The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1. Section 1. This act enacts into law major components of legislation which are necessary to implement the state fiscal plan for the 2017-2018 state fiscal year. Each component is wholly contained within a Part identified as Parts A through T. The effective date for each particular provision contained within such Part is set forth in the last section of such Part. Any provision in any section contained within a Part, including the effective date of the Part, which makes a reference to a section "of this act", when used in connection with that particular component, shall be deemed to mean and refer to the corresponding section of the Part in which it is found. Section three of this act sets forth the general effective date of this act.

PART D

Section 1. The public health law is amended by adding a new section 280 to read as follows:

§ 280. Medicaid drug cap. 1. The legislature hereby finds and declares that there is a significant public interest for the Medicaid program to manage drug costs in a manner that ensures patient access while providing financial stability for the state and participating providers. Since two thousand eleven, the state has taken significant steps to contain costs in the Medicaid program by imposing a statutory limit on annual growth. Drug expenditures, however, continually outpace other cost components causing significant pressure on the state, providers, and patient access operating under the Medicaid global cap. It is therefore intended that the department establish a Medicaid drug cap as a separate component within the Medicaid global cap as part of a focused and sustained effort to balance the growth of drug expenditures with the growth of total Medicaid expenditures.

2. The commissioner shall establish a year to year department of health state-funds Medicaid drug spending growth target as follows:

(a) for state fiscal year two thousand seventeen--two thousand eighteen, be limited to the ten-year rolling average of the medical component of the consumer price index plus five percent and minus a pharmacy savings target of fifty-five million dollars; and

(b) for state fiscal year two thousand eighteen--two thousand nineteen, be limited to the ten-year rolling average of the medical component of the consumer price index plus four percent and minus a pharmacy savings target of eighty-five million dollars.

3. The department and the division of the budget shall assess on a quarterly basis the projected total amount to be expended in the year on
a cash basis by the Medicaid program for each drug, and the projected
annual amount of drug expenditures for all drugs, which shall be a
component of the projected department of health state funds Medicaid
expenditures calculated for purposes of sections ninety-one and ninety-
two of part H of chapter fifty-nine of the laws of two thousand eleven.
For purposes of this section, state funds Medicaid drug expenditures
include amounts expended for drugs in both the Medicaid fee-for-service
and Medicaid managed care programs, minus the amount of any drug rebates
or supplemental drug rebates received by the department, including
rebates pursuant to subdivision five of this section with respect to
rebate targets.

(a) In the event the director of the budget determines, based on Medi-
caid drug expenditures for the previous quarter or other relevant infor-
mation, that the total department of health state funds Medicaid drug
expenditure is projected to exceed the annual growth limitation imposed
by subdivision two of this section, the commissioner may identify and
refer drugs to the drug utilization review board established by section
three hundred sixty-nine-bb of the social services law for a recommenda-
tion as to whether a target supplemental Medicaid rebate should be paid
by the manufacturer of the drug to the department and the target amount
of the rebate.

(b) If the department intends to refer a drug to the drug utilization
review board pursuant to paragraph (a) of this subdivision, the depart-
ment shall notify the manufacturer of such drug and shall attempt to
reach agreement with the manufacturer on a rebate for the drug prior to
referring the drug to the drug utilization review board for review.

(c) In the event that the commissioner and the manufacturer have
previously agreed to a supplemental rebate for a drug pursuant to para-
graph (b) of this subdivision or paragraph (e) of subdivision seven of
section three hundred sixty-seven-a of the social services law, the drug
shall not be referred to the drug utilization review board for any
further supplemental rebate for the duration of the previous rebate
agreement.

(d) The department shall consider a drug's actual cost to the state,
including current rebate amounts, prior to seeking an additional rebate
pursuant to paragraph (b) or (c) of this subdivision and shall take into
consideration whether the manufacturer of the drug is providing signif-
icant discounts relative to other drugs covered by the Medicaid program.

(e) The commissioner shall be authorized to take the actions described
in this section only so long as total Medicaid drug expenditures are
projected to exceed the annual growth limitation imposed by subdivision
two of this section.

4. In determining whether to recommend a target supplemental rebate
for a drug, the drug utilization review board shall consider the actual
cost of the drug to the Medicaid program, including federal and state
rebates, and may consider, among other things:

(a) the drug's impact on the Medicaid drug spending growth target and
the adequacy of capitation rates of participating Medicaid managed care
plans, and the drug's affordability and value to the Medicaid program;
or

(b) significant and unjustified increases in the price of the drug; or

(c) whether the drug may be priced disproportionately to its therapeu-
tic benefits.

5. (a) If the drug utilization review board recommends a target rebate
amount on a drug referred by the commissioner, the commissioner shall
require a supplemental rebate to be paid by the drug's manufacturer in
an amount not to exceed such target rebate amount. With respect to a
rebate required in state fiscal year two thousand seventeen--two thou-
sand eighteen, the rebate requirement shall apply beginning with the
month of April, two thousand seventeen, without regard to the date the
department enters into the rebate agreement with the manufacturer.

(b) The supplemental rebate required by paragraph (a) of this subdivi-
sion shall apply to drugs dispensed to enrollees of managed care provid-
ers pursuant to section three hundred sixty-four--j of the social
services law and to drugs dispensed to Medicaid recipients who are not
enrollees of such providers.

(c) If the drug utilization review board recommends a target rebate
amount for a drug and the department is unable to negotiate a rebate
from the manufacturer in an amount that is at least seventy-five percent
of the target rebate amount, the commissioner is authorized to waive the
provisions of paragraph (b) of subdivision three of section two hundred
seventy-three of this article and the provisions of subdivisions twen-
ty-five and twenty-five--a of section three hundred sixty-four--j of the
social services law with respect to such drug; however, this waiver
shall not be implemented in situations where it would prevent access by
a Medicaid recipient to a drug which is the only treatment for a partic-
ular disease or condition. Under no circumstances shall the commission-
er be authorized to waive such provisions with respect to more than two
drugs in a given time.

(d) Where the department and a manufacturer enter into a rebate agree-
ment pursuant to this section, which may be in addition to existing
rebate agreements entered into by the manufacturer with respect to the
same drug, no additional rebates shall be required to be paid by the
manufacturer to a managed care provider or any of a managed care provid-
er's agents, including but not limited to any pharmacy benefit manager,
while the department is collecting the rebate pursuant to this section.

(e) In formulating a recommendation concerning a target rebate amount
for a drug, the drug utilization review board may consider:

(i) publicly available information relevant to the pricing of the
drug;

(ii) information supplied by the department relevant to the pricing of the
drug;

(iii) information relating to value-based pricing;

(iv) the seriousness and prevalence of the disease or condition that
is treated by the drug;

(v) the extent of utilization of the drug;

(vi) the effectiveness of the drug in treating the conditions for
which it is prescribed, or in improving a patient's health, quality of
life, or overall health outcomes;

(vii) the likelihood that use of the drug will reduce the need for
other medical care, including hospitalization;

(viii) the average wholesale price, wholesale acquisition cost, retail
price of the drug, and the cost of the drug to the Medicaid program
minus rebates received by the state;

(ix) in the case of generic drugs, the number of pharmaceutical
manufacturers that produce the drug;

(x) whether there are pharmaceutical equivalents to the drug; and

(xi) information supplied by the manufacturer, if any, explaining the
relationship between the pricing of the drug and the cost of development
of the drug and/or the therapeutic benefit of the drug, or that is
otherwise pertinent to the manufacturer's pricing decision; any such
information provided shall be considered confidential and shall not be
disclosed by the drug utilization review board in a form that identifies
a specific manufacturer or prices charged for drugs by such manufactur-
er.

6. (a) If the drug utilization review board recommends a target rebate
amount and the department is unsuccessful in entering into a rebate
agreement with the manufacturer of the drug satisfactory to the depart-
ment, the drug manufacturer shall in that event be required to provide
to the department, on a standard reporting form developed by the depart-
ment, the following information:
   (i) the actual cost of developing, manufacturing, producing (including
       the cost per dose of production), and distributing the drug;
   (ii) research and development costs of the drug, including payments to
        predecessor entities conducting research and development, such as
        biotechnology companies, universities and medical schools, and private
        research institutions;
   (iii) administrative, marketing, and advertising costs for the drug,
        apportioned by marketing activities that are directed to consumers,
        marketing activities that are directed to prescribers, and the total
        cost of all marketing and advertising that is directed primarily to
        consumers and prescribers in New York, including but not limited to
        prescriber detailing, copayment discount programs, and direct-to-consum-
        er marketing;
   (iv) the extent of utilization of the drug;
   (v) prices for the drug that are charged to purchasers outside the
       United States;
   (vi) prices charged to typical purchasers in the state, including but
        not limited to pharmacies, pharmacy chains, pharmacy wholesalers, or
        other direct purchasers;
   (vii) the average rebates and discounts provided per payer type in the
        State; and
   (viii) the average profit margin of each drug over the prior five-year
        period and the projected profit margin anticipated for such drug.

(b) All information disclosed pursuant to paragraph (a) of this subdi-
vision shall be considered confidential and shall not be disclosed by
the department in a form that identifies a specific manufacturer or
prices charged for drugs by such manufacturer.

7. (a) If, after taking into account all rebates and supplemental
rebates received by the department, including rebates received to date
pursuant to this section, total Medicaid drug expenditures are still
projected to exceed the annual growth limitation imposed by subdivision
two of this section, the commissioner of health may: subject drugs to
prior approval in accordance with existing processes and procedures,
which may include all drugs of a manufacturer that has not entered into
a supplemental rebate agreement required by this section; directing
managed care plans to remove from their Medicaid formularies those drugs
with respect to which a manufacturer has failed to enter into a rebate
agreement required by this section; promoting the use of cost effective
and clinically appropriate drugs other than those of a manufacturer who
has failed to enter into a rebate agreement required by this section;
allowing manufacturers to accelerate rebate payments under existing
rebate contracts; and such other actions as authorized by law. The
commissioner shall provide written notice to the legislature thirty days
prior to taking action pursuant to this paragraph, unless action is
necessary in the fourth quarter of a fiscal year to prevent total Medi-
caid drug expenditures from exceeding the limitation imposed by subdi-
tion two of this section, in which case such notice to the legislature may be less than thirty days.

(b) The commissioner shall be authorized to take the actions described in paragraph (a) of this subdivision only so long as total Medicaid drug expenditures are projected to exceed the annual growth limitation imposed by subdivision two of this section. In addition, no such actions shall be deemed to supersede the provisions of paragraph (b) of subdivision three of section two hundred seventy-three of this article or the provisions of subdivisions twenty-five and twenty-five-a of section three hundred sixty-four-j of the social services law, except as allowed by paragraph (c) of subdivision five of this section; provided further that nothing in this section shall prevent access by a Medicaid recipient to a drug which is the only treatment for a particular disease or condition.

§ 2. Subdivisions 1 and 2 of section 369-bb of the social services law, as amended by section 20 of part A of chapter 56 of the laws of 2013, are amended to read as follows:

1. A [nineteen-member] twenty-three-member drug utilization review board is hereby created in the department. The board is responsible for the establishment and implementation of medical standards and criteria for the retrospective and prospective DUR program.

2. The members of the DUR board shall be appointed by the commissioner and shall serve a three-year term. Members may be reappointed upon the completion of other terms. The membership shall be comprised of the following:

(a) Six persons licensed and actively engaged in the practice of medicine in the state, with expertise in the areas of mental health, HIV/AIDS, geriatrics, pediatrics or internal medicine and who may be selected based on input from professional associations and/or advocacy groups in New York state.

(b) Six persons licensed and actively practicing in pharmacy in the state who may be selected based on input from professional associations and/or advocacy groups in New York state.

(c) Two persons with expertise in drug utilization review who are health care professionals licensed under Title VIII of the education law at least one of whom is a pharmacologist.

(d) Three persons that are consumers or consumer representatives of organizations with a regional or statewide constituency and who have been involved in activities related to health care consumer advocacy, including issues affecting Medicaid or EPIC recipients.

(e) One person licensed and actively practicing as a nurse practitioner or midwife.

(f) Two persons who are health care economists.

(g) One person who is an actuary.

(h) One person representing the department of financial services.

(i) The commissioner shall designate a person from the department to serve as chairperson of the board.

§ 3. Paragraphs (g), (h), and (i) of subdivision 8 of section 369-bb of the social services law are relettered paragraphs (h), (i), and (j) and a new paragraph (g) is added to read as follows:

(g) The evaluation of specific drugs submitted to the board for review pursuant to section two hundred eighty of the public health law, and the formulation of recommended target supplemental rebates, in accordance with the standards established in such section.

§ 4. Intentionally omitted.

§ 5. Intentionally omitted.
§ 6. Intentionally omitted.

§ 7. The opening paragraph and subparagraphs (i) and (ii) of paragraph (b) and paragraph (d) of subdivision 9 of section 367-a of the social services law, the opening paragraph and paragraph (d) as amended by chapter 19 of the laws of 1998, subparagraphs (i) and (ii) of paragraph (b) as amended by section 2 of part C of chapter 60 of the laws of 2014, subparagraph (i) of paragraph (d) as amended by section 10-a of part H of chapter 59 of the laws of 2011 and subparagraph (ii) of paragraph (d) as amended by section 48 of part C of chapter 58 of the laws of 2009, are amended to read as follows:

Notwithstanding any inconsistent provision of law or regulation to the contrary, for those drugs which may not be dispensed without a prescription as required by section sixty-eight hundred ten of the education law and for which payment is authorized pursuant to paragraph (g) of subdivision two of section three hundred sixty-five-a of this title, and for those drugs that are available without a prescription as required by section sixty-eight hundred ten of the education law but are reimbursed as items of medical assistance pursuant to paragraph (a) of subdivision four of section three hundred sixty-five-a of this title, payments under this title shall be made at the following amounts:

(i) if the drug dispensed is a multiple source prescription drug for which an upper limit has been set by the federal centers for medicare and medicaid services, the lower of: (A) an amount equal to the specific upper limit set by such federal agency for the multiple source prescription drug; (B) the estimated acquisition cost of such drug to pharmacies which, for purposes of this subparagraph, shall mean the average wholesale price of a prescription drug based on the package size dispensed from, as reported by the prescription drug pricing service used by the department, less twenty-five percent thereof; (C) the maximum acquisition cost, if any, established pursuant to paragraph (e) of this subdivision, provided that the methodology used by the department to establish a maximum acquisition cost shall not include average acquisition cost as determined by department surveys; or (D) the dispensing pharmacy’s usual and customary price charged to the general public; and

(1) if the drug dispensed is a generic prescription drug, the lower of:

