6851

2017-2018 Regular Sessions

## IN ASSEMBLY

March 22, 2017

Introduced by M. of A. ENGLEBRIGHT, STECK -- Multi-Sponsored by -- M. of A. WEPRIN -- read once and referred to the Committee on Economic Development

AN ACT to amend the general business law, in relation to requiring master plumbers engaged in the installation, repair or maintenance of medical gas piping or engaged in the instruction to be licensed by the department of state

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The general business law is amended by adding a new article 28-F to read as follows:

### ARTICLE 28-F

#### MEDICAL GAS PIPING

#### Section 491. Definitions.

##### 492. License required.

##### 493. Powers of the secretary of state.

##### 494. License; medical gas piping installation and maintenance.

##### 495. License; medical gas piping instruction.

##### 496. Violations.

##### 497. Transition provisions.

§ 491. Definitions. As used in this article, unless the context requires otherwise:

1. "Department" means the department of state.

2. "Medical gas piping" means medical gas piping within any health care facility licensed pursuant to the public health law, and located after the source valve and intended for patient use.

3. "Secretary" means the secretary of state.

§ 492. License required. 1. No person shall engage in the installation, improvement, repair or maintenance of medical gas piping unless he or she has been issued a license therefor pursuant to this article.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD03351-01-7

1     2. No person shall provide instruction regarding the installation,  
2 improvement, repair or maintenance of medical gas piping unless he or  
3 she has been issued a license therefor pursuant to this article.

4     § 493. Powers of the secretary of state. In addition to the powers and  
5 duties provided elsewhere in this article, the secretary shall have the  
6 power to:

7     1. appoint a sufficient number of assistants, inspectors and other  
8 employees as may be necessary to carry out the provisions of this arti-  
9 cle and to prescribe their duties;

10    2. examine the qualifications and fitness of applicants for licenses  
11 and prospective applicants therefor;

12    3. keep records of all licenses issued, suspended or revoked, and  
13 orders directing the cessation of unlicensed activities; and

14    4. adopt such rules and regulations as may be necessary to implement  
15 the provisions of this article.

16    § 494. License; medical gas piping installation and maintenance. 1.  
17 Every person to engage in the installation, improvement, repair or main-  
18 tenance of medical gas piping shall make application to the secretary  
19 for a license therefor. Such application shall be in a form and manner  
20 prescribed by the secretary and shall contain such information as, in  
21 the secretary's judgment, is reasonable and necessary to determine the  
22 qualification and fitness for licensing of the applicant.

23    2. Every applicant for a license to engage in the installation,  
24 improvement, repair or maintenance of medical gas piping shall be of  
25 good moral character and shall provide evidence to the secretary that he  
26 or she:

27    a. (1) is a master plumber, or a journeyman plumber who has success-  
28 fully completed an apprenticeship program accredited and approved by the  
29 federal Department of Labor,

30    (2) is an apprentice plumber who has successfully completed not less  
31 than three years of an apprenticeship program accredited and approved by  
32 the federal Department of Labor,

33    (3) is a pipe fitter or steam fitter employed by a plumbing contrac-  
34 tor, or

35    (4) is certified in his or her area of expertise in accordance with  
36 the National Fire Protection Association standards;

37    b. has successfully completed not less than thirty-two hours of class-  
38 room training relating to the most recent edition of the Standard on Gas  
39 and Vacuum Systems issued by the National Fire Protection Association;  
40 and

41    c. (1) has passed an examination offered by the National Inspection  
42 Testing and Certification Corporation or any substantially equivalent  
43 examination approved by the secretary, that demonstrates the applicant's  
44 competence to install, improve, repair or maintain medical gas piping,

45    (2) has passed an examination as a brazer offered by the American  
46 Welding Society, and has successfully completed a training program in  
47 the installation of medical gas piping approved by a major medical gas  
48 producer, or

49    (3) is certified in accordance with the appropriate American Society  
50 of Sanitary Engineering standards for the operations to be performed.

