Provided, however, such store shall be allowed for one year from the effective date of this subdivision to use its existing stock of plastic carryout bags. A store may also apply to the commissioner for approval of an alternative plastic bag recycling message. The commissioner shall approve or reject the proposed message within forty-five days;

3. all plastic carryout bags and film plastic collected by the store to be collected, **emptied regularly,** transported and recycled along with any other in-store plastic recycling, except for plastic bags that are not sufficiently free of foreign material to enter the recycling stream. Such records shall be made available to the department upon request, to demonstrate compliance with this title; and

5. the operator of the store to (a) make reusable bags available to customers within the store for purchase, and (b) permit a reuseable bag to be used in lieu of a plastic carryout bag or paper bag.

§ 2. This act shall take effect on the one hundred twentieth day after it shall have become a law.