(A) the national average drug acquisition cost set by the federal centers for medicare and medicaid services for the drug, if any, or if such amount if not available, the wholesale acquisition cost of the drug based on the package size dispensed from, as reported by the prescription drug pricing service used by the department, less seventeen and one-half percent thereof; (2) the federal upper limit, if any, established by the federal centers for medicare and medicaid services; (3) the state maximum acquisition cost, if any, established pursuant to paragraph (e) of this subdivision; or (4) the dispensing pharmacy’s usual and customary price charged to the general public; (B) if the drug dispensed is available without a prescription as required by section sixty-eight hundred ten of the education law but is reimbursed as an item of medical assistance pursuant to paragraph (a) of subdivision four of section three hundred sixty-five-a of this title, the lower of (1) an amount equal to the national average drug acquisition cost set by the federal centers for medicare and medicaid services for the drug, if any, or if such amount if not available, the wholesale acquisition cost of the drug based on the package size dispensed from, as reported by the prescription drug pricing service used by the department, (2) the federal upper limit, if any, established by the federal centers for medicare and medicaid services; (3) the state maximum acquisition cost if any,
established pursuant to paragraph (e) of this subdivision; or (4) the
dispensing pharmacy's usual and customary price charged to the general
public;
(ii) if the drug dispensed is [a multiple source prescription drug or]
a brand-name prescription drug [for which no specific upper limit has
been set by such federal agency], the lower of [the estimated acquisi-
tion cost of such drug to pharmacies or the dispensing pharmacy's usual
and customary price charged to the general public. For sole and multiple
source brand-name drugs, estimated acquisition cost means the average
wholesale price of a prescription drug based upon the package size
dispensed from, as reported by the prescription drug pricing service
used by the department, less seventeen percent thereof or the wholesale
acquisition cost of a prescription drug based upon the package size
dispensed from, as reported by the prescription drug pricing service
used by the department, minus zero and forty-one hundredths percent
thereof, and updated monthly by the department. For multiple source
generic drugs, estimated acquisition cost means the lower of the average
wholesale price of a prescription drug based on the package size
dispensed from, as reported by the prescription drug pricing service
used by the department, less twenty-five percent thereof, or the maximum
acquisition cost, if any, established pursuant to paragraph (e) of this
subdivision, provided that the methodology used by the department to
establish a maximum acquisition cost shall not include average acquisi-
tion cost as determined by department surveys.];
(A) an amount equal to the national average drug acquisition cost set
by the federal centers for medicare and medicaid services for the drug,
if any, or if such amount is not available, the wholesale acquisition
cost of the drug based on the package size dispensed from, as reported
by the prescription drug pricing service used by the department, less
three and three-tenths percent thereof; or (B) the dispensing pharmacy's
usual and customary price charged to the general public; and
(d) In addition to the amounts paid pursuant to paragraph (b) of this
subdivision [to pharmacies for those drugs which may not be dispensed
without a prescription, as required by section sixty-eight hundred ten
of the education law and for which payment is authorized pursuant to
paragraph (g) of subdivision two of section three hundred sixty-five-a
of this title], the department shall pay a professional pharmacy
dispensing fee for each such [prescription] drug dispensed[which
dispensing fee shall not be less than the following amounts:
(i) for prescription drugs categorized as generic by the prescription
drug pricing service used by the department, three dollars and fifty
cents per prescription; and
(ii) for prescription drugs categorized as brand-name prescription
drugs by the prescription drug pricing service used by the department,
three dollars and fifty cents per prescription, provided, however, that
for brand-name prescription drugs reimbursed pursuant to subparagraph
(ii) of paragraph (a-1) of subdivision four of section three hundred
sixty-five-a of this title, the dispensing fee shall be four dollars and
fifty cents per prescription] in the amount of ten dollars per
prescription or written order of a practitioner; provided, however that
this professional dispensing fee will not apply to drugs that are avail-
able without a prescription as required by section sixty-eight hundred
ten of the education law but do not meet the definition of a covered
outpatient drug pursuant to Section 1927K of the Social Security Act.
§ 8. It shall be an unacceptable practice in the Medicaid program
established pursuant to title 11 of article 5 of the social services law
for a provider to prescribe opioids in violation of the requirements of paragraph (g-1) of subdivision 2 of section 365-a of such law, in violation of any other applicable law limiting or restricting the prescribing of opioids, and/or contrary to recommendations issued by the drug utilization review board established by section 369-bb of the social services law, and such practice may result in the provider being excluded from participation in the Medicaid program. No exclusion or other sanction of a Medicaid provider pursuant to this section shall be imposed except in accordance with the requirements of parts 515, 517 and 519 of title 18 of the codes, rules and regulations of the State of New York (NYCRR), and nothing herein shall be construed as limiting the due process rights or legal remedies that would otherwise be available to such a provider.

§ 9. Paragraph (g-1) of subdivision 2 of section 365-a of the social services law, as amended by section 5 of part C of chapter 60 of the laws of 2014, is amended to read as follows:

(g-1) drugs provided on an in-patient basis, those drugs contained on the list established by regulation of the commissioner of health pursuant to subdivision four of this section, and those drugs which may not be dispensed without a prescription as required by section sixty-eight hundred ten of the education law and which the commissioner of health shall determine to be reimbursable based upon such factors as the availability of such drugs or alternatives at low cost if purchased by a medicaid recipient, or the essential nature of such drugs as described by such commissioner in regulations, provided, however, that such drugs, exclusive of long-term maintenance drugs, shall be dispensed in quantities no greater than a thirty day supply or one hundred doses, whichever is greater; provided further that the commissioner of health is authorized to require prior authorization for any refill of a prescription when more than a ten day supply of the previously dispensed amount should remain were the product used as normally indicated, or in the case of a controlled substance, as defined in section thirty-three hundred two of the public health law, when more than a seven day supply of the previously dispensed amount should remain were the product used as normally indicated; provided further that the commissioner of health is authorized to require prior authorization of prescriptions of opioid analgesics in excess of four prescriptions in a thirty-day period in accordance with section two hundred seventy-three of the public health law; medical assistance shall not include any drug provided on other than an in-patient basis for which a recipient is charged or a claim is made in the case of a prescription drug, in excess of the maximum reimbursable amounts to be established by department regulations in accordance with standards established by the secretary of the United States department of health and human services, or, in the case of a drug not requiring a prescription, in excess of the maximum reimbursable amount established by the commissioner of health pursuant to paragraph (a) of subdivision four of this section;

§ 10. Intentionally omitted.

§ 11. Intentionally omitted.

§ 12. Intentionally omitted.

§ 13. Intentionally omitted.

§ 15. Intentionally omitted.

§ 16. Subparagraph (iii) of paragraph (c) of subdivision 6 of section 367-a of the social services law, as amended by section 9 of part C of chapter 60 of the laws of 2014, is amended to read as follows:
(iii) Notwithstanding any other provision of this paragraph, co-payments charged for each generic prescription drug dispensed shall be one dollar and for each brand name prescription drug dispensed shall be three dollars; provided, however, that the co-payments charged for each brand name prescription drug on the preferred drug list established pursuant to section two hundred seventy-two of the public health law or, for managed care providers operating pursuant to section three hundred sixty-four-j of this title, for each brand name prescription drug on a managed care provider's formulary that such provider has designated as a preferred drug, and the co-payments charged for each brand name prescription drug reimbursed pursuant to subparagraph (ii) of paragraph (a-1) of subdivision four of section three hundred sixty-five-a of this title shall be one dollar.

§ 17. Subparagraphs 1 and 5 of paragraph (f) of subdivision 7 of section 367-a of the social services law, as added by section 11 of part B of chapter 59 of the laws of 2016, are amended to read as follows:
(1) The department may require manufacturers of drugs other than single source drugs and innovator multiple source drugs, as such terms are defined in 42 U.S.C. § 1396r-8(k), to provide rebates to the department for any drug that has increased more than three hundred percent of its state maximum acquisition cost (SMAC) during the period April 1, 2016 through March thirty-first, two thousand seventeen, or that has increased more than seventy-five percent of its SMAC on or after April first, two thousand seventeen, in comparison to its SMAC at any time during the course of the preceding twelve months. The required rebate shall be limited to the amount by which the current SMAC for the drug exceeds three hundred percent of the applicable percentage of the SMAC for the same drug at any time during the course of the preceding twelve months. Such rebates shall be in addition to any rebates payable to the department pursuant to any other provision of federal or state law. Nothing herein shall affect the department's obligation to reimburse for covered outpatient drugs pursuant to paragraph (d) of this subdivision.
(5) Beginning in two thousand seventeen, the department shall provide an annual report to the legislature no later than February first setting forth:
(i) The number of drugs that exceeded the ceiling price established in this paragraph during the preceding year in comparison to the number of drugs that experienced at least a three hundred percent price increase during two thousand fourteen and two thousand fifteen, or at least a seventy-five percent price increase during two thousand fourteen and two thousand fifteen,
(ii) The average percent amount above the ceiling price of drugs that exceeded the ceiling price in the preceding year in comparison to the number of drugs that experienced a price increase more than three hundred percent during two thousand fourteen and two thousand fifteen, or at least a seventy-five percent price increase during two thousand fifteen and two thousand sixteen;
(iii) The number of generic drugs available to enrollees in Medicaid fee for service or Medicaid managed care, by fiscal quarter, in the preceding year in comparison to the drugs available, by fiscal quarter, during two thousand fourteen and two thousand fifteen, and two thousand sixteen; and
(iv) The total drug spend on generic drugs for the preceding year in comparison to the total drug spend on generic drugs during two thousand fourteen and two thousand fifteen, and two thousand sixteen.
§ 18. Severability. If any clause, sentence, paragraph, or subdivision of this section shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, or subdivision directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this section would have been enacted even if such invalid provisions had not been included herein.

§ 19. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2017; provided, however, that sections nine, sixteen, and seventeen of this act shall take effect July 1, 2017; provided, further, that the amendments to paragraph (c) of subdivision 6 of section 367-a of the social services law made by section sixteen of this act shall not affect the repeal of such paragraph and shall be deemed repealed therewith; provided, further, that the amendments to paragraph (f) of subdivision 7 of section 367-a of the social services law made by section seventeen of this act shall not affect the repeal of such paragraph and shall be deemed repealed therewith; and provided, further, that the amendments to subdivision 9 of section 367-a of the social services law made by section seven of this act shall not affect the expiration of such subdivision and shall be deemed to expire therewith.

PART E

Section 1. Section 365-f of the social services law is amended by adding two new subdivisions 4-a and 4-b to read as follows:

4-a. Fiscal intermediary services. (a) For the purposes of this section:
   (i) "Fiscal intermediary" means an entity that provides fiscal intermediary services and has a contract for providing such services with:
      (A) a local department of social services;
      (B) an organization licensed under article forty-four of the public health law; or
      (C) an accountable care organization certified under article twenty-nine-E of the public health law or an integrated delivery system composed primarily of health care providers recognized by the department as a performing provider system under the delivery system reform incentive payment program.
   (ii) Fiscal intermediary services shall include the following services, performed on behalf of the consumer to facilitate his or her role as the employer:
      (A) wage and benefit processing for consumer directed personal assistants;
      (B) processing all income tax and other required wage withholdings;
      (C) complying with workers' compensation, disability and unemployment requirements;
      (D) maintaining personnel records for each consumer directed personal assistant, including time sheets and other documentation needed for wages and benefit processing and a copy of the medical documentation required pursuant to regulations established by the commissioner;
      (E) ensuring that the health status of each consumer directed personal assistant is assessed prior to service delivery pursuant to regulations issued by the commissioner;
      (F) maintaining records of service authorizations or reauthorizations;
(G) monitoring the consumer's or, if applicable, the designated repre-
sentative's continuing ability to fulfill the consumer's responsibil-
ities under the program and promptly notifying the authorizing entity of
any circumstance that may affect the consumer's or, if applicable, the
designated representative's ability to fulfill such responsibilities;
(H) complying with regulations established by the commissioner speci-
fying the responsibilities of fiscal intermediaries providing services
under this title; and
(I) entering into a department approved memorandum of understanding
with the consumer that describes the parties' responsibilities under
this program.

(iii) Fiscal intermediaries are not responsible for, and fiscal inter-
mediary services shall not include, fulfillment of the responsibilities
of the consumer or, if applicable, the consumer's designated represen-
tative as established by the commissioner. A fiscal intermediary's
responsibilities shall not include, and a fiscal intermediary shall not
engage in: managing the plan of care including recruiting and hiring a
sufficient number of individuals who meet the definition of consumer
directed personal assistant, as such term is defined by the commission-
er, to provide authorized services that are included on the consumer's
plan of care; training, supervising and scheduling each consumer
directed personal assistant; terminating the consumer directed personal
assistant's employment; or assuring that each consumer directed personal
assistant competently and safely performs the personal care services,
home health aide services and skilled nursing tasks that are included on
the consumer's plan of care. A fiscal intermediary shall exercise
reasonable care in properly carrying out its responsibilities under the
program.

(b) No entity shall provide, directly or through contract, fiscal
intermediary services without an authorization as a fiscal intermediary
issued by the commissioner in accordance with this subdivision.

(c) An application for authorization as a fiscal intermediary shall be
filed with the commissioner, together with such other forms and informa-
tion as shall be prescribed by, or acceptable to the commissioner. Such
information shall include, but not be limited to:

(i) the name and employer identification number, of the entity,
including any subsidiary corporations, if applicable, and any name under
which the entity does business;

(ii) all addresses at which the organization operates;

(iii) the names, titles and contact information of all officers and
directors in a not-for-profit company or business, or managers in a
limited liability company, as well as the name and employment history of
the individual ultimately accountable for operation of the fiscal inter-
mediary; and for a not-for-profit entity, the number of director posi-
tions set by the company's by-laws, and how many are currently filled;

(iv) a history of the organization, along with an overview of the
organization and all services it offers, including any relationships
with outside agencies that may influence in any way the ability of the
organization to provide fiscal intermediary services consistent with the
manner described in its application;

(v) all policies and procedures of the fiscal intermediary, including
any contracts or other documents used in communications with consumers;

(vi) plans to solicit and consider input from the fiscal interme-
diary's consumers, staff, personal assistants and other interested
parties which may be charged with roles including, but not limited to,
quality assurance review, referral, program monitoring or development or
establishing and responding to community needs; such input may be in the
form of a board of directors, committee, survey, or other mechanism,
provided that the majority of input obtained as part of this process
must be from individual consumers and consumer advocates of the fiscal
intermediary;
   (vii) the organization's plan to address the needs of consumers and
their personal assistants in a timely manner, regardless of where they
live, including, but not limited to, input from consumers, obtaining
physicals and other health information from personal assistants, obtain-
ing time records for payroll, and timely processing of payroll; and
   (viii) a written sworn statement by an officer of the entity disclos-
ing any pending litigation, unsatisfied judgments or penalties,
convictions for fraud or sanctions imposed by government authorities.
(d) The entity shall reasonably promptly notify the department of any
change in the information submitted to the department for authorization
under this subdivision.
   (e) The commissioner shall not approve an application for authori-
ization unless he or she is satisfied as to the character, competence and
standing in the community of the applicant's incorporators, directors,
sponsors, stockholders or operators and finds that the personnel, rules,
consumer contracts or agreements, and fiscal intermediary services are
fit and adequate, and that the fiscal intermediary services will be
provided in the manner required by this subdivision and the rules and
regulations hereunder, in a manner determined by the commissioner.
   (f) The commissioner may contract with an entity with appropriate
knowledge, expertise and experience possessing extensive knowledge of
consumer directed personal assistance fiscal intermediary services and
which has a history of providing similar services in relation to a self-
directed program to develop and to assist the commissioner in evaluating
applicants for authorizations or readiness reviews to be a fiscal inter-
mediary.
   (g) Neither public need, tax status nor profit-making status shall be
a criterion for authorization under this subdivision. Status as a
licensed home care services agency or other health provider shall not
positively or negatively affect an application for authorization under
this subdivision. An organization authorized pursuant to article
forty-four of the public health law shall not be a fiscal intermediary.
   (h) An authorization under this subdivision shall last for a period of
five years. Upon application for a renewal, the fiscal intermediary
shall submit up to date information to the commissioner.
4-b. Actions involving the authorization of a fiscal intermediary.
   (a) A fiscal intermediary's authorization may be revoked, suspended,
limited or annulled upon thirty day's written notice to the fiscal
intermediary, if the commissioner finds that the fiscal intermediary has
failed to comply with the provisions of this subdivision or regulations
promulgated hereunder. Notwithstanding the foregoing, upon determining
that the public health or safety would be imminently endangered by the
continued authorization of the fiscal intermediary, the commissioner may
revoke, suspend, limit or annul the fiscal intermediary's authorization
immediately.
   (b) All orders or determinations under this subdivision shall be
subject to review as provided in article seventy-eight of the civil
practice law and rules.
§ 2. Subdivision 25 of section 2808 of the public health law, as
amended by section 34 of part D of chapter 56 of the laws of 2012, is
amended to read as follows:
25. Reserved bed days. (a) For purposes of this subdivision, a "reserved bed day" is a day for which a governmental agency pays a residential health care facility to reserve a bed for a person eligible for medical assistance pursuant to title eleven of article five of the social services law while he or she is temporarily hospitalized or on therapeutic leave of absence from the facility.

(b) Notwithstanding any other provisions of this section or any other law or regulation to the contrary, for reserved bed days provided on behalf of persons twenty-one years of age or older:

(i) payments for reserved bed days shall be made at ninety-five percent of the Medicaid rate otherwise payable to the facility for services provided on behalf of such person; and

(ii) payment to a facility for reserved bed days provided on behalf of such person for temporary hospitalizations may not exceed fourteen days in any twelve month period;

(iii) payment to a facility for reserved bed days provided on behalf of such person for therapeutic leaves of absence may not exceed ten days in any twelve month period.

(c)(i) Notwithstanding any contrary provision of this subdivision or any other law and subject to the availability of federal financial participation, with regard to services provided to residential health care facility residents twenty-one years of age and older, the commissioner shall promulgate regulations, and may promulgate emergency regulations, effective for periods on and after July first, two thousand twelve, establishing reimbursement rates for reserved bed days.

