7 (b)(i) Except as provided in subparagraph (ii) of this paragraph,
8 prior to commencing the negotiation process for such contract with an
9 incorporated fire company, the incorporated fire company shall file with
10 the board of fire commissioners a statement itemizing the estimated
11 costs of the incorporated fire company attributable to the provision of
12 services under the prospective contract. The estimated costs attribut-
13 able to the provision of services under the prospective contract item-
14 ized in the statement shall include, at a minimum, those, if any, for:
15 supplies; materials; operation, maintenance and repair of equipment and
16 apparatus; insurance; training; protective clothing, gear and other
17 personnel costs; building rental, maintenance and operation; and a spec-
18 ified proportionate share of capital costs. If the fire company is
19 required to prepare any of the following documents, copies shall be
20 included with the statement:

21 (1) the fire company's most recent annual report of directors pursuant
22 to section five hundred nineteen of the not-for-profit corporation law;

23 (2) the fire company's most recent verified certificate pursuant to
24 subdivision (f) of section fourteen hundred two of the not-for-profit
25 corporation law;

26 (3) the fire company's most recent internal revenue service form 990;
27 and

28 (4) the fire company's most recent annual report pursuant to section
29 thirty-a of the general municipal law.

30 (ii) The provisions of subparagraph (i) of this paragraph shall not
31 apply to the renewal of a contract when the contract is deemed renewed
32 in accordance with paragraph (e) of this subdivision. Upon good cause
33 shown, the board of fire commissioners may, by resolution, waive in
34 whole or in part the requirement that the fire company file the state-
35 ment, and copies of documents, required by subparagraph (i) of this
36 paragraph.

37 (c) The contract shall not be entered into until a public hearing has
38 been held by the board of fire commissioners. Notice of the hearing
39 shall be published at least once in at least one newspaper having gener-
40 al circulation in the district. The notice shall specify the time when
41 and place where the hearing will be held, and describe in general terms
42 the proposed contract. The first publication thereof shall be at least
43 ten days prior to the day specified for the hearing.

44 (d) Except as hereinafter provided, the term of the contract shall be
45 for a definite period of time, but in no event shall the term exceed
46 five years. The contract year or years in all such contracts entered
47 into after the year nineteen hundred sixty shall terminate on December
48 thirty-first.

49 (e) Instead of being for a definite term as hereinabove provided, the
50 contract may be for an original term of one calendar year or less and
51 provide that it shall be deemed renewed on the same basis each year
52 thereafter for a further term of one full calendar year without any
53 further public hearing unless one of the contracting parties shall noti-
54 fy the other in writing on or before the first day of August that it
55 elects to terminate the contract on December thirty-first in that year.
56 The term of any such contract, including renewals, shall not exceed five

1 years, but the contract may provide that there shall be less than four
2 such renewals. If the city, village or fire district fire department or
3 fire company which is to furnish the service under such a contract is
4 not a fully paid department or company, the city, village or fire
5 district governing board upon the request of the department or company,
6 shall terminate the contract as provided in this paragraph. Any contract
7 entered into pursuant to this paragraph may provide that in the month of
8 July of each year in which such a renewal could occur the fire district
9 secretary shall notify the secretary of the fire department or fire
10 company which is to furnish the service under the contract that the
11 contract shall be deemed renewed on the same basis for a further full
12 term of one calendar year unless one of the contracting parties shall
13 notify the other in writing on or before the first day of August that it
14 elects to terminate the contract on December thirty-first in such year.

15 (f) The contract shall specify a definite sum to be paid each year for
16 all of the services to be rendered thereunder and may provide that such
17 amount shall be paid in one sum or in installments.

18 (g) By mutual consent of the contracting parties, and after a public
19 hearing held pursuant to notice in the manner aforesaid, any such
20 contract heretofore or hereafter executed may be [~~(1)~~] (i) amended,
21 [~~(2)~~] (ii) terminated, or [~~(3)~~] (iii) terminated and a new contract may
22 be entered into in lieu thereof, if the board of fire commissioners,
23 after such hearing, shall determine by resolution, that it is in the
24 public interest so to do. Such notice shall state in general terms the
25 reason why any existing contract is to be amended or terminated, and if
26 a new contract is to be entered into the notice shall also describe the
27 new contract in general terms.

