AN ACT to amend the vehicle and traffic law, in relation to affixing the
designation "qualified hybrid vehicle" and the estimated miles per
gallon of such vehicle as calculated by the United States environ-
mental protection agency onto all car registration forms

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. The vehicle and traffic law is amended by adding a new
2 section 125-b to read as follows:

3 § 125-b. Qualified hybrid vehicle. A qualified hybrid vehicle is a
4 motor vehicle as defined in section one hundred twenty-five of this
5 article, other than an electric vehicle, that draws propulsion energy
6 from both an internal combustion engine (or heat engine that uses
7 combustive fuel) and an energy storage device, and employs a regenera-
8 tive vehicle braking system that recovers waste energy to charge such
9 energy storage device.

10 § 2. Subparagraphs (e) and (f) of paragraph b of subdivision 1 of
11 section 401 of the vehicle and traffic law, as amended by chapter 222 of
12 the laws of 1996, are amended to read as follows:

13 (e) provided, that, if such motor vehicle is an altered livery, the
14 applicant shall so furnish a certified copy of the length of the center
15 panel of such vehicle, provided, however, that the commissioner shall
16 require such proof, as [~~he~~] such commissioner may determine is neces-
17 sary, in the application for registration and provided further, if the
18 center panel of such vehicle exceeds one hundred inches, the commission-
19 er shall require proof that such vehicle is in compliance with all
20 applicable federal and state motor vehicle safety standards; [~~and~~] (f)
21 provided, that, if such motor vehicle is a "qualified hybrid vehicle" as
22 defined in section one hundred twenty-five-b of this chapter, the appli-
23 cant shall furnish proof to the commissioner, in the application for
24 registration, or otherwise, of the make, model and model year of such
25 applicant's motor vehicle. If such proof has been submitted, such appli-

1 cant's certificate of registration shall contain a distinguishing mark
2 which shall designate such applicant's motor vehicle as a "qualified
3 hybrid vehicle," and shall also display such motor vehicle's United
4 States environmental protection agency highway fuel economy rating of
5 forty-five miles per gallon or more. The commissioner is hereby author-
6 ized to promulgate any rules and regulations necessary for the implemen-
7 tation of the provisions of this subparagraph; and (g) such additional
8 facts or evidence as the commissioner may require in connection with the
9 application for registration.

10 § 3. Paragraph a of subdivision 3 of section 401 of the vehicle and
11 traffic law, as amended by section 1 of part H of chapter 59 of the laws
12 of 2009, is amended to read as follows:

13 a. Upon filing of such application and the payment of the fee herein-
14 after provided, the commissioner shall assign to such motor vehicle a
15 distinctive number and, without expense to the applicant, issue and
16 deliver in such manner as the commissioner may select to the owner a
17 certificate of registration, in such form as the commissioner shall
18 prescribe[~~r~~]. Such certificate of registration shall contain a distin-
19 guishing mark which shall designate such motor vehicle as a "qualified
20 hybrid vehicle" as defined in section one hundred twenty-five-b of this
21 chapter, pursuant to subparagraph (f) of paragraph b of subdivision one
22 of this section, and shall contain adequate space upon which such motor
23 vehicle's United States environmental protection agency highway fuel
24 economy rating of forty-five miles per gallon or more shall be
25 displayed. The commissioner shall also issue and deliver two number
26 plates at a place within the state of New York named by the applicant in
27 his or her application. A number plate, within the meaning of this chap-
28 ter, may, in the discretion of the commissioner, be a plate of a perma-
29 nent nature, treated with reflectorized material according to specifica-
30 tions prescribed by the commissioner, and with a date tag attached to
31 such plate or to the vehicle as prescribed by regulations of the commis-
32 sioner indicating the validity of the plate during a certain period and
33 the issuance of such a number plate with such date tag to a person
34 possessing such a number plate shall be deemed the issuance of a number
35 plate. An additional fee, not to exceed twenty-five dollars, shall be
36 paid to the commissioner whenever a set of reflectorized number plates
37 is issued for any vehicle for which a registration fee is normally
38 charged except that, with respect to any number plate which is specif-
39 ically requested by the applicant, such fee shall be paid to the commis-
40 sioner upon approval of such request. In the event of the loss, mutila-
41 tion or destruction of any certificate of registration, any number plate
42 or set of number plates whether with or without a date tag or tags, or
43 any date tag or set of date tags provided for in this article, the owner
44 of a registered motor vehicle may file such statement and proof of the
45 facts as the commissioner shall require, with a fee of three dollars, in
46 the office of the commissioner, or, unless and until the commissioner
47 shall otherwise direct, in the office of the agent who issued the
48 certificate, plate, plates, tag or tags and the commissioner or his or
49 her agent, as the case may be, shall issue a duplicate or substitute. It
50 shall be the duty of every owner holding a certificate of registration
51 to notify the commissioner in writing of any change of residence of such
52 person within ten days after such change occurs, and to inscribe on such
53 certificate, in the place provided by the commissioner, a record of such
54 change of residence.

55 § 4. This act shall take effect on the one hundred eightieth day after
56 it shall have become a law.