(ii) Such regulations shall, for each Medicaid patient for any twelve month period, provide for reimbursement for reserved bed days for: (A) up to an aggregate of fourteen days for hospitalizations and for other therapeutic leave of absences consistent with a plan of care ordered by such patient's treating health care professional; and (B) up to an aggregate of ten days of other leaves of absence.

(iii) No later than thirty days after promulgation of such regulations, the commissioner shall advise the chairs of the senate and assembly finance and health committees of the projected reductions expected to be achieved under the methodology set forth in such regulations.

(iv) In the event the commissioner determines, in consultation with the director of the budget, that the regulations promulgated pursuant to subparagraph (i) of this paragraph shall achieve projected aggregate Medicaid savings, as determined by the commissioner, of less than forty million dollars for the state fiscal year beginning April first, two thousand twelve, and each state fiscal year thereafter, the commissioner shall establish a prospective per diem rate adjustment for all nursing homes, other than nursing homes providing services primarily to children under the age of twenty-one, sufficient to achieve such forty million dollars in savings for each such state fiscal year.

§ 3. Intentionally omitted.

§ 4. Subdivision 2-c of section 2808 of the public health law is amended by adding a new paragraph (f) to read as follows:

(f) The commissioner shall establish a prospective per diem adjustment for all nursing homes, other than nursing homes providing services primarily to children under the age of twenty-one, beginning April first, two thousand seventeen and each year thereafter sufficient to achieve eighteen million dollars in savings in each state fiscal year.

§ 5. Intentionally omitted.

§ 6. Intentionally omitted.
§ 7. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2017.

PART F

Intentionally Omitted

PART G

Section 1. Subdivision 1 of section 92 of part H of chapter 59 of the laws of 2011, amending the public health law and other laws relating to known and projected department of health state fund medicaid expenditures, as separately amended by section 1 of part JJ of chapter 54 and section 18 of part B of chapter 59 of the laws of 2016, is amended to read as follows:

1. For state fiscal years 2011-12 through [2017-18], the director of the budget, in consultation with the commissioner of health referenced as "commissioner" for purposes of this section, shall assess on a monthly basis, as reflected in monthly reports pursuant to subdivision five of this section known and projected department of health state funds medicaid expenditures by category of service and by geographic regions, as defined by the commissioner, and if the director of the budget determines that such expenditures are expected to cause medicaid disbursements for such period to exceed the projected department of health medicaid state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, the commissioner of health, in consultation with the director of the budget, shall develop a medicaid savings allocation plan to limit such spending to the aggregate limit level specified in the enacted budget financial plan, provided, however, such projections may be adjusted by the director of the budget to account for any changes in the New York state federal medical assistance percentage amount established pursuant to the federal social security act, changes in provider revenues, reductions to local social services district medical assistance administration, minimum wage increases, and beginning April 1, 2012 the operational costs of the New York state medical indemnity fund and state costs or savings from the basic health plan. Such projections may be adjusted by the director of the budget to account for increased or expedited department of health state funds medicaid expenditures as a result of a natural or other type of disaster, including a governmental declaration of emergency.

§ 2. Intentionally omitted.

§ 3. Intentionally omitted.

§ 4. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2017.

PART H

Section 1. Subdivision 5 of section 168 of chapter 639 of the laws of 1996, constituting the New York Health Care Reform Act of 1996, as amended by section 1 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

5. Sections 2807-c, 2807-j, 2807-s and 2807-t of the public health law, as amended or as added by this act, shall expire on December 31, [2017] 2020, and shall be thereafter effective only in respect to any act done on or before such date or action or proceeding arising out of
such act including continued collections of funds from assessments and
allowances and surcharges established pursuant to sections 2807-c,
2807-j, 2807-s and 2807-t of the public health law, and administration
and distributions of funds from pools established pursuant to sections
2807-c, 2807-j, 2807-k, 2807-l, 2807-m, 2807-s and 2807-t of the public
health law related to patient services provided before December 31,
[2017] 2020, and continued expenditure of funds authorized for programs
and grants until the exhaustion of funds therefor;
§ 2. Subdivision 1 of section 138 of chapter 1 of the laws of 1999,
constituting the New York Health Care Reform Act of 2000, as amended by
section 2 of part B of chapter 60 of the laws of 2014, is amended to
read as follows:
1. sections 2807-c, 2807-j, 2807-s, and 2807-t of the public health
law, as amended by this act, shall expire on December 31, [2017] 2020,
and shall be thereafter effective only in respect to any act done before
such date or action or proceeding arising out of such act including
continued collections of funds from assessments and allowances and
surcharges established pursuant to sections 2807-c, 2807-j, 2807-s and
2807-t of the public health law, and administration and distributions of
funds from pools established pursuant to sections 2807-c, 2807-j,
2807-k, 2807-l, 2807-m, 2807-s, 2807-t, 2807-v and 2807-w of the public
health law, as amended or added by this act, related to patient services
provided before December 31, [2017] 2020, and continued expenditure of
funds authorized for programs and grants until the exhaustion of funds
therefor;
§ 3. Subparagraph (xv) of paragraph (a) of subdivision 6 of section
2807-s of the public health law, as amended by section 3 of part B of
chapter 60 of the laws of 2014, is amended to read as follows:
(xv) A gross annual statewide amount for the period January first, two
thousand fifteen through December thirty-first, two thousand [seventeen] twenty, shall be one billion forty-five million dollars.
§ 4. Subparagraph (xiii) of paragraph (a) of subdivision 7 of section
2807-s of the public health law, as amended by section 4 of part B of
chapter 60 of the laws of 2014, is amended to read as follows:
(xiii) twenty-three million eight hundred thirty-six thousand dollars
each state fiscal year for the period April first, two thousand twelve
through March thirty-first, two thousand [seventeen] twenty;
§ 5. Subparagraphs (iv) and (v) of paragraph (a) of subdivision 9 of
section 2807-j of the public health law, as amended by section 5 of part
B of chapter 60 of the laws of 2014, are amended to read as follows:
(iv) seven hundred sixty-five million dollars annually of the funds
accumulated for the periods January first, two thousand through December
thirty-first, two thousand [sixteen] nineteen, and
(v) one hundred ninety-one million two hundred fifty thousand dollars
of the funds accumulated for the period January first, two thousand
§ 6. Subdivisions 5-a and 7 of section 2807-m of the public health
law, as amended by section 9 of part B of chapter 60 of the laws of
2014, subparagraphs (iv), (v) and (vi) of paragraph (d) of subdivision
5-a as added by section 4 of part W of chapter 57 of the laws of 2015,
are amended to read as follows:
5-a. Graduate medical education innovations pool. (a) Supplemental
distributions. (i) Thirty-one million dollars for the period January
first, two thousand eight through December thirty-first, two thousand
eight, shall be set aside and reserved by the commissioner from the
regional pools established pursuant to subdivision two of this section
and shall be available for distributions pursuant to subdivision five of
this section and in accordance with section 86-1.89 of title 10 of the
codes, rules and regulations of the state of New York as in effect on
January first, two thousand eight; provided, however, for purposes of
funding the empire clinical research investigation program (ECRIP) in
accordance with paragraph eight of subdivision (e) and paragraph two of
subdivision (f) of section 86-1.89 of title 10 of the codes, rules and regu-
lations of the state of New York, distributions shall be made using
two regions defined as New York city and the rest of the state and the
dollar amount set forth in subparagraph (i) of paragraph two of subdivi-
sion (f) of section 86-1.89 of title 10 of the codes, rules and regu-
lations of the state of New York shall be increased from sixty thousand
dollars to seventy-five thousand dollars.

(ii) For periods on and after January first, two thousand nine,
supplemental distributions pursuant to subdivision five of this section
and in accordance with section 86-1.89 of title 10 of the codes, rules
and regulations of the state of New York shall no longer be made and the
provisions of section 86-1.89 of title 10 of the codes, rules and regu-
lations of the state of New York shall be null and void.

(b) Empire clinical research investigator program (ECRIP). Nine
million one hundred twenty thousand dollars annually for the period
January first, two thousand nine through December thirty-first, two
thousand ten, and two million two hundred eighty thousand dollars for
the period January first, two thousand eleven, through March thirty-
first, two thousand eleven, nine million one hundred twenty thousand
dollars each state fiscal year for the period April first, two thousand
eleven through March thirty-first, two thousand fourteen, [and] up to
eight million six hundred twelve thousand dollars each state fiscal year
for the period April first, two thousand fourteen through March thirty-
first, two thousand seventeen, and up to eight million six hundred
twelve thousand dollars each state fiscal year for the period April
first, two thousand seventeen through March thirty-first, two thousand
twenty, shall be set aside and reserved by the commissioner from the
regional pools established pursuant to subdivision two of this section
to be allocated regionally with two-thirds of the available funding
going to New York city and one-third of the available funding going to
the rest of the state and shall be available for distribution as
follows:

Distributions shall first be made to consortia and teaching general
hospitals for the empire clinical research investigator program (ECRIP)
to help secure federal funding for biomedical research, train clinical
researchers, recruit national leaders as faculty to act as mentors, and
train residents and fellows in biomedical research skills based on
hospital-specific data submitted to the commissioner by consortia and
teaching general hospitals in accordance with clause (G) of this subpar-
agraph. Such distributions shall be made in accordance with the follow-
ing methodology:

(A) The greatest number of clinical research positions for which a
consortium or teaching general hospital may be funded pursuant to this
subparagraph shall be one percent of the total number of residents
training at the consortium or teaching general hospital on July first,
two thousand eight for the period January first, two thousand nine
through December thirty-first, two thousand nine rounded up to the near-
est one position.
(B) Distributions made to a consortium or teaching general hospital shall equal the product of the total number of clinical research positions submitted by a consortium or teaching general hospital and accepted by the commissioner as meeting the criteria set forth in paragraph (b) of subdivision one of this section, subject to the reduction calculation set forth in clause (C) of this subparagraph, times one hundred ten thousand dollars.

(C) If the dollar amount for the total number of clinical research positions in the region calculated pursuant to clause (B) of this subparagraph exceeds the total amount appropriated for purposes of this paragraph, including clinical research positions that continue from and were funded in prior distribution periods, the commissioner shall eliminate one-half of the clinical research positions submitted by each consortium or teaching general hospital rounded down to the nearest one position. Such reduction shall be repeated until the dollar amount for the total number of clinical research positions in the region does not exceed the total amount appropriated for purposes of this paragraph. If the repeated reduction of the total number of clinical research positions in the region by one-half does not render a total funding amount that is equal to or less than the total amount reserved for that region within the appropriation, the funding for each clinical research position in that region shall be reduced proportionally in one thousand dollar increments until the total dollar amount for the total number of clinical research positions in that region does not exceed the total amount reserved for that region within the appropriation. Any reduction in funding will be effective for the duration of the award. No clinical research positions that continue from and were funded in prior distribution periods shall be eliminated or reduced by such methodology.

(D) Each consortium or teaching general hospital shall receive its annual distribution amount in accordance with the following:

(I) Each consortium or teaching general hospital with a one-year ECRIP award shall receive its annual distribution amount in full upon completion of the requirements set forth in items (I) and (II) of clause (G) of this subparagraph. The requirements set forth in items (IV) and (V) of clause (G) of this subparagraph must be completed by the consortium or teaching general hospital in order for the consortium or teaching general hospital to be eligible to apply for ECRIP funding in any subsequent funding cycle.

(II) Each consortium or teaching general hospital with a two-year ECRIP award shall receive its first annual distribution amount in full upon completion of the requirements set forth in items (I) and (II) of clause (G) of this subparagraph. Each consortium or teaching general hospital will receive its second annual distribution amount in full upon completion of the requirements set forth in item (III) of clause (G) of this subparagraph. The requirements set forth in items (IV) and (V) of clause (G) of this subparagraph must be completed by the consortium or teaching general hospital in order for the consortium or teaching general hospital to be eligible to apply for ECRIP funding in any subsequent funding cycle.

(E) Each consortium or teaching general hospital receiving distributions pursuant to this subparagraph shall reserve seventy-five thousand dollars to primarily fund salary and fringe benefits of the clinical research position with the remainder going to fund the development of faculty who are involved in biomedical research, training and clinical care.
(F) Undistributed or returned funds available to fund clinical research positions pursuant to this paragraph for a distribution period shall be available to fund clinical research positions in a subsequent distribution period.

(G) In order to be eligible for distributions pursuant to this subparagraph, each consortium and teaching general hospital shall provide to the commissioner by July first of each distribution period, the following data and information on a hospital-specific basis. Such data and information shall be certified as to accuracy and completeness by the chief executive officer, chief financial officer or chair of the consortium governing body of each consortium or teaching general hospital and shall be maintained by each consortium and teaching general hospital for five years from the date of submission:

(I) For each clinical research position, information on the type, scope, training objectives, institutional support, clinical research experience of the sponsor-mentor, plans for submitting research outcomes to peer reviewed journals and at scientific meetings, including a meeting sponsored by the department, the name of a principal contact person responsible for tracking the career development of researchers placed in clinical research positions, as defined in paragraph (c) of subdivision one of this section, and who is authorized to certify to the commissioner that all the requirements of the clinical research training objectives set forth in this subparagraph shall be met. Such certification shall be provided by July first of each distribution period;

(II) For each clinical research position, information on the name, citizenship status, medical education and training, and medical license number of the researcher, if applicable, shall be provided by December thirty-first of the calendar year following the distribution period;

(III) Information on the status of the clinical research plan, accomplishments, changes in research activities, progress, and performance of the researcher shall be provided upon completion of one-half of the award term;

(IV) A final report detailing training experiences, accomplishments, activities and performance of the clinical researcher, and data, methods, results and analyses of the clinical research plan shall be provided three months after the clinical research position ends; and

(V) Tracking information concerning past researchers, including but not limited to (A) background information, (B) employment history, (C) research status, (D) current research activities, (E) publications and presentations, (F) research support, and (G) any other information necessary to track the researcher; and

(VI) Any other data or information required by the commissioner to implement this subparagraph.

(H) Notwithstanding any inconsistent provision of this subdivision, for periods on and after April first, two thousand thirteen, ECRIP grant awards shall be made in accordance with rules and regulations promulgated by the commissioner. Such regulations shall, at a minimum:

(1) provide that ECRIP grant awards shall be made with the objective of securing federal funding for biomedical research, training clinical researchers, recruiting national leaders as faculty to act as mentors, and training residents and fellows in biomedical research skills;

(2) provide that ECRIP grant applicants may include interdisciplinary research teams comprised of teaching general hospitals acting in collaboration with entities including but not limited to medical centers, hospitals, universities and local health departments;
(3) provide that applications for ECRIP grant awards shall be based on such information requested by the commissioner, which shall include but not be limited to hospital-specific data;

(4) establish the qualifications for investigators and other staff required for grant projects eligible for ECRIP grant awards; and

(5) establish a methodology for the distribution of funds under ECRIP grant awards.

(c) Ambulatory care training. Four million nine hundred thousand dollars for the period January first, two thousand eight through December thirty-first, two thousand eight, four million nine hundred thousand dollars for the period January first, two thousand nine through December thirty-first, two thousand nine, four million nine hundred thousand dollars for the period January first, two thousand ten through December thirty-first, two thousand ten, one million two hundred twenty-five thousand dollars for the period January first, two thousand eleven through March thirty-first, two thousand eleven, four million three hundred thousand dollars each state fiscal year for the period April first, two thousand eleven through March thirty-first, two thousand twelve, and up to four million sixty thousand dollars each state fiscal year for the period April first, two thousand thirteen through March thirty-first, two thousand fourteen, shall be set aside and reserved by the commissioner from the regional pools established pursuant to subdivision two of this section and shall be available for distributions to sponsoring institutions to be directed to support clinical training of medical students and residents in free-standing ambulatory care settings, including community health centers and private practices. Such funding shall be allocated regionally with two-thirds of the available funding going to New York city and one-third of the available funding going to the rest of the state and shall be distributed to sponsoring institutions in each region pursuant to a request for application or request for proposal process with preference being given to sponsoring institutions which provide training in sites located in underserved rural or inner-city areas and those that include medical students in such training.

