34 tive date of this title, the department shall post lists of dangerous  
35 chemicals and chemicals of concern on the department's website.

36 2. Periodic review. (a) The department, in consultation with the  
37 department of health, may periodically review the list of dangerous  
38 chemicals and, through regulation, add or remove dangerous chemicals or  
39 chemicals of concern from such lists.

40 (b) The department, in consultation with the department of health, may  
41 identify a chemical as a dangerous chemical if, upon such review, it is  
42 present in a children's product and meets any of the following criteria:

43 (i) The chemical or its metabolites have been found through biomon-  
44 itoring to be present in humans;

45 (ii) The chemical has been found through sampling and analysis to be  
46 present in household dust, indoor air, drinking water or elsewhere in  
47 the home environment;

53 (c) The department, in consultation with the department of health, may  
54 remove a chemical from the list of dangerous chemicals if, upon review,  
55 it determines on the basis of credible scientific evidence that such

1 chemical no longer meets the criteria for listing under paragraph (b) of  
2 this subdivision.

3 (d) The department, in consultation with the department of health  
4 shall identify a chemical as a chemical of concern if, upon review, it

11 (iii) Very persistent and very bioaccumulative.

12 § 37-0905. Reporting on the use of chemicals.

13 1. Reporting of chemical use. No later than twelve months after a  
14 dangerous chemical appears on the list published pursuant to section  
15 37-0903 of this title, every manufacturer who offers a children's prod-  
16 uct for sale or distribution in this state that contains a dangerous  
17 chemical or chemical of concern shall report such chemical use to the  
18 department.

19 (a) This report must at a minimum identify the children's product  
20 category, the dangerous chemical or chemicals of concern contained in  
21 the children's product and the intended purpose of such chemicals. The  
22 department may also require reporting of the following information:

23 (i) the amount of such chemical in the children's product; or

24 (ii) information on the likelihood that the chemical will be released  
25 from the children's product to the environment during the product's life  
26 cycle and the extent to which users of the product category are likely  
27 to be exposed to the chemical.

28 (b) The department is authorized to direct submission of such report  
29 to the interstate chemicals clearinghouse.

30 2. Waiver of reporting. Upon application by a manufacturer, the  
31 commissioner may waive all or part of the reporting requirements under  
32 subdivision one of this section for one or more specified uses of a  
33 dangerous chemical. In making such determination, the commissioner may  
34 consider: (a) if substantially equivalent information is already public-  
35 ly available or that the information is not needed for the purposes of  
36 this chapter, (b) similar waivers granted by other states, and (c)  
37 whether the specified use or uses are minor in volume.

38 3. Notice. (a) A manufacturer of a children's product containing a  
39 dangerous chemical shall notify persons that offer the children's prod-  
40 uct for sale or distribution in the state, in a form prescribed by the  
41 department, of the presence of such dangerous chemical, and provide such  
42 persons with information regarding the toxicity of such chemical.

43 (b) The department shall notify consumers about children's products  
44 containing chemicals of concern and dangerous chemicals. The notifica-  
45 tion shall be published on the department's website.

46 4. Fees. The manufacturer shall pay a fee upon submission of a report  
47 of chemical use pursuant to subdivision one of this section or a waiver  
48 request pursuant to subdivision two of this section to cover the depart-  
49 ment's reasonable costs in the amount of five hundred dollars per  
50 reported product category.

51 § 37-0907. Sales prohibition.

52 1. Effective January first, two thousand twenty, no person shall  
53 distribute, sell or offer for sale in this state a children's product  
54 containing tris (1, 3 dichloro-2-propyl) phosphate, benzene, lead and  
55 compounds (inorganic), mercury and mercury compounds including methyl  
56 mercury, antimony and antimony compounds, formaldehyde, asbestos, arsen-

1 ic and arsenic compounds including arsenic trioxide and dimethyl arsenic,  
2 ic, cadmium, and cobalt and cobalt compounds. This provision shall not  
3 apply to a children's product solely based on its containing an enclosed  
4 battery or enclosed electronic components. The commissioner may exempt a  
5 children's product from this prohibition if, in the commissioner's judg-  
6 ment, the lack of availability of the children's product could pose an  
7 unreasonable risk to public health, safety or welfare.

8 2. Effective three years after being added to the dangerous chemicals  
9 list, no person shall distribute, sell, or offer for sale in this state  
10 a children's product that contains a chemical added to the dangerous  
11 chemicals list pursuant to section 37-0903 of this title.

12 § 37-0909. Applicability.

13 1. New children's products. The provisions of this title shall apply  
14 to chemicals in children's products sold or distributed as new and does

17 charities.

18 2. Industry. The requirements of this title shall not apply to priori-  
19 ty chemicals used in or for industry or manufacturing, including chemi-  
20 cals processed or otherwise used in or for industrial or manufacturing  
21 processes and not included in the final product.

22 3. Transportation. The requirements of this title shall not apply to  
23 motor vehicles or their component parts, watercraft or their component  
24 parts, all terrain vehicles or their component parts, or off-highway  
25 motorcycles or their component parts, except that the use of dangerous  
26 chemicals in detachable car seats is not exempt.

27 4. Combustion. The requirements of this title shall not apply to  
28 dangerous chemicals generated solely as combustion by-products or that  
29 are present in combustible fuels.

30 5. Exceptions. The requirements of this title shall not apply to chil-  
31 dren's product makers that employ five persons or fewer, and are inde-  
32 pendently owned and operated.

33 6. Retailers. A retailer is exempt from the requirements of this title  
34 unless that retailer knowingly sells a children's product containing a  
35 dangerous chemical after the effective date of its prohibition for which  
36 that retailer has received notification pursuant to subdivision three of  
37 section 37-0905 of this title.

38 § 37-0911. Enforcement and implementation.

39 1. Failure to provide notice. A children's product containing a  
40 dangerous chemical may not be sold, offered for sale or distributed for  
41 sale in this state unless the manufacturer has provided the notification  
42 required under section 37-0905 of this title by the date required in  
43 such section. The commissioner may exempt a children's product from this  
44 prohibition if, in the commissioner's judgment, the lack of availability  
45 of the children's product could pose an unreasonable risk to public  
46 health, safety or welfare.

47 2. Statement of compliance. If there are grounds to suspect that a  
48 children's product is being offered for sale in violation of this title,  
49 the department may request the manufacturer of the children's product to  
50 provide a statement of compliance on a form provided by the department,  
51 within ten days of receipt of a request from the department. The state-  
52 ment of compliance shall:

53 (a) attest that the children's product does not contain the dangerous  
54 chemical; or

55 (b) attest and provide the department with documentation that notifi-  
56 cation of the presence of the dangerous chemical has been provided to

1 the department or provide notice as required by section 37-0905 of this  
2 title; or

3 (c) attest that the manufacturer has notified persons who sell the  
4 product in this state that the sale of the children's product is prohib-  
5 ited.

6 § 37-0913. Regulations.

7 The department may adopt any rules and regulations it deems necessary  
8 to implement the provisions of this title.

9 § 2. This act shall take effect on the one hundred twentieth day after  
10 it shall have become a law. Effective immediately, the department of  
11 environmental conservation is authorized to implement rules and regu-  
12 lations for the timely implementation of this act on its effective date.
