FISCAL NOTE.--Pursuant to Legislative Law, Section 50:
This bill will allow any employee of the State University of New York (SUNY) who is a registered nurse in a position within the Professional, Scientific and Technical bargaining unit, who first became employed with SUNY at Stony Brook Hospital between January 1, 1996 and December 31, 1999, and who enrolled in the Optional Retirement Program, to terminate their memberships in the Optional Retirement Program and to be deemed to be members of the New York State and Local Employees' Retirement System (NYSLERS) with a date of membership as of the date of first employment by SUNY. Affected members will have to pay the entire past service cost as determined by the Comptroller in order to get retirement service credit for the service rendered before their dates of membership.

If this bill is enacted, the number of employees who may be affected by this legislation cannot be readily determined. For every employee who does so elect, there will be an annual cost to the State of New York of approximately 15.8% of salary for the fiscal year ending March 31, 2019. In addition to the annual cost above, for every member who elects this benefit, there will be a past service cost that will depend on the age, service and salary of the member. The members will be able to offset this cost by the transfer of funds from their Optional Retirement Program balances. For an individual member, if the amount transferred from the Optional Retirement Program is less than the past service cost, the member will be have to make up the difference either as a one-time payment or by making a series of payments over a period of five (5) years.