(d) Physician loan repayment program. One million nine hundred sixty thousand dollars for the period January first, two thousand eight through December thirty-first, two thousand eight, one million nine hundred sixty thousand dollars for the period January first, two thousand nine through December thirty-first, two thousand nine, one million nine hundred sixty thousand dollars for the period January first, two thousand ten through December thirty-first, two thousand ten, four hundred ninety thousand dollars for the period January first, two thousand eleven through March thirty-first, two thousand eleven, one million seven hundred thousand dollars each state fiscal year for the period April first, two thousand eleven through March thirty-first, two thousand twelve, and up to one million seven hundred five thousand dollars each state fiscal year for the period April first, two thousand thirteen through March thirty-first, two thousand fourteen, shall be set aside and reserved by the commissioner from the regional pools established pursuant to subdivision two of this section and shall be available for purposes of physician loan repayment in accordance with subdivision ten of this section.
Notwithstanding any contrary provision of this section, sections one hundred twelve and one hundred sixty-three of the state finance law, or any other contrary provision of law, such funding shall be allocated regionally with one-third of available funds going to New York city and two-thirds of available funds going to the rest of the state and shall be distributed in a manner to be determined by the commissioner without a competitive bid or request for proposal process as follows:

(i) Funding shall first be awarded to repay loans of up to twenty-five physicians who train in primary care or specialty tracks in teaching general hospitals, and who enter and remain in primary care or specialty practices in underserved communities, as determined by the commissioner.

(ii) After distributions in accordance with subparagraph (i) of this paragraph, all remaining funds shall be awarded to repay loans of physicians who enter and remain in primary care or specialty practices in underserved communities, as determined by the commissioner, including but not limited to physicians working in general hospitals, or other health care facilities.

(iii) In no case shall less than fifty percent of the funds available pursuant to this paragraph be distributed in accordance with subparagraphs (i) and (ii) of this paragraph to physicians identified by general hospitals.

(iv) In addition to the funds allocated under this paragraph, for the period April first, two thousand fifteen through March thirty-first, two thousand sixteen, two million dollars shall be available for the purposes described in subdivision ten of this section;

(v) In addition to the funds allocated under this paragraph, for the period April first, two thousand sixteen through March thirty-first, two thousand seventeen, two million dollars shall be available for the purposes described in subdivision ten of this section;

(vi) Notwithstanding any provision of law to the contrary, and subject to the extension of the Health Care Reform Act of 1996, sufficient funds shall be available for the purposes described in subdivision ten of this section in amounts necessary to fund the remaining year commitments for awards made pursuant to subparagraphs (iv) and (v) of this paragraph.

(e) Physician practice support. Four million nine hundred thousand dollars for the period January first, two thousand eight through December thirty-first, two thousand eight, four million nine hundred thousand dollars annually for the period January first, two thousand nine through December thirty-first, two thousand ten, one million two hundred twenty-five thousand dollars for the period January first, two thousand eleven through March thirty-first, two thousand eleven, four million three hundred thousand dollars each state fiscal year for the period April first, two thousand through March thirty-first, two thousand fourteen, and up to four million three hundred sixty thousand dollars for each state fiscal year for the period April first, two thousand thirty-first, two thousand twenty, shall be set aside and reserved by the commissioner from the regional pools established pursuant to subdivision two of this section and shall be available for purposes of physician practice support. Notwithstanding any contrary provision of this section, sections one hundred twelve and one hundred sixty-three of the state finance law, or any other contrary provision of law, such funding shall be allocated regionally with one-third of available funds going to New York city and two-thirds of available funds going to the rest of the state.
state and shall be distributed in a manner to be determined by the commissioner without a competitive bid or request for proposal process as follows:

(i) Preference in funding shall first be accorded to teaching general hospitals for up to twenty-five awards, to support costs incurred by physicians trained in primary or specialty tracks who thereafter establish or join practices in underserved communities, as determined by the commissioner.

(ii) After distributions in accordance with subparagraph (i) of this paragraph, all remaining funds shall be awarded to physicians to support the cost of establishing or joining practices in underserved communities, as determined by the commissioner, and to hospitals and other health care providers to recruit new physicians to provide services in underserved communities, as determined by the commissioner.

(iii) In no case shall less than fifty percent of the funds available pursuant to this paragraph be distributed to general hospitals in accordance with subparagraphs (i) and (ii) of this paragraph.

(e-1) Work group. For funding available pursuant to paragraphs (d) and (e) of this subdivision:

(i) The department shall appoint a work group from recommendations made by associations representing physicians, general hospitals and other health care facilities to develop a streamlined application process by June first, two thousand twelve.

(ii) Subject to available funding, applications shall be accepted on a continuous basis. The department shall provide technical assistance to applicants to facilitate their completion of applications. An applicant shall be notified in writing by the department within ten days of receipt of an application as to whether the application is complete and if the application is incomplete, what information is outstanding. The department shall act on an application within thirty days of receipt of a complete application.

(f) Study on physician workforce. Five hundred ninety thousand dollars annually for the period January first, two thousand eight through December thirty-first, two thousand ten, one hundred forty-eight thousand dollars for the period January first, two thousand eleven through March thirty-first, two thousand eleven, five hundred sixteen thousand dollars each state fiscal year for the period April first, two thousand eleven through March thirty-first, two thousand fourteen, and up to four hundred eighty-seven thousand dollars for each state fiscal year for the period April first, two thousand fourteen through March thirty-first, two thousand seventeen, and up to four hundred eighty-seven thousand dollars for each state fiscal year for the period April first, two thousand eighteen through March thirty-first, two thousand twenty, shall be set aside and reserved by the commissioner from the regional pools established pursuant to subdivision two of this section and shall be available to fund a study of physician workforce needs and solutions including, but not limited to, an analysis of residency programs and projected physician workforce and community needs. The commissioner shall enter into agreements with one or more organizations to conduct such study based on a request for proposal process.

(g) Diversity in medicine/post-baccalaureate program. ic program outcomes within the New York state area health education center program. The New York state area health education center program shall report to the commissioner on an annual basis regarding the use of funds for each purpose in such form and manner as specified by the commissioner.

§ 7. Paragraph (a) of subdivision 12 of section 367-b of the social services law, as amended by section 10 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

(a) For the purpose of regulating cash flow for general hospitals, the department shall develop and implement a payment methodology to provide for timely payments for inpatient hospital services eligible for case based payments per discharge based on diagnosis-related groups provided during the period January first, nineteen hundred eighty-eight through March thirty-first two thousand [seventeen] twenty, by such hospitals which elect to participate in the system.

§ 8. Subdivision 6 of section 2807-t of the public health law, as amended by section 15 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

6. Prospective adjustments. (a) The commissioner shall annually reconcile the sum of the actual payments made to the commissioner or the commissioner's designee for each region pursuant to section twenty-eight hundred seven-s of this article and pursuant to this section for the prior year with the regional allocation of the gross annual statewide amount specified in subdivision six of section twenty-eight hundred seven-s of this article for such prior year. The difference between the actual amount raised for a region and the regional allocation of the specified gross annual amount for such prior year shall be applied as a prospective adjustment to the regional allocation of the specified gross annual payment amount for such region for the year next following the calculation of the reconciliation. The authorized dollar value of the adjustments shall be the same as if calculated retrospectively.

(b) Notwithstanding the provisions of paragraph (a) of this subdivision, for covered lives assessment rate periods on and after January first, two thousand fifteen through December thirty-first, two thousand [seventeen] twenty, for amounts collected in the aggregate in excess of one billion forty-five million dollars on an annual basis, prospective adjustments shall be suspended if the annual reconciliation calculation from the prior year would otherwise result in a decrease to the regional allocation of the specified gross annual payment amount for that region, provided, however, that such suspension shall be lifted upon a determination by the commissioner, in consultation with the director of the budget, that sixty-five million dollars in aggregate collections on an annual basis over and above one billion forty-five million dollars on an annual basis have been reserved and set aside for deposit in the HCRA resources fund. Any amounts collected in the aggregate at or below one billion forty-five million dollars on an annual basis, shall be subject to regional adjustments reconciling any decreases or increases to the regional allocation in accordance with paragraph (a) of this subdivision.

§ 9. Section 2 of chapter 600 of the laws of 1986 amending the public health law relating to the development of pilot reimbursement programs for ambulatory care services, as amended by section 11 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

§ 2. This act shall take effect immediately, except that this act shall expire and be of no further force and effect on and after April 1, [2017; provided, however, that the commissioner of health shall submit a
report to the governor and the legislature detailing the objective, impact, design and computation of any pilot reimbursement program established pursuant to this act, on or before March 31, 1994 and annually thereafter. Such report shall include an assessment of the financial impact of such payment system on providers, as well as the impact of such system on access to care.

§ 10. Paragraph (i) of subdivision (b) of section 1 of chapter 520 of the laws of 1978 relating to providing for a comprehensive survey of health care financing, education and illness prevention and creating councils for the conduct thereof, as amended by section 12 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

(i) oversight and evaluation of the inpatient financing system in place for 1988 through March 31, 2017, and the appropriateness and effectiveness of the bad debt and charity care financing provisions;

§ 11. Paragraph (l) of subdivision 9 of section 3614 of the public health law, as added by section 13 of part B of chapter 60 of the laws of 2014, is amended and three new paragraphs (m), (n) and (o) are added to read as follows:

(m) for the period April first, two thousand sixteen through March thirty-first, two thousand seventeen, up to one hundred million dollars;

(n) for the period April first, two thousand seventeen through March thirty-first, two thousand eighteen, up to one hundred million dollars;

(o) for the period April first, two thousand nineteen through March thirty-first, two thousand twenty, up to one hundred million dollars.

§ 12. Paragraph (p) of subdivision 1 of section 367-q of the social services law, as added by section 14 of part B of chapter 60 of the laws of 2014, is amended and three new paragraphs (q), (r) and (s) are added to read as follows:

(q) for the period April first, two thousand seventeen through March thirty-first, two thousand eighteen, up to twenty-eight million five hundred thousand dollars;

(r) for the period April first, two thousand eighteen through March thirty-first, two thousand nineteen, twenty-eight million five hundred thousand dollars;

(s) for the period April first, two thousand nineteen through March thirty-first, two thousand twenty, twenty-eight million five hundred thousand dollars.

§ 13. Subdivision 4-c of section 2807-p of the public health law, as amended by section 16 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

4-c. Notwithstanding any provision of law to the contrary, the commissioner shall make additional payments for uncompensated care to voluntary non-profit diagnostic and treatment centers that are eligible for distributions under subdivision four of this section in the following amounts: for the period June first, two thousand six through December thirty-first, two thousand six, in the amount of seven million five hundred thousand dollars; for the period January first, two thousand seven through December thirty-first, two thousand seven, seven million five hundred thousand dollars; for the period January first, two thousand eight through December thirty-first, two thousand eight, seven
million five hundred thousand dollars, for the period January first, two thousand nine through December thirty-first, two thousand nine, fifteen million five hundred thousand dollars, for the period January first, two thousand ten through December thirty-first, two thousand ten, seven million five hundred thousand dollars, for the period January first, two thousand eleven through December thirty-first, two thousand eleven, seven million five hundred thousand dollars, for the period January first, two thousand twelve through December thirty-first, two thousand twelve, seven million five hundred thousand dollars, for the period January first, two thousand thirteen through December thirty-first, two thousand thirteen, seven million five hundred thousand dollars, for the period January first, two thousand fourteen through December thirty-first, two thousand fourteen, seven million five hundred thousand dollars, for the period January first, two thousand fifteen through December thirty-first, two thousand fifteen, seven million five hundred thousand dollars, for the period January first, two thousand sixteen through December thirty-first, two thousand sixteen, seven million five hundred thousand dollars, for the period January first, two thousand seventeen through December thirty-first, two thousand seventeen, seven million five hundred thousand dollars, for the period January first, two thousand eighteen through December thirty-first, two thousand eighteen, seven million five hundred thousand dollars, for the period January first, two thousand nineteen through December thirty-first, two thousand nineteen, seven million five hundred thousand dollars, and for the period January first, two thousand twenty, in the amount of one million six hundred thousand dollars, provided, however, that for periods on and after January first, two thousand eight, such additional payments shall be distributed to voluntary, non-profit diagnostic and treatment centers and to public diagnostic and treatment centers in accordance with paragraph (g) of subdivision four of this section. In the event that federal financial participation is available for rate adjustments pursuant to this section, the commissioner shall make such payments as additional adjustments to rates of payment for voluntary non-profit diagnostic and treatment centers that are eligible for distributions under subdivision four-a of this section in the following amounts: for the period June first, two thousand six through December thirty-first, two thousand six, fifteen million dollars in the aggregate, and for the period January first, two thousand seven through June thirtieth, two thousand seven, seven million five hundred thousand dollars in the aggregate. The amounts allocated pursuant to this paragraph shall be aggregated with and distributed pursuant to the same methodology applicable to the amounts allocated to such diagnostic and treatment centers for such periods pursuant to subdivision four of this section if federal financial participation is not available, or pursuant to subdivision four-a of this section if federal financial participation is available. Notwithstanding section three hundred sixty-eight-a of the social services law, there shall be no local share in a medical assistance payment adjustment under this subdivision.

§ 14. Section 34 of part A3 of chapter 62 of the laws of 2003 amending the general business law and other laws relating to enacting major components necessary to implement the state fiscal plan for the 2003-04 state fiscal year, as amended by section 6 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

§ 18. Section 40 of chapter 266 of the laws of 1986, amending the civil practice law and rules and other laws relating to malpractice and professional medical conduct, as amended by section 5 of part C of chapter 59 of the laws of 2016, is amended to read as follows:

§ 40. The superintendent of financial services shall establish rates for policies providing coverage for physicians and surgeons medical malpractice for the periods commencing July 1, 1985 and ending June 30, 2017; provided, however, that notwithstanding any other provision of law, the superintendent shall not establish or approve any increase in rates for the period commencing July 1, 2009 and ending June 30, 2010. The superintendent shall direct insurers to establish segregated accounts for premiums, payments, reserves and investment income attributable to such premium periods and shall require periodic reports by the insurers regarding claims and expenses attributable to such periods to monitor whether such accounts will be sufficient to meet incurred claims and expenses. On or after July 1, 1989, the superintendent shall impose a surcharge on premiums to satisfy a projected deficiency that is attributable to the premium levels established pursuant to this section for such periods; provided, however, that such annual surcharge shall not exceed eight percent of the established rate until July 1, 2017, at which time and thereafter such surcharge shall not exceed twenty-five percent of the approved adequate rate, and that such annual surcharges shall continue for such period of time as shall be sufficient to satisfy such deficiency. The superintendent shall not impose such surcharge during the period commencing July 1, 2009 and ending June 30, 2010. On and after July 1, 1989, the surcharge prescribed by this section shall be retained by insurers to the extent that they insured physicians and surgeons during the July 1, 1985 through June 30, 2017 policy periods; in the event and to the extent physicians and surgeons were insured by another insurer during such periods, all or a pro rata share of the surcharge, as the case may be, shall be remitted to such other insurer in accordance with rules and regulations to be
promulgated by the superintendent. Surcharges collected from physicians and surgeons who were not insured during such policy periods shall be apportioned among all insurers in proportion to the premium written by each insurer during such policy periods; if a physician or surgeon was insured by an insurer subject to rates established by the superintendent during such policy periods, and at any time thereafter a hospital, health maintenance organization, employer or institution is responsible for responding in damages for liability arising out of such physician's or surgeon's practice of medicine, such responsible entity shall also remit to such prior insurer the equivalent amount that would then be collected as a surcharge if the physician or surgeon had continued to remain insured by such prior insurer. In the event any insurer that provided coverage during such policy periods is in liquidation, the property/casualty insurance security fund shall receive the portion of surcharges to which the insurer in liquidation would have been entitled. The surcharges authorized herein shall be deemed to be income earned for the purposes of section 2303 of the insurance law. The superintendent, in establishing adequate rates and in determining any projected deficiency pursuant to the requirements of this section and the insurance law, shall give substantial weight, determined in his discretion and judgment, to the prospective anticipated effect of any regulations promulgated and laws enacted and the public benefit of stabilizing malpractice rates and minimizing rate level fluctuation during the period of time necessary for the development of more reliable statistical experience as to the efficacy of such laws and regulations affecting medical, dental or podiatric malpractice enacted or promulgated in 1985, 1986, by this act and at any other time. Notwithstanding any provision of the insurance law, rates already established and to be established by the superintendent pursuant to this section are deemed adequate if such rates would be adequate when taken together with the maximum authorized annual surcharges to be imposed for a reasonable period of time whether or not any such annual surcharge has been actually imposed as of the establishment of such rates.

