STATE OF NEW YORK

1723

2017-2018 Regular Sessions

IN SENATE

January 10, 2017

Introduced by Sen. CARLUCCI -- read twice and ordered printed, and when printed to be committed to the Committee on Transportation

AN ACT in relation to directing the New York State Thruway Authority and the New York State Bridge Authority to jointly study and report on methods that can be implemented to share services and combine functions, and on the feasibility of merging into a single entity

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. 1. The New York state thruway authority and the New York state bridge authority shall jointly conduct a study to explore the sharing and consolidation of services and functions in order to reduce each authority's overall administrative, operational and/or capital costs. Such authorities shall additionally conduct a study to explore the feasibility of a merger of the authorities into a single entity. Such authorities may employ the use of outside consultants in the conducting of either study, subject to competitive bidding requirements.

a. Sharing and consolidation of services study. The joint study to explore the sharing and consolidation of services and functions should be designed with the ultimate goal of streamlining the functions of each authority in order to reduce overall costs and increase efficiencies, and shall include, at a minimum, an examination of methods that can be implemented by each authority in order to:

(i) consolidate central administrative functions, such as purchasing, personnel management, hiring and employee benefits administration;

(ii) consolidate or share optional functions, such as maintenance, security services, toll collections and payment processing; and

(iii) develop and implement a joint capital plan whereby long term capital projects at each individual authority are jointly designed and constructed.

b. Merger study. The joint study to explore the feasibility of a merger of the New York state thruway authority and the New York state bridge

LBD01616-01-7

authority into a single entity may, at the discretion of each authority's board of directors, be conducted in conjunction with or apart from the sharing and consolidation of services study and shall explore any and all aspects of a full merger of the two individual authorities into a single entity.

2. Reports. a. Within six months of the effective date of this act, the New York state thruway authority and the New York state bridge authority shall jointly issue a report of the findings of sharing and consolidation of services study to the governor, the temporary president of the senate and the speaker of the assembly. Such report shall include, but not be limited to, the following:

(i) actions that can be implemented by each authority immediately, a plan of action for such implementation, and the estimated cost of savings to be achieved;

(ii) actions that require regulatory action by either or both authorities in order to be implemented, a plan of action for implementing such actions, and the estimated cost savings to be achieved; and

(iii) actions that require statutory changes in order to be implemented and the estimated cost savings to be achieved.

b. Within one year of the effective date of this act, the New York state thruway authority and the New York state bridge authority shall jointly issue a report of the findings of the merger feasibility study to the governor, the temporary president of the senate and the speaker of the assembly. Such report shall include a full examination of all aspects of merging the two authorities into a single entity, a proposed plan of action for such merger, and the estimated cost savings to be achieved.

§ 2. This act shall take effect immediately.
