FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide a temporary retirement incentive to members of the New York State Teachers' Retirement System during fiscal year 2018-2019. This incentive would permit eligible members to retire without an early retirement reduction upon attainment of at least age 55 with 25 years of service. Currently 30 years of service are required in order to retire without reduction. In order to receive this benefit, a member of an employer who has elected to participate must retire during the designated 60-day open period, beginning on or after June 30, 2018 which shall not extend beyond August 31, 2018. In order to be eligible, a member must be an employee of an educational employer and hold a position represented by one of the recognized collective bargaining units affiliated with the New York State United Teachers (NYSUT) as certified by his or her employer. In order to participate in this retirement incentive, the educational employer must be a school district, a board of cooperative educational services, a vocational education and extension board, an institution for the instruction of the deaf and of the blind as enumerated in Section 4201 of the Education Law or a school district as enumerated in Section 1 of Chapter 566 of the Laws of 1967. Employers who elect to participate would pay the cost of the retirement incentive over a period not to exceed five years, beginning in the state fiscal year ending March 31, 2020.

The estimated increase in the present value of benefits due to this temporary retirement incentive is approximately \$210 million. The annual cost, over a five-year period, to the participating employers of members of the New York State Teachers' Retirement System for this benefit is estimated to be \$56.2 million or .34% of payroll if this bill is enacted.