§ 19. Section 5 and subdivisions (a) and (e) of section 6 of part J of chapter 63 of the laws of 2001, amending chapter 266 of the laws of 1986, amending the civil practice law and rules and other laws relating to malpractice and professional medical conduct, as amended by section 6 of part C of chapter 59 of the laws of 2016, are amended to read as follows:

(a) This section shall be effective only upon a determination, pursuant to section five of this act, by the superintendent of financial services and the commissioner of health, and a certification of such determination to the state director of the budget, the chair of the senate committee on finance and the chair of the assembly committee on ways and means, that the amount of funds in the hospital excess liability pool, created pursuant to section 18 of chapter 266 of the laws of 1986, is insufficient for purposes of purchasing excess insurance coverage for eligible participating physicians and dentists during the period July 1, 2001 to June 30, 2002, or July 1, 2002 to June 30, 2003, or July 1, 2003 to June 30, 2004, or July 1, 2004 to June 30, 2005, or July 1, 2005 to June 30, 2006, or July 1, 2006 to June 30, 2007, or July 1, 2007 to June 30, 2008, or July 1, 2008 to June 30, 2009, or July 1, 2009 to June 30, 2010, or July 1, 2010 to June 30, 2011, or July 1, 2011 to June 30, 2012, or July 1, 2012 to June 30, 2013, or July 1, 2013 to June 30, 2014, or July 1, 2014 to June 30, 2015, or July 1, 2015 to June 30, 2016, or July 1, 2016 to June 30, 2017, or July 1, 2017 to June 30, 2018, as applicable.

§ 20. Notwithstanding any law, rule or regulation to the contrary, only physicians or dentists who were eligible, and for whom the superintendent of financial services and the commissioner of health, or their designee, purchased, with funds available in the hospital excess liability pool, a full or partial policy for excess coverage or equivalent excess coverage for the coverage period ending the thirtieth of June, two thousand seventeen, shall be eligible to apply for such coverage for the coverage period beginning the first of July, two thousand seventeen; provided, however, if the total number of physicians or dentists for whom such excess coverage or equivalent excess coverage was purchased for the policy year ending the thirtieth of June, two thousand seventeen exceeds the total number of physicians or dentists certified as eligible for the coverage period beginning the first of July, two thousand seventeen, then the general hospitals may certify additional eligible physicians or dentists in a number equal to such general hospital's proportional share of the total number of physicians or dentists for whom excess coverage or equivalent excess coverage was purchased with funds available in the hospital excess liability pool as of the thirtieth of June, two thousand seventeen, as applied to the difference between the number of eligible physicians or dentists for whom a policy for excess
coverage or equivalent excess coverage was purchased for the coverage period ending the thirtieth of June, two thousand seventeen and the number of such eligible physicians or dentists who have applied for excess coverage or equivalent excess coverage for the coverage period beginning the first of July, two thousand seventeen.

§ 21. Section 2807-l of the public health law, as amended by section 7 of part B of chapter 60 of the laws of 2014, is amended to read as follows:

§ 2807-l. Health care initiatives pool distributions. 1. Funds accumulated in the health care initiatives pools pursuant to paragraph (b) of subdivision nine of section twenty-eight hundred seven-j of this article, or the health care reform act (HCRA) resources fund established pursuant to section ninety-two-dd of the state finance law, whichever is applicable, including income from invested funds, shall be distributed or retained by the commissioner or by the state comptroller, as applicable, in accordance with the following.

§ 8. Subdivision (a) of section 40 of part B of chapter 109 of the laws of 2010, amending the social services law relating to transportation costs, as amended by section 23 of part D of chapter 57 of the laws of 2015, is amended to read as follows:

(a) sections two, three, three-a, three-b, three-c, three-d, three-e and twenty-one of this act shall take effect July 1, 2010; sections fifteen, sixteen, seventeen, eighteen and nineteen of this act shall take effect January 1, 2011; and provided further that section twenty of this act shall be deemed repealed [six] eight years after the date the contract entered into pursuant to section 365-h of the social services law, as amended by section twenty of this act, is executed; provided that the commissioner of health shall notify the legislative bill drafting commission upon the execution of the contract entered into pursuant to section 365-h of the social services law in order that the commission may maintain an accurate and timely effective data base of the official text of the laws of the state of New York in furtherance of effectuating the provisions of section 44 of the legislative law and section 70-b of the public officers law;

§ 9. Section 4-a of part A of chapter 56 of the laws of 2013 amending chapter 59 of the laws of 2011 amending the public health law and other laws relating to general hospital reimbursement for annual rates relating to the cap on local Medicaid expenditures, as amended by section 29 of part D of chapter 57 of the laws of 2015, is amended to read as follows:

§ 4-a. Notwithstanding paragraph (c) of subdivision 10 of section 2807-c of the public health law, section 21 of chapter 1 of the laws of 1999, or any other contrary provision of law, in determining rates of payments by state governmental agencies effective for services provided on and after January 1, [2017] 2019 through March 31, [2017] 2019, for inpatient and outpatient services provided by general hospitals, for inpatient services and adult day health care outpatient services provided by residential health care facilities pursuant to article 28 of the public health law, except for residential health care facilities or units of such facilities providing services primarily to children under twenty-one years of age, for home health care services provided pursuant to article 36 of the public health law by certified home health agencies, long term home health care programs and AIDS home care programs, and for personal care services provided pursuant to section 365-a of the social services law, the commissioner of health shall apply no greater than zero trend factors attributable to the [2017] 2019 calendar year in accordance with paragraph (c) of subdivision 10 of section 2807-c of the public health law, provided, however, that such no greater than zero trend factors attributable to such [2017] 2019 calendar year shall also be applied to rates of payment provided on and after January 1, [2017] 2019 through March 31, [2017] 2019 for personal care services provided in those local social services districts, including New York city, whose rates of payment for such services are established by such local social services districts pursuant to a rate-setting exemption issued by the commissioner of health to such local social services districts in accordance with applicable regulations, and provided further, however, that for rates of payment for assisted living program services provided on and after January 1, [2017] 2019 through March 31, [2017] 2019, such trend factors attributable to the [2017] 2019 calendar year shall be established at no greater than zero percent.

§ 10. Subdivisions 3 and 5 of section 47 of chapter 2 of the laws of 1998, amending the public health law and other laws relating to expand-
ing the child health insurance plan, as amended by section 61 of part C
of chapter 60 of the laws of 2014, are amended to read as follows:

3. section six of this act shall take effect January 1, 1999; provided, however, that subparagraph (iii) of paragraph (c) of subdivision 9 of section 2510 of the public health law, as added by this act, shall expire on July 1, [2017] 2019;

5. section twelve of this act shall take effect January 1, 1999; provided, however, paragraphs (g) and (h) of subdivision 2 of section 2511 of the public health law, as added by such section, shall expire on July 1, [2017] 2019;

§ 11. Section 4 of chapter 19 of the laws of 1998, amending the social services law relating to limiting the method of payment for prescription drugs under the medical assistance program, as amended by section 65 of part C of chapter 60 of the laws of 2014, is amended to read as follows:

§ 4. This act shall take effect 120 days after it shall have become a law and shall expire and be deemed repealed March 31, [2017] 2020.

§ 12. Paragraph (e-1) of subdivision 12 of section 2808 of the public health law, as amended by section 66 of part C of chapter 60 of the laws of 2014, is amended to read as follows:

(e-1) Notwithstanding any inconsistent provision of law or regulation, the commissioner shall provide, in addition to payments established pursuant to this article prior to application of this section, additional payments under the medical assistance program pursuant to title eleven of article five of the social services law for non-state operated public residential health care facilities, including public residential health care facilities located in the county of Nassau, the county of Westchester and the county of Erie, but excluding public residential health care facilities operated by a town or city within a county, in aggregate annual amounts of up to one hundred fifty million dollars in additional payments for the state fiscal year beginning April first, two thousand eight and for the state fiscal year beginning April first, two thousand seven and for the state fiscal year beginning April first, two thousand six and for up to three hundred million dollars in such aggregate annual additional payments for the state fiscal year beginning April first, two thousand nine, and for the state fiscal year beginning April first, two thousand ten and for the state fiscal year beginning April first, two thousand eleven, and for the state fiscal years beginning April first, two thousand twelve and April first, two thousand thirteen, and of up to five hundred million dollars in such aggregate annual additional payments for the state fiscal years beginning April first, two thousand fourteen, April first, two thousand fifteen and April first, two thousand sixteen of up to five hundred million dollars in such aggregate annual additional payments for the state fiscal years beginning April first, two thousand seventeen, April first, two thousand eighteen, and April first, two thousand nineteen. The amount allocated to each eligible public residential health care facility for this period shall be computed in accordance with the provisions of paragraph (f) of this subdivision, provided, however, that patient days shall be utilized for such computation reflecting actual reported data for two thousand three and each representative succeeding year as applicable, and provided further, however, that, in consultation with impacted providers, of the funds allocated for distribution in the state fiscal year beginning April first, two thousand thirteen, up to thirty-two million dollars may be allocated in accordance with paragraph (f-1) of this subdivision.
§ 13. Section 18 of chapter 904 of the laws of 1984, amending the public health law and the social services law relating to encouraging comprehensive health services, as amended by section 67-c of part C of chapter 60 of the laws of 2014, is amended to read as follows:

§ 18. This act shall take effect immediately, except that sections six, nine, ten and eleven of this act shall take effect on the sixtieth day after it shall have become a law, sections two, three, four and nine of this act shall expire and be of no further force or effect on or after March 31, 2017, 2020, section two of this act shall take effect on April 1, 1985 or seventy-five days following the submission of the report required by section one of this act, whichever is later, and sections eleven and thirteen of this act shall expire and be of no further force or effect on or after March 31, 1988.

§ 14. Section 4 of part X2 of chapter 62 of the laws of 2003, amending the public health law relating to allowing for the use of funds of the office of professional medical conduct for activities of the patient health information and quality improvement act of 2000, as amended by section 4-b of part A of chapter 57 of the laws of 2015, is amended to read as follows:

§ 4. This act shall take effect immediately; provided that the provisions of section one of this act shall be deemed to have been in full force and effect on and after April 1, 2003, and shall expire March 31, 2017, 2020 when upon such date the provisions of such section shall be deemed repealed.

§ 15. Subdivision (o) of section 111 of part H of chapter 59 of the laws of 2011, amending the public health law relating to the statewide health information network of New York and the statewide planning and research cooperative system and general powers and duties, as amended by section 28 of part D of chapter 57 of the laws of 2015, is amended to read as follows:

(o) sections thirty-eight and thirty-eight-a of this act shall expire and be deemed repealed March 31, 2017, 2020;

§ 16. Section 32 of part A of chapter 58 of the laws of 2008, amending the elder law and other laws relating to reimbursement to participating provider pharmacies and prescription drug coverage, as amended by section 13 of part A of chapter 57 of the laws of 2015, is amended to read as follows:

§ 32. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2008; provided however, that sections one, six-a, nineteen, twenty, twenty-four, and twenty-five of this act shall take effect July 1, 2008; provided however that sections sixteen, seventeen and eighteen of this act shall expire April 1, 2017, 2020; provided, however, that the amendments made by section twenty-eight of this act shall take effect on the same date as section 1 of chapter 281 of the laws of 2007 takes effect; provided further, that sections twenty-nine, thirty, and thirty-one of this act shall take effect October 1, 2008; provided further, that section twenty-seven of this act shall take effect January 1, 2009; and provided further, that section twenty-seven of this act shall expire and be deemed repealed March 31, 2017, 2020; and provided, further, however, that the amendments to subdivision 1 of section 241 of the education law made by section twenty-nine of this act shall not affect the expiration of such subdivision and shall be deemed to expire therewith and provided that the amendments to section 272 of the public health law made by section thirty of this act shall not affect the repeal of such section and shall be deemed repealed therewith.
§ 17. Subdivision 3 of section 2999-p of the public health law, as amended by chapter 461 of the laws of 2012, is amended to read as follows:

3. The commissioner may issue a certificate of authority to an entity that meets conditions for ACO certification as set forth in regulations made by the commissioner pursuant to section twenty-nine hundred ninety-nine-q of this article. The commissioner shall not issue any new certificate under this article after December thirty-first, two thousand sixteen.

§ 18. Subdivision 2 of section 246 of chapter 81 of the laws of 1995, amending the public health law and other laws relating to medical reimbursement and welfare reform, as amended by section 2 of part D of chapter 57 of the laws of 2015, is amended to read as follows:

2. Sections five, seven through nine, twelve through fourteen, and eighteen of this act shall be deemed to have been in full force and effect on and after April 1, 1995 through March 31, 1999 and on and after July 1, 1999 through March 31, 2000 and on and after April 1, 2000 through March 31, 2003 and on and after April 1, 2003 through March 31, 2006 and on and after April 1, 2006 through March 31, 2007 and on and after April 1, 2007 through March 31, 2009 and on and after April 1, 2009 through March 31, 2011 and sections twelve, thirteen and fourteen of this act shall be deemed to be in full force and effect on and after April 1, 2011 through March 31, 2015 and on and after April 1, 2015 through March 31, 2017 and on and after April 1, 2017 through March 31, 2019;

§ 19. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2017.

Section 1. The public health law is amended by adding a new section 1112 to read as follows:

§ 1112. Emerging contaminant monitoring. 1. Industry and modern technology have created thousands of new chemicals that would not otherwise exist in nature. Although some of these chemicals have proven benefits, the effect of many such chemicals on human health is unknown or not fully understood. Furthermore, with the advance of science and technology, public health scientists and experts are able to identify naturally occurring contaminants that pose previously unknown hazards to human health. Where these chemicals or contaminants, collectively referred to as "emerging contaminants," enter drinking water supplies, they can present unknown but potentially serious risks to public health. New Yorkers served by public water supplies have the right to know when
potentially hazardous substances contaminate their drinking water and
the department must be equipped to monitor and protect the public from
these emerging contaminants.

2. a. "Emerging contaminants" shall mean any physical, chemical,
  microbiological or radiological substance listed as an emerging contam-
  inant pursuant to subdivision three of this section.
  b. "Notification level" means the concentration level of an emerging
  contaminant in drinking water that the commissioner has determined,
  based on available scientific information, warrants public notification
  and may require actions, which may include enhanced monitoring and
  activities to reduce exposure, pursuant to this section.
  c. "Covered public water system" shall mean: (i) a public water
  system that serves at least five service connections used by year-round
  residents or regularly serves at least twenty-five year-round residents;
  or (ii) a public water system that regularly serves at least twenty-five
  of the same people, four hours or more per day, for four or more days
  per week, for twenty-six or more weeks per year.

3. a. The commissioner shall promulgate regulations to identify and
  list substances as emerging contaminants that meet the following crite-
  ria:
  (i) are not subject to any other substance-specific drinking water
  regulation of the department that establishes a maximum contaminant
  level, maximum residual disinfectant level, or action level; and
  (ii) known or anticipated to occur in public water systems; and
  (iii) because of their quantity, concentration, or physical, chemical
  or infectious characteristics, may cause physical injury or illness, or
  otherwise pose a potential hazard to human health when present in drink-
  ing water.
  b. In determining what substances shall be listed as emerging contam-
  inants the commissioner shall, at a minimum, consider:
  (i) unregulated contaminants monitored pursuant to the federal Safe
  Drinking Water Act (42 U.S.C. § 300g-1) as amended from time to time;
  (ii) substances that require regulation or monitoring when present in
  drinking water in other jurisdictions outside the state of New York;
  (iii) pesticide chemicals for which the United States environmental
  protection agency has set human health benchmarks for drinking water;
  (iv) substances found at sites in remedial programs located inside and
  outside the state of New York, including but not limited to inactive
  hazardous waste sites; and
  (v) recommendations from the drinking water quality council estab-
  lished pursuant to section eleven hundred thirteen of this title.
  c. The commissioner shall, at a minimum, include the following chemi-
  cals identified as emerging contaminants: 1,4-dioxane; perfluorooctane-
  sulfonic acid; and perfluorooctanoic acid.
  d. The commissioner shall by regulation remove any substance from the
  list of emerging contaminants upon adopting a maximum contaminant level
  for such substance.

4. Every covered public water system shall test drinking water for the
  presence of emerging contaminants at least once every three years pursu-
  ant to a schedule determined by the department through regulation.

