41 contracts in the bidding requirements of the general municipal law shall
42 be awarded to the lowest responsible bidder, which responsibility shall

44 with power hereby vested in the commissioner to reject any or all bids
45 if, in his or her opinion, the best interests of the district will be
46 promoted thereby and, upon such rejection of all bids, the commissioner
47 shall order the board of education or trustee of the district to seek,
48 obtain and consider new proposals. All proposals for such transporta-

tion, maintenance, mobile instructional units, or cafeteria and restaurant service shall be in such form as the commissioner may prescribe. Advertisement for bids shall be published in a newspaper or newspapers designated by the board of education or trustee of the district having general circulation within the district for such purpose or in the state's procurement opportunities newsletter in accordance with article four-C of the economic development law. Such advertisement shall contain a statement of the time when and place where all bids received pursuant to such advertisement will be publicly opened and read either by the school authorities or by a person or persons designated by them. All bids received shall be publicly opened and read at the time and place so specified. At least five days shall elapse between the first publication of such advertisement and the date so specified for the opening and reading of bids. The requirement for competitive bidding shall not apply to an award of a contract for the transportation of pupils or a contract for mobile instructional units or the provision, maintenance and operation of cafeteria or restaurant service, if such award is based on an evaluation of proposals in response to a request for proposals pursuant to paragraph e of this subdivision. The requirement for competitive bidding shall not apply to annual, biennial, or triennial extensions of a contract nor shall the requirement for competitive bidding apply to quadrennial or quinquennial year extensions of a contract involving transportation of pupils, maintenance of school buses or mobile instructional units secured either through competitive bidding or through evaluation of proposals in response to a request for proposals pursuant to paragraph e of this subdivision, when such extensions (1) are made by the board of education or the trustee of a district, under rules and regulations prescribed by the commissioner, and, (2) do not extend the original contract period beyond five years from the date cafeteria and restaurant service commenced thereunder and in the case of contracts for the transportation of pupils, for the maintenance of school buses or for mobile instructional units, that such contracts may be extended, except that power is hereby vested in the commissioner, in addition to his or her existing statutory authority to approve or disapprove transportation or maintenance contracts, (i) to reject any extension of a contract beyond the initial term thereof if he or she finds that amount to be paid by the district to the contractor in any year of such proposed extension fails to reflect any decrease in the regional consumer price index for the N.Y., N.Y.-Northeastern, N.J. area, based upon the index for all urban consumers (CPI-U) during the preceding twelve month period; and (ii) to reject any extension of a contract after ten years from the date transportation or maintenance service commenced thereunder, or mobile instructional units were first provided, if in his or her opinion, the best interests of the district will be promoted thereby. Upon such rejection of any proposed extension, the commissioner may order the board of education or trustee of the district to seek, obtain and consider bids pursuant to the provisions of this section. The board of education or the trustee of a school district electing to extend a contract as provided herein, may, in its discretion, increase the amount to be paid in each year of the contract extension by an amount not to exceed the regional consumer price index increase for the N.Y., N.Y.-Northeastern, N.J. area, based upon the index for all urban consumers (CPI-U), during the preceding twelve month period, provided it has been satisfactorily established by the contractor that there has been at least an equivalent increase in the amount of his or her cost of operation, during the period of the contract.

47 provision of a free appropriate public education to the student or a
48 manifestation determination or other matter relating to placement upon
49 discipline of a student with a disability that may be the subject of an
50 impartial hearing pursuant to subsection (k) of section fourteen hundred
51 fifteen of title twenty of the United States code and the implementing
52 federal regulations, and the party presenting the complaint or their
53 attorney provides a due process complaint notice in accordance with
54 federal law and regulations and such complaint sets forth an alleged
55 violation that occurred not more than [~~two years~~] one year before the
56 date the parent or public agency knew or should have known about the

1 alleged action that forms the basis for the complaint, or in the case of
2 a complaint seeking tuition reimbursement for the unilateral parental
3 placement of a student in a private school, such tuition claim is
4 presented not more than one hundred eighty days from the placement by
5 the parent or person in parental relation in the private school,
6 provided that the student shall be deemed placed for such purpose on the
7 first day the student is enrolled in and is liable for tuition in the
8 private school, the board or agency shall appoint an impartial hearing
9 officer to review the due process complaint notice when challenged and,
10 if the matter is not resolved in a resolution session that has been

29 problem forming the basis of the complaint or due to the school
30 district's or other public agency's withholding of information from the
31 parent or person in parental relation that was required under federal

36 from initiating such a hearing.

