where a contract that includes internet connection services is to be awarded by a state agency, public authority or municipality pursuant to 3 a competitive bidding process or a request for proposal process, such 4 competitive bidding process or request for proposal and the subsequent awarded contract shall require that such internet connection services are compliant with the internet service neutrality requirements established in section two hundred thirty-one of the public service law.

- § 5. The public service law is amended by adding a new section 231 read as follows:
- 10 § 231. Internet service neutrality. 1. For purposes of this section, 11 "reasonable network management" shall mean a network management practice is a practice that has a primarily technical network management justi-12 fication, but does not include other business practices. A network 13 management practice is reasonable if it is primarily used for and 14 tailored to achieving a legitimate network management purpose, taking 15 16 into account the particular network architecture and technology of the 17 broadband internet access service.
- 2. The commission shall certify annually that any internet service 18 19 provider qualified to do business in this state, does not:
 - (a) block lawful content, applications, services, or non-harmful devices, subject to reasonable network management.
- 22 (b) impair or degrade lawful internet traffic on the basis of internet content, application, or service, or use of a non-harmful device, 23 24 subject to reasonable network management.
- 25 (c) engage in paid prioritization, including, but not limited to, 26 traffic shaping, prioritization, resource reservation, or other forms of 27 preferential traffic management, either (i) in exchange for consideration (monetary or otherwise) from a third party, or (ii) to benefit an 28 affiliated entity. 29
- 30 § 6. This act shall take effect on the thirtieth day after it shall 31 have become a law.