5. Every test conducted in accordance with this section shall be
  conducted by a laboratory certified by the department pursuant to
  section five hundred two of this chapter. Laboratories shall submit such
  results electronically to the department, to any other health department
  with jurisdiction over the covered public water system, and to the
covered public water system, in the manner prescribed pursuant to
section five hundred two of this chapter.

6. The commissioner shall promulgate regulations establishing notifi-
cation levels for any emerging contaminant listed pursuant to subdivi-
sion three of this section. Any notification level established pursuant
to this subdivision shall be equal to or lower than any federal lifetime
health advisory level established pursuant to the federal Safe Drinking
Water Act (42 U.S.C. § 300g-1). If no federal lifetime health advisory
level has been established, the commissioner shall establish notifica-
tion levels based upon the available scientific information, and may
take into consideration recommendations of the drinking water quality
council established pursuant to section eleven hundred thirteen of this
title.

7. Notwithstanding subdivision three of this section, the commissioner
may, by declaration, add any physical, chemical, microbiological or
radiological substance to the list of emerging contaminants established
pursuant to subdivision three of this section, establish a notification
level, and require testing for such substance, if the commissioner
determines that: (i) such substance poses or has the potential to pose a
significant hazard to human health when present in drinking water; (ii)
such substance was recently detected in a public water system and has
the potential to be present in other public water systems; and (iii) it
appears to be prejudicial to the interests of the people to delay action
by preparing and filing regulations. The commissioner shall, however,
promulgate regulations adding such new emerging contaminant or estab-
lishing such notification level within one year of such declaration.
Such declaration shall clearly state where and the date by which such
testing must occur. After the commissioner promulgates regulations
adding such emerging contaminant, such regulations shall supersede the
declaration issued pursuant to this subdivision.

8. Whenever one or more emerging contaminants is confirmed to be pres-
ent in drinking water at concentrations at or above a notification level
established pursuant to this section:
   a. the covered public water system shall notify the department within
twenty-four hours;
   b. the covered public water system shall notify all owners of real
property served by the covered public water system in a time and manner
to be prescribed by the department, provided that in no event shall
notification occur more than ninety days after the presence of an emerg-
ing contaminant at concentrations at or above a notification level
established pursuant to this section is confirmed;
   c. the commissioner may directly notify such owners of real property
if it is determined that the public's interest would be best served by
such notification, or if the commissioner determines that the covered
public water system is not acting, or cannot act in a timely manner;
   d. the commissioner may require that the covered public water system
take such actions as may be appropriate to reduce exposure to emerging
contaminants. If the commissioner determines that the concentration of
the emerging contaminant constitutes an actual or potential threat to
public health, based on the best available scientific information, the
commisioner shall consult with the commissioner of the department of
environmental conservation regarding any further action that may be
appropriate, including but not limited to actions pursuant to title
twelve of article twenty-seven of the environmental conservation law.

9. The commissioner shall work in consultation with the commissioner
of the department of environmental conservation to develop educational
materials, and may take into consideration recommendations of the drinking water quality council established pursuant to section eleven hundred thirteen of this title. Such educational materials shall be made available to the covered public water system and the general public, relating to methodologies for reducing exposure to emerging contaminants and potential actions that may be taken to mitigate or remediate emerging contaminants. The commissioner shall also provide the covered public water system with information relating to potential funding sources provided by the state and federal government for mitigation or remedial activities, and to reduce the exposure to emerging contaminants.

10. Any owner of real property, including any owner’s agent, to whom a covered public water system has provided notification of the exceedance of a notification level established pursuant to subdivision six of this section, shall take all reasonable and necessary steps to provide, within ten days, any tenants with copies of the notification provided by the covered public water system.

11. The commissioner may promulgate regulations pursuant to which the department may provide financial assistance for compliance with the testing requirements of this section, to any covered public water system upon a showing that the costs associated with testing drinking water in compliance with this section would impose a financial hardship. Such regulations shall, when prioritizing public water systems for eligibility for financial assistance, incorporate provisions that give preference to public water systems serving less than ten thousand individuals.

12. The commissioner shall periodically review substances that have been identified as emerging contaminants pursuant to this section and determine if the department should establish a maximum contaminant level for the substance. Such review shall occur, at a minimum, once every three years.

§ 2. Section 502 of the public health law is amended by adding a new subdivision 10 to read as follows:

10. The department may require an environmental laboratory to report laboratory test results to the department, or to any other health department in an electronic manner prescribed by the department.

§ 3. This act shall take effect immediately.
funds to be utilized as the state share for the purpose of increasing
payments under the medicaid program to managed care organizations
licensed under article 44 of the public health law or under article 43
of the insurance law. Such managed care organizations shall utilize such
funds for the purpose of reimbursing providers licensed pursuant to
article 28 of the public health law or article 31 or 32 of the mental
hygiene law for ambulatory behavioral health services, as determined by
the commissioner of health, in consultation with the commissioner of
alcoholism and substance abuse services and the commissioner of the
office of mental health, provided to medicaid [eligible] enrolled outpa-
tients and for all other behavioral health services except inpatient
included in New York state's Medicaid redesign waiver approved by the
centers for medicare and Medicaid services (CMS). Such reimbursement
shall be in the form of fees for such services which are equivalent to
the payments established for such services under the ambulatory patient
group (APG) rate-setting methodology as utilized by the department of
health, the office of alcoholism and substance abuse services, or the
office of mental health for rate-setting purposes or any such other fees
pursuant to the Medicaid state plan or otherwise approved by CMS in the
Medicaid redesign waiver; provided, however, that the increase to such
fees that shall result from the provisions of this section shall not, in
the aggregate and as determined by the commissioner of health, in
consultation with the commissioner of alcoholism and substance abuse
services and the commissioner of the office of mental health, be greater
than the increased funds made available pursuant to this section. The
increase of such ambulatory behavioral health fees to providers avail-
able under this section shall be for all rate periods on and after the
effective date of section [April 29] of part [June 1] of chapter [57] of the
city of New York, for all rate periods on and after the effective date
of section [April 29] of part [June 1] of chapter [57] of the laws of [2015]
through March 31, [2018] through March 31, [2020] for patients outside the
city of New York, and for all rate periods on and after the effective
date of such chapter through [June 30, 2018] through March 31, [2020] for all
services provided to persons under the age of twenty-one; provided,
however, [eligible providers may work with managed care plans to achieve
quality and efficiency objectives and engage in shared savings] the
commissioner of health, in consultation with the commissioner of alco-
holism and substance abuse services and the commissioner of mental
health, may require, as a condition of approval of such ambulatory
behavioral health fees, that aggregate managed care expenditures to
eligible providers meet the alternative payment methodology requirements
as set forth in attachment I of the New York state medicaid section one
thousand one hundred fifteen medicaid redesign team waiver as approved
by the centers for medicare and Medicaid services. The commissioner of
health shall, in consultation with the commissioner of alcoholism and
substance abuse services and the commissioner of mental health, waive
such conditions if a sufficient number of providers, as determined by
the commissioner, suffer a financial hardship as a consequence of such
alternative payment methodology requirements, or if he or she shall
determine that such alternative payment methodologies significantly
threaten individuals access to ambulatory behavioral health services.
Such waiver may be applied on a provider specific or industry wide
basis. Further, such conditions may be waived, as the commissioner
determines necessary, to comply with federal rules or regulations
governing these payment methodologies. Nothing in this section shall
prohibit managed care organizations and providers from negotiating different rates and methods of payment during such periods described above, subject to the approval of the department of health. The department of health shall consult with the office of alcoholism and substance abuse services and the office of mental health in determining whether such alternative rates shall be approved. The commissioner of health may, in consultation with the commissioner of alcoholism and substance abuse services and the commissioner of the office of mental health, promulgate regulations, including emergency regulations promulgated prior to October 1, 2015 to establish rates for ambulatory behavioral health services, as are necessary to implement the provisions of this section. Rates promulgated under this section shall be included in the report required under section 45-c of part A of this chapter.

2. Notwithstanding any contrary provision of law, the fees paid by managed care organizations licensed under article 44 of the public health law or under article 43 of the insurance law, to providers licensed pursuant to article 28 of the public health law or article 31 or 32 of the mental hygiene law, for ambulatory behavioral health services provided to patients enrolled in the child health insurance program pursuant to title one-A of article 25 of the public health law, shall be in the form of fees for such services which are equivalent to the payments established pursuant to the Medicaid state plan. The commissioner of health shall consult with the commissioner of alcoholism and substance abuse services and the commissioner of the office of mental health in determining such services and establishing such fees. Such ambulatory behavioral health fees to providers available under this section shall be for all rate periods on and after the effective date of this chapter through June 30, 2018. The commissioner of health shall consult with the commissioner of alcoholism and substance abuse services and the commissioner of the office of mental health in determining whether such alternative rates shall be approved. The report required under section 16-a of part C of chapter 60 of the laws of 2014 shall also include the population of patients enrolled in the child health insurance program pursuant to title one-A of article 25 of the public health law in its examination on the transition of behavioral health services into managed care.

§ 2. Section 1 of part H of chapter 111 of the laws of 2010 relating to increasing Medicaid payments to providers through managed care organizations and providing equivalent fees through an ambulatory patient group methodology, as amended by section 30 of part B of chapter 59 of the laws of 2016, is amended to read as follows:

Section 1 a. Notwithstanding any contrary provision of law, the commissioners of mental health and alcoholism and substance abuse services are authorized, subject to the approval of the director of the budget, to transfer to the commissioner of health state funds to be utilized as the state share for the purpose of increasing payments under the medicaid program to managed care organizations licensed under article 44 of the public health law or under article 43 of the insurance law. Such managed care organizations shall utilize such funds for the purpose of reimbursing providers licensed pursuant to article 28 of the public health law, or pursuant to article 31 or article 32 of the mental hygiene law for ambulatory behavioral health services, as determined by
the commissioner of health in consultation with the commissioner of mental health and commissioner of alcoholism and substance abuse services, provided to medicaid [eligible enrolled] outpatients and for all other behavioral health services except inpatient included in New York state's Medicaid redesign waiver approved by the centers for medicare and Medicaid services (CMS). Such reimbursement shall be in the form of fees for such services which are equivalent to the payments established for such services under the ambulatory patient group (APG) rate-setting methodology as utilized by the department of health or by the office of mental health or office of alcoholism and substance abuse services for rate-setting purposes or any such other fees pursuant to the Medicaid state plan or otherwise approved by CMS in the Medicaid redesign waiver; provided, however, that the increase to such fees that shall result from the provisions of this section shall not, in the aggregate and as determined by the commissioner of health in consultation with the commissioners of mental health and alcoholism and substance abuse services, be greater than the increased funds made available pursuant to this section. The increase of such behavioral health fees to providers available under this section shall be for all rate periods on and after the effective date of section [2] 30 of part [C] B of chapter [57] 59 of the laws of [2015] 2016 through March 31, 2020 for patients in the city of New York, for all rate periods on and after the effective date of section [2] 30 of part [C] B of chapter [57] 59 of the laws of [2015] 2016 through [June 30, 2018] March 31, 2020 for patients outside the city of New York, and for all rate periods on and after the effective date of section [2] 30 of part [C] B of chapter [57] 59 of the laws of [2015] 2016 through [June 30, 2018] March 31, 2020 for all services provided to persons under the age of twenty-one; provided, however, [eligible providers may work with managed care plans to achieve quality and efficiency objectives and engage in shared savings] the commissioner of health, in consultation with the commissioners of alcoholism and substance abuse services and the commissioner of mental health, may require, as a condition of approval of such ambulatory behavioral health fees, that aggregate managed care expenditures to eligible providers meet the alternative payment methodology requirements as set forth in attachment I of the New York state Medicaid section one thousand one hundred fifteen medicaid redesign team waiver as approved by the centers for medicare and medicaid services. The commissioner of health shall, in consultation with the commissioner of alcoholism and substance abuse services and the commissioner of mental health, waive such conditions if a sufficient number of providers, as determined by the commissioner, suffer a financial hardship as a consequence of such alternative payment methodology requirements, or if he or she shall determine that such alternative payment methodologies significantly threaten individuals access to ambulatory behavioral health services. Such waiver may be applied on a provider specific or industry wide basis. Further, such conditions may be waived, as the commissioner determines necessary, to comply with federal rules or regulations governing these payment methodologies. Nothing in this section shall prohibit managed care organizations and providers from negotiating different rates and methods of payment during such periods described, subject to the approval of the department of health. The department of health shall consult with the office of alcoholism and substance abuse services and the office of mental health in determining whether such alternative rates shall be approved. The commissioner of health may, in consultation with the commissioners of mental health and alcoholism and...
substance abuse services, promulgate regulations, including emergency regulations promulgated prior to October 1, 2013 that establish rates for behavioral health services, as are necessary to implement the provisions of this section. Rates promulgated under this section shall be included in the report required under section 45-c of part A of chapter 56 of the laws of 2013.

b. Notwithstanding any contrary provision of law, the fees paid by managed care organizations licensed under article 44 of the public health law or under article 43 of the insurance law, to providers licensed pursuant to article 28 of the public health law or article 31 or 32 of the mental hygiene law, for ambulatory behavioral health services provided to patients enrolled in the child health insurance program pursuant to title one-A of article 25 of the public health law, shall be in the form of fees for such services which are equivalent to the payments established for such services under the ambulatory patient group (APG) rate-setting methodology. The commissioner of health shall consult with the commissioner of alcoholism and substance abuse services and the commissioner of the office of mental health in determining such services and establishing such fees. Such ambulatory behavioral health fees to providers available under this section shall be for all rate periods on and after the effective date of this chapter through [June 30, 2018] March 31, 2020, provided, however, that managed care organizations and providers may negotiate different rates and methods of payment during such periods described above, subject to the approval of the department of health. The department of health shall consult with the office of alcoholism and substance abuse services and the office of mental health in determining whether such alternative rates shall be approved. The report required under section 16-a of part C of chapter 60 of the laws of 2014 shall also include the population of patients enrolled in the child health insurance program pursuant to title one-A of article 25 of the public health law in its examination on the transition of behavioral health services into managed care.

§ 3. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2017; provided, however, that the amendments to section 48-a of part A of chapter 56 of the laws of 2013 made by section one of this act shall not affect the repeal of such section and shall be deemed repealed therewith; provided further, that the amendments to section 1 of part H of chapter 111 of the laws of 2010 made by section two of this act shall not affect the expiration of such section and shall be deemed to expire therewith.

PART Q

Section 1. Subdivisions 3-b and 3-c of section 1 of part C of chapter 57 of the laws of 2006, relating to establishing a cost of living adjustment for designated human services programs, as amended by section 1 of part I of chapter 60 of the laws of 2014, are amended to read as follows:

3-b. Notwithstanding any inconsistent provision of law, beginning April 1, 2009 and ending March 31, 2016 and beginning April 1, 2017 and ending March 31, 2018, the commissioners shall not include a COLA for the purpose of establishing rates of payments, contracts or any other form of reimbursement, provided that the commissioners of the office for people with developmental disabilities, the office of mental health, and the office of alcoholism and substance abuse services shall not include a COLA beginning April 1, 2017 and ending March 31, 2019.
3-c. Notwithstanding any inconsistent provision of law, beginning April 1, 2016 and ending March 31, 2018, the commissioners shall develop the COLA under this section using the actual U.S. consumer price index for all urban consumers (CPI-U) published by the United States department of labor, bureau of labor statistics for the twelve month period ending in July of the budget year prior to such state fiscal year, for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

§ 2. Section 1 of part C of chapter 57 of the laws of 2006, relating to establishing a cost of living adjustment for designated human service programs, is amended by adding a new subdivision 3-e to read as follows:

3-e. (i) Notwithstanding the provisions of subdivision 3-b of this section or any other inconsistent provision of law, and subject to the availability of the appropriation therefor, for the programs listed in paragraphs (i), (ii), and (iii) of subdivision 4 of this section, the commissioners shall provide funding to support (1) an overall average three and one-quarter percent (3.25%) increase to total salaries for direct care staff, direct support professionals for each eligible state-funded program beginning January 1, 2018; and (2) an overall average three and one-quarter percent (3.25%) increase to total salaries for direct care staff and direct support professionals, and clinical staff for each eligible state-funded program beginning April 1, 2018. For the purpose of this funding increase, direct support professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 100 to 199; direct care staff are individuals employed in consolidated fiscal reporting position title codes ranging from 200 to 299; and clinical staff are individuals employed in consolidated fiscal reporting position title codes ranging from 300 to 399.

