborough bridge which stretches over the East river from the borough of Queens to Ward's Island the Robert F. Kennedy bridge.

The legislature further recognizes Dr. Martin Luther King, Jr., in this forty-ninth year following his tragic assassination, by naming after him a span of the Triborough bridge, as a tribute befitting his historic contributions to the nation. Dr. King worked tirelessly to improve the lives of the citizens of this country, fighting segregation and discrimination through non-violent protest and advancing the civil rights movement, until his untimely death in 1968. The state of New York and our entire nation were enriched by Dr. King's dedication, example

Dr. Albizu Campos, the most prominent Puerto Rican political figure of the 20th century, was instrumental in Puerto Rico's fight for independence until his death in 1965. Accordingly, the legislature hereby names the span of the Triborough bridge which stretches from Randall's Island to the Bronx the Dr. Pedro Albizu Campos bridge.
