42 the performance of his or her duties as such [~~fireman~~] firefighter or as
43 a member of a fire department emergency relief squad, a fire police
44 squad or a fire patrol within one year thereafter, the city, village,
45 fire district or town which is responsible as provided in subdivision
46 [~~fourth~~] four of this section shall pay as follows:

47 a. If such volunteer [~~fireman~~] firefighter is a member of a volunteer
48 fire company located in any city in which a pension fund is maintained,
49 the relatives of such volunteer [~~fireman~~] firefighter shall be entitled
50 to a pension in the same manner and at the same rates as if he or she
51 were a member of the paid fire department of such city.

52 b. If in any other place the sum of three thousand dollars shall be
53 paid to the widow or widower of such deceased volunteer [~~fireman~~] fire-
54 fighter or to the executor or administrator of his or her estate if he
55 or she is not survived by a widow or widower. In addition there shall be
56 paid to the widow or widower of such volunteer [~~fireman~~] firefighter for

1 the benefit of such child or children the sum of twenty-five dollars a
2 month for each surviving child, including a posthumous child, of such
3 deceased [~~fireman~~] firefighter under the age of eighteen years, but not
4 more than a total of fifty dollars a month for all such children, or if
5 the decedent be not survived by a widow or widower, or if he or she dies
6 before the payments cease, then such payments for a child or children
7 shall be made to their guardian or to relatives with whom they are
8 living for their benefit.

9 [~~Second~~] 2. Any such volunteer [~~fireman~~] firefighter who shall become
10 permanently incapacitated for performing the full duties of a volunteer
11 [~~fireman~~] firefighter by reason of disease or disability caused or
12 induced by actual performance of the duties of his or her position,
13 without fault or misconduct on his or her part, shall

14 a. If a member of a volunteer fire company located in any city in
15 which a pension fund is maintained, be paid a pension in the same manner
16 and at the same rate as if he or she were a member of the paid fire
17 department of such city.

18 b. If a member of a volunteer fire company in any other place, be paid
19 one-half the amount which would have been payable in case of death to
20 his or her executor or administrator under the provisions of subdivision
21 [~~first~~] one of this section;

22 Provided, however, that if such volunteer [~~fireman~~] firefighter shall
23 at the expiration of the disability payments provided for in subdivision
24 [~~third~~] three of this section be totally incapacitated to engage in any
25 occupation for remuneration or profit by reason of disease or disability
26 caused by actual performance of the duties of his or her position, with-
27 out fault or misconduct on his or her part, he or she shall be paid the
28 sum of fifteen dollars per week during the period thereafter that such
29 total incapacity shall continue and, in addition thereto, during such
30 period there shall be paid to him or her for the benefit of his or her
31 child or children the sum of twelve dollars fifty cents a month for each
32 child under the age of eighteen years, but not more than a total of
33 twenty-five dollars a month for all such children, but no payment on
34 account of a child shall continue after such child shall have attained
35 the age of eighteen years. In the event payments to a volunteer [~~fire-~~
36 ~~man~~] firefighter and his or her children on account of total incapacity,
37 as heretofore in this subdivision provided, shall not have amounted to
38 the sum to which he or she would otherwise have been entitled on account
39 of permanent incapacity for performing the full duties of a volunteer
40 [~~fireman~~] firefighter and he or she shall be found to have recovered to
41 such extent that he or she is no longer totally incapacitated but is
42 still permanently incapacitated for performing the full duties of a
43 volunteer [~~fireman~~] firefighter, there shall be paid to him or her the
44 difference between the payments already made to him or her for his or
45 her own account and for the account of his or her children and the
46 amount to which he or she would be entitled under this subdivision on
47 account of permanent incapacity for performing the full duties of a
48 volunteer [~~fireman~~] firefighter. The authorities having jurisdiction to
49 audit the claim of any volunteer [~~fireman~~] firefighter claiming total
50 disability benefits under this subdivision shall have the right to cause
51 such injured volunteer [~~fireman~~] firefighter to be examined from time to
52 time at reasonable intervals by the municipal health authorities or any
53 physician appointed by them for that purpose to determine whether total
54 disability continues and, in case a volunteer [~~fireman~~] firefighter
55 receiving total disability benefits hereunder shall refuse to permit any
56 such examination to be made, such authorities shall be authorized to

1 discontinue the payment of benefits to him or her until such examination
2 is allowed.

3 [~~Third~~] 3. Any such volunteer [~~fireman~~] firefighter who shall receive
4 injuries while performing his or her duties as such, while in the fire
5 house, while going to or returning from a fire by any means of travel,
6 transportation, or conveyance whatever, or while working at the fire or
7 answering a call or fire alarm or while officially engaged in testing or
8 inspecting the apparatus, or equipment, or while engaged as a member of
9 a fire department, or fire company, emergency relief squad or fire
10 police squad, or fire patrol or while attending a fire school, or while
11 instructing or being instructed in fire duties or while attending any
12 drill or parade or inspection in which his or her company or department
13 is engaged, or while engaged in emergency work not related to fire
14 extinguishment or prevention or going to or returning therefrom when
15 duly authorized to participate therein, so as to necessitate medical or
16 other lawful remedial treatment or prevent him or her from following his
17 or her usual vocation on account thereof, shall be reimbursed for such
18 sums as are actually and necessarily paid for medical or other lawful
19 remedial treatment, not exceeding five hundred dollars. He or she shall
20 also be compensated for the time he or she was actually and necessarily
21 prevented from following his or her vocation or for the time of his or
22 her disability on account of such injuries, at the rate of thirty-six
23 dollars per week not to exceed one thousand eight hundred dollars.

24 Notice of an injury or death for which benefits are payable under this
25 section shall be given to the municipal corporation or fire district
26 responsible for the payment thereof within thirty days after receiving
27 such injury, and also in case of the death of the volunteer [~~fireman~~]
28 firefighter resulting from such injury within thirty days after such
29 death. Such notice may be given by any person claiming to be entitled to
30 such benefits or by someone in his or her behalf. The notice shall be in
31 writing, shall contain the name and address of the volunteer [~~fireman~~]
32 firefighter, and state in ordinary language the time, place, nature and
33 cause of the injury and shall be signed by him or her or by a person on
34 his or her behalf or, in case of death, by any one or more of his or her
35 dependents, or by a person on their behalf. The notice shall be given to
36 the comptroller or chief financial officer of the city, the clerk of the
37 village, the secretary of the fire district, or the town clerk of the
38 town, as the case may be, by delivering it to such officer or by regis-
39 tered letter properly addressed to such officer. The failure to give
40 notice of injury or notice of death shall be a bar to any claim under
41 this section. Failure to give notice of such injury or death within such
42 thirty day period may be excused by the county judge who would have
43 jurisdiction of a controversy under this section, upon petition and
44 notice in the manner provided in subdivision [~~fifth~~] five of this
45 section, either upon the ground that for some sufficient reason the
46 notice had not been given, or that any member of a body in charge of, or
47 any officer of the fire department or fire company had knowledge within
48 such thirty day period, of the injuries or death, or that the municipal
49 corporation or fire district has not been prejudiced by a delay in
50 giving such notice.

51 Any such volunteer [~~fireman~~] firefighter who shall receive injuries as
52 aforesaid shall, when certified by the chief or other executive officer
53 of the fire department or by the appropriate administrative officers
54 under whom he or she serves, be received by any public, private, or
55 semi-private hospital for care and treatment at the usual ward or semi-
56 private patient rates, including charges at the prevailing ward or semi-

1 private patient rates for necessary nursing, laboratory tests, x-ray
2 examinations and physical therapy, or, in case any such hospital has a
3 contract with the municipality served by such volunteer [~~fireman~~] fire-
4 fighter, then at the rates specified in such contract.

5 Within two years after receiving the injury, or if death results ther-
6 efrom within two years after such death, a claim for the benefits under
7 this section shall be filed with the same officer to whom a notice of an
8 injury must be given, as aforesaid. The claim shall be in substantially
9 the same form and shall give substantially the same information as is
10 required to be given in a claim under the provisions of section twenty-
11 eight of the [~~workmen's~~] workers' compensation law. Notwithstanding the
12 provisions of any other law, any such claim need not be sworn to, veri-
13 fied or acknowledged.

14 Payments of weekly benefits under this section shall commence within
15 fifteen days after the filing of such claim, and payments of lump sum,
16 and monthly, death benefits under this section shall be made or
17 commenced within thirty days after such filing. In the event of a fail-
18 ure to make such payments within any such period or to continue the same
19 for the time required therefor, a controversy shall be presumed to have
20 arisen and a proceeding may thereupon be instituted pursuant to subdivi-
21 sion [~~fifth~~] five of this section to compel such payment.

22 [~~Fourth~~] 4. In cities any benefit under this section shall be a city
23 charge and any claim therefor shall be audited and paid in the same
24 manner as other city charges, except that no part of the moneys payable
25 under this section shall be paid from the pension funds of the said
26 departments therein. In villages any such benefit shall be a village
27 charge and any claim therefor shall be audited and paid in the same
28 manner as other village charges, and shall be assessed upon the property
29 liable to taxation in said village, and levied and collected in the same
30 manner as village taxes. In fire districts any such benefit shall be a
31 fire district charge and any claim therefor shall be audited and paid in
32 the same manner as other fire district charges, and shall be assessed
33 upon the property in such fire districts liable to taxation, and levied
34 and collected in the same manner as fire district taxes. If such [~~fire-~~
35 ~~man~~] firefighter was a member of a town fire company or fire department
36 or a member of a fire company incorporated under the membership corpo-
37 rations law, located outside of a city, village or fire district, any
38 such benefit shall be a town charge and any claim therefor shall be
39 audited and paid in the same manner as town charges and shall be
40 assessed upon the property liable to taxation in the territory protected
41 by such fire company and levied and collected in the same manner as town
42 charges therein. If such [~~fireman~~] firefighter was a member of a fire
43 company or fire department operating in, or maintained jointly by two or
44 more villages, or two or more towns, or two or more fire districts, any
45 such benefit shall be a charge against the village, town or fire
46 district, in which the fire occurred. If such injury occur while assist-
47 ance is being rendered to a neighboring city, town, village, fire
48 district, fire protection district (including a fire protection district
49 served by the company or department of which such [~~fireman~~] firefighter
50 is a member), fire alarm district, or territory outside any such
51 district upon the call of such city, town, village, fire district, fire
52 protection district, fire alarm district, or territory outside any such
53 district, or while going to or returning from the place from whence such
54 call came, or death shall result from any such injury, any such benefit
55 shall be a charge against such neighboring city, town, village, fire
56 district, fire protection district, fire alarm district, or territory

1 outside any such district, so issuing the call for assistance and after
2 audit shall be paid and assessed upon the property liable to taxation in
3 such neighboring city, town, village, fire district, fire protection
4 district, fire alarm district, or territory outside any such district,
5 and levied and collected in the same manner as other charges against the
6 same are levied and collected.

7 Any city, village, fire district or town may finance the payment of
8 any benefits payable under the provisions of this section by the issu-
9 ance of serial bonds or capital notes pursuant to the local finance law
10 unless it is required by some other law to pay such benefits from
11 current funds.

12 Any such city, village, fire district or the town board acting for and
13 on behalf of any fire protection district, fire alarm district or terri-
14 tory outside any such district, may contract for insurance indemnifying
15 against the liability imposed by this section, provided further that
16 such contract of insurance shall also indemnify against the liability
17 imposed by the [~~workmen's~~] workers' compensation law in relation to
18 injuries or death of volunteer [~~firemen~~] firefighter, and the cost of
19 such insurance shall be paid and provided in the same manner as benefits
20 are required to be paid and provided in this section.

21 If any claim under this section is one for which an insurance company
22 might be liable, or if it is a claim for which a mutual self-insurance
23 plan under subdivision three-a of section fifty of the [~~workmen's~~] work-
24 ers' compensation law might be liable, the officer to whom a notice of
25 injury is required to be delivered or mailed and with whom a claim is
26 required to be filed under the provisions of this section shall send a
27 copy of any such notice or claim and a copy of any notice of a proceed-
28 ing relating to an injury or claim to such insurance company or plan, as
29 the case may be, promptly after receiving the same.

30 Any money paid to an executor or administrator under any of the
31 provisions of this section shall be distributed in the manner provided
32 by law for the distribution of personal property, and all money paid
33 under this section shall be exempt from any process for the collection
34 of debts either against the volunteer [~~fireman~~] firefighter or any bene-
35 ficiary to whom the same is paid under the provisions of this section.

36 No release from the liability imposed by this section shall be valid
37 if it shall appear that the person executing such release has not
38 received the full amount to which he or she is entitled under the
39 provisions of this section.

40 The words "injury" and "injuries", as used in this section, include
41 any disablement of a volunteer [~~fireman~~] firefighter as the direct
42 result of the performance of his or her duties.

43 If for the purpose of obtaining any benefit or payment under the
44 provisions of this section, or for the purpose of influencing any deter-
45 mination regarding any benefit or payment under the provisions of this
46 section, either for himself or herself or for any other person, any
47 person [~~wilfully~~] willfully makes a false statement or representation,
48 he or she shall be guilty of a misdemeanor.

49 The provisions of this section relating to giving notice of injury and
50 filing claim, and to the contents of any such notice or claim, shall be
51 construed liberally in order to effectuate the objects and purposes of
52 this section.

53 [~~Fifth~~] 5. Any controversy arising at any time under the provisions
54 of this section shall be determined by the county judge of any county in
55 which the city, village, fire district, or town, which would be respon-
56 sible for payments under this section, is located. For that purpose, any

1 party may present a petition to such county judge, setting forth the
2 facts and rights which are claimed. A copy of such petition and notice
3 of the time and place when the same will be presented shall be served on
4 all persons interested therein, at least eight days prior to such pres-
5 entation.

6 [~~Sixth~~] 6. The provisions of this section shall not apply to volun-
7 teer [~~firemen~~] firefighters killed or injured on or after the first day
8 of March, nineteen hundred fifty-seven, or who die from the effects of
9 injuries received on or after such date.

11 127 of the laws of 1955, is amended to read as follows:

12 § 205-c. Payments pending controversies where volunteer [~~firemen~~]
13 firefighters are killed or injured. In order to provide for the prompt
14 payment of benefits under sections two hundred five and two hundred
15 nine-a of this [~~chapter~~] article, and under the [~~workmen's~~] workers'
16 compensation law, where such benefits are conceded to be due to any
17 person because of the death of or injuries to a volunteer [~~fireman~~]
18 firefighter but controversy exists as to which city, village, town or
19 fire district is liable for the payment thereof, the municipalities and
20 districts involved in such controversy and their insurance carriers, if
21 any, may agree that any one or more of such municipalities or districts
22 or its insurance carrier shall pay the benefits to, or in relation to,
23 the person conceded to be entitled to such benefits without waiting for
24 a final determination of the controversy, and may carry out the
25 provisions of such an agreement. Notwithstanding any such payment, any
26 party to the agreement may seek a final determination of the controversy
27 in the same manner as if such payment had not been made. After a final
28 determination the parties to the agreement shall make any necessary and
29 proper reimbursement to conform to the determination. The term "insur-
30 ance carrier" as used herein shall mean an insurance company, or a coun-
31 ty mutual self-insurance plan in accordance with subdivision three-a of
32 section fifty of the [~~workmen's~~] workers' compensation law, or any plan
33 which shall be provided for by law in amendment of or substitution for
34 such a plan.