51    3. Any person who will engage only in brazing incidental to the  
52 installation, improvement, repair or maintenance of medical gas piping  
53 shall be licensed by the department if he or she is of good moral char-  
54 acter and provides evidence to the secretary that he or she:

1     a. (1) is a master plumber, or a journeyman plumber who has success-  
2 fully completed an apprenticeship program accredited and approved by the  
3 federal Department of Labor,

4     (2) is an apprentice plumber who has successfully completed not less  
5 than three years of an apprenticeship program accredited and approved by  
6 the federal Department of Labor,

7     (3) is a pipe fitter or steam fitter employed by a plumbing contrac-  
8 tor, or

9     (4) is certified in his or her area of expertise in accordance with  
10 the National Fire Protection Association standards;

11     b. has successfully completed not less than twenty hours of classroom  
12 training relating to the performance of brazing duties required in the  
13 installation, improvement, repair or maintenance of medical gas piping;  
14 and

15     c.(1) has passed an examination offered by the National Inspection  
16 Testing and Certification Corporation or any substantially equivalent  
17 examination approved by the secretary that demonstrates the applicant's  
18 competence in performing brazing incidental to the installation,  
19 improvement, repair or maintenance of medical gas piping,

20     (2) has passed an examination as a brazer offered by the American  
21 Welding Society and has successfully completed a training program in the  
22 brazing of medical gas piping by a major medical gas producer, or

23     (3) is certified in accordance with the appropriate American Society  
24 of Sanitary Engineering standards for the operations to be performed.

25     § 495. License; medical gas piping instruction. 1. Every person to  
26 engage in providing instruction regarding the installation, improvement,  
27 repair or maintenance of medical gas piping shall make application to  
28 the secretary for a license therefor. Such application shall be in a  
29 form and manner prescribed by the secretary and shall contain such  
30 information as, in the secretary's judgment, is reasonable and necessary  
31 to determine the qualifications and fitness for licensing of the appli-  
32 cant.

33     2. Every applicant for a license to provide instruction regarding the  
34 installation, improvement, repair or maintenance of medical gas piping  
35 shall be of good moral character and shall provide evidence to the  
36 secretary that he or she:

37     a. (1) is a master plumber or journeyman plumber, or a pipe fitter or  
38 steam fitter employed by a plumbing contractor, or

39     (2) has been actively engaged in the practice of installing medical  
40 gas piping, or is certified in his or her area of expertise in accord-  
41 ance with the National Fire Protection Association standards for at  
42 least five consecutive years preceding the date of application for a  
43 license;

44     b. has successfully completed not less than forty hours of instruc-  
45 tional training in the field of medical gas piping installation,  
46 improvement, repair and maintenance as approved by the secretary; and

47     c.(1) has passed an examination offered by the National Inspection  
48 Testing and Certification Corporation or any substantially equivalent  
49 examination approved by the secretary that demonstrates the applicant's  
50 competence to teach in the field of medical gas piping installation,  
51 improvement, repair and maintenance,

52     (2) has passed an examination as a brazer offered by the American  
53 Welding Society and has successfully completed a training program in  
54 instructional training approved by a major medical gas producer, or

55     (3) is certified in accordance with the appropriate American Society  
56 of Sanitary Engineering standards for the operations being performed.

1     § 496. Violations. The department shall have the power to revoke or  
2 suspend any license, or in lieu thereof to impose a fine not exceeding  
3 one thousand dollars payable to the department, or reprimand any licen-  
4 see or deny any application for a license or renewal thereof upon proof:

5     1. that the applicant or licensee has violated any of the provisions  
6 of this article or any rule or regulation promulgated pursuant thereto;

7     2. that the applicant or licensee has practiced fraud, deceit or  
8 misrepresentation;

9     3. that the applicant or licensee has made a material misstatement in  
10 the application for or renewal of his or her license; or

11     4. that the applicant or licensee has demonstrated incompetence or  
12 untrustworthiness in his other actions.

13     § 497. Transition provisions. 1. Any person who has engaged in the  
14 installation, improvement, repair or maintenance of medical gas piping  
15 for not less than three consecutive years prior to the effective date of  
16 this article may be licensed pursuant to section four hundred ninety-  
17 four of this article if such person has met the requirements of para-  
18 graph c of subdivision two of such section within two years of the  
19 effective date of this article.

20     2. Any person who has engaged only in brazing incidental to the  
21 installation, improvement, repair or maintenance of medical gas piping  
22 for not less than three consecutive years preceding the effective date  
23 of this article may be licensed pursuant to subdivision three of section  
24 four hundred ninety-four of this article if such person has met the  
25 requirements of paragraph c of such subdivision within two years of the  
26 effective date of this article.

27     § 2. This act shall take effect on the first of January next succeed-  
28 ing the date on which it shall have become a law.