37 § 27. Paragraph b of subdivision 4 of section 4410 of the education

52 but not limited to pre-kindergarten, day care, head start programs and

a. State aid adjustments. All errors or omissions in the apportionment shall be corrected by the commissioner. Whenever a school district has been apportioned less money than that to which it is entitled, the commissioner may allot to such district the balance to which it is entitled. Whenever a school district has been apportioned more money than that to which it is entitled, the commissioner may, by an order, direct such moneys to be paid back to the state to be credited to the general fund local assistance account for state aid to the schools, or may deduct such amount from the next apportionment to be made to said district, provided, however, that, upon notification of excess payments of aid for which a recovery must be made by the state through deduction of future aid payments, a school district may request that such excess payments be recovered by deducting such excess payments from the payments due to such school district and payable in the month of June in (i) the school year in which such notification was received and (ii) ~~[the two succeeding school years, provided further that there shall be no interest penalty assessed against such district or collected by the state. Such request shall be made to the commissioner in such form as the commissioner shall prescribe, and shall be based on documentation that the total amount to be recovered is in excess of one percent of the district's total general fund expenditures for the preceding school year. The amount to be deducted in the first year shall be the greater of (i) the sum of the amount of such excess payments that is recognized as a liability due to other governments by the district for the preceding school year and the positive remainder of the district's unreserved fund balance at the close of the preceding school year less the product of the district's total general fund expenditures for the preceding school year multiplied by five percent, or (ii) one third of such excess payments. The amount to be recovered in the second year shall equal the lesser of the remaining amount of such excess payments to be recovered or one third of such excess payments, and the remaining amount of such excess payments shall be recovered in the third year]~~ in up to ten succeeding school years, as determined by the commissioner in regulations, wherein the commissioner shall establish any eligibility

requirements and/or payment schedule for such multi-year recovery.

Provided further that, notwithstanding any other provisions of this subdivision, any pending payment of moneys due to such district as a prior year adjustment payable pursuant to paragraph c of this subdivision for aid claims that had been previously paid as current year aid payments in excess of the amount to which the district is entitled and for which recovery of excess payments is to be made pursuant to this paragraph, shall be reduced at the time of actual payment by any remaining unrecovered balance of such excess payments, and the remaining scheduled deductions of such excess payments pursuant to this paragraph shall be reduced by the commissioner to reflect the amount so recovered. The commissioner shall certify no payment to a school district based on a claim submitted later than three years after the close of the school year in which such payment was first to be made. For claims for which payment is first to be made in the nineteen hundred ninety-six--ninety-seven school year, the commissioner shall certify no payment to a school district based on a claim submitted later than two years after the close of such school year. For claims for which payment is first to be made in the nineteen hundred ninety-seven--ninety-eight school year and thereafter, the commissioner shall certify no payment to a school district based on a claim submitted later than one year after the close of such school year. Provided, however, no payments shall be barred or reduced where such payment is required as a result of a final audit of the state. It is further provided that, until June thirtieth, nineteen hundred ninety-six, the commissioner may grant a waiver from the provisions of this section for any school district if it is in the best educational interests of the district pursuant to guidelines developed by the commissioner and approved by the director of the budget.

c. Payment of moneys due for prior years. § 31. Subparagraph 1 of paragraph b of subdivision 6-f of section 3602 of the education law, as added by section 19 of part H of chapter 83 of the laws of 2002, is amended to read as follows:

No transportation expense shall be allowed for a period greater than one hundred twenty days prior

1 to the filing of any contract for the transportation of pupils with the
2 education department. No contract shall be considered filed unless it
3 bears an original signature of the superintendent of a school district
4 or the designee of the superintendent and the sole trustee or president
5 of the board of education of the school district. The final approval of
6 any such contract by the commissioner shall not, however, obligate the
7 state to allow transportation expense in an amount greater than the
8 amount that would be allowed under the provisions of this part. The
9 state, acting through the department of audit and control, may examine
10 any and all accounts of the contractor in connection with a contract for
11 the transportation of pupils, and every such contract shall contain the
12 following provision: "The contractor hereby consents to an audit of any
13 and all financial records relating to this contract by the department of
14 audit and control."

15 b. Notwithstanding the provisions of paragraph a of this subdivision,
16 the commissioner may consider extenuating circumstances, including but
17 not limited to possession of a signed and dated return receipt from the
18 department indicating that such transportation contract was timely
19 filed, or evidence of a fire or other natural disaster or catastrophic
20 event that disrupted operations or destroyed files prior to the
21 commencement of the contract or during the contract period, or any other
22 extenuating circumstance defined by the commissioner in regulations
23 which resulted in a contract or contracts not being filed within the one
24 hundred twenty day filing period and may, in his or her discretion,
25 extend the period for filing of such contract or contracts.

26 § 33. This act shall take effect July 1, 2018, provided that if this
27 act shall become a law after such date, it shall take effect immediately
28 and shall be deemed to have been in full force and effect on and after
29 July 1, 2018 and provided further, nothing in section six of this act
30 shall be construed to require the retrofitting of school buses purchased
31 prior to the effective date of this act, and provided further that:

46 the education law made by section twenty-six of this act shall not
47 affect the expiration of such subdivision and shall be deemed to expire