35 § 50. Section 206 of the general municipal law, as amended by chapter
36 892 of the laws of 1972, is amended to read as follows:

41 each [~~policeman and fireman~~] police officer and firefighter appointed by
42 the duly-constituted authorities of such city or village, a certificate
43 of the appointment and qualification of such [~~policeman or fireman~~]
44 police officer and firefighter as such, and specifying the duration of
45 his or her term of office; and it shall thereupon be the duty of every
46 street surface and elevated railroad company carrying on business within
47 such city or village, to transport every such [~~policeman or fireman~~]
48 police officer and firefighter free of charge while he or she is travel-
49 ing in the course of the performance of the duties of his or her office.
50 Every telegraph or telephone company engaged in business within such
51 city or village, shall afford to such [~~policeman or fireman~~] police

6 or who shall use such certificate after the expiration of his or her
7 term of office or his resignation or removal therefrom, shall be deemed
8 guilty of a misdemeanor.

15 four thousand two hundred thirty-seven of the insurance law, or (2) by a
16 municipal corporation or fire district pursuant to any general, special
17 or local law, to insure active volunteer [~~firemen~~] firefighters against
18 injury or death resulting from bodily injuries sustained by such [~~fire-~~
19 ~~men~~] firefighters in the performance of their duties be exempt from
20 execution as provided in subsection (c) of section three thousand two

32 the laws of 1986, subdivisions 2, 3 and 4 as amended and subdivision 4-a
33 as added by chapter 661 of the laws of 1984, and subdivision 6 as
34 amended by chapter 481 of the laws of 1998, is amended to read as
35 follows:

36 § 207-a. Payment of salary, medical and hospital expenses of [~~firemen~~]
37 firefighters with injuries or illness incurred in performance of duties.

38 1. Any paid [~~fireman~~] firefighter which term as used in this section
39 shall mean any paid officer or member of an organized fire company or
40 fire department of a city of less than one million population, or town,
41 village or fire district, who is injured in the performance of his or
42 her duties or who is taken sick as a result of the performance of his or
43 her duties so as to necessitate medical or other lawful remedial treat-
44 ment, shall be paid by the municipality or fire district by which he or
45 she is employed the full amount of his or her regular salary or wages
46 until his or her disability arising therefrom has ceased, and, in addi-
47 tion, such municipality or fire district shall be liable for all medical
48 treatment and hospital care furnished during such disability. Provided,
49 however, and notwithstanding the foregoing provisions of this section,
50 the municipal health authorities or any physician appointed for the
51 purpose by the municipality or fire district, may attend any such
52 injured or sick [~~fireman~~] firefighter, from time to time, for the
53 purpose of providing medical, surgical or other treatment, or for making
54 inspections and the municipality or fire district shall not be liable
55 for salary or wages payable to such a [~~fireman~~] firefighter, or for the
56 cost of medical or hospital care or treatment furnished, after such date

1 as the health authorities or such physician shall certify that such
2 injured or sick [~~fireman~~ firefighter has recovered and is physically
3 able to perform his or her regular duties in the company or department.
4 Any injured or sick [~~fireman~~ firefighter who shall refuse to accept
5 such medical treatment or hospital care or shall refuse to permit
6 medical inspections as herein authorized, including examinations result-
7 ing from the application of subdivision two hereof, shall be deemed to
8 have waived his or her rights under this section in respect to expenses
9 incurred for medical treatment or hospital care or salary or wages paya-
10 ble after such refusal.

11 Notwithstanding any provision of law to the contrary, a provider of
12 medical treatment or hospital care furnished pursuant to the provisions
13 of this section shall not collect or attempt to collect reimbursement
14 for such treatment or care from any such member of the fire department
15 of any such city.

16 2. Payment of the full amount of regular salary or wages, as provided
17 by subdivision one of this section, shall be discontinued with respect
18 to any [~~fireman~~ firefighter who is permanently disabled as a result of
19 an injury or sickness incurred or resulting from the performance of his
20 or her duties if such [~~fireman~~ firefighter is granted an accidental
21 disability retirement allowance pursuant to section three hundred
22 sixty-three of the retirement and social security law, a retirement for
23 disability incurred in performance of duty allowance pursuant to section
24 three hundred sixty-three-c of the retirement and social security law or
25 similar accidental disability pension provided by the pension fund of
26 which he or she is a member; provided, however, that in any such case
27 such [~~fireman~~ firefighter shall continue to receive from the municip-
28 ality or fire district by which he or she is employed, until such time
29 as he or she shall have attained the mandatory service retirement age
30 applicable to him or her or shall have attained the age or performed the
31 period of service specified by applicable law for the termination of his
32 or her service, the difference between the amounts received under such
33 allowance or pension and the amount of his or her regular salary or
34 wages. Any payment made by a municipal corporation or fire district
35 pursuant to the provisions of this subdivision shall be deemed to have
36 been made for a valid and lawful public purpose. If application for such
37 retirement allowance or pension is not made by such [~~fireman~~ firefight-
38 er, application therefor may be made by the head of the fire company or
39 fire department or as otherwise provided by the fire district or by the
40 chief executive officer or local legislative body of the municipality by
41 which such [~~fireman~~ firefighter is employed. If such application for
42 accidental disability retirement allowance or retirement for disability
43 incurred in performance of duty allowance is denied, the fire district
44 or municipal corporation by which such [~~fireman~~ firefighter is employed
45 may appeal such determination.

46 3. If such a [~~fireman~~ firefighter is not eligible for or is not
47 granted such accidental disability retirement allowance or retirement
48 for disability incurred in performance of duty allowance or similar
49 accidental disability pension and is nevertheless, in the opinion of
50 such health authorities or physician, unable to perform his or her regu-
51 lar duties as a result of such injury or sickness but is able, in their
52 opinion, to perform specified types of light duty, payment of the full
53 amount of regular salary or wages, as provided by subdivision one of
54 this section, shall be discontinued with respect to such [~~fireman~~ fire-
55 fighter if he or she shall refuse to perform such light duty if the same
56 is available and offered to him or her, provided, however, that such

1 light duty shall be consistent with his or her status as a [~~fireman~~
2 firefighter and shall enable him or her to continue to be entitled to
3 his or her regular salary or wages, including increases thereof and
4 fringe benefits, to which he or she would have been entitled if he or
5 she were able to perform his or her regular duties.

6 4. If such a [~~fireman~~ firefighter is not eligible for or is not
7 granted an accidental disability retirement allowance or retirement for
8 disability incurred in performance of duty allowance or similar acci-
9 dental disability pension, he or she shall not be entitled to further
10 payment of the full amount of regular salary or wages, as provided by
11 subdivision one of this section, after he or she shall have attained the
12 mandatory service retirement age applicable to him or her or shall have
13 attained the age or performed the period of service specified by appli-
14 cable law for the termination of his or her service. Where such a [~~fire-~~
15 ~~man~~] firefighter retires or is retired under any procedure applicable to
16 him or her, including but not limited to circumstances described in
17 subdivision two of this section or in this subdivision, he or she shall
18 thereafter, in addition to any portion of regular wages or salary and/or
19 any retirement allowance or pension to which he or she is then entitled,
20 continue to be entitled to medical treatment and hospital care necessi-
21 tated by reason of such injury or illness.

22 4-a. Any benefit payable pursuant to subdivision two of this section
23 to a person who is granted retirement for disability incurred in
24 performance of duty pursuant to section three hundred sixty-three-c of
25 the retirement and social security law shall be reduced by the amount of
26 the benefits that are finally determined payable under the workers'
27 compensation law by reason of accidental disability.

28 5. The appropriate municipal or fire district officials may transfer
29 such a [~~fireman~~ firefighter to a position in the same or another agency
30 or department where they are able to do so pursuant to applicable civil
31 service requirements and provided the [~~fireman~~ firefighter shall
32 consent thereto.

17 ~~men~~] firefighters of such fire company or department, while such assist-
18 ance is being rendered or while going to or returning from the place
19 from whence such call came, to the same extent and in the same manner as
20 if such service had been rendered in the area regularly served by such
21 volunteer [~~firemen~~] firefighters; provided, however, that there shall be
22 deducted from any amounts payable under such section or such law, any
23 amounts recoverable by or payable to such volunteer [~~firemen~~] firefight-
24 ers under the laws applicable in the political subdivision or territory
25 from whence the call for assistance came.

26 2. The provisions of sections two hundred five and two hundred nine of
27 this chapter shall apply with respect to volunteer [~~firemen~~] firefight-
28 ers, fire departments and companies of other states of the United States
29 and of the Dominion of Canada that render service in this state in
30 answer to a call for assistance, provided that the laws of the state
31 served by such volunteer [~~firemen~~] firefighters, fire departments or
32 companies, or of the Dominion of Canada, as the case may be, contain
33 provisions under which substantially similar benefits are granted to
34 volunteer [~~firemen~~] firefighters, fire departments and companies of this
35 state when rendering service in such other states, or the Dominion of
36 Canada, as the case may be, in answer to a call for assistance, and
37 provided further that there shall be deducted from any amounts payable
38 under the provisions of section two hundred five of this [~~chapter~~] arti-
39 cle to volunteer [~~firemen~~] firefighters of such other states or of the
40 Dominion of Canada, any amounts recoverable by or payable to such volun-

42 volunteer [~~firemen~~] firefighters or of the Dominion of Canada, as the
43 case may be.

44 3. The provisions of this section shall not apply where a volunteer
45 [~~fireman~~] firefighter of this state, or of another state, or of the
46 Dominion of Canada, as the case may be, is killed or injured, on or
47 after the first day of March, nineteen hundred fifty-seven, or dies from
48 the effects of injuries received on or after such date.

49 § 73. Paragraph a of subdivision 1 and subdivision 4 of section 209-b
50 of the general municipal law, paragraph a of subdivision 1 as amended by
51 chapter 843 of the laws of 1980, and subdivision 4 as amended by chapter
52 718 of the laws of 1958, are amended to read as follows:

53 a. The authorities having control of fire departments and fire compa-
54 nies may organize within such departments or companies emergency rescue
55 and first aid squads composed of [~~firemen~~] firefighters who are members
56 of such departments or companies. Such squads, so organized, may render

1 services in case of accidents, calamities or other emergencies in
2 connection with which their services may be required, as well as in case
3 of alarms of fire. Whether or not such squads have been organized, any
4 [~~fireman~~] firefighter may render service in case of accidents, calami-
5 ties or other emergencies in connection with which the services of
6 [~~firemen~~] firefighters may be required, as well as in case of alarms of
7 fire, unless he or she shall have been duly ordered not to render such
8 service by the authorities having control of the fire department or
9 company of which he or she is a member. If a request for emergency
10 service is made by, or originates from a doctor or peace officer, acting
11 pursuant to his or her special duties, or police officer, and there is
12 any doubt as to whether an emergency exists, the judgment of the doctor
13 or officer that there is, in fact, an emergency may be accepted as
14 conclusive by such squad, or the [~~fireman~~] firefighter responding, or
15 who has responded to such call. The person designated to receive calls
16 for such emergency services, for the purpose of dispatching such squads
17 or [~~firemen~~] firefighters, shall determine in the first instance from
18 the information furnished to him or her whether an emergency exists and
19 his or her decision, if in good faith, as to whether or not there is an
20 emergency shall be final in relation to dispatching such squads or
21 [~~firemen~~] firefighters. Any such preliminary determination shall not be
22 deemed to authorize the rendition of services if, upon arriving at the
23 place to which dispatched, it is found that there is no emergency.

24 4. Fees and charges prohibited. Emergency and general ambulance
25 service authorized pursuant to this section shall be furnished without
26 cost to the person served. The acceptance by any [~~fireman~~] firefighter
27 of any personal remuneration or gratuity, directly or indirectly, from a
28 person served shall be a ground for his or her expulsion or suspension
29 as a member of the fire department or fire company.

30 § 74. Section 209-c of the general municipal law, as amended by chap-
31 ter 843 of the laws of 1980, is amended to read as follows:

32 § 209-c. Fire police squads of fire departments and fire companies.
33 The authorities having control of fire departments and fire companies
34 may organize within such departments or companies fire police squads
35 composed of volunteer [~~firemen~~] firefighters who are members of such
36 departments or companies. Members of fire police squads, so organized,
37 at such times as the fire department, fire company or an emergency
38 rescue and first aid squad of the fire department or fire company are on
39 duty, or when, on orders of the chief of the fire department or fire
40 company of which they are members, they are separately engaged in
41 response to a call for assistance pursuant to the provisions of section
42 two hundred nine of [~~the general municipal law~~] this article, shall have
43 the powers of and render service as peace officers. A member of a fire
44 police squad shall take an oath of office as a fire [~~policeman~~] police
45 officer in the following form: "I do solemnly swear (or affirm) that I
46 will support the constitution of the United States, and the constitution
47 of the State of New York, and that I will faithfully discharge the
48 duties of the office of fire [~~policeman~~] police officer of the
49 fire company (or fire department), according to
50 the best of my ability." Such oath shall be filed in the office of the
51 city clerk in the case of a [~~fireman~~] firefighter of a fire company or
52 fire department in a city, in the office of the village clerk in the
53 case of a [~~fireman~~] firefighter of a fire company or fire department in
54 a village, and in the office of the town clerk in all other cases.
55 Notwithstanding any other provision of law to the contrary, a member of
56 a fire police squad shall have satisfied any requirement for training as

1 provided by any general or local law if the person has satisfactorily
2 completed a training course offered by the state office of fire
3 prevention and control, or an equivalent course as approved by the state
4 office of fire prevention and control.

5 § 75. Section 209-d of the general municipal law, as amended by chap-
6 ter 190 of the laws of 1958, is amended to read as follows:

7 § 209-d. Contracts for outside service by volunteer fire departments
8 and companies. Notwithstanding any other provision of law, no contract
9 shall be made by a municipality or fire district whereby the services of
10 a volunteer fire department or company are to be supplied outside of
11 such municipality or fire district to provide (1) fire protection, (2)
12 emergency service in case of accidents, calamities or other emergencies,
13 or (3) general ambulance service pursuant to the provisions of section
14 two hundred nine-b of this [~~chapter~~] article, unless such volunteer fire
15 department or company consents thereto. Any such contract may provide
16 for the payment of a portion of the consideration expressed therein to
17 such volunteer fire department or company to be expended for fire
18 department or company purposes only. If the municipality or fire
19 district owns all of the fire apparatus to be used in carrying out the
20 contract, the portion of the consideration which may be paid to such
21 volunteer fire department or company shall not exceed thirty-five per
22 centum, unless a greater portion was being so paid on March fifteenth,
23 nineteen hundred forty-one, under a contract entered into on or before
24 that date, in which event a not greater portion than was being paid on
25 said date may be paid to such volunteer fire department or company in
26 respect to any contract entered into on or after such date. No payments
27 shall be made to individual volunteer [~~firemen~~] firefighters as compen-
28 sation for rendering such outside service.

29 § 76. The section heading and subdivisions 1, 2 and 3 of section 209-i
30 of the general municipal law, as amended by chapter 967 of the laws of
31 1965, are amended to read as follows:

32 Emergency service by volunteer [~~firemen~~] firefighters. 1. Whenever a
33 volunteer [~~fireman~~] firefighter is within this state, but outside the
34 area regularly served by the fire company or fire department of which he
35 or she is a member and has knowledge of a fire or other emergency at or
36 near the place where he or she is for the time being, such volunteer
37 [~~fireman~~] firefighter may report to the officer in command of the paid
38 or volunteer fire company or paid or volunteer fire department, or in
39 command of one of the paid or volunteer fire companies or one of the
40 paid or volunteer fire departments, engaged in the handling of any such
41 fire or other emergency and, on an individual basis, offer his or her
42 services to assist such fire company or fire department. After his or
43 her services are so accepted, the volunteer [~~fireman~~] firefighter shall
44 then be entitled to all powers, rights, privileges and immunities grant-
45 ed by law to volunteer [~~firemen~~] firefighters during the time such
46 services are rendered, in the same manner and to the same extent as if
47 he or she were a volunteer member of the fire company or fire department
48 which he or she is assisting, including benefits under the volunteer
49 [~~firemen's~~] firefighters' benefit law. Any such commanding officer
50 shall have power, in his or her discretion, to so accept the services of
51 a volunteer [~~fireman~~] firefighter unless the legislative body of the
52 city or the village, the board of fire commissioners or other governing
53 board of the fire district, or the town board of the town in relation to
54 (a) the fire companies serving territory outside villages and fire
55 districts or (b) a town fire department, as the case may be, by resol-
56 ution heretofore or hereafter adopted, has forbidden the acceptance of

1 any such services pursuant to this section. Any such resolution shall
2 continue in effect until amended or repealed by the adoption of a subse-
3 quent resolution. The officer in charge of any fire company or fire
4 department shall be notified promptly of the adoption of any such resol-
5 ution and of any amendment or repeal thereof.

