IN ASSEMBLY

Introduced by M. of A. TITONE -- read once and referred to the Committee on Consumer Affairs and Protection

AN ACT in relation to creating a temporary state commission on personal privacy to examine and assess the privacy of individuals in the state of New York and to make recommendations relative to the protection thereof; and providing for the repeal of such provisions upon the expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. New York state historically has been a leader in protecting
2 the personal privacy of its citizens. Today governmental agencies and
3 commercial firms are constantly gathering and distributing more and more
4 detailed information on the personal lives of the citizens of New York.
5 The rapid advancement in technology in recent years has created new
6 potential threats to the privacy of individuals. The ability to collect,
7 collate, and transmit personal data using information technology now
8 allows isolated pieces of information on an individual to be compiled
9 into profiles of the individual. No comprehensive federal or state law
10 governs personal privacy, nor is any federal or state agency charged
11 with the sole responsibility of identifying personal privacy problems
12 that need to be addressed and encouraging the development and enactment
13 of policies aimed at protecting individuals' privacy. A thorough under-
14 standing of the potential dangers to personal privacy is necessary in
15 order that the legislature may take the appropriate steps to protect the
16 privacy of the state's citizens at this pivotal point in time.

17 § 2. A temporary state commission is hereby established to be known as
18 the "commission on personal privacy". The role of the commission
19 includes, but is not limited to:

20 (a) assessing the level of citizen concern about personal privacy and,
21 to the extent possible, the incidence of privacy intrusions suffered by
22 New York citizens;

23 (b) examining the practices of state and local governmental agencies
24 and businesses related to the collection, storage, and distribution of

6 (d) recommending appropriate legislative and administrative reforms
7 relating to state systems that collect and maintain personal information
8 of employees, public retirees and other persons to ensure that personal
9 information is not subject to misappropriation; and

16 this section and a final report of its findings, conclusions, and recom-
17 mendations not later than one year after the effective date of this
18 section, and shall submit with its reports such legislative proposals as
19 it deems necessary to implement its recommendations.

20 § 4. The commission shall consist of a total of fifteen members who
21 shall be appointed not later than the thirtieth day after the effective
22 date of this section and shall include the superintendent of the depart-
23 ment of financial services, the secretary of state, the director of the
