CAHILL, HYNDMAN, SIMON -- read once and referred to the Committee on Energy -- reported and referred to the Committee on Codes -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the general municipal law, in relation to the municipal sustainable energy loan program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

- Section 1. Subdivision 6 of section 119-ff of the general municipal law, as added by chapter 497 of the laws of 2009, is amended to read as follows:
 - 6. "Renewable energy system" means an energy generating system for the generation of electric or thermal energy, to be used primarily at such property, except when the owner of real property is a commercial entity, by means of solar thermal, solar photovoltaic, wind, geothermal, anaerobic digester gas-to-electricity systems, fuel cell technologies, or other renewable energy technology approved by the authority not including the combustion or pyrolysis of solid waste.
- 11 § 2. Subdivisions 1 and 6 of section 119-gg of the general municipal law, as added by chapter 497 of the laws of 2009, are amended to read as follows:
- 14 1. The legislative body of any municipal corporation may, by local law, establish a sustainable energy loan program using federal grant assistance or federal credit support or monies from the state of New York or any state authority as defined by section two of the public authorities law available for this purpose.
- 19 6. [The] a. For loans made to an owner of real property that is a 20 commercial entity, not-for-profit organization, or entity other than an

individual, the municipal corporation shall have the authority to impose requirements on the maximum amount that may be borrowed through such loan, which may consider factors including but not limited to the property value, projected savings, project cost, and existing indebtedness secured by such property.

b. For loans made to an owner of real property who is an individual, the principal amount of each such loan, excluding interest, shall not exceed the lesser of ten percent of the appraised real property value or the actual cost of installing the renewable energy system and energy efficiency improvements, including the costs of necessary equipment, materials, and labor, the costs of each related energy audit and renewable energy system feasibility study, and the cost of verification of such renewable energy system and energy efficiency improvements.

§ 3. This act shall take effect immediately.