6 2. The municipal corporation or fire district which would be liable
7 for the negligence of any volunteer members of the fire company or fire
8 department which has accepted the services of the volunteer [~~fireman~~
9 firefighter] pursuant to this section shall be liable for the negligence
10 of such volunteer [~~fireman~~ firefighter] while acting, after such accept-
11 ance and during the time such services were rendered, in the discharge
12 of his or her duties as a volunteer [~~fireman~~ firefighter] in the same
13 manner and to the same extent as if he or she were a volunteer member of
14 the fire company or fire department which he or she assisted. If the
15 fire company or fire department which has so accepted the services of a
16 volunteer [~~fireman~~ firefighter] pursuant to this section is a paid fire
17 company or paid fire department, such paid fire company or paid fire
18 department shall, for the purposes of this subdivision and section two
19 hundred five-b of this [~~chapter~~ article], be deemed to be a "duly organ-

26 [~~fireman~~ firefighter] as described in subdivisions one, two, three, four
27 or five of section thirty of the volunteer [~~firemen's~~ firefighters']
28 benefit law and, in addition, any other area served pursuant to a
29 contract for fire protection and the terms "fire company" and "fire
30 department" shall include emergency rescue and first aid squads or other
31 squads or units of a fire company or fire department.

35 any county may appropriate and expend such sums as it may deem necessary
36 and proper for the establishment and maintenance of a county mutual aid
37 plan in cases of fire and other emergencies in which the services of
38 [~~firemen~~ firefighters] would be used and may prescribe the method of
39 auditing or approving expenditures under any such appropriation.
40 Expenses incurred by any city, town, village or fire district partic-
41 ipating in such mutual aid plan shall be a lawful municipal or fire

44 ter 97 of the laws of 1958, is amended to read as follows:

45 § 209-p. Relay of fire and emergency calls. The fire department of

56 territory outside any such municipal corporation or district, for which

1 aid is to be furnished, may contract with a city to accept and relay
2 such calls, as aforesaid, and the amounts payable under any such
3 contract shall be a lawful charge against and paid as contracted for by
4 the city, village, fire district, town which has a town fire department,
5 fire protection district, fire alarm district or territory outside any
6 such municipal corporation or district. Any city accepting and transmit-
7 ting fire calls from territory outside the city, pursuant to any such
8 contract, shall not be liable for any injury or death to persons or
9 damage to property as the result thereof, when it, in good faith,
10 complies with or attempts to comply with the provisions of this section.

48 the fire district cannot agree on a fair and reasonable price therefor,
49 the city shall proceed to acquire such real property and any such rights
50 by condemnation in the same manner as if the property was owned by an
51 individual. The city shall furnish fire protection, and other emergency

50 thereof, pursuant to a contract for fire protection, or who was a non-
51 resident who was elected to membership or who was continued as a member,
52 pursuant to the provisions of subdivision five or six of this section,
53 shall for all purposes in law be considered to have been duly elected
54 and approved, or continued, as a member in such fire company as of the
55 date of such approval, if any, and, if none, then as of the date of such
56 election or, in the case of a continuance, as of the date of the

1 approval, if any, by the board of fire commissioners or the governing
2 board, and, if none, as of the date of authorization of continuance by
3 the fire company; notwithstanding that there may have been some legal
4 defect in such election, or the proceedings precedent thereto, or a
5 failure of the board of fire commissioners or governing board to approve
6 such member, or approve the continuance of membership of such member, as
7 provided by the law in force at the time of such election, or contin-
8 uance, and the status of such person as a volunteer [~~fireman~~] firefight-
9 er as of such date is hereby legalized, validated and confirmed. This
10 subdivision shall not apply to a person, if any, whose volunteer member-

19 race, creed, color, national origin, sex or marital status of any indi-
20 vidual, to exclude or to expel from its volunteer membership such indi-
21 vidual, or to discriminate against any of its members because of the
22 race, creed, color, national origin, sex or marital status of such
23 volunteer members.

24 § 88. Subdivision 12-a of section 20 of the general city law, as

31 § 89. Paragraph (a) of subdivision 1 of section 20 of the town law, as
32 amended by chapter 252 of the laws of 1990, is amended to read as
33 follows:

34 (a) Every town of the first class shall have a supervisor, four town
35 [~~councilmen~~] council members, unless the number of [~~councilmen~~] council
36 members shall have been increased to six or decreased to two as provided
37 by this chapter, a town clerk, two town justices, a town superintendent
38 of highways, one assessor, a receiver of taxes and assessments, as many
39 town [~~policemen~~] police officers and such other employees as the town
40 board may determine necessary for the proper conduct of the affairs of
41 the town. The supervisor, town [~~councilmen~~] counsel members, town clerk,
42 town justices, town superintendent of highways and receiver of taxes and
43 assessments in every such town shall be elective. All other officers and
44 employees in such a town shall be appointed by the town board, except as
45 otherwise provided by law. In any town in which a town police department
46 has been established pursuant to law, or which town is a part of a coun-
47 ty police district, the town board may appoint not more than four civil
48 officers who shall possess all the powers and duties of constables in
49 civil actions and proceedings only, and shall be paid no salary by the
50 town board but shall be entitled to collect the statutory fees allowed
51 by law in such civil actions and proceedings. The clerk of the court of
52 a town shall be employed and discharged from employment only upon the
53 advice and consent of the town justice or justices.

54 § 90. Section 25-a of the town law, as amended by section 171 of
55 subpart B of part C of chapter 62 of the laws of 2011, is amended to
56 read as follows:

1 § 25-a. Fingerprints of persons before appointment as town [~~police~~men]
2 police officers, or as constables possessing powers in criminal matters.
3 No person shall be appointed or reappointed a member of the police
4 department, or a special [~~police~~man] police officer, or a constable not
5 limited to powers and duties in civil actions and proceedings only, in
6 any town, who shall not previously, for the purposes of this section,
7 have submitted fingerprints in the form and manner prescribed by the
8 division of criminal justice services to the town board or other board
9 or officer of the town empowered by law to make such appointment or
10 reappointment, and it shall be the duty of such board or officer, before
11 making such appointment or reappointment, to compare or cause to be
12 compared such fingerprints with fingerprints filed with the division of
13 criminal justice services; provided, however, that in any case where the
14 fingerprints of any such person shall once have been submitted pursuant
15 to this section and are on file with the board empowered to make the
16 appointment or reappointment, no new submission thereof shall be
17 required, nor shall such board be required to make or cause to be made
18 such comparison if such comparison shall have been made previously
19 pursuant to this section and certification thereof by such department is
20 on file with such board.

21 § 91. Subdivisions 1 and 3 of section 27 of the town law, subdivision
22 1 as amended by chapter 1097 of the laws of 1971, and subdivision 3 as
23 added by chapter 85 of the laws of 1942, are amended to read as follows:

24 1. The town board of each town shall fix, from time to time, the sala-
25 ries of all officers and employees of said town, whether elected or
26 appointed, and determine when the same shall be payable. The town board
27 shall not fix the salaries of the members of the town board, an elected
28 town clerk or an elected town superintendent of highways at an amount in
29 excess of the amounts respectively specified in the notice of hearing on
30 the preliminary budget published pursuant to section one hundred eight
31 of this chapter. However, the annual salary of any such elected officer
32 may be increased, for not more than one fiscal year, in excess of the
33 amount specified in the notice of hearing on the preliminary budget
34 local law adopted pursuant to the municipal home rule law. Salaries
35 shall be in lieu of all fees, charges or compensation for all services
36 rendered to the town or any district or subdivision thereof, pursuant to
37 law, except that the supervisor shall not be required to account for and
38 pay over such fees, salary or other compensation that he or she may
39 receive or be entitled to from the county in which he or she is elected,
40 for services rendered by him or her as a member of the board of supervi-
41 sors. No town officer or employee shall retain any fees or moneys
42 received by him or her in connection with his or her office but such
43 fees or money shall be the property of the town and be paid to the
44 supervisor not later than the fifteenth day of each month following the
45 receipt thereof, excepting such fees and moneys the application and
46 payment of which are otherwise provided for by law. Every officer or
47 employee, except a town justice, is hereby required to submit monthly to
48 the supervisor a verified statement of all moneys received by him or her
49 and to pay such moneys to the supervisor who shall deliver his or her
50 receipt therefor. Unless such verified statement and payment be made,
51 such officer or employee shall not be paid any further portion of his or
52 her salary until a report be submitted of any moneys paid as herein
53 provided. The said provisions shall not affect a receiver of taxes and
54 assessments who deposits the money collected directly to the credit of
55 the supervisor and whose monthly report is equivalent to a receipt from
56 the supervisor. Provisions of this subdivision shall not preclude the

1 town from hiring laborers, clerical assistants and stenographers, and
2 compensating them upon the hourly or daily basis. Notwithstanding any
3 provision of the penal law, the civil practice law and rules, the criminal
4 procedure law, the uniform justice court act, or any other general,
5 special or local law, no [~~police~~man] police officer, special [~~police-~~
6 ~~man~~] police officer or constable of any such town shall retain for his
7 or her own use fees, per diem or other compensation received by him or
8 her from the state, the county, or any other municipality, or a private
9 corporation or a person, in or for the performance of the duties of his
10 or her office, whether such duties be of an administrative, legislative,
11 judicial or other nature, but all such fees and moneys so received by
12 him or her shall be the property of the town of which he or she is an
13 officer and be paid to the supervisor not later than the fifteenth day
14 of each month following the receipt thereof. No town justice of any town
15 shall retain for his or her own use fees, per diem or other compensation
16 received by him or her from the state, the county, or any other municipi-
17 pality or a private corporation or a person, in or for the performance
18 of the duties of his or her office, whether such duties be of an admin-
19 istrative, legislative, judicial, or other nature, but all such fees and
20 moneys so received shall, unless otherwise provided by law, be the prop-
21 erty of the town of which he or she is an officer and shall be paid by
22 such justice to the state comptroller within the first ten days of the
23 month following collection. Each such payment shall be accompanied by a
24 true and complete report in such form and detail as the comptroller
25 shall prescribe. In the event that a justice shall not receive any such
26 fees and moneys during any month he or she shall report this fact to the
27 state comptroller within the first ten days of the succeeding month.
28 Upon receipt of notice from the state comptroller that a justice has not
29 properly reported or properly accounted for any moneys received by such
30 justice, it shall be unlawful for the town to make any further payment
31 of compensation to such justice until receipt of a notice from the comp-
32 troller that a proper accounting has been made. In all towns the sala-
33 ries of all town justices shall be equal except that the town board may
34 determine by a majority vote to pay salaries in different amounts. Fees
35 payable by virtue of the civil practice law and rules and section
36 sixty-eight-a of the public officers law, for taking oaths and acknowl-
37 edgment, shall not be deemed to be fees within the meaning of this
38 section, but may be retained, or the payment thereof waived, by the
39 officer taking the same.

40 3. Notwithstanding the provisions of subdivision one of this section,
41 the town board of any town which shall not have established a police
42 department, may adopt a resolution determining that the police officers
43 of such town, including special [~~police~~men] police officers and consta-
44 bles, shall be compensated by annual salary or by the week, day or hour
45 for services actually and necessarily performed by them in all matters
46 other than civil actions and proceedings, and that such police officers
47 shall be entitled to collect and retain for their own use, the fees,
48 mileage, poundage and other compensation allowed by law for services in
49 civil actions and proceedings.

50 § 92. Section 39 of the town law is amended to read as follows:

51 § 39. Powers and duties of constables and town [~~police~~men] police
52 officers. Constables and town [~~police~~men] police officers shall have all
53 the power and authority conferred upon constables by the general laws of
54 the state and such additional powers, not inconsistent with law, as
55 shall be conferred upon them by the town board. They shall be subject to
56 the general authority and direction of the town board and to such orders

1 and regulations as the town board may prescribe, not inconsistent with
2 law.

3 § 93. Section 139 of the town law, as added by chapter 470 of the laws
4 of 1966, is amended to read as follows:

5 § 139. Agreements with fire districts. If in the judgment of the town
6 board it is advisable for the safety and welfare of the inhabitants of a
7 fire district in the town that the issuance of a town fire permit to
8 burn grass, leaves, brush, rubbish, refuse, buildings or other materials
9 in a fire district should be issued, and preliminary investigations in
10 relation thereto should be made, by a person or persons most familiar
11 with local grass and brush fire hazard conditions in the fire district
12 and the availability of fire-fighting vehicles and [~~firemen~~] firefight-
13 ers, then the town board, notwithstanding the provisions of section one
14 hundred thirty-eight of this chapter, may provide in any fire prevention
15 code, whether adopted by local law or by ordinance, that an agreement
16 may be entered into with the board of fire commissioners of any fire
17 district located wholly or partly in the town that the issuance of such
18 permits, and preliminary investigations in relation thereto, on behalf
19 of the town will be performed by the fire district within the limits of
20 such district in such town, the fire district to utilize the services of
21 the chief engineer and assistant engineers of the fire district fire
22 department in the performance of such duties agreed to be performed by
23 the fire district. Any such agreement shall be for such period of time
24 and on such terms as may be agreed upon, except that it shall provide
25 (1) that it may be terminated by the town after written notice to the
26 fire district and after a change in such fire prevention code to provide
27 a different procedure for issuing such permits will become effective and
28 (2) that it may be terminated by the fire district upon sixty days writ-
29 ten notice to the town. If any fire prevention code contains such a
30 provision authorizing such an agreement, the town board of the town and
31 the board of fire commissioners of any fire district located wholly or
32 partly in the town shall have power to enter into such agreement.

33 § 94. Subdivision 1 of section 150 of the town law, as amended by
34 chapter 843 of the laws of 1980, is amended to read as follows:

35 1. The town board of any town may establish a police department and
36 appoint a chief of police and such officers [~~and patrolmen~~] as may be
37 needed and fix their compensation. The compensation of such [~~policemen~~]
38 police officers shall be a town charge; providing however, no assessment
39 on property in any village within any town or partially within any town
40 shall be made for the maintenance or operation of a town police depart-
41 ment established after January first, nineteen hundred sixty, pursuant
42 to this section if any such village maintains a police department of
43 four or more [~~policemen~~] police officers on an annual full-time basis,
44 established and maintained under the rules of civil service. The town
45 board may, at its option, determine that the town shall pay all or part
46 of the cost of the uniforms and necessary equipment of its [~~policemen~~]
47 police officers, and may purchase such equipment for use by the police
48 department as it shall deem necessary, including police patrol vehicles,
49 and emergency service vehicles for police use in connection with acci-
50 dents, public calamities or other emergencies. No assessment on property
51 in any village within any town in the county of Suffolk or in any
52 village within the town of Fallsburgh shall be made for the maintenance
53 or operation of such town police department, if any such village main-
54 tains a police department of two or more [~~policemen~~] police officers on
55 an annual basis. In the event that a town has established a police
56 department prior to January first, nineteen hundred sixty, the town

1 board of such town may enter into an agreement with any village within
2 it or partially within it which maintains a police department of four or
3 more [~~police~~ police officers] on an annual full-time basis, estab-
4 lished and maintained under the rules of civil service and determine
5 therein what part of the cost thereof shall be assessed against the
6 property in the village and what part thereof shall be assessed against
7 the property in the town outside of the village. Thereafter such
8 portion of the cost thereof determined to be assessed outside of the
9 village shall be a charge against that part of the town outside of the
10 village and assessed, levied and collected from the taxable property of
11 that part of the town outside of the village. When appointed, such
12 [~~police~~ police officers] shall have all the powers and
13 be subject to all the duties and liabilities of a police officer in all
14 criminal actions and proceedings and special proceedings of a criminal
15 nature.

