AN ACT establishing the "New York city construction safety task force"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative findings. The legislature hereby finds and 2 declares that the health and safety of the population living in and around the many construction projects within the densely populated city of New York is a matter of state concern as pressure mounts to build 5 more and more while completing projects in the shortest time possible. Construction is the most dangerous occupation, with death rates four 7 times the average for other workers and conditions adjacent construction sites dangerous to the public. Recent construction acci-9 dents involving cranes, for example, have killed construction workers 10 and members of the public, and have resulted or will result in the 11 expenditure of state resources for emergency services, court adminis-12 tration and infrastructure repair. Additionally, two senior buildings 13 department officials were recently charged with various state crimes 14 related to their failure to perform their duties and to protect public 15 safety. Construction safety in the city of New York is covered by feder-16 al, state and local statutes, regulations and agencies and can only be 17 achieved through proper coordination and cooperation among the federal, state and local government. Testimony at a 2008 legislative hearing 18 focused on safety problems in the New York City construction industry, 19 including the lack of coordination, cooperation and joint planning among 20 21 and between participants in the construction industry in the City of New 22 York, including workers, industry, safety advocacy organizations and the 23 federal, state and local government. The establishment of a construction 24 safety task force with membership from these various constituencies is 25 essential to accomplishing the state's concern that the health and safe-
