## IN ASSEMBLY

March 29, 2017

---

Introduced by M. of A. WALKER -- read once and referred to the Committee on Codes

AN ACT to amend the civil practice law and rules, the criminal procedure law, the executive law, and the legislative law in relation to the use in evidence of the fact of possession or presence on the premises of condoms and other sexual and reproductive health devices; and to repeal certain provisions of the criminal procedure law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. This act shall be known and may be cited as the "End criminalization of condoms act".

2 § 2. Legislative findings. The legislature hereby finds that promoting  
3 and protecting health and respecting and fulfilling human rights are  
4 necessarily linked, and that health-oriented and rights-based law  
5 enforcement efforts are central to the effective provision of government  
6 services for the benefit of the people of the State. Article 17, section  
7 3 of the New York constitution requires that the legislature protect and  
8 promote the health of the inhabitants of this state as a matter of  
9 public concern. Despite these provisions, for purposes of prosecuting  
10 certain criminal, civil and administrative offenses, reproductive and  
11 sexual health tools, including condoms, are currently being destroyed,  
12 confiscated, or used as evidence by law enforcement officers. This  
13 legislation is intended to strengthen the public health of all New York-  
14 ers, including the most vulnerable, while preserving the ability of law  
15 enforcement to prosecute other crimes such as felony sexual offenses.  
16 The purpose of this bill is to avoid the disparate impact of the prac-  
17 tice of citing condoms and other reproductive and sexual health tools as  
18 evidence upon survivors of trafficking and people who are or are  
19 profiled as being engaged in the sex trades.

4. The commission in addition to the above mentioned powers shall have all the powers and privileges of a legislative committee pursuant to this chapter.

5. For the accomplishment of its purpose, the commission shall be authorized and empowered to undertake any study, inquiry, survey, or analysis it may deem relevant through its own personnel in cooperation with or by agreement with any other public or private agency.

6. The commission may require and shall receive from any department, board, bureau, commission, authority, office, or other instrumentality of the state, and from any county, city, town or village of this state, such facilities, assistance, and data, as it deems necessary or desirable for proper execution of its powers and duties.

7. The commission may hold public or private hearings and shall have full powers to subpoena witnesses and all records or data it shall deem necessary or desirable pursuant to this chapter.