16 § 95. Section 157 of the town law is amended to read as follows:

17 § 157. Absentee leave. Every member of such police department shall be
18 entitled, in addition to any vacation or absentee leave now prescribed
19 by law, to one day of rest in seven. The chief or acting chief of the
20 police department shall keep a time book showing the name and shield
21 number of each member of the department and the hours worked by each of
22 such [~~police~~ police officers] in each day. The town board may make a
23 variation from the above prescribed hours of vacation, provided the
24 member shall receive during each year the actual number of days absentee
25 leave to which he or she is entitled. The town board, at its option,
26 may, in addition to the days of rest hereinbefore provided, grant an
27 annual vacation with pay. Whenever the town board shall designate any
28 [~~police~~ police officer] to attend police school, such attendance
29 shall be deemed in the course of duty and when so attending he or she
30 shall receive his or her usual pay and reimbursement for actual and
31 necessary expenses. Sick leave with full pay may be granted whenever
32 such sickness or disability has been incurred without the delinquency of
33 the [~~police~~ police officer].

34 § 96. Section 158 of the town law, as amended by chapter 584 of the
35 laws of 1939, subdivision 1 as amended by chapter 308 of the laws of
36 1966, and subdivision 2 as amended by chapter 601 of the laws of 1941,
37 is amended to read as follows:

38 § 158. Special [~~police~~ police officers]. 1. The town board of any
39 town of the first class and the town board of any town of the second
40 class which shall have a population of five thousand or more as shown by
41 the latest federal census, whether there be a police department in and
42 for such town or not, may employ temporary police officers from time to
43 time as the town board may determine their services necessary. Such
44 police officers shall be known as "special [~~police~~ police officers]"
45 and shall have all the power and authority conferred upon constables by
46 the general laws of the state and such additional powers, not inconsis-
47 tent with law, as shall be conferred upon them by the town board. They
48 shall be subject to the general authority and direction of the town
49 board and to such orders and regulations as the town board may
50 prescribe, not inconsistent with law. Such special [~~police~~ police
51 officers] shall serve at the pleasure of the town board and the town
52 board shall fix their compensation and may purchase uniforms and equip-
53 ment therefor but no such special [~~police~~ police officers] shall be
54 appointed nor any expense incurred by reason thereof unless said town
55 board shall have provided therefor in its annual budget, previously
56 adopted, and no expenditure shall be made in excess of the budget appro-

1 priation therefor. Such special police shall be appointed in accordance
2 with the civil service law and rules. Provided, however, and notwith-
3 standing the foregoing provisions of this section, the town board of any
4 such town may, when in their judgment necessary for the preservation of
5 the public peace during any emergency period of sixty days or less,
6 appoint and at pleasure remove within such period additional special
7 [~~police~~ police officers] not exceeding five in number, without exam-
8 ination, and fix their compensation which shall be a town charge and be
9 paid from moneys available for expenditure for general town purposes.

10 2. The town board of a town of the second class which shall have a
11 population of less than five thousand as shown by the latest federal
12 census, may adopt a resolution, subject to a permissive referendum,
13 determining to employ one or more temporary police officers, provided
14 that such town has a population of one thousand or more according to the
15 latest federal census or that such town adjoins a city. Towns having a
16 population in excess of one thousand may employ one additional temporary
17 police officer for each one thousand population in excess of the first
18 one thousand but the total number of police officers so employed shall
19 not exceed five. Such police officers shall be known as "special
20 [~~police~~ police officers]" and shall have all the power and authority
21 conferred upon constables by the general laws of the state and such
22 additional powers, not inconsistent with law, as shall be conferred upon
23 them by the town board. They shall be subject to the general authority
24 and direction of the town board and to such orders and regulations as
25 the town board may prescribe, not inconsistent with law. Such special
26 [~~police~~ police officers] shall serve at the pleasure of the town
27 board and the town board shall fix their compensation and may purchase
28 uniforms and equipment therefor. The compensation of such officer or
29 officers, and the expense of the uniforms and equipment therefor if
30 purchased by the town board, shall be a town charge and the amount ther-
31 eof shall be assessed and levied upon the taxable property of the town
32 and collected in the same manner as other town charges are assessed,
33 levied and collected.

34 Notwithstanding such limitations upon their number, any such town may
35 employ not more than five temporary police officers for a period of not
36 to exceed three days in any calendar week.

37 § 97. Subdivisions 4-a and 14, paragraphs 4, 5, 7, and 8 and the
38 eighth undesignated paragraph of subdivision 18, subdivision 18-a, para-
39 graph (a) of subdivision 22, and subdivision 33 of section 176 of the
40 town law, subdivision 4-a as amended by chapter 550 of the laws of 1983,
41 subdivision 14 as amended by chapter 645 of the laws of 1935, paragraphs
42 4, 5 and 7 of subdivision 18 as amended by chapter 28 of the laws of
43 1969, paragraph 8 of subdivision 18 as amended by chapter 805 of the
44 laws of 1984, the eighth undesignated paragraph of subdivision 18 as
45 added by chapter 109 of the laws of 1978, subdivision 18-a as amended by
46 chapter 831 of the laws of 1980, paragraph (a) of subdivision 22 as
47 amended by chapter 294 of the laws of 2017, and subdivision 33 as added
48 by chapter 571 of the laws of 1983, are amended to read as follows:

49 4-a. Shall audit all claims against the fire district and shall, by
50 resolution, order the payment thereof by the fire district treasurer in
51 the amounts allowed. Except as otherwise provided by this subdivision,
52 no such claim shall be audited or ordered paid by the board of fire
53 commissioners unless an itemized voucher therefor, in such form as the
54 board of fire commissioners shall prescribe, shall have been presented
55 to the board of fire commissioners for audit and allowance. The board of
56 fire commissioners may provide by resolution that no such claims may be

1 presented, audited or paid unless they be either verified under oath,
2 or, in lieu of such verification, certified, to be true and correct in a
3 statement signed by or on behalf of the claimant. The provisions of this
4 subdivision shall not be applicable to claims for the payment of fixed
5 salaries, compensation for services of officers or employees regularly
6 engaged by the fire district at agreed wages by the hour, day, week,
7 month or year unless so required by resolution of the board of fire
8 commissioners adopted at the organization meeting in the month of Janu-
9 ary, the principal of or interest on obligations issued by the fire
10 district, fixed amounts becoming due on lawful contracts for the
11 purchase of water for fire protection, and amounts which the fire
12 district may be required to pay to the state employees' retirement
13 system on account of contributions for past and current services of
14 [~~firemen~~] firefighters. The board of fire commissioners may, further,
15 by resolution authorize the payment in advance of audit of claims for
16 light, telephone, postage, freight and express charges. All such claims
17 shall be presented at the next regular meeting for audit, and the claim-
18 ant and the officer incurring or approving the same shall be jointly and
19 severally liable for any amount disallowed by the board of fire commis-
20 sioners.

21 14. For the preservation, protection and storing of fire apparatus and
22 equipment and for the social and recreational use of the [~~firemen~~] fire-
23 fighters and residents of the district and for any of the purposes
24 authorized by law, may acquire by purchase, lease, gift, devise or by
25 condemnation, real property and erect, construct, alter, repair and
26 equip suitable buildings, and may furnish necessary supplies for such
27 purposes, and may lease portions thereof not required for fire district
28 purposes. All real property required by any fire district for any
29 purpose authorized by this article shall be deemed to be required for
30 public use and may be acquired by such fire district.

31 (4) the compensation of paid fire district officers, fire department
32 officers, [~~firemen~~] firefighters and other paid personnel of the fire
33 department,

34 (5) contributions to the New York state employees' retirement system
35 and the New York state [~~policemen's~~] and local police and [~~firemen's~~]
36 fire retirement system on account of past and current services of paid
37 fire district officers and employees, including the paid officers,
38 [~~firemen~~] firefighters and other personnel of the fire department,

39 (7) the cost of insurance secured to indemnify the fire district
40 against liability for benefits or compensation required to be paid or
41 furnished under or pursuant to the volunteer [~~firemen's~~] firefighters'
42 benefit law and [~~workmen's~~] workers' compensation law, or for the
43 payment of the benefits or compensation required to be paid or furnished
44 under or pursuant to such laws by a fire district which is a self-insur-
45 er under such laws, to the extent that such benefits and compensation
46 have not been recovered in such fiscal year under section twenty of the
47 volunteer [~~firemen's~~] firefighters' benefit law or section twenty-nine
48 of the [~~workmen's~~] workers' compensation law,

49 (8) the cost of blanket accident insurance purchased under the
50 provisions of section four thousand two hundred thirty-seven of the
51 insurance law to insure volunteer [~~firemen~~] firefighters against injury
52 or death resulting from bodily injuries sustained by such [~~firemen~~]
53 firefighters in the performance of their duties,

54 The foregoing limitation on expenditures shall not be applicable to
55 contributions to the state's unemployment insurance fund on account of
56 salaries paid to fire district officers and employees, including the

1 paid officers, [~~firemen~~] firefighters and other personnel of the fire
2 department.

3 18-a. May employ such persons as may be necessary to effectuate the
4 objects and purposes of the district. Persons may be employed as paid
5 [~~firemen~~] firefighters, however, only after a public hearing in relation
6 to such employment. Any such hearing shall be held by the board of fire
7 commissioners and the notice of the hearing shall state the time when
8 and place in the district where the hearing will be held, the number of
9 paid [~~firemen~~] firefighters to be employed and the total annual amount
10 to be spent for the salaries or other compensation of such [~~firemen~~]
11 firefighters. The notice shall be published in the official newspaper of
12 the district at least once not more than twenty nor less than ten days
13 before the hearing.

14 (a) May contract for the furnishing of fire protection within the fire
15 district with any city, village, fire district, or incorporated fire
16 company having its headquarters outside such fire district and maintain-
17 ing adequate and suitable apparatus and appliances for the furnishing of
18 fire protection in such district; provided there is no fire company
19 maintaining its headquarters in said district or provided the fire
20 department of said district is, in the judgment of such fire commission-
21 ers, unable to render adequate and prompt fire protection to such
22 district or any area thereof. The contract also may provide for the
23 furnishing of (i) emergency service in case of accidents, calamities or
24 other emergencies in connection with which the services of [~~firemen~~]
25 firefighters would be required and (ii) general ambulance service
26 subject, however, to the provisions of section two hundred nine-b of the
27 general municipal law. In the event that the fire department or fire
28 company furnishing fire protection within the district pursuant to
29 contract does not maintain and operate an ambulance and provision has
30 not otherwise been made for ambulance service for the area of the
31 district pursuant to section one hundred twenty two-b of the general

12 § 170. Section 316 of the retirement and social security law, as added
13 by chapter 1000 of the laws of 1966, and subdivision a as amended by
14 chapter 33 of the laws of 1986, is amended to read as follows:

15 § 316. Annual appropriation by state. a. Upon the basis of each annual
16 actuarial valuation and appraisal provided for in this article, the
17 comptroller, on or before the fifteenth day of October of each year,
18 shall prepare and file with the director of the budget an itemized esti-
19 mate of the amounts necessary to be appropriated by the state to the
20 pension accumulation fund and the New York state public employees group
21 life insurance plan, as appropriate. Such itemized estimate may be
22 revised on or before December thirtieth of each such year. Such amounts
23 shall be sufficient to provide for payment in full for (i) the succeed-
24 ing fiscal year of all estimated obligations of the state to the
25 [~~police and firemen's~~] police and fire retirement system; and (ii)
26 any actual obligations of the state to such retirement system, remaining
27 unpaid, plus interest on such amount, for the fiscal year ending on the
28 March thirty-first preceding such date; provided, however, that such
29 estimate of actual obligations shall be made commencing with the filings
30 due on October fifteenth, nineteen hundred eighty-seven and thereafter.
31 If, as a result of the estimate required to be made pursuant to clause
32 (i) of the preceding sentence, the state overpaid its actual obligation
33 to the retirement system in any year, the amount estimated in the filing
34 required by this subdivision next succeeding such overpayment shall
35 reflect the amount of such overpayment, plus interest on such amount, as
36 a reduction in amounts that would otherwise be estimated to be due the
37 retirement system from the state. An item of appropriation which shall
38 be sufficient to provide for such obligations shall be included in the
39 next annual appropriation bill when it is presented to the legislature
40 for passage. The amounts so appropriated or so much thereof as may be
41 required shall be paid from the state treasury on warrant of the comp-
42 troller into the pension accumulation fund and the New York state public
43 employees group life insurance plan, as appropriate, on March first of
44 each state fiscal year. For the purposes of this section, interest shall
45 mean the rate or rates of interest used in the actuarial valuations
46 covering the period of time over which such interest is computed.

47 b. On or before the fifteenth day of October of each year the comp-
48 troller shall file with the director of the budget an itemized estimate
49 of the expenses of the [~~police and firemen's~~] police and fire
50 retirement system for the ensuing year. The director of the budget may
51 revise and amend such estimate. After such revision and amendment, if
52 any, such director shall approve the same for inclusion in the executive
53 budget. No monies shall be paid out of the pension accumulation fund
54 for such expenses unless expenditures therefor shall have been author-
55 ized by law.

1 c. Whenever the compensation of any member of the [~~police~~ and
2 ~~firemen's~~] police and fire retirement system is paid from a special or
3 administrative fund provided for by law, all contributions to the
4 [~~police~~ and ~~firemen's~~] police and fire retirement system including
5 a proportionate share of the administrative expense thereof, which
6 otherwise would be chargeable to the general fund of the state, shall,
7 with the approval of the director of the budget, be paid from such
8 special or administrative fund.

9 § 171. Subdivision a of section 316-a of the retirement and social
10 security law, as added by chapter 33 of the laws of 1986, is amended to
11 read as follows:

12 a. On or before September first, nineteen hundred eighty-six, on the
13 basis of the annual actuarial valuation and appraisal procedure provided
14 for in this article, the comptroller shall determine the annual amounts
15 that, had this section not been enacted, would have been required to be
16 paid into the pension accumulation fund and the New York state public
17 employees group life insurance plan, as appropriate, from the general
18 fund of the state for all obligations of the state to the [~~police~~
19 ~~and firemen's~~] police and fire retirement system, not discharged prior
20 to such date, for state fiscal years ending March thirty-first, nineteen
21 hundred eighty-five and March thirty-first, nineteen hundred eighty-six
22 and amounts for the state's contribution for the retirement incentive
23 program that would, had this section not been enacted, be due to be paid
24 into the pension accumulation fund during fiscal years ending March
25 thirty-first, nineteen hundred eighty-seven and March thirty-first,
26 nineteen hundred eighty-eight. Such amounts shall include interest, as
27 defined in section three hundred sixteen of this article through the
28 last day of February, nineteen hundred eighty-seven. The sum of such
29 amounts shall be called the "amount to be amortized".