(ii) The funding made available pursuant to paragraph (i) of this subdivision shall be used: (1) to help alleviate the recruitment and retention challenges of direct care staff, direct support professionals and clinical staff employed in eligible programs; and (2) to continue and to expand efforts to support the professionalism of the direct care workforce. Each local government unit or direct contract provider receiving such funding shall have flexibility in allocating such funding to support salary increases to particular job titles to best address the needs of its direct care staff, direct support professionals and clinical staff. Each local government unit or direct contract provider receiving such funding shall also submit a written certification, in such form and at such time as each commissioner shall prescribe, attesting to how such funding will be or was used for purposes eligible under this section. Further, providers shall submit a resolution from their governing body to the appropriate commissioner, attesting that the funding received will be used solely to support salary and salary-related fringe benefit increases for direct care staff, direct support professionals and clinical staff, pursuant to paragraph (i) of this subdivision. Salary increases that take effect on and after April 1, 2017 may be used to demonstrate compliance with the January 1, 2018 funding increase authorized by this section, except for salary increases necessary to comply with state minimum wage requirements. Such commissioners shall be authorized to recoup any funds as appropriated herein determined to have been used in a manner inconsistent with such standards or inconsistent with the provisions of this subdivision, and such commissioners shall be authorized to employ any legal mechanism to recoup such funds, including an offset of other funds that are owed to such local governmental unit or provider.
Where appropriate, transfers to the department of health shall be made as reimbursement for the state share of medical assistance.

§ 3. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2017; provided, however, that the amendments to section 1 of part C of chapter 57 of the laws of 2006 made by sections one and two of this act shall not affect the repeal of such section and shall be deemed repealed therewith.

PART R

Section 1. The public health law is amended by adding a new section 1113 to read as follows:

§ 1113. Drinking water quality council; established. 1. There shall be established, within the department, the drinking water quality council. Such council shall be composed of twelve members as follows:
(a) the commissioner, or the commissioner’s designee, who shall be the chair of the council;
(b) the commissioner of environmental conservation or designee;
(c) a designee of the commissioner of environmental conservation with expertise in water resources;
(d) a designee of the commissioner with expertise in drinking water; and
(e) eight members appointed by the governor, two of whom shall be recommended by the temporary president of the senate, and two by the speaker of the assembly.

2. (a) Of the four members appointed to the drinking water quality council and recommended by the temporary president of the senate and the speaker of the assembly, the temporary president of the senate and the speaker of the assembly shall each recommend:
(i) one member who represents water purveyors; and
(ii) one member representing the public, who has a background or expertise in toxicology or health risk assessment.
(b) Of the four additional members appointed to the drinking water quality council, the governor shall appoint:
(i) one member who represents water purveyors;
(ii) one member who has a background or expertise in toxicology or health risk assessment;
(iii) one member who has a background or expertise in microbiology; and
(iv) one member who has a background or expertise in environmental engineering.
(c) The members of such council appointed pursuant to paragraph (e) of subdivision one of this section shall serve terms of two years.
(d) The members appointed pursuant to paragraph (e) of subdivision one of this section shall each serve his or her term of office or until his or her successor is appointed; provided that any vacancy in the position of an appointed member shall be filled in the same manner as the original appointment and only for the unexpired term of the vacancy.

3. The members of the drinking water quality council shall receive no compensation for their services, but shall be allowed their actual and necessary expenses incurred in the performance of their duties pursuant to this title.

4. The drinking water quality council shall meet at such times and places as may be determined by its chair. The council shall meet at a minimum of two times per year. All meetings shall be open to the public pursuant to article seven of the public officers law. A majority of the
1 members of such council shall constitute a quorum for the transaction of
2 business. Action may be taken, and motions and resolutions adopted, at
3 any meeting by the affirmative vote of a majority of the full membership
4 of the council.
5 5. The council shall make recommendations to the department relating
6 to:
7 (a) those contaminants, which the department may list as emerging
8 contaminants pursuant to section one thousand one hundred twelve of this
9 title.
10 (i) In determining what substances shall be recommended as emerging
11 contaminants the council shall, at a minimum, consider:
12 A. unregulated contaminants monitored pursuant to the federal Safe
13 Drinking Water Act (42 USC § 300g-1) as amended from time to time;
14 B. substances that require regulation or monitoring when present in
15 drinking water in other jurisdictions outside the state of New York;
16 C. pesticide chemicals for which the United States environmental
17 protection agency has set human health benchmarks for drinking water;
18 D. substances found at sites in remedial programs located inside and
19 outside the state of New York, including but not limited to inactive
20 hazardous waste sites; and
21 E. waterborne pathogens and microbiological contaminants.
22 (ii) The council shall recommend a notification level for each recom-
23 mended emerging contaminant.
24 (iii) The council shall recommend timeframes and frequencies in which
25 testing should be required for the recommended emerging contaminants,
26 allowing for variation based on circumstances such as the source of
27 water, the region and size of the water system.
28 (iv) The council shall provide the department with its first list of
29 recommended emerging contaminants and corresponding notification levels
30 for which testing shall be required no later than one year from the
31 initial meeting of the council, and the council shall update the list
32 and recommend notification levels annually thereafter;
33 (b) a review of substances identified as emerging contaminants pursu-
34 ant to section one thousand one hundred twelve of this title. Where
35 appropriate the council shall recommend either a maximum contaminant
36 level (MCL), or the removal of the substance from the list of emerging
37 contaminants, on the basis of available scientific evidence and any
38 other relevant factors;
39 (c) the form and content of public notifications issued pursuant to
40 section one thousand one hundred twelve of this title;
41 (d) working with other state agencies and the federal government to
42 ensure funds are available and accessible, parties known to be responsi-
43 ble for contamination are pursued, and mitigation, remediation, and
44 cleanup projects occur in a timely manner;
45 (e) the development of educational materials regarding private well
46 water testing;
47 (f) the appropriate use of, and methods and manner of conducting,
48 biomonitoring and biomonitoring studies;
49 (g) the inclusion of information on the online tracking and mapping
50 system established in section 3-0315 of the environmental conservation
51 law; and
52 (h) anything else the department or the department of environmental
53 conservation designates.
54 6. The drinking water quality council shall be entitled to request and
55 receive information from any state, municipal department, board, commis-
56 sion or agency that may be required or are deemed necessary for the
purposes of such council, including but not limited to all water infor-
mation and annual reports the department has relating to both public and
private water supplies.

7. Before the council advances any recommendation to the department,
the council shall provide an opportunity for public and stakeholder
comments. Final recommendations of the council shall be posted on the
department’s website within thirty days after the council adopts such
recommendations.

§ 2. This act shall take effect immediately.

PART S

Section 1. Subdivision 2 of section 365-l of the social services law,
as added by section 37 of part H of chapter 59 of the laws of 2011, is
amended to read as follows:

2. In addition to payments made for health home services pursuant to
subdivision one of this section, the commissioner is authorized to pay
additional amounts to providers of health home services that meet proc-
cess or outcome standards specified by the commissioner. Such additional
amounts may be paid with state funds only if federal financial partic-
ipation for such payments is unavailable.

§ 2. Section 364-j of the social services law is amended by adding a
new subdivision 33 to read as follows:

33. For services under this title provided by residential health care
facilities under article twenty-eight of the public health law, the
commissioner shall direct managed care organizations licensed under
article forty-four of the public health law, article forty-three of the
insurance law, and this section, to continue to reimburse at a benchmark
rate which is to be the fee-for-service rate calculated pursuant to
section twenty-eight hundred eight of the public health law. The bench-
mark fee-for-service rate shall continue to be paid by such managed care
organizations for all services provided by residential healthcare facil-
ities from the effective date of this subdivision at least until Decem-
ber thirty-first, two thousand twenty. The commissioner may require, as
a condition of continuing to require payment at such benchmark rate that
aggregate managed care expenditures to residential health care facili-
ties meet the alternative payment methodology requirements set forth in
attachment I of the New York State section 1115 medicaid redesign team
waiver as approved by the centers for medicare and medicaid services.
The commissioner of health shall waive such requirements if a sufficient
number of providers, as determined by the commissioner, suffer a finan-
cial hardship as a consequence of such alternative payment methodology
requirements, or if the commissioner determines that such alternative
payment methodologies significantly threaten individuals' access to
residential health care facility services; such waiver may be applied on
a provider-specific or industry-wide basis. Further, such requirements
may be waived, as the commissioner determines necessary, to comply with
federal rules or regulations governing these payment methodologies.

§ 3. Subdivision 2 of section 365-a of the social services law is
amended by adding a new paragraph (dd) to read as follows:

(dd) pasteurized donor human milk (PDHM), which may include fortifiers
as medically indicated, for inpatient use, for which a licensed medical
practitioner has issued an order for an infant who is medically or phys-
ically unable to receive maternal breast milk or participate in breast
feeding or whose mother is medically or physically unable to produce
maternal breast milk at all or in sufficient quantities or participate
in breast feeding despite optimal lactation support. Such infant shall:
   (i) have a documented birth weight of less than one thousand five
       hundred grams; or (ii) have a congenital or acquired condition that
       places the infant at a high risk for development of necrotizing enterocolitis; or (iii) have a congenital or acquired condition that may bene
       fit from the use of donor breast milk as determined by the commissioner
       of health or his or her designee.
§ 4. Subdivision 2 of section 365-a of the social services law is
amended by adding a new paragraph (ee) to read as follows:
   (ee) Medical assistance shall include the coverage of a set of
services to ensure improved outcomes of women who are in the process of
ovulation enhancing drugs, limited to the provision of such treatment,
office visits, hysterosalpingogram services, pelvic ultrasounds, and
blood testing; services shall be limited to those necessary to monitor
such treatment. In the event that ninety percent federal financial
participation for such services is not available, the state share of
appropriations related to these services shall be used for a grant
program intended to accomplish the purpose of this section.
§ 5. Section 3614-c of the public health law, as amended by chapter 56
of the laws of 2016, subparagraph (iv) of paragraph (a) of subdivision 3
as amended by section 1 and subparagraph (iv) of paragraph (b) of subdi-
vision 3 as amended by section 2 of part E of chapter 73 of the laws of
2016, is amended to read as follows:
§ 3614-c. Home care worker wage parity. 1. As used in this section,
the following terms shall have the following meaning:
   (a) "Living wage law" means any law enacted by Nassau, Suffolk or
Westchester county or a city with a population of one million or more
which establishes a minimum wage for some or all employees who perform
work on contracts with such county or city.
   (b) "Total compensation" means all wages and other direct compensation
paid to or provided on behalf of the employee including, but not limited
to, wages, health, education or pension benefits, supplements in lieu of
benefits and compensated time off, except that it does not include
employer taxes or employer portion of payments for statutory benefits,
including but not limited to FICA, disability insurance, unemployment
insurance and workers' compensation.
   (c) "Prevailing rate of total compensation" means the average hourly
amount of total compensation paid to all home care aides covered by
whatever collectively bargained agreement covers the greatest number of
home care aides in a city with a population of one million or more. For
purposes of this definition, any set of collectively bargained agree-
ments in such city with substantially the same terms and conditions
relating to total compensation shall be considered as a single collec-
trively bargained agreement.
   (d) "Home care aide" means a home health aide, personal care aide,
home attendant, personal assistant performing consumer directed personal
assistance services pursuant to section three hundred sixty-five-f of
the social services law, or other licensed or unlicensed person whose
primary responsibility includes the provision of in-home assistance with
activities of daily living, instrumental activities of daily living or
health-related tasks; provided, however, that home care aide does not
include any individual (i) working on a casual basis, or (ii) (except
for a person employed under the consumer directed personal assistance
program under section three hundred sixty-five-f of the social services
law) who is a relative through blood, marriage or adoption of: (1) the
employer; or (2) the person for whom the worker is delivering services,
under a program funded or administered by federal, state or local
government.

(e) "Managed care plan" means any managed care program, organization
or demonstration covering personal care or home health aide services,
and which receives premiums funded, in whole or in part, by the New York
state medical assistance program, including but not limited to all Medi-
caid managed care, Medicaid managed long term care, Medicaid advantage,
and Medicaid advantage plus plans and all programs of all-inclusive care
for the elderly.

(f) "Episode of care" means any service unit reimbursed, in whole or
in part, by the New York state medical assistance program, whether
through direct reimbursement or covered by a premium payment, and which
covers, in whole or in part, any service provided by a home care aide,
including but not limited to all service units defined as visits, hours,
days, months or episodes.

(g) "Cash portion of the minimum rate of home care aide total
compensation" means the minimum amount of home care aide total compen-
sation that may be paid in cash wages, as determined by the department
in consultation with the department of labor.

(h) "Benefit portion of the minimum rate of home care aide total
compensation" means the portion of home care aide total compensation
that may be paid in cash or health, education or pension benefits, wage
differentials, supplements in lieu of benefits and compensated time off,
as determined by the department in consultation with the department of
labor. Cash wages paid pursuant to increases in the state or federal
minimum wage cannot be used to satisfy the benefit portion of the mini-
mum rate of home care aide total compensation.

2. Notwithstanding any inconsistent provision of law, rule or regu-
lation, no payments by government agencies shall be made to certified
home health agencies, long term home health care programs, or the consumer directed personal assistance program under
section three hundred sixty-five-f of the social services law, for any
episode of care furnished, in whole or in part, by any home care aide
who is compensated at amounts less than the applicable minimum rate of
home care aide total compensation established pursuant to this section.

3. (a) The minimum rate of home care aide total compensation in a city
with a population of one million or more shall be:

(i) for the period March first, two thousand twelve through February
twenty-eight, two thousand thirteen, ninety percent of the total
compensation mandated by the living wage law of such city;

(ii) for the period March first, two thousand thirteen through Febru-
ary twenty-eight, two thousand fourteen, ninety-five percent of the
total compensation mandated by the living wage law of such city;

(iii) for the period March first, two thousand fourteen through March
thirty-first two thousand sixteen, no less than the prevailing rate of
total compensation as of January first, two thousand eleven, or the
total compensation mandated by the living wage law of such city, which-
ever is greater;

(iv) for all periods on or after April first, two thousand sixteen,
the cash portion of the minimum rate of home care aide total compen-
sation shall be ten dollars or the minimum wage as laid out in paragraph
(a) of subdivision one of section six hundred fifty-two of the labor
law, whichever is higher. The benefit portion of the minimum rate of
home care aide total compensation shall be four dollars and nine cents.

(b) The minimum rate of home care aide total compensation in the coun-
ties of Nassau, Suffolk and Westchester shall be:
(i) for the period March first, two thousand thirteen through February twenty-eighth, two thousand fourteen, ninety percent of the total compensation mandated by the living wage law as set on March first, two thousand thirteen of a city with a population of a million or more;

(ii) for the period March first, two thousand fourteen through February twenty-eighth, two thousand fifteen, ninety-five percent of the total compensation mandated by the living wage law as set on March first, two thousand fourteen of a city with a population of a million or more;

(iii) for the period March first, two thousand fifteen, through February twenty-eighth, two thousand sixteen, one hundred percent of the total compensation mandated by the living wage law as set on March first, two thousand fifteen of a city with a population of a million or more;

(iv) for all periods on or after March first, two thousand sixteen, the cash portion of the minimum rate of home care aide total compensation shall be ten dollars or the minimum wage as laid out in paragraph (b) of subdivision one of section six hundred fifty-two of the labor law, whichever is higher. The benefit portion of the minimum rate of home care aide total compensation shall be three dollars and twenty-two cents.

4. The terms of this section shall apply equally to services provided by home care aides who work on episodes of care as direct employees of certified home health agencies, long term home health care programs, or managed care plans, or as employees of licensed home care services agencies, limited licensed home care services agencies, or the consumer directed personal assistance program under section three hundred sixty-five-f of the social services law, or under any other arrangement.

5. No payments by government agencies shall be made to certified home health agencies, long term home health care programs, managed care plans, or the consumer directed personal assistance program under section three hundred sixty-five-f of the social services law, for any episode of care without the certified home health agency, long term home health care program, managed care plan, or the consumer directed personal assistance program having delivered prior written certification to the commissioner, on forms prepared by the department in consultation with the department of labor, that all services provided under each episode of care are in full compliance with the terms of this section and any regulations promulgated pursuant to this section.