28 (h) The term "fire protection", as used in this subdivision, includes
29 inspections of buildings and properties in the fire district for the
30 purposes specified in and as authorized by section eight hundred seven-a
31 of the education law, subdivision four of section three hundred three of
32 the multiple residence law, and section one hundred eighty-nine of the
33 town law.

34 (i) The provisions of this subdivision shall not be deemed to have
35 amended subdivision two of section two hundred nine-b or section two
36 hundred nine-d of the general municipal law, or any other general,
37 special or local law requiring the consent of a fire department, fire
38 company or an emergency rescue and first aid squad to the entering into
39 of a contract for services to be performed by such department, company
40 or squad.

41 § 2. Section 184 of the town law is amended by adding a new subdivi-
42 sion 1-a to read as follows:

43 1-a. (a) Except as provided in paragraph (b) of this subdivision,
44 prior to commencing the negotiation process for such contract with an
45 incorporated fire company, the incorporated fire company shall file with
46 the town board a statement itemizing the estimated costs of the incorpo-
47 rated fire company attributable to the provision of services under the
48 prospective contract. The estimated costs attributable to the provision
49 of services under the prospective contract itemized in the statement
50 shall include, at a minimum, those, if any, for: supplies; materials;
51 operation, maintenance and repair of equipment and apparatus; insurance;
52 training; protective clothing, gear and other personnel costs; building
53 rental, maintenance and operation; and a specified proportionate share
54 of capital costs. If the fire company is required to prepare any of the
55 following documents, copies shall be included with the statement:

1 (1) the fire company's most recent annual report of directors pursuant
2 to section five hundred nineteen of the not-for-profit corporation law;

3 (2) the fire company's most recent verified certificate pursuant to
4 subdivision (f) of section fourteen hundred two of the not-for-profit
5 corporation law;

6 (3) the fire company's most recent internal revenue service form 990;
7 and

8 (4) the fire company's most recent annual report pursuant to section
9 thirty-a of the general municipal law.

10 (b) The provisions of paragraph (a) of this subdivision shall not
11 apply to the renewal of a contract when the contract is deemed renewed
12 in accordance with subdivision four of this section. Upon good cause
13 shown, the town board may, by resolution, waive in whole or in part the
14 requirement that the fire company file the statement, and copies of
15 documents, required by paragraph (a) of this subdivision.

16 § 3. Paragraph 9 of subdivision 3 of section 4-412 of the village law
17 is amended by adding a new subparagraph a-1 to read as follows:

18 a-1. (i) Except as provided in clause (ii) of this subparagraph, prior
19 to commencing the negotiation process for such contract with an incorpo-
20 rated fire company, the incorporated fire company shall file with the
21 board of trustees a statement itemizing the estimated costs of the
22 incorporated fire company attributable to the provision of services
23 under the prospective contract. The estimated costs attributable to the
24 provision of services under the prospective contract itemized in the
25 statement shall include, at a minimum, those, if any, for: supplies;
26 materials; operation, maintenance and repair of equipment and apparatus;
27 insurance; training; protective clothing, gear and other personnel
28 costs; building rental, maintenance and operation; and a specified
29 proportionate share of capital costs. If the fire company is required to
30 prepare any of the following documents, copies shall be included with
31 the statement:

32 (A) the fire company's most recent annual report of directors pursuant
33 to section five hundred nineteen of the not-for-profit corporation law;

40 thirty-a of the general municipal law.

41 (ii) Upon good cause shown, the board of trustees may, by resolution,
42 waive in whole or in part the requirement that the fire company file the
43 statement, and copies of documents, required by clause (i) of this
44 subparagraph.

45 § 4. This act shall take effect on January first next succeeding the
46 date on which it shall have become a law and shall apply to contracts
47 with a term commencing after March first of the year in which it shall
48 have become a law.