30 § 172. Paragraph 5 of subdivision a of section 318 of the retirement
31 and social security law, as added by chapter 1000 of the laws of 1966,
32 is amended to read as follows:

33 5. The expenses of the [~~police~~ and ~~firemen's~~] police and fire
34 retirement system, as provided for or granted under the provisions of
35 this article. In the case of employer contributions required to be made
36 for prior service allowed pursuant to paragraph three of subdivision b
37 of section three hundred forty-one of this article, the provisions of
38 such paragraph three shall govern.

39 § 173. Section 319 of the retirement and social security law, as added
40 by chapter 177 of the laws of 1986, is amended to read as follows:

41 § 319. Filing of documents with the retirement system. Whenever a
42 statute requires that a document be filed with the state comptroller, as
43 administrative head of the New York state [~~police~~ and ~~firemen's~~]
44 and local police and fire retirement system, within a prescribed period
45 of time or by a specified date, and such document has been mailed to the
46 comptroller or the retirement system by United States Postal Service
47 certified mail, return receipt requested, the document shall be deemed
48 filed on the date of mailing. Notwithstanding this provision, no docu-
49 ment shall be deemed filed on the date of mailing unless it is actually
50 received by the retirement system as a result of such mailing.

51 § 174. Section 320 of the retirement and social security law, as added
52 by chapter 1000 of the laws of 1966, is amended to read as follows:

53 § 320. The funds of the [~~police~~ and ~~firemen's~~] police and fire
54 retirement system. The funds hereby created are as follows:

55 (a) the [~~police~~ and ~~firemen's~~] police and fire annuity savings
56 fund, hereinafter referred to as the annuity savings fund;

1 (b) the [~~police~~men's and firemen's] police and fire annuity reserve
2 fund, hereinafter referred to as the annuity reserve fund;

3 (c) the [~~police~~men's and firemen's] fire and police pension accumu-
4 lation fund, hereinafter referred to as the pension accumulation fund;

5 (d) the [~~police~~men's and firemen's] police and fire pension reserve
6 fund, hereinafter referred to as the pension reserve fund.

7 § 175. Paragraph 1 of subdivision h, paragraph 1 of subdivision i,
8 subdivision j, and paragraph 1 of subdivision l of section 321 of the
9 retirement and social security law, as added by chapter 1000 of the laws
10 of 1966, and paragraph 1 of subdivision l as amended by chapter 601 of
11 the laws of 1978, are amended to read as follows:

12 1. A member of the [~~police~~men's and firemen's] police and fire retire-
13 ment system, whose retirement contributions to the New York state
14 employees' retirement system were determined by fixing the value of his
15 or her maintenance at one-half the cash compensation received by him or
16 her and whose contributions were subsequently reduced by the fixing of a
17 lower value for the same maintenance theretofore furnished, may elect to
18 have his or her contributions computed on the basis of his or her gross
19 compensation as established prior to such reduction in value of mainte-
20 nance, provided that:

21 1. Any member of the [~~police~~men's and firemen's] police and fire
22 retirement system, upon forms prescribed and furnished by the comp-
23 troller, may elect to make additional contributions at the rate of fifty
24 per centum of his or her rate of normal contribution for the purpose of
25 purchasing additional annuity.

26 j. Where a member's rate of contribution is reduced because his or her
27 employer contributes toward pensions-providing-for-increased-take-home-
28 pay pursuant to section three hundred seventy-a of this article, such
29 member may by written notice duly acknowledged and filed with the comp-
30 troller within one year after such reduction or within one year after he
31 or she last became a member, whichever is later, elect to waive such
32 reduction. One year or more after the filing thereof, a member may with-
33 draw any such waiver by written notice duly acknowledged and filed with
34 the comptroller. Where a member makes an election to waive such
35 reduction, he or she shall contribute to the [~~police~~men's and firemen's]
36 police and fire retirement system as otherwise provided in this article.

37 1. Any member of the [~~police~~men's and firemen's] police and fire
38 retirement system who is not otherwise required by law to make contrib-
39 utions may elect to make voluntary contributions for the purpose of
40 purchasing additional annuity.

41 § 176. Subdivision d of section 322 of the retirement and social secu-
42 rity law, as added by chapter 1000 of the laws of 1966, is amended to
43 read as follows:

44 d. If a member, retired for any reason, returns to active police or
45 fire service and again becomes a member of the [~~police~~men's and fire-
46 men's] police and fire retirement system, his or her annuity reserve
47 shall be transferred from the annuity reserve fund to the annuity
48 savings fund.

49 § 177. Paragraph 2 of subdivision a of section 323 of the retirement
50 and social security law, as added by chapter 1000 of the laws of 1966,
51 is amended to read as follows:

52 2. All income received from the investments of the [~~police~~men's and
53 firemen's] police and fire retirement system, and

54 § 178. Subdivision e of section 324 of the retirement and social secu-
55 rity law, as added by chapter 1000 of the laws of 1966, is amended to
56 read as follows:

1 e. If a member, retired for any reason, returns to active police or
2 fire service and again becomes a member of the [~~police~~men's and fire-
3 ~~men's~~] police and fire retirement system, his or her pension reserve
4 shall be transferred from the pension reserve fund to the pension accu-
5 mulation fund.

6 § 179. Subdivisions a and b of section 330 of the retirement and
7 social security law, as added by chapter 1000 of the laws of 1966, are
8 amended to read as follows:

9 a. Every municipality (exclusive of those maintaining a local pension
10 system for all its [~~police~~men and firemen] police officers and fire-
11 fighters) employing [~~police~~men and firemen] police officers and fire-
12 fighters must participate in the [~~police~~men's and firemen's] police and
13 fire retirement system, and such participation shall be irrevocable.

14 b. A municipality maintaining a local pension system for its [~~police-~~
15 ~~men and firemen~~] police officers and firefighters may elect to partic-
16 ipate in the [~~police~~men's and firemen's] police and fire retirement
17 system upon the petition of sixty per centum of the members of the local
18 pension system for [~~police~~men and firemen] police officers and fire-
19 fighters. Such election shall be exercised by the adoption of a resol-
20 ution approved by its local legislative body and any other body or offi-
21 cer required by law to approve resolution of such local legislative
22 body. Upon the filing of a certified copy of such resolution with the
23 comptroller, such election shall be irrevocable, and the municipality
24 shall become a participating employer. As of the date such participation
25 is approved:

26 1. The operation of such local pension system shall be discontinued.

27 2. The existing pensioners and annuitants of such local pension system
28 shall be continued and paid at their existing rates by the [~~police~~men's
29 ~~and firemen's~~] police and fire retirement system.

30 3. Any cash and securities to the credit of such local pension system
31 shall be transferred to the [~~police~~men's and firemen's] police and fire
32 retirement system.

33 4. The trustees or other administrative head of such local pension
34 system shall certify the proportion, if any, of the funds of such system
35 that represents the accumulated contributions of the members and the
36 individual shares of the members therein. Such shares shall be credited
37 to the respective annuity savings accounts of such members in this
38 retirement system. The balance of the funds so transferred to the
39 [~~police~~men's and firemen's] police and fire retirement system shall be
40 offset against the liability on account of existing pensioners, annui-
41 tants and active members. The resulting liability so determined shall be
42 the basis for the rate of deficiency contribution of such county, city,
43 town or village as determined pursuant to section twenty-three of this
44 article.

45 § 180. Section 331 of the retirement and social security law, as added
46 by chapter 1000 of the laws of 1966, subdivision b as amended by chapter
47 628 of the laws of 1991, and subdivision d as further amended by section
48 104 of part A of chapter 62 of the laws of 2011, is amended to read as
49 follows:

50 § 331. Participation by public or quasi-public organizations. a. Any
51 public or quasi-public organization which heretofore joined the New York
52 state and local employees' retirement system, on behalf of its [~~police-~~
53 ~~men and firemen~~] police officers and firefighters, shall on and after
54 April first, nineteen hundred sixty-seven, participate, on behalf of
55 such [~~police~~men and firemen] police officers and firefighters, in the

1 [~~police~~men's and ~~fire~~men's] police and fire retirement system pursuant
2 to the provisions of this article.

3 b. On and after April first, nineteen hundred sixty-seven, any public
4 or quasi-public organization created wholly or partly or deriving its
5 powers by the legislature of the state and which organization employs
6 [~~police~~men and ~~fire~~men] police officers and firefighters engaged in
7 service to the public, by resolution legally adopted by its governing
8 body and approved by the comptroller, may elect to have its [~~police~~men
9 and ~~fire~~men] police officers and firefighters become eligible to partic-
10 ipate in the New York state and local police and fire retirement system.
11 Acceptance of the officers and employees of such an employer for member-
12 ship in the New York state and local police and fire retirement system
13 shall be optional with the comptroller. If he or she shall approve their
14 participation, such organization, except as specifically provided in
15 this article to the contrary, shall thereafter be treated as a partic-
16 ipating employer. Notwithstanding the foregoing provisions of this
17 subdivision, The Long Island Rail Road Company, upon its election filed
18 with the comptroller, shall participate in the New York state and local
19 police and fire retirement system with respect to LIRR police officers
20 as defined in paragraph two of subdivision a of section three hundred
21 eighty-nine of this article who are referred to in paragraph three of
22 subdivision b or in paragraph one of subdivision c of section three
23 hundred forty of this article, their benefits to be as provided in or
24 pursuant to such section three hundred eighty-nine, provided that such
25 election may only be made subsequent to the latest date of the enactment
26 of federal legislation or receipt of assurance or relief from the rele-
27 vant federal agency or agencies for all of the following: removal of
28 such LIRR police officers from coverage under the Federal Employers'
29 Liability Act and the federal Railway Labor Act, removal of such LIRR
30 police officers from coverage under the federal Railroad Retirement Act
31 and the federal Railroad Unemployment Insurance Act and exemption for
32 such LIRR police officers and The Long Island Railroad Company from
33 liability either for taxes under the federal Railroad Retirement Tax Act
34 or the federal Railroad Unemployment Repayment Tax, and further provided
35 that the authority for such election shall expire and be null and void
36 if each such enactment or receipt is not effected on or before June
37 fifteenth, nineteen hundred ninety-six.

38 c. The officers and employees of such organization shall be credited
39 with such periods of prior service as shall be certified by their
40 employer for service rendered to it, or its predecessor, or the state,
41 or in any other capacity approved by such employer and the comptroller.
42 Service for such employer after the date on which it commences to
43 participate in the [~~police~~men's and ~~fire~~men's] police and fire retire-
44 ment system and on account of which such employer pays contributions
45 shall be considered as member service. An officer or employee of such
46 employer who, as of the date he or she is so approved for membership in
47 the [~~police~~men's and ~~fire~~men's] police and fire retirement system, is
48 already a member thereof, shall not have his or her total credit reduced
49 by such approval. Any reserve held on account of any such officer or
50 employee in the pension accumulation fund shall be used as an offset
51 against the deficiency contribution payable thereafter by such employer
52 on account of such officer or employee for any prior service credit and
53 any such previous credit. Except as otherwise provided in this article,
54 a [~~police~~man or ~~fire~~man] police officer or firefighter of such employer
55 who, by reason of his or her service, is a member of any other govern-
56 mental retirement system shall not participate in the [~~police~~men's and

1 ~~firemen's~~ police and fire retirement system on that part of his or her
2 compensation so covered. The term "governmental retirement system," as
3 used in this subdivision, shall include any retirement system wholly or
4 partly maintained by this state, by a municipality of this state, by
5 another state or political subdivision thereof, by the United States
6 government, or by any foreign country or political subdivision thereof.

7 The provision in subdivision b of this section [~~three hundred thirty-~~
8 ~~one the retirement and social security law~~] limiting participation in
9 the New York state [~~policemen's and firemen's~~] police and fire retire-
10 ment system by reason of membership in another governmental retirement
11 system shall not diminish or in any other way affect the prior or
12 continual membership in the New York state [~~policemen's and firemen's~~]
13 police and fire retirement system, or any rights or benefits heretofore
14 or hereafter arising therefrom, of any officer or employee of a public
15 or quasi-public organization who (1) is in the service of such employer
16 at the time this act takes effect, or was in such service prior thereto,
17 and (2) by reason of such service is or was a member of any retirement
18 system maintained by the United States government.

19 d. An agreement, made by such an employer pursuant to this section, to
20 contribute on account of its officers and employees shall be irrev-
21 ocable. In the event that such employer for any reason becomes finan-
22 cially unable to make the contributions required on account of its offi-
23 cers and employees, it shall be deemed to be in default. A certificate
24 to such effect thereupon shall be sent by the comptroller to the employ-
25 er and to the state superintendent of financial services. Every member
26 of the [~~policemen's and firemen's~~] police and fire retirement system,
27 who was an officer or employee of such employer at the time of default,
28 upon demand made within ninety days thereafter, shall be entitled to
29 discontinue his or her membership in the [~~policemen's and firemen's~~]
30 police and fire retirement system and to a refund of his or her accumu-
31 lated contributions. As of a date ninety days following the date of such
32 certificate of default, the actuary of the [~~policemen's and firemen's~~]
33 police and fire retirement system, by actuarial valuation, shall deter-
34 mine the amount of the reserves held on account of each active member
35 and pensioner of such employer. He or she shall credit to each such
36 member and pensioner the amount of reserve so held. In the event such an
37 active member does not discontinue his or her membership and thus become
38 entitled to the refund of his or her accumulated contributions, the
39 reserve so credited, together with the amount of his or her accumulated
40 contributions shall be used to provide him or her a paid up deferred
41 annuity beginning at age sixty. The reserve of each pensioner shall be
42 used in providing such part of his or her existing pension as the
43 reserve so held will provide, which pension, together with his or her
44 annuity, shall thereafter be payable to him or her. The rights and priv-
45 ileges of both active members and pensioners of such employer shall
46 thereupon terminate except as to the payment of the deferred annuities
47 so provided for the previous active members and the annuities and the
48 pensions, or parts thereof provided for the pensioners.

49 e. Notwithstanding anything to the contrary, the [~~policemen's and~~
50 ~~firemen's~~] police and fire retirement system shall not be liable for the
51 payment of any pensions or other benefits on account of the officers,
52 employees or pensioners of any employer under this section for which
53 reserves have not been previously created from funds contributed by such
54 employer or its officers or employees for such benefits. This provision
55 shall not apply to any municipality which elected to participate in the

1 retirement system under former section seventy-five-a of this law prior
2 to July first, nineteen hundred forty-eight.

3 § 181. The section heading, the opening paragraph and paragraphs 1 and
4 2 of subdivision b, the opening paragraph and paragraphs 1, 2 and 3 of
5 subdivision c, paragraph 2 of subdivision d, the opening paragraph and
6 paragraph 1 of subdivision e, and the opening paragraph of subdivision f
7 of section 340 of the retirement and social security law, as added by
8 chapter 1000 of the laws of 1966, and paragraph 2 of subdivision d as
9 amended by chapter 591 of the laws of 1967, are amended to read as
10 follows:

11 Membership of the [~~police~~men's and firemen's] police and fire retire-
12 ment system.

13 Membership in the [~~police~~men's and firemen's] police and fire retire-
14 ment system shall be mandatory for the following:

15 1. [~~Police~~men and firemen] Police officers and firefighters now
16 employed or hereafter appointed by an employer.

17 2. [~~Police~~men and firemen] Police officers and firefighters now
18 employed or hereafter appointed by a participating employer in a posi-
19 tion in the classified civil service, other than in a position in the
20 exempt class, and who is not eligible to become a member of a local
21 pension system. The employers of such [~~police~~men and firemen] police
22 officers and firefighters shall pay into the pension accumulation fund
23 the amount required to pay the accrued liability on account of such
24 [~~police~~men and firemen] police officers and firefighters, as computed by
25 the actuary. Such payments shall be made in such installments as the
26 comptroller shall require.

