STATE OF NEW YORK

1956

2017-2018 Regular Sessions

IN SENATE

January 11, 2017

Introduced by Sen. LATIMER -- read twice and ordered printed, and when printed to be committed to the Committee on Insurance

AN ACT to amend the insurance law, in relation to requiring policies and contracts of insurance providing hospital, surgical, or medical care coverage to include coverage for human leukocyte antigen testing

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subsection (i) of section 3216 of the insurance law is amended by adding a new paragraph 34 to read as follows:

(34) Every policy which provides hospital, surgical, or medical care coverage or provides reimbursement for laboratory tests or reimbursement for diagnostic X-ray services shall provide coverage for human leukocyte antigen testing, also referred to as histocompatible locus antigen testing, for A, B, and DR antigens for utilization in tissue typing for bone marrow testing.

§ 2. Subsection (1) of section 3221 of the insurance law is amended by adding a new paragraph 20 to read as follows:

(20) Every group or blanket policy delivered or issued for delivery in this state which provides hospital, surgical, or medical care coverage shall provide coverage for human leukocyte antigen testing, also referred to as histocompatible locus antigen testing, for A, B, and DR antigens for utilization in tissue typing for bone marrow testing, except that this provision shall not apply to a policy which covers persons employed in more than one state or the benefit structure of which was the subject of collective bargaining affecting persons who are employed in more than one state.

§ 3. Section 4303 of the insurance law is amended by adding a new subsection (rr) to read as follows:

(rr) A medical expense indemnity corporation, a hospital service corporation or a health service corporation which provides coverage for hospital, surgical, or medical care shall provide coverage for human

leukocyte antigen testing, also referred to as histocompatible locus antigen testing, for A, B, and DR antigens for utilization in tissue typing for bone marrow testing, except that this provision shall not apply to a contract which covers persons employed in more than one state or the benefit structure of which was the subject of collective bargaining affecting persons who are employed in more than one state.

§ 4. This act shall take effect on the first of January next succeeding the date on which it shall have become a law and shall apply to all policies and contracts issued, renewed, modified, altered, or amended on or after such effective date. Effective immediately any rules or regulations necessary for the implementation of this act on its effective date shall be promulgated, and any other measures necessary for the implementation of this act on its effective date shall be taken, on or before such effective date.
