## STATE OF NEW YORK

4562

2017-2018 Regular Sessions

## IN ASSEMBLY

February 3, 2017

Introduced by M. of A. DiPIETRO -- read once and referred to the Committee on Health

AN ACT to amend the public health law, in relation to disclosure of certain gifts provided by drug manufacturers or wholesalers to health care providers

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

## 1 Section 1. Article 2 of the public health law is amended by adding a 2 new title 7 to read as follows:

3	TITLE VII
4	NEW YORK STATE PHARMACEUTICAL DRUG MANUFACTURER AND
5	WHOLESALER DISCLOSURE ACT
б	Section 267. Legislative intent.
7	<u>267-a. Definitions.</u>
8	<u>267-b. Disclosure requirements.</u>
9	267-c. Annual consumer guide on pharmaceutical drug manufacturer
10	and wholesaler gifts to health care providers.
11	267-d. Penalties.
12	267-e. Rules and regulations.
13	<u>§ 267. Legislative intent. The legislature finds that the cost of</u>
14	prescription drugs in the United States has grown dramatically. Accord-
15	ing to the Centers for Disease Control, spending on retail prescription
16	drugs in the United States more than tripled from fifteen billion
17	dollars in nineteen hundred eighty-two to forty-eight billion two
18	hundred million dollars in nineteen hundred ninety-two, then more than
19	tripled again to one hundred sixty-two billion four hundred million
20	dollars in two thousand two. In per capita terms, retail prescription
21	drugs spending increased from sixty-four dollars in nineteen hundred
22	eighty-two to five hundred sixty-nine dollars in two thousand two. In
23	two thousand five, spending on pharmaceuticals rose to two hundred

EXPLANATION--Matter in **italics** (underscored) is new; matter in brackets [-] is old law to be omitted.

A. 4562

fifty-one billion eight hundred million dollars. While the availability 1 of useful new drugs to treat chronic conditions such as heart disease, 2 3 hypertension and depression accounts for much of the increased spending, 4 there is widespread concern about the impact aggressive marketing by 5 drug manufacturers and wholesalers has had on drug costs and prescribing б patterns. In addition to the explosive growth in direct-to-consumer 7 advertising, these marketing efforts are often directed at health care providers and include gifts, paraphernalia, trips and travel, food and 8 9 entertainment. A Competitive Media Reporting Study found that drug 10 companies provided seven billion two hundred million dollars worth of 11 free samples to physicians' offices in nineteen hundred ninety-nine. The drug industry sponsored more than three hundred fourteen thousand physi-12 cian "events" in two thousand one, ranging from catered lunches in 13 14 hospital conference rooms to weekend getaways at resorts, nearly double the number four years earlier. Drug companies spent some twenty-two 15 16 billion dollars in marketing in two thousand three. According to the 17 Journal of the American Medical Association, ninety percent of drug company marketing is directed at physicians. Esteemed medical publica-18 19 tions such as the Journal of the American Medical Association and the 20 British Medical Journal produced studies that suggest these marketing 21 activities do influence health care providers' decisions on prescription drugs, and in ways that are not the best for patients or the health care 22 system itself. The legislature recognizes that drug manufacturers and 23 24 wholesalers are free to use any legal sales and marketing techniques to 25 promote their products. But the legislature also finds that the consum-26 ers have a right to know what gifts, if any, their health care providers 27 are receiving from manufacturers and wholesalers, in order that they might make informed and cost-effective decisions about their 28 29 prescription drug expenditures. 30 § 267-a. Definitions. As used in this title, the following terms shall 31 have the following meanings: 32 1. "Approved clinical trial" means a clinical trial that has been approved by the U.S. Food and Drug Administration (FDA) or has been 33 approved by a duly constituted Institutional Review Board (IRB) after 34 reviewing and evaluating it in accordance with the human subject 35 36 protection standards set forth at 21 C.F.R. Part 50, 45 C.F.R. Part 46, 37 or an equivalent set of standards of another federal agency. 38 2. "Bona fide clinical trial" means an approved clinical trial that constitutes "research" as that term is defined in 45 C.F.R. § 46.102 39 when the results of the research can be published freely by the investi-40 gator and reasonably can be considered to be of interest to scientists 41 42 or medical practitioners working in the particular field of inquiry. 43 3. "Clinical trial" means any study assessing the safety or efficacy 44 of drugs administered alone or in combination with other drugs or other 45 therapies, or assessing the relative safety or efficacy of drugs in 46 comparison with other drugs or other therapies. 47 4. "Drugs" shall have the same meaning as set forth in subdivision seven of section six thousand eight hundred two of the education law. 48 49 5. "Health care provider" means any physician or other person who is legally authorized to prescribe drugs. 50 51 6. "Pharmaceutical drug manufacturer" means a person who compounds, mixes, prepares, produces and bottles or packs drugs for the purpose of 52 53 distributing or selling to pharmacies or to other channels of distrib-54 ution. 55 7. "Pharmaceutical drug wholesaler" means a person whose primary busi-56 ness purpose is to bottle, pack or purchase drugs for the purpose of

A. 4562

1	selling or reselling to pharmacies or to other channels as provided in
2	this title.
3	8. "Pharmacy" shall have the same meaning as set forth in subdivision
4	one of section six thousand eight hundred two of the education law.
5	9. "Unrestricted grant" means any gift, payment, subsidy, or other
6	economic benefit to an educational institution, professional associ-
7	ation, health care facility, or governmental entity which does not
8	impose any restrictions on the use of the grant, such as favorable
9	treatment of a certain product or an ability of the marketer to control
10	or influence the planning, content, or execution of the education activ-
11	<u>ity.</u>
12	<u>§ 267-b. Disclosure requirements. 1. Any pharmaceutical drug manufac-</u>
13	turer or pharmaceutical drug wholesaler, including any employee or agent
14	of such manufacturer or wholesaler, that makes any gift whether in the
15	form of money, service, loan, travel, entertainment, hospitality, thing
16	or promise, or in any other form, to a health care provider shall report
17	the gift to the commissioner in the manner set forth in subdivision two
18	of this section.
19	2. Any pharmaceutical drug manufacturer or pharmaceutical drug whole-
20	saler who makes at least one gift under subdivision one of this section
21	shall file with the commissioner an annual report, due no later than
22	June first of each year, beginning in two thousand fifteen, of all gifts
23	made by the manufacturer or wholesaler to health care providers.
24	3. Such annual report shall contain: (a) the name, address and tele-
25	phone number of the pharmaceutical drug manufacturer or wholesaler; (b)
26	an itemized list containing a description of each gift falling under
27	subdivision one of this section and the name, address and telephone
28	number of the health care provider who received each gift; (c) the mone-
29	tary value of each gift; and (d) such other information as deemed neces-
30	sary by the commissioner for compliance with this article.
31	4. The following shall be exempt from disclosure:
32	(a) the payment of reasonable compensation and reimbursement of
33	expenses in connection with bona fide clinical trials;
34	(b) any gift the value of which is less than seventy-five dollars;
35	(c) scholarship or other support for medical students, residents and
36	
37	
	fellows to attend a significant educational, scientific, or policy-mak-
	ing conference of a national, regional, or specialty medical or other
38	ing conference of a national, regional, or specialty medical or other professional association if the recipient of the scholarship or other
38 39	ing conference of a national, regional, or specialty medical or other professional association if the recipient of the scholarship or other support is selected by the association;