27 The following may become members of the [~~police~~men's and firemen's]
28 police and fire retirement system:

29 1. [~~Police~~men and firemen] Police officers and firefighters in the
30 service of a public or quasi-public organization if their employer has
31 elected to participate as provided in section three hundred thirty-one
32 of this article.

33 2. Officers and employees of the federal government who have at least
34 five years of member service credit at the time they become federal
35 officers or employees may continue as contributing members. The
36 provisions of this paragraph [~~two~~] shall not affect the membership of
37 officers and employees of the federal government heretofore commenced or
38 continued hereunder, provided, however, that all memberships hereunder
39 shall be conditioned upon the receipt by the [~~police~~men's and firemen's]
40 police and fire retirement system of the payments required by section
41 three hundred forty-two of this article.

42 3. Notwithstanding any inconsistent provision of subdivision e of this
43 section, or of this chapter or of any other law, an officer or employee
44 in the service of the state or of a participating employer who, at the
45 time of entering such service, was or is entitled to benefits by any
46 other pension or retirement system maintained by the state or a poli-
47 tical subdivision thereof, provided such benefits, exclusive of any
48 annuity based solely on his or her own contributions and interest there-
49 on, are suspended during his or her active membership in the [~~police~~-
50 ~~men's and firemen's~~] police and fire retirement system. He or she shall
51 contribute to the retirement system as a new member.

52 2. Any public authority or public corporation organized pursuant to
53 the laws of this state and which is not a participating employer, may
54 file a written election with the comptroller stating that he or she
55 elects to continue as a member. Such election shall be subject to the
56 approval of the comptroller and such continuance shall be conditioned

1 upon the receipt by the [~~police~~ ~~and~~ ~~fire~~ ~~men~~'] police and fire
2 retirement system of the payments required by section three hundred
3 forty-two of this article.

4 Any person who is or may be entitled to benefits by any other law
5 providing for pensions and annuities for civil service employees, wholly
6 or partly at the expense of the state or of a political subdivision
7 thereof, shall not be a member of the [~~police~~ ~~and~~ ~~fire~~ ~~men~~'] police
8 and fire retirement system. This provision, however, shall not:

9 1. Affect the membership of any person who was a member of the New
10 York state and local employees' retirement system on April first, nine-
11 teen hundred sixty-seven and who became a member of the [~~police~~ ~~and~~ ~~fire~~ ~~men~~'] police and fire
12 retirement system after such date.

13 Membership in the [~~police~~ ~~and~~ ~~fire~~ ~~men~~'] police and fire retire-
14 ment system shall cease upon the occurrence of any one of the following
15 conditions:

16 § 182. Paragraph 1 of subdivision c of section 340 of the retirement
17 and social security law, as amended by chapter 628 of the laws of 1991,
18 is amended to read as follows:

19 1. [~~Police~~ ~~and~~ ~~fire~~ ~~men~~'] Police officers and firefighters in the
20 service of a public or quasi-public organization, if their employer has
21 elected to participate as provided in section three hundred thirty-one
22 of this article, including each LIRR police officer as defined in para-
23 graph two of subdivision a of section three hundred eighty-nine of this
24 article who is such on the effective date of such section three hundred
25 eighty-nine and who files an election with the comptroller in accordance
26 with subdivision a of this section within ninety days after the effec-
27 tive date of section three hundred eighty-nine of this article. Such an
28 election by a LIRR police officer shall be effective as of such effec-
29 tive date and shall be a waiver of any and all rights such officer may
30 have had to benefits under any pension plan sponsored by The Long Island
31 Rail Road Company other than the retirement plan provided for in section
32 three hundred eighty-nine of this article.

33 § 183. Paragraphs 6 and 7 of subdivision b, subparagraph (b) of para-
34 graph 2 of subdivision c, paragraph 2 of subdivision f, and paragraph 4
35 of subdivision h of section 341 of the retirement and social security
36 law, as added by chapter 1000 of the laws of 1966, are amended to read
37 as follows:

38 6. Civil service in any capacity as an officer or employee of the
39 federal government, or military duty in the armed forces of the federal
40 government and not otherwise creditable, rendered or performed by a
41 member prior to the time he or she last became a member. The allowance
42 of credit for such service shall be conditioned upon the receipt by the
43 [~~police~~ ~~and~~ ~~fire~~ ~~men~~'] police and fire retirement system of all the
44 payments required to be made on account thereof by section three hundred
45 forty-two of this article.

46 7. Civil service rendered as an officer or employee of the federal
47 government as provided in subdivision d of section three hundred forty
48 of this article. The allowance of credit for such service shall be
49 conditioned upon the receipt by the retirement system of all the
50 payments required to be made on account thereof by section three hundred
51 forty-two of this article. Except as so provided, employment by the

32 § 201. The opening paragraph of subdivision a, and subdivisions c and
33 f of section 381 of the retirement and social security law, as added by
34 chapter 1000 of the laws of 1966, are amended to read as follows:

35 Any member in the division of state police in the executive department

56 during such service. The amount of such contributions shall be paid in

1 a lump sum or in such installments as the comptroller shall approve. In
2 lieu of such payment, however, such employee may receive on retirement
3 the benefit otherwise provided by this section, less such annuity as is
4 the actuarial equivalent of such unpaid contributions.

5 f. The increased pensions to members of the division, as provided by
6 this section, shall be paid from additional contributions made by the
7 state on account of such members. The actuary of the [~~police~~men's and
8 ~~fire~~men's] police and fire retirement system shall compute the addi-

14 approval by the comptroller, such additional contributions shall be
15 certified by him or her to the superintendent of state police. The
16 amount thereof shall be included in the annual appropriation of the
17 state for state police. Such amount shall be paid on the warrant of the

40 this section shall be appropriately reduced pursuant to section three
41 hundred seventy-a of this article for such period of time as his or her
42 employer contributes pursuant to such section toward pensions-provid-
43 ing-for-increased-take-home-pay. No such member shall continue to make
44 contributions after completing twenty-five years of such service.

45 For the purpose only of determining the amount of the pension provided
46 in this subdivision, the annuity shall be computed as it would be if it
47 were not reduced by the actuarial equivalent of any outstanding loan,
48 and if it were not increased by the actuarial equivalent of any addi-
49 tional contributions, and if it were not reduced by reason of the
50 member's election to decrease his or her annuity contributions to the
51 [~~police~~men's and ~~fire~~men's] police and fire retirement system in order
52 to apply the amount of such reduction in payment of his or her contrib-

54 e. The increased pensions to members of the division, as provided by

5 prospective service of such member which will cover the liability of the
6 [~~policemen's and firemen's~~] police and fire retirement system for such
7 extra pensions. Upon approval by the comptroller, such additional
8 contributions shall be certified by him or her to the superintendent of
9 state police. The amount thereof shall be included in the annual appro-

11 shall be paid on the warrant of the comptroller to the pension accumu-

20 for such service of one-sixtieth of his or her final average salary for
21 each completed additional year of service after twenty-five years. The
22 participating employer in the case of any [~~policeman~~] police officer
23 eligible for the additional pension benefit prescribed by this section
24 shall make additional contributions to the appropriate fund of the
25 retirement system necessary to pay the difference between the amounts

40 town, village, fire district, police district or participating employer
41 may elect to contribute to the retirement system pursuant to this
42 section within one year after he or she becomes such an officer or

45 one year after his or her employer elects to make the benefits provided
46 herein available to its officers and members.

47 k. The benefits of this section shall be available only to those
48 [~~policemen and firemen~~] police officers and firefighters whose employer
49 elects to provide such benefits by adopting a resolution to such effect
50 and filing a certified copy thereof with the comptroller.

51 o. Any member of the [~~policemen's and firemen's~~] police and fire
52 retirement system who was a member of the New York state employees'
53 retirement system while employed as a police department cadet and whose
54 membership therein was terminated by his or her attaining membership in
55 the [~~policemen's and firemen's~~] police and fire retirement system, may
56 purchase credit in the said [~~policemen's and firemen's~~] police and fire

1 retirement system for prior creditable service in the New York state
2 employees' retirement system earned while employed as a police depart-
3 ment cadet and shall have the period of such prior service credit count-
4 ed as police service for the purpose of determining the amount of his or
5 her pension and retirement allowance and period of service needed for

13 (1) Any member of the [~~police and fire~~] police and fire
14 retirement system, who was a member of the New York state and local
15 employees' retirement system while employed as a police department cadet

19 retirement system for prior creditable service in the
20 New York state employees' retirement system earned as a police depart-
21 ment cadet and shall have the period of such prior service credit count-

27 time of the member's entry into such police department cadet service,
28 his or her annual rate of compensation at that time, and the period of

30 Such deposit must be made within one year of the date of election by the
31 participating employer, provided however, such member may elect to
32 deposit such amount over a period of time no greater than the period for
33 which credit is being claimed, in which case such payments must commence
34 within one year of the date of election by the participating employer.
35 If the full amount of such payments is not paid to the retirement
36 system, the amount of service credited shall be proportional to the
37 total amount of the payments made.

38 § 210. The opening paragraph of subdivision b, and subdivisions d and
39 g of section 385 of the retirement and social security law, as added by
40 chapter 1000 of the laws of 1966, are amended to read as follows:

41 Any member in the department, including the commissioner of police,
42 who so elected, on or before January first, nineteen hundred forty-
43 eight, to contribute to the New York state and local employees' retire-
44 ment system pursuant to the provisions of former section eighty-five of
45 this chapter in effect prior to April first, nineteen hundred sixty-sev-
46 en, shall contribute to the [~~police and fire~~] police and fire
47 retirement system on the basis of retirement upon his or her:

48 d. Subject to the provisions of subdivisions b and c of this section,
49 every employee in the service of such department who is not a member of
50 the [~~police and fire~~] police and fire retirement system may
51 elect to become a member. He or she thereupon shall contribute to the
52 [~~police and fire~~] police and fire retirement system under the
53 provisions of this section and be entitled to benefits as provided in
54 this section. No such employee, however, shall be given credit for
55 service rendered prior to May sixth, nineteen hundred forty-six, unless
56 he or she became a member of the New York state and local employees'

1 retirement system on or before January first, nineteen hundred forty-
2 eight and has subsequently become a member of the [~~police~~men's and fire-
3 men's] police and fire retirement system. Any such employee who became a
4 member of the New York state and local employees' retirement system, on
5 or before January first, nineteen hundred forty-eight, and has subse-
6 quently become a member of the [~~police~~men's and firemen's] police and
7 fire retirement system shall be entitled to credit for past service in
8 the department as if he or she had become a member when first eligible.
9 Such employee, however, shall pay the contributions he or she would have
10 made prior to such date had he or she been a member during such service.
11 The amount of such contributions shall be paid in a lump sum or in such
12 installments as the comptroller shall approve. In lieu of such payment,
13 however, such employee may receive on retirement the benefit otherwise
14 provided by this section, less such annuity as is the actuarial equiv-
15 alent of such unpaid contributions.

16 g. The increased pensions to members of the department, as provided by
17 this section, shall be paid from additional contributions made by the
18 county on account of such members. The actuary of the [~~police~~men's and
19 firemen's] police and fire retirement system shall compute the addi-
20 tional contribution for each member who elects the special benefits
21 provided under this section. Such additional contributions shall be
22 computed on the basis of contributions during the prospective service of
23 such member which will cover the liability of the [~~police~~men's and fire-
24 men's] police and fire retirement system for such extra pensions. Upon
25 approval by the comptroller, such additional contributions shall be
26 certified by him or her to the county executive of the county. The
27 amount thereof shall be included in the annual appropriation of the
28 county for county police. Such amount shall be paid on the warrant of
29 the county comptroller to the pension accumulation fund of the [~~police~~-
30 men's and firemen's] police and fire retirement system. Every member
31 entering or re-entering the department on and after May sixth, nineteen
32 hundred forty-six, shall retire on the first day of the calendar month
33 next succeeding his or her attainment of age fifty-nine.

34 § 211. The opening paragraph of subdivision b and subdivision f of
35 section 386 of the retirement and social security law, as added by chap-
36 ter 1000 of the laws of 1966, are amended to read as follows:

37 Any member in service in such department on January first, nineteen

41 six of this chapter, in effect prior to April first, nineteen hundred
42 sixty-seven, shall contribute to the [~~police~~men's and firemen's] police
43 and fire retirement system on the basis of retirement upon his or her:

44 f. The increased pensions to members of such department, as provided
45 by this section, shall be paid from additional contributions made by the
46 county on account of such members. The actuary of the [~~police~~men's and
47 firemen's] police and fire retirement system shall compute the addi-
48 tional contribution for each member who elects the special benefits
49 provided under this section. Such additional contributions shall be
50 computed on the basis of contributions during the prospective service of
51 such member which will cover the liability of the [~~police~~men's and fire-
52 men's] police and fire retirement system for such extra pensions. Upon
53 the approval by the comptroller, such additional contributions shall be
54 certified by him or her to the county executive of the county. The
55 amount thereof shall be included in the annual appropriation of the
56 county for the Westchester county parkway police force. Such amount

1 shall be paid on the warrant of the county department of finance to the
2 pension accumulation fund of the [~~police~~men's and firemen's] police and
3 fire retirement system.

4 § 212. The opening paragraph of subdivision b and subdivision f of
5 section 387 of the retirement and social security law, as added by chap-
6 ter 1000 of the laws of 1966, are amended to read as follows:

7 Any member in service in such department, including the commissioner
8 of police, on January first, nineteen hundred sixty, who elected, on or
9 before July first, nineteen hundred sixty, to contribute to the New York
10 state employees' retirement system pursuant to the provisions of former
11 section eighty-seven of this chapter, in effect prior to April first,
12 nineteen hundred sixty-seven, shall contribute to the [~~police~~men's and
13 ~~fire~~men's] police and fire retirement system on the basis of retirement
14 upon his or her:

15 f. The increased pensions to members of such department, as provided
16 by this section, shall be paid from additional contributions made by the
17 county on account of such members. The actuary of the [~~police~~men's and
18 ~~fire~~men's] police and fire retirement system shall compute the addi-
19 tional contribution for each member who elects the special benefits
20 provided under this section. Such additional contributions shall be
21 computed on the basis of contributions during the prospective service of
22 such member which will cover the liability of the [~~police~~men's and fire-
23 ~~men's~~] police and fire retirement system for such extra pensions. Upon
24 approval by the comptroller, such additional contributions shall be
25 certified by him or her to the county executive of the county. The
26 amount thereof shall be included in the annual appropriation of the
27 county for the Suffolk county police department. Such amount shall be
28 paid on the warrant of the comptroller of the county to the pension
29 accumulation fund of the [~~police~~men's and firemen's] police and fire
30 retirement system.

31 § 213. Paragraph 3 of subdivision a of section 388 of the retirement
32 and social security law, as amended by chapter 939 of the laws of 1983,
33 is amended to read as follows:

34 3. "Service in such department." Full time duty as a [~~police~~man, fire-
35 ~~man~~] police officer, firefighter or police, fire officer or commissioner
36 of the department.

