FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill will change the date of the annual increase in the overtime ceiling that can be included in the calculation of final average salary for Tier 6 members of certain public retirement systems from April 1 to January 1. The annual increase will be based on the increase in the consumer price index in the one year period ending on the September thirtieth prior to each ensuing January first. This change will become effective on January 1, 2018.

If this bill is enacted, insofar as it would affect the New York State and Local Employees Retirement System, we estimate that there would be a small initial administrative cost to the system.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would amend Section 501 and Section 601 of the Retirement and Social Security Law to change the date of the annual increase in the overtime ceiling that can be used in the calculation of final average salary for Tier 6 members from April 1st to January 1st. This bill also provides that the annual increase in the overtime ceiling will be based on the increase in the Consumer Price Index (CPI) in the one year period ending on the September 30th prior to each ensuing January 1st. These changes will commence January 1, 2018.

It is estimated that there will be no annual cost to the employers of members of the New York State Teachers' Retirement System if this bill is enacted.