37 § 214. Subdivision a, subparagraph (b) of paragraph 1 of subdivision
38 b, and subparagraphs (a) and (b) of paragraph 2 of subdivision c of
39 section 401 of the retirement and social security law, as added by chap-
40 ter 1000 of the laws of 1966, are amended to read as follows:

41 a. If a retired member, receiving a retirement allowance for other
42 than physical disability, returns to active public service, except as
43 otherwise provided in this section or sections two hundred eleven or two
44 hundred twelve of this chapter, and is eligible for membership in the
45 [~~police~~men's and firemen's] police and fire retirement system, he or she
46 thereupon shall become a member and his or her retirement allowance
47 shall cease. In such event, he or she shall contribute to the [~~police~~-
48 ~~men's and firemen's~~] police and fire retirement system as if he or she
49 were a new member. Upon his subsequent retirement he or she shall:

50 1. Be credited with all member service earned by him or her since he
51 or she last became a member of the [~~police~~men's and firemen's] police
52 and fire retirement system, and

53 2. Received a retirement allowance which shall consist of:

54 (a) An annuity which is the actuarial equivalent of all his or her
55 accumulated contributions, and

1 (b) The pension including the pension-providing-for-increased-take-
2 home-pay which he or she was receiving immediately prior to his or her
3 last restoration to membership, plus a pension including the pension-
4 providing-for-increased-take-home-pay based upon the member service
5 credit earned by him or her since he or she last became a member. Such
6 latter pensions shall be computed as if he or she were a new member when
7 he or she last became a member.

8 Where such member shall have earned at least two years of member
9 service credit after restoration to active service, the total service
10 credit to which he or she was entitled at the time of his or her earlier
11 retirement may, at his or her option, again be credited to him or her
12 and upon his or her subsequent retirement he or she shall be credited in
13 addition with all member service earned by him or her subsequent to his
14 or her last restoration to membership. Such total service credit to
15 which he or she was entitled at the time of his or her earlier retire-
16 ment shall be so credited only in the event that such member returns to
17 the [~~police~~men's and firemen's] police and fire retirement system with
18 regular interest the actuarial equivalent of the amount of the retire-
19 ment allowance he or she received, or in the event that such amount is
20 not so repaid the actuarial equivalent thereof shall be deducted from
21 his or her subsequent retirement allowance.

22 Notwithstanding the foregoing provisions of this subdivision, a
23 retired member who is receiving a retirement allowance for other than
24 physical disability, and who returns to active public service, may elect
25 not to be restored to membership in the [~~police~~men's and firemen's]
26 police and fire retirement system until he or she has rendered one year
27 of service following his or her return to public service. In such event
28 his or her retirement allowance shall be suspended during such year of
29 service as provided in subdivision b of this section. Upon restoration
30 to membership following completion of such year of service, his or her
31 service in such year shall be deemed to be service while a member for
32 purposes of subdivision b of section three hundred sixty of this chap-
33 ter. He or she may purchase member service credit for such year, which
34 shall be deemed earned member service credit. This paragraph shall not
35 be construed to authorize the return to public service of any person who
36 is otherwise not eligible therefor on account of having reached age
37 seventy.

38 If a retired member receiving a retirement allowance for other than
39 physical disability, returns to active public service, and is then inel-
40 igible for membership in the [~~police~~men's and firemen's] police and fire
41 retirement system, his or her retirement allowance shall be suspended in
42 the same manner as provided in subdivision b of this section.

43 (b) For service pursuant to subdivision c of this section where the
44 retired member continues as a beneficiary of the [~~police~~men's and fire-
45 men's] police and fire retirement system.

46 (a) Upon written notice to the comptroller, receive from the [~~police~~-
47 men's and firemen's] police and fire retirement system the then present
48 value of the annuity earned by his or her accumulated contributions, and
49 upon receipt thereof cease to be a beneficiary of the [~~police~~men's and
50 firemen's] police and fire retirement system, or

51 (b) Continue as a beneficiary of the [~~police~~men's and firemen's]
52 police and fire retirement system, but with payments of any retirement
53 allowance or any benefit in lieu thereof, on account of retirement for
54 other than physical disability, suspended during the time he or she is
55 in receipt of compensation for state or public service. Such suspension

1 shall be governed by the provisions of paragraphs two, three and four of
2 subdivision b of this section.

3 § 215. Paragraph 2 of subdivision b and subdivisions c, d and e of
4 section 402 of the retirement and social security law, paragraph 2 of
5 subdivision b as amended by chapter 783 of the laws of 1987, subdivi-
6 sions c and d as added by chapter 1000 of the laws of 1966, and subdivi-
7 sion e as added by chapter 815 of the laws of 1977, are amended to read
8 as follows:

9 2. An amount which, when added to an annuity, as so computed, plus the
10 sum earned by him or her, shall equal his or her final salary.

11 In the case where an optional benefit has been selected, such
12 reduction shall be the same as the reduction would have been without
13 optional modification. Where such reduction is greater than the pension,
14 including the pension-providing-for-increased-take-home-pay, payable
15 under the option selected, the excess may be paid by the pensioner into
16 the funds of the [~~police and fire~~ police and fire retirement
17 system, in which case the benefit due under the option shall be paid as
18 if no reduction had occurred. If such excess is not paid by the pension-
19 er, the benefit otherwise due under the option shall be reduced by the
20 actuarial equivalent of such excess. In no event shall the payment to
21 the funds be greater than the difference between the pension, including
22 the pension-providing-for-increased-take-home-pay, without optional
23 modification and the pension, including the pension-providing-for-in-
24 creased-take-home-pay, under the option selected. The pension, including
25 the pension-providing-for-increased-take-home-pay of a disability
26 pensioner, shall not be reduced after he or she has attained the manda-
27 tory retirement age applicable to him or her or shall have attained the
28 age or performed the period of service specified by applicable law for
29 eligibility for a service retirement benefit.

30 c. In the event that the comptroller shall determine that a disability
31 beneficiary is able to engage in a gainful occupation, he or she shall,
32 if such beneficiary so requires, certify the name of such beneficiary to
33 the state civil service department or appropriate civil service commis-
34 sion. The state civil service department or such municipal commission
35 shall place the name of such beneficiary, as a preferred eligible, on
36 the appropriate eligible lists prepared by it for positions for which
37 such beneficiary is stated to be qualified in a salary grade not exceed-
38 ing that from which he or she was last retired. If any such beneficiary
39 shall be offered a position as a result of the placing of his or her
40 name on any such civil service list, the amount of his or her disability
41 pension, including the pension-providing-for-increased-take-home-pay,
42 shall be reduced. Such reduction shall be to an amount which, when added
43 to the amount earned or earnable by him or her in such position, shall
44 not exceed his or her final salary. A disability beneficiary restored to
45 active service shall not be eligible to membership in the [~~police and fire~~
46 police and fire retirement system so long as he or she
47 receives any pension, including the pension-providing-for-increased-
48 take-home-pay.

49 d. In the event that a disability beneficiary is restored to active
50 service of an employer, at a salary equal to or in excess of his or her
51 final salary, his or her retirement allowance shall cease. Such person
52 thereupon again shall become a member of the [~~police and fire~~
53 police and fire retirement system. He or she thereafter shall contribute
54 to the [~~police and fire~~ police and fire retirement system in
55 the same manner as and at the same rate that he or she paid prior to his
56 or her disability retirement. The total service credit, to which he or

1 she was entitled at the time of such retirement, again shall be credited
2 to him or her. Upon his [~~subsequent~~] or her subsequent retirement, he
3 or she shall be credited, in addition, with all member service earned by
4 him or her subsequent to his or her last restoration to membership.

5 e. In the event that a disability retiree is restored to active
6 service of an employer, at a salary less than his or her final salary
7 but equal to or in excess of the current minimum salary for the position
8 from which he or she was last retired for disability, such person, if he
9 or she so elects, shall again become a member of the [~~police and fire~~]
10 police and fire retirement system and his or her retirement
11 allowance shall cease. He or she thereafter shall contribute to the

15 § 263. Section 2 of the volunteer firefighters' benefit law, as
16 amended by chapter 751 of the laws of 1957, is amended to read as
17 follows:

18 § 2. Purpose. One of the finest traditions of American community life
19 is the service which people render to others without remuneration.
20 Volunteer [~~firemen~~] firefighters have long been in the forefront of this
21 group. In recognition of the unselfish service by these volunteers,
22 government has undertaken to provide for them and their families some
23 measure of protection against loss from death or injuries in line of
24 duty. Over the years there has developed a dual system of benefits when
25 volunteer [~~firemen~~] firefighters are killed or injured. The dual system
26 has caused uncertainty and confusion. This law establishes a new single
27 system of benefits for volunteer [~~firemen~~] firefighters and provides for
28 the administration of such system by the [~~workmen's~~] workers' compen-
29 sation board and the chairman of such board.

30 It is hereby declared that this chapter is intended to effectuate the
31 objects and purposes of section eighteen of article one of the state
32 constitution and that the relationship between the political subdivision
33 liable for benefits under this chapter and a volunteer [~~fireman~~] fire-
34 fighter entitled to such benefits is that of employer and employee with-
35 in the meaning of such provision of the state constitution.

36 § 264. Subdivisions 1, 4, 5, 7 and 8 of section 3 of the volunteer
37 firefighters' benefit law, subdivision 4 as amended by chapter 751 of
38 the laws of 1957, subdivision 5 as amended by chapter 67 of the laws of
39 1981, and subdivision 8 as amended by chapter 697 of the laws of 1956,
40 are amended to read as follows:

41 1. "Volunteer [~~fireman~~] firefighter" means an active volunteer member
42 of a fire company.

43 4. "Injury" includes any disablement of a volunteer [~~fireman~~] fire-
44 fighter that results from services performed in line of duty and such
45 disease or infection as may naturally and unavoidably result from an
46 injury.

47 5. "Child" includes a posthumous child, a child legally adopted prior
48 to the injury of the volunteer [~~fireman~~] firefighter; and a step-child
49 or acknowledged child born out of wedlock dependent upon the deceased
50 volunteer [~~fireman~~] firefighter.

51 7. "Dependent" includes a surviving spouse entitled to receive bene-
52 fits under this chapter, whether or not actually dependent upon a volun-
53 teer [~~fireman~~] firefighter, unless a contrary meaning is clearly
54 intended.

55 8. "Earning capacity", except as herein provided, means:

1 a. The ability of a volunteer [~~fireman~~ firefighter] to perform on a
2 five-day or six-day basis either the work usually and ordinarily
3 performed by him or her in his or her remunerated employment or other
4 work which for any such worker would be a reasonable substitute for the
5 remunerated employment in which he or she was employed at the time of
6 his or her injury, or

7 b. The ability of a volunteer [~~fireman~~ firefighter] to perform on a
8 five-day or six-day basis either the work usually and ordinarily
9 performed by him or her in the practice of his or her profession or in
10 the conduct of his or her trade or business, including farming, and from
11 which he or she could derive earned income or other work which for any
12 such person would be a reasonable substitute for the profession, trade
13 or business in which he or she was engaged at the time of his or her
14 injury.

15 Every volunteer [~~fireman~~ firefighter] shall be considered to have
16 earning capacity and, if the provisions of paragraphs a and b above are
17 not applicable in any given case, the [~~workmen's~~ workers'] compensation
18 board, in the interest of justice, shall determine the reasonable earn-
19 ing capacity of the volunteer [~~fireman~~ firefighter] with due regard to
20 the provisions of such paragraphs and the work he or she reasonably
21 could be expected to obtain and for which he or she is qualified by age,
22 education, training and experience. The ability of a volunteer [~~fireman~~
23 firefighter] to perform the duties of a volunteer [~~fireman~~ firefighter],
24 or to engage in activities incidental thereto, may be considered in
25 determining loss of earning capacity, but the inability of a volunteer
26 [~~fireman~~ firefighter] to perform such duties or to engage in such activ-
27 ities shall not be a basis of determining loss of earning capacity.

28 § 265. Paragraphs d, l and m of subdivision 1, and subdivision 2 of
29 section 5 of the volunteer firefighters' benefit law, paragraphs d and m
30 of subdivision 1 as amended by chapter 161 of the laws of 1983, para-
31 graph 1 of subdivision 1 as amended by chapter 735 of the laws of 1984,
32 subdivision 2 as amended by chapter 313 of the laws of 1963, paragraph a
33 of subdivision 2 as amended by chapter 341 of the laws of 2005 and the
34 closing paragraph of subdivision 2 as amended by chapter 805 of the laws
35 of 1984, are amended to read as follows:

41 necessary travel to and necessary travel returning from such activity.

42 l. While, within this country or Canada and pursuant to orders or
43 authorization, attending a convention or conference of [~~firemen~~ fire-
44 fighters] or fire officers or fire district officers as the authorized

47 ewith, as well as necessary travel to and necessary travel returning
48 from such activity.

49 m. While, within the state and pursuant to orders or authorization,

51 company, as defined in subdivision fifteen of section three of this
52 chapter including necessary travel directly connected therewith, as well
53 as necessary travel to and necessary travel returning from such activ-
54 ity, but shall not include competitive events in which volunteer [~~fire-~~
55 men] firefighters are competitors, such as baseball, basketball, foot-
56 ball, bowling, tugs of war, water-ball fights, donkey baseball, boxing,

1 wrestling, contests between bands or drum corps, or other competitive
2 events in which volunteer [~~firemen~~] firefighters are competitors and
3 which involve physical exertion on the part of the competitors.

4 2. Benefits shall not be paid and provided pursuant to this chapter in
5 the following instances:

6 a. Work or service rendered by a volunteer firefighter while on a
7 leave of absence pursuant to either section two hundred-b or section two
8 hundred-c of the general municipal law, unless such work or service is
9 performed pursuant to subdivision one-a of section two hundred-b or
10 subdivision one-a of section two hundred-c of the general municipal law,
11 or pursuant to any other general, special or local law, charter or ordi-
12 nance or pursuant to the constitution, by-laws, rules or regulations
13 applicable to the fire company or fire department of which he or she is
14 a member.

15 b. Practice for and participation in any recreational, social, or fund
16 raising activity other than a fund raising activity for which coverage
17 is provided under paragraph m of subdivision one of this section.

18 c. Work or service rendered by a volunteer [~~fireman~~] firefighter while
19 suspended from duty pursuant to section two hundred nine-1 of the gener-
20 al municipal law, article eight of the village law or pursuant to any
21 other general, special or local law, charter or ordinance or pursuant to
22 the constitution, by-laws, rules or regulations applicable to the fire
23 company or fire department of which he or she is a member.

24 d. Work or service not rendered as a volunteer [~~fireman~~] firefighter,
25 but rendered as an officer, official or employee of a public corporation
26 or any special district thereof, whether with or without remuneration,

39 coverage is not provided by this chapter, or to prohibit any of the
40 activities described in this subdivision, or to prevent the securing of
41 insurance pursuant to section four thousand two hundred thirty-seven of
42 the insurance law to cover volunteer [~~firemen~~] firefighters when engaged
43 in activities other than those for which mandatory coverage is provided
44 by this chapter.

45 § 266. Section 6 of the volunteer firefighters' benefit law, as
46 amended by chapter 751 of the laws of 1957, is amended to read as
47 follows:

48 § 6. Volunteer [~~firemen's~~] firefighters' benefits; general. If a

50 of duty, or if such a [~~fireman~~] firefighter shall be injured in line of
51 duty, benefits shall be paid and provided pursuant to this chapter,
52 except that there shall be no liability for such benefits when the inju-
53 ry has been solely occasioned by intoxication of the volunteer [~~fireman~~]
54 firefighter while acting in line of duty or by the wilful intention of
55 the volunteer [~~fireman~~] firefighter to bring about the injury or death
56 of himself or herself or another.

1 § 267. Subdivisions 2, 4, 19, 21, 22, 31, 32, 33 and 34 of section 7

11 trator pursuant to the provisions of this subdivision shall be distrib-
12 uted in the manner provided by the laws of this state for the
13 distribution of the personal property of an intestate decedent.
14 Provided, however, that nothing herein shall be construed as affording a
15 greater benefit for those volunteer [~~firemen~~] firefighters injured prior

11 The term "assistance", as used in this section, includes the services
12 of firefighting forces, fire police squads, emergency rescue and first
13 aid squads rendered in case of a fire or other emergency, including
14 stand-by service, to aid (1) a fire department, fire company, or any
15 unit thereof, other than that of which the volunteer [~~fireman~~] fire-

17 persons, whether or not such owners, occupants or persons are receiving
18 fire or other emergency service from a fire department, fire company, or
19 any unit thereof, other than that of which the volunteer [~~fireman~~] fire-

21 Except as otherwise provided by law in the case of natural disaster
22 emergencies, a call to furnish assistance may be made by any person
23 aware of the peril involved and the need for assistance or pursuant to

36 ~~hundred fifty seven, or section ten of the executive law], and when
37 assistance is being so rendered the benefits to be paid and provided
38 under this chapter shall be paid and provided by the political subdivi-
39 sions which would be liable under subdivisions one to five, inclusive,
40 of this section.~~

41 If death or injury results from the performance of duty by a volunteer
42 [~~fireman~~] firefighter serving as fire chief while inspecting a public or
43 private school pursuant to paragraph c of subdivision seven of section
44 eight hundred seven-a of the education law for fire prevention and
45 protection purposes in a fire district, fire protection district or fire
46 alarm district furnished fire protection pursuant to a contract by his
47 or her fire department or fire company, or from necessary travel direct-
48 ly connected with any such duty, then the benefits to be paid and
49 provided under this chapter shall be a charge against such fire
50 district, fire protection district or fire alarm district so protected
51 pursuant to contract and after audit shall be paid and the amount there-
52 of shall be raised upon the property liable to taxation in any such
53 district in the same manner as other charges against the same are

3 or from necessary travel directly connected with any such assignment,
4 and the building or property inspected or to be inspected is not located
5 in the area regularly served and protected by the fire department or

7 but is located in a city, town which has a fire department, village,
8 fire district, fire protection district or fire alarm district served

12 ter shall be a charge against such political subdivision, fire
13 protection district or fire alarm district so protected pursuant to
14 contract and after audit shall be paid and the amount thereof shall be
15 raised upon the property liable to taxation in such political subdivi-
16 sion or district in the same manner as other charges against the same
17 are raised, except that in the case of a fire protection district or
18 fire alarm district, the town in which the district is located shall be
19 primarily liable for such payment.

20 If death or injury results from the performance of duty by a volunteer
21 [~~fireman~~ firefighter while inspecting buildings for fire hazards in a
22 city, village, fire district, fire protection district or fire alarm
23 district furnished fire protection pursuant to a contract by his or her
24 fire department or fire company, or from necessary travel directly
25 connected with any such duty, then the benefits to be paid and provided
26 under this chapter shall be a charge against such city, village, fire

34 not be applicable in any city, however, unless a city charter or other
35 law under which the city operates, or a local law adopted by the city,
36 authorizes such an inspection in areas of the city receiving fire
37 protection pursuant to a contract. The term "building," as used in this
38 paragraph, does not include a multiple dwelling which may be inspected
39 by such fire department or company under and pursuant to the provisions
40 of subdivision four of section three hundred three of the multiple resi-
41 dence law.

42 The foregoing provisions of this subdivision [~~six~~] shall apply only in
43 cases where volunteer [~~firemen~~ firefighters are injured in line of duty
44 prior to the first day of March, nineteen hundred sixty-four; and in
45 death cases where death results from injuries sustained prior to such
46 date. Where volunteer [~~firemen~~ firefighters are injured in line of duty
47 on or after the first day of March, nineteen hundred sixty-four, and in
48 death cases where death results from injuries sustained on or after such
49 date, the liability for benefits under this chapter shall be determined

51 as otherwise provided in article five of the [~~workmen's~~ workers'
52 compensation law, section two hundred nine-i of the general municipal
53 law and in section twenty-one of this chapter.

54 6-a. The provisions of subdivisions one to six, inclusive, of this
55 section shall not apply if the injury results from services performed
56 when general ambulance service is furnished under a fire protection

1 contract pursuant to section two hundred nine-b of the general municipal
2 law for (1) another city, village or fire district, protected under a
3 contract by the fire department or fire company of which the volunteer
4 [~~fireman~~] firefighter is a member or (2) a fire protection district or
5 fire alarm district, protected under a contract by the fire department
6 or fire company of which the volunteer [~~fireman~~] firefighter is a
7 member, pursuant to a call to furnish such service in any such municipal
8 corporation or district, or while going to or returning from the place
9 where the service is to be or was furnished, or if death shall result
10 from the effects of any such injury, and in any such case any such bene-
11 fit shall be a charge against such municipal corporation or district and
12 after audit shall be paid and the amount thereof shall be raised upon
13 the property liable to taxation in such municipal corporation or
14 district, in the same manner as other charges against the same are
15 raised, except that in the case of a fire protection district or fire
16 alarm district the town in which the district is located shall be prima-
17 rily liable for such payment.

18 The foregoing provisions of this subdivision [~~six-a~~] shall apply only
19 in cases where volunteer [~~firemen~~] firefighters are injured in line of
20 such general ambulance service duty prior to the first day of March,
21 nineteen hundred sixty-four, and in death cases where death results from
22 injuries sustained prior to such date. Where volunteer [~~firemen~~] fire-
23 fighters are injured in line of such general ambulance service duty on
24 or after the first day of March, nineteen hundred sixty-four, and in
25 death cases where death results from injuries sustained on or after such
26 date, the liability for benefits under this chapter shall be determined
27 pursuant to subdivisions one to five, inclusive, of this section, except
28 as otherwise provided in article five of the [~~workmen's~~] workers'
29 compensation law, section two hundred nine-i of the general municipal
30 law and section twenty-one of this chapter.

31 § 281. The closing paragraph of section 31 of the volunteer firefight-
32 ers' benefit law, as added by chapter 368 of the laws of 1961, is
33 amended to read as follows:

38 provide (1) any coverage under the [~~Workmen's~~] Workers' Compensation Law
39 or the Volunteer [~~Firemen's~~] Firefighters' Benefit Law for which any
40 fire district would be liable under such laws, (2) any [~~workmen's~~] work-
41 ers' compensation benefits for fire district officers and employees for
42 which any fire district would be liable under the [~~Workmen's~~] Workers'
43 Compensation Law, or (3) any volunteer [~~firemen's~~] firefighters' bene-
44 fits for any volunteer [~~firemen~~] firefighters for which any fire
45 district would be liable under the Volunteer [~~Firemen's~~] Firefighters'
46 Benefit Law. The foregoing provision does not apply in relation to
47 volunteer [~~firemen's~~] firefighters' benefit coverage and volunteer
48 [~~firemen's~~] firefighters' benefits provided for and in relation to the
49 following named fire districts which have expressly requested coverage
50 under this contract pursuant to the provisions of section thirty-two of
51 the Volunteer [~~Firemen's~~] Firefighters' Benefit Law, to wit: (If there
52 are no exceptions, enter 'No exceptions'). The term 'fire districts', as
53 used in this provision, does not include the fire protection districts
54 and fire alarm districts mentioned in sections one hundred eighty-three
55 and one hundred eighty-four of the Town Law."

1 § 282. Subdivision 1 of section 32 of the volunteer firefighters'
2 benefit law, as amended by chapter 121 of the laws of 1968, is amended
3 to read as follows:

4 1. Notwithstanding any provision of section thirty of this chapter,
5 any town may contract for a single policy of insurance indemnifying (1)

9 districts, fire protection districts and fire alarm districts which is
10 liable for the payment of benefits under this chapter, and (3) the town
11 in relation to such fire protection districts, fire alarm districts and
12 outside territory, against liability imposed by this chapter. If a town
13 has any such liability and contracts for such a single policy, then and
14 in that event only any such policy, if requested by the board of trus-
15 tees of any village wholly within the town, or by the board of fire
16 commissioners of any fire district wholly within the town, shall also
17 indemnify such village or fire district against such liability. The cost
18 of such insurance shall be a town charge and shall be levied and
19 collected in the same manner as other town charges only in the territory
20 of such town which is liable for the payment of benefits under this
21 chapter and which is outside of any village and fire districts not
22 covered by such a policy. Nothing in this section contained shall impose
23 any additional liability on any town for any benefit payments in
24 relation to volunteer [~~firemen~~] firefighters.

25 § 283. Section 40 of the volunteer firefighters' benefit law, as
26 amended by chapter 544 of the laws of 1957, is amended to read as
27 follows:

28 § 40. Notice of injury or death. Notice of an injury or death for
29 which benefits are to be paid or provided under this chapter shall be
30 given to the political subdivision liable for the payment thereof within
31 ninety days after such injury or death except that such notice need not
32 be given if a claim is filed pursuant to section forty-one of this chap-
33 ter within ninety days after such injury or death. Either such notice
34 may be given by any person claiming to be entitled to such benefits or
35 by someone in his or her behalf. The notice shall be in writing, shall
36 contain the name and address of the volunteer [~~fireman~~] firefighter, and
37 state in ordinary language the time, place, nature and cause of the
38 injury and shall be signed by him or her or by a person on his or her
39 behalf or, in case of death, by any one or more of his or her depen-

41 clerk of the board of supervisors of the county, the comptroller or
42 chief financial officer of the city, the town clerk of the town, the
43 clerk of the village or the secretary of the fire district, as the case
44 may be, by delivering it to such officer or by registered letter proper-
45 ly addressed to such officer. The failure to give notice of injury or
46 notice of death shall be a bar to any claim under this chapter unless
47 such failure is excused by the [~~workmen's~~] workers' compensation board
48 on any of the following grounds, (1) that for some sufficient reason the
49 notice could not have been given, (2) that a member of a body in charge
50 of, or any officer of, the fire department or fire company had knowledge
51 within such ninety-day period of the injuries or death, (3) that the
52 political subdivision, or its insurance carrier had not been prejudiced
53 by a delay in giving such notice, or (4) that the cause of disablement
54 or death was not known to be the result of service performed in line of
55 duty as a volunteer [~~fireman~~] firefighter in sufficient time to comply
56 with the provisions of this section.

1 § 284. Section 41 of the volunteer firefighters' benefit law, as
2 amended by chapter 936 of the laws of 1958, is amended to read as
3 follows:

4 § 41. Claim for benefits. The right to claim benefits under this chap-
5 ter shall be barred, except as hereinafter provided, unless within two
6 years after the injury, or, if death results therefrom, within two years
7 after such death, a claim for the benefits under this chapter shall be
8 filed with the [~~chairman~~] chairperson of the [~~workmen's~~] workers'
9 compensation board and a copy of such claim shall be filed with the same
10 officer to whom a notice of injury must be given under section forty of
11 this chapter. The right of a volunteer [~~fireman~~] firefighter or his or
12 her dependents to claim benefits under this chapter for disablement or
13 death, as the case may be, caused by disease shall not be barred by the
14 failure of the volunteer [~~fireman~~] firefighter or his or her dependents
15 to file a claim within either such period of two years, provided such
16 claim shall be filed after either such period of two years and within
17 ninety days after disablement or ninety days after knowledge that the
18 disease is or was due to service as a volunteer [~~fireman~~] firefighter,
19 whichever is the later date. The claim shall be in substantially the
20 same form and shall give substantially the same information as is
21 required to be given in a claim under the provisions of section twenty-
22 eight of the [~~workmen's~~] workers' compensation law. Notwithstanding the
23 provisions of any other law, any such claim need not be sworn to, veri-
24 fied or acknowledged. No case in which an advance payment is made to a
25 volunteer [~~fireman~~] firefighter or to his or her dependents in case of
26 death shall be barred by the failure of the volunteer [~~fireman~~] fire-
27 fighter or his or her dependents to file a claim, and the [~~workmen's~~]
28 workers' compensation board may at any time order a hearing on any such
29 case in the same manner as though a claim for benefits had been filed.

30 The date of injury caused by disease shall be the date of contracture
31 of such disease as determined by the [~~workmen's~~] workers' compensation
32 board on the hearing of the claim and the responsibility of the politi-
33 cal subdivision liable for the payment of benefits and its insurance
34 carrier shall be fixed by the date of injury as so determined.

35 § 285. Subdivisions 3 and 4 of section 44 of the volunteer firefigh-
36 ters' benefit law, as amended by chapter 751 of the laws of 1957, are
37 amended to read as follows:

38 3. That the injury was not occasioned by the wilful intention of the
39 injured volunteer [~~fireman~~] firefighter to bring about the injury or
40 death of himself or herself or another;

41 4. That the injury did not result solely from the intoxication of the
42 injured volunteer [~~fireman~~] firefighter while acting in line of duty;

43 § 286. Section 50 of the volunteer firefighters' benefit law is
44 amended to read as follows:

45 § 50. Payments pending controversies. In order that the benefits to be
46 paid and provided under this chapter shall be paid promptly where such
47 benefits are conceded to be due to any person because of the death of or
48 injuries to a volunteer [~~fireman~~] firefighter, but controversy exists as
49 to which political subdivision is liable for the payment thereof, the
50 municipal corporations and fire districts involved in such controversy
51 and their insurance carriers, if any, may agree that any one or more of
52 such municipal [~~corpeations~~] corporations or fire districts or its
53 insurance carrier shall pay or provide the benefits to, or in relation
54 to, the person conceded to be entitled to such benefits without waiting
55 for a final determination of the controversy, and may carry out the
56 provisions of such an agreement. Notwithstanding any such payment, any

1 party to the agreement may seek a final determination of the controversy
2 in the same manner as if such benefits had not been paid or provided and
3 any such payment or provision of benefits shall not prejudice any rights
4 of the political subdivision or its insurance carrier paying or provid-
5 ing the same, nor be taken as an admission against interest. After a
6 final determination the parties to the agreement shall make any neces-
7 sary and proper reimbursement to conform to the determination.

8 § 287. Section 56 of the volunteer firefighters' benefit law is
9 amended to read as follows:

10 § 56. Non-duplication of benefits. If benefits are required to be paid
11 under this chapter in the event of injury to or death of a volunteer
12 [~~fireman~~ firefighter, the volunteer [~~fireman~~ firefighter or other
13 persons entitled to such benefits shall not receive [~~workmen's~~ workers'
14 compensation under the provisions of the [~~workmen's~~ workers' compen-
15 sation law in relation to such injury or death.

16 § 288. Subdivision 1 of section 61 of the volunteer firefighters'
17 benefit law, as added by chapter 668 of the laws of 1977, is amended to
18 read as follows:

19 1. A claim for benefits for the death or disability of a volunteer
20 [~~fireman~~ firefighter due to disease or malfunction of the heart or of
21 one or more coronary arteries filed in accordance with section forty-one
22 of this chapter, shall not be denied provided the claimant introduces
23 evidence which establishes that a volunteer [~~fireman~~ firefighter
24 suffered disease or malfunction of the heart or of one or more coronary
25 arteries which caused the disablement or death of the volunteer [~~fire-~~
26 ~~man~~ firefighter, and that such disease or malfunction resulted from the
27 duties and activities in which the volunteer [~~fireman~~ firefighter was
28 engaged as set forth in section five of this chapter for which benefits
29 shall be paid, unless it can be shown by substantial evidence to the
30 contrary that the duties and activities of the volunteer [~~fireman~~ fire-
31 fighter in which the volunteer [~~fireman~~ firefighter was engaged at the
32 time of such disease or malfunction did not cause or precipitate such
33 disease or malfunction; and further provided that the injury did not
34 result solely from the intoxication of the volunteer [~~fireman~~ fire-
35 fighter while acting in line of duty or was not occasioned by the wilful
36 intention of the volunteer [~~fireman~~ firefighter to bring about the
37 injury or death of himself or herself or another.

38 § 289. Section 70 of the volunteer firefighters' benefit law, as
39 amended by chapter 751 of the laws of 1957, is amended to read as