6. If a certified home health agency or long term home health care program elects to provide home care aide services through contracts with licensed home care services agencies or through other third parties, provided that the episode of care on which the home care aide works is covered under the terms of this section, the certified home health agency, long term home health care program, or managed care plan must obtain a written certification from the licensed home care services agency or other third party, on forms prepared by the department in consultation with the department of labor, which attests to the licensed home care services agency's or other third party's compliance with the terms of this section. Such certifications shall also obligate the certified home health agency, long term home health care program, or managed care plan to obtain, on no less than a quarterly basis, all information from the licensed home care services agency, fiscal intermediary or other third parties necessary to verify compliance with the terms of this section. Such certifications and the information exchanged pursuant to them shall be retained by all certified home health agencies, long term home health
care programs, or managed care plans, and all licensed home care services agencies, or other third parties for a period of no less than ten years, and made available to the department upon request.

7. The commissioner shall distribute to all certified home health agencies, long term home health care programs, managed care plans, and fiscal intermediaries in the consumer directed personal assistance program under section three hundred sixty-five-f of the social services law, official notice of the minimum rates of home care aide compensation at least one hundred twenty days prior to the effective date of each minimum rate for each social services district covered by the terms of this section.

8. The commissioner is authorized to promulgate regulations, and may promulgate emergency regulations, to implement the provisions of this section.

9. Nothing in this section should be construed as applicable to any service provided by certified home health agencies, long term home health care programs, or consumer directed personal assistance program under section three hundred sixty-five-f of the social services law except for all episodes of care reimbursed in whole or in part by the New York Medicaid program.

10. No certified home health agency, managed care plan, long term home health care program, or fiscal intermediary in the consumer directed personal assistance program under section three hundred sixty-five-f of the social services law shall be liable for recoupment of payments for services provided through a licensed home care services agency or other third party with which the certified home health agency, long term home health care program, or managed care plan has a contract because the licensed agency or other third party failed to comply with the provisions of this section if the certified home health agency, long term home health care program, managed care plan, or fiscal intermediary has reasonably and in good faith collected certifications and all information required pursuant to subdivisions five and six of this section.

§ 6. Notwithstanding any other provision of law, the commissioner of health is authorized to sell accounts receivable balances owed to the state by Medicaid providers to financial institutions; provided that no such sale of accounts receivable balances shall include any state support, including a guarantee or contingent obligation of state funds to mitigate the risk of nonpayment by providers owing on these account receivable balances. The commissioner in consultation with the director of the budget is authorized to determine the sale prices of any such accounts receivable balances and shall include sale terms governing the reasonable collection of such balances by the financial institution. Following any such sale, providers owing on these accounts receivable balances shall not include any additional cost, interest, or financing charges solely as a result of such sale but shall be fully responsible for paying the accounts receivable balances. Proceeds from the sale of the accounts receivable balances shall be deposited to the Medicaid escrow fund and be used to offset Medicaid costs under the Medicaid global spending cap. The commissioner shall provide the legislature with a description of the terms of any such sale, including a list of the impacted Medicaid providers, at least thirty days prior to the sale.

§ 7. This act shall take effect immediately; provided, however that:

a. the amendments to section 364-j of the social services law made by section two of this act shall not affect the repeal of such section and shall be deemed to be repealed therewith;
b. sections three and five of this act shall take effect July 1, 2017;
and
c. section six of this act shall expire April 1, 2019; however, such
expiration shall not invalidate or otherwise impact any sale of accounts
receivable effected pursuant to such section prior to its expiration.

PART T

Section 1. This act shall be known and may be cited as the "clean
water infrastructure act of 2017".

§ 2. Article 15 of the environmental conservation law is amended by
adding a new title 33 to read as follows:

TITLE 33
SOURCE WATER PROTECTION PROJECTS

Section 15-3301. Definitions.
15-3303. Land acquisition projects for source water protection.
15-3305. Approval and execution of projects.

§ 15-3301. Definitions.
As used in this title the following terms shall mean:
1. "Land acquisition projects" means open space acquisition projects
undertaken with willing sellers including, but not limited to, the
purchase of conservation easements, undertaken by a municipality, a
not-for-profit corporation, or purchase of conservation easements by a
soil and water conservation district.
2. "Municipality" means the same as such term as defined in section
56-0101 of this chapter.
3. "Not-for-profit corporation" means a corporation formed pursuant to
the not-for-profit corporation law and qualified for tax-exempt status
under the federal internal revenue code.
4. "Soil and water conservation district" means the same as such term
as defined in section three of the soil and water conservation districts
law.
5. "State assistance payment" means payment of the state share of the
cost of projects authorized by this title to preserve, enhance, restore
and improve the quality of the state's environment.

§ 15-3303. Land acquisition projects for source water protection.
1. The commissioner is authorized to provide state assistance to muni-
cipalities, not-for-profit corporations and soil and water conservation
districts to undertake land acquisition projects for source water
protection, in cooperation with willing sellers. Land acquisition
projects for source water protection shall support, expand or enhance
drinking water quality protection, including but not limited to aqui-
fers, watersheds, reservoirs, lakes, rivers and streams.
2. a. Any buffer encumbered by a conservation easement acquired pursu-
ant to this section that encumbers lands used in agricultural production
as defined in section three hundred one of the agriculture and markets
law in a county designated state certified agricultural district created
under section three hundred three of the agriculture and markets law may
allow agricultural activity that qualifies such lands, provided such
activity on such lands does not impair drinking water and complies with
an agricultural environmental management program plan developed by the
state soil and water conservation committee, in partnership with the
department.
b. Notwithstanding any limitations provided herein on lands acquired pursuant to this title a license or easement may be granted by the owner of such property to a public utility for a public purpose.

3. In evaluating land acquisition projects for source water protection pursuant to this section, the department shall give priority to projects which protect or recharge drinking water sources and watersheds including riparian buffers and wetlands.

4. a. No state assistance may be provided pursuant to this section to fund any land acquisition project which is undertaken by eminent domain unless such process is undertaken with a willing seller.

b. The department shall not provide funding pursuant to this title for any land acquisition project for source water protection by a not-for-profit corporation, if any town, village or city within which such a project is located, by resolution, within ninety days of notification by such corporation of its interest in acquiring such projects, objects to such acquisition.

5. Consistent with section eleven-b of the soil and water conservation districts law, the soil and water conservation committee in consultation with the commissioner of agriculture and markets is authorized to provide state assistance payments to county soil and water conservation districts, within amounts appropriated, for land acquisition projects for source water protection projects to support, expand or enhance drinking water quality protection, including but not limited to aquifers, watersheds, reservoirs, lakes, rivers and streams. Such committee shall give priority to projects which establish buffers from waters which serves as or are tributaries to drinking water supplies for such projects using state assistance pursuant to this section.

6. Real property acquired, developed, improved, restored or rehabilitated by or through a municipality or not-for-profit corporation with funds made available pursuant to this title shall not be sold, leased, exchanged, donated or otherwise disposed of or used for other than the public purposes of this title without the express authority of an act of the legislature, which shall provide for the substitution of other lands of equal environmental value and fair market value and reasonably equivalent usefulness and location to those to be discontinued, sold or disposed of, and such other requirements as shall be approved by the commissioner.

7. If the state acquires a real property interest in land purchased by a municipality or not-for-profit with funds made available pursuant to this title, the state shall pay the fair market value of such interest less the amount of funding provided by the state pursuant to this section.

8. To the fullest extent practicable, it is the policy of the state to promote an equitable regional distribution of funds, consistent with the purpose of this section.

§ 15-3305. Approval and execution of projects.

1. Land acquisition projects for source water protection may be undertaken pursuant to the provisions of this article and other applicable provisions of law only with the approval of the commissioner.

2. The commissioner shall review such project application and may approve, disapprove or recommend modifications thereto consistent with applicable law, criteria, standards or rules and regulations relative to such projects. In reviewing applications for projects pursuant to this section, the commissioner shall give due consideration to:

a. the project's contribution to the protection of drinking water supplies:
b. the presence of a water plan, including a source water assessment/protection plan or other similar plan which identifies measures to reduce threats to drinking water sources and priorities for land acquisition projects; and,
c. financial need or hardship.

3. All land acquisition projects shall be undertaken in the state of New York. The total amount of the state assistance payments toward the cost of any such project shall be set forth in any request for proposal issued to solicit projects and will in no event exceed seventy-five percent of the cost.

For the purpose of determining the amount of the state assistance payments, the cost of the project shall not be more than the amount set forth in the application for state assistance payments approved by the commissioner. The state assistance payments toward the cost of a project shall be paid on audit and warrant of the state comptroller on a certificate of availability of the director of the budget.

4. a. The commissioner and a municipality may enter into a contract for the undertaking by the municipality of a source water protection project. Such project shall be recommended to the commissioner by the governing body of the municipality and, when approved by the commissioner, may be undertaken by the municipality pursuant to this title and any other applicable provision of law.

b. The commissioner and a not-for-profit corporation may enter into a contract for the undertaking by the not-for-profit corporation of a source water protection project. Such a project shall be recommended to the commissioner by the governing body of a not-for-profit corporation which demonstrates to the satisfaction of the commissioner that it is capable of operating and maintaining such property for the benefit of drinking water and/or water quality protection. Upon approval by the commissioner, such project may be undertaken pursuant to the provisions of this title and any other applicable provision of law.

5. No monies shall be expended for source water protection land acquisition projects except pursuant to an appropriation therefor.

§ 3. The public health law is amended by adding a new section 1114 to read as follows:

§ 1114. Lead service line replacement grant program. 1. To the extent practicable, the department shall allocate appropriated funds equitably among regions of the state. Within each region, the department shall give priority to municipalities that have a high percentage of elevated childhood blood lead levels, based on the most recent available data. In distributing the awards allocated for each region to such priority municipalities, the department shall also consider whether the community is low income and the number of lead service lines in need of replacement. The department may request that such municipalities provide such documentation as the department may require to confirm award eligibility.

2. The department shall publish information, application forms, procedures and guidelines relating to the program on its website and in a manner that is accessible to the public and all potential award recipients.

§ 4. Article 27 of the environmental conservation law is amended by adding a new title 12 to read as follows:

TITLE 12

MITIGATION AND REMEDIATION OF CERTAIN SOLID WASTE SITES AND DRINKING WATER CONTAMINATION
Section 27-1201. Definitions.

27-1203. Mitigation and remediation of solid waste sites.

27-1205. Mitigation of contaminants in drinking water.

27-1207. Use and reporting of the solid waste mitigation account and the drinking water response account.

27-1209. Rules and regulations.

27-1211. Protection against liability and liability exemptions and defenses.

When used in this title:

1. "Contaminant" means emerging contaminants pursuant to section eleven hundred twelve of the public health law, and, for solid waste sites, shall include parameters identified in regulations required to be tested by landfills to ensure the protection of groundwater quality.

2. "Contamination" or "contaminated" means the presence of a contaminant in any environmental media, including soil, surface water, or groundwater, sufficient to cause or substantially contribute to an exceedance of standards, criteria, and guidance values established by the department or drinking water standards, including maximum contaminant levels, notification levels, maximum residual disinfectant levels or action levels established by the department of health.

3. "Drinking water contamination site" means any area or site that is causing or substantially contributing to the contamination of one or more public drinking water supplies.

4. "Drinking water response account" means the account established pursuant to subdivision one of section ninety-seven-b of the state finance law.

5. "Mitigation" means the investigation, sampling, management, or treatment of a solid waste site or drinking water contamination site required to ensure the availability of safe drinking water, including public water systems and individual onsite water supply systems necessary to meet standards, criteria, and guidance values established by the department or drinking water standards, including maximum contaminant levels, notification levels, maximum residual disinfectant levels, or action levels established by the department of health that can be successfully carried out with available, implementable and cost-effective technology. "Mitigation" activities include but are not limited to the installation of drinking water treatment systems, the provision of alternative water supplies, or repair of a landfill cap. "Mitigation" does not mean remediation.

6. "Solid waste site" means a site where (a) the department has a reasonable basis to suspect that the illegal disposal of solid waste occurred or, (b) a court of competent jurisdiction has determined that an illegal disposal of solid waste occurred, or (c) the department knows or has a reasonable basis to suspect that an inactive solid waste management facility which does not have a current monitoring program is impacting or contaminating one or more drinking water supplies. Solid waste site shall not include a site which is currently subject to investigation or remediation pursuant to title thirteen or fourteen of this article or any site which completed such programs and was either delisted by or received a certificate of completion from the department.

7. "Solid waste mitigation account" means the account established pursuant to subdivision one of section ninety-seven-b of the state finance law.

8. "Solid waste management facility" means any facility employed for solid waste collection, processing and disposal including processing...
systems, including resource recovery facilities or other facilities for reducing solid waste volume, sanitary landfills, regulated facilities for the disposal of construction and demolition debris, regulated plants and facilities for compacting, composting or pyrolysis of solid wastes, regulated mulch facilities, landspreading and soil amending operations, and incinerators.

§ 27-1203. Mitigation and remediation of solid waste sites.
1. The solid waste site priority in this state is to mitigate and remediate any solid waste site causing or substantially contributing to impairments of drinking water quality which may impact public health.
2. The department shall, in conjunction with the department of health, develop a system to select and prioritize sites for mitigation and remediation, considering the effects on the health of the state.
3. Beginning July first, two thousand nineteen and annually thereafter, the department shall prepare and submit to the governor and the legislature a comprehensive plan designed to mitigate and remediate solid waste sites. This plan shall establish a solid waste site mitigation and remediation priority list.
4. The department is authorized to conduct preliminary investigations to determine if a solid waste site is causing or substantially contributing to imminent or documented drinking water source contamination. The department, and any employee, agent, consultant or other person acting at the direction of the department, shall have the authority to enter all solid waste sites for the purpose of preliminary investigation, mitigation and remediation, provided that the department has made a reasonable effort to identify the owner of such property to notify such owner of the intent to enter the property at least ten days in advance. In the event the commissioner of health makes a written determination that such ten day notice will not be sufficient to protect public health, two days' written notice shall be sufficient. Any inspection of the property and each taking of samples shall take place at reasonable times and shall be commenced and completed with reasonable promptness. Such preliminary investigation shall include:
   a. conducting or causing to be conducted field investigations of high priority sites identified in the plan established pursuant to subdivision three of this section for the purpose of further defining necessary mitigation and remediation, if any. To the maximum extent practicable, the department shall utilize existing information including, but not limited to, subsurface borings and any analyses or tests of samples taken from such sites by owners or operators, other responsible persons and any federal or non-federal agencies;
   b. making any subsurface borings and any analyses or tests of samples taken as may be necessary or desirable to effectuate the field investigations of sites as required under this section subject to the requirements of this title. If the owner of a solid waste site can be identified, the department shall provide such owner with a minimum of ten days' written notice of the intent to take such borings or samples in accordance with the provisions of subdivision twelve of section 27-1205 of this title. If any analysis is made of such samples, a copy of the results of such analysis shall be furnished promptly to the owner or operator. Upon the completion of all sampling activities, the department or authorized person shall remove, or cause to be removed, all equipment and well machinery and return the ground surface of the property to its condition prior to such sampling, unless the department or authorized person, and the owner of the property shall otherwise agree;
c. making any record searches or document reviews as may be necessary or desirable to effectuate the purposes of this section subject to the requirements of this title.

5. If the department or the department of health, as appropriate, determines that a solid waste site poses a significant threat to the public health or environment due to hazardous waste, the department shall refer the site to the inactive hazardous waste disposal site remedial program pursuant to title thirteen of this article.

6. Where the department has determined through a preliminary investigation conducted pursuant to subdivision four of this section that a solid waste site is causing or substantially contributing to contamination of a public drinking water supply, the owner or operator of a solid waste site shall, at the department's written request, cooperate with any and all remedial measures deemed necessary and which shall be undertaken by the department, in conjunction with the department of health, for the mitigation and remediation of a solid waste site or area which is necessary to ensure that drinking water meets applicable standards, including maximum contaminant levels, notification levels, maximum residual disinfectant levels, or action levels established by the department of health. The department may implement necessary measures to mitigate and remediate the solid waste site within amounts appropriated for such purposes from the solid waste mitigation account.

§ 27-1205. Mitigation of contaminants in drinking water.

1. Whenever the commissioner of health has required a public water system to take action to reduce exposure to an emerging contaminant or emerging contaminants and has determined that the concentration of the emerging contaminant constitutes an actual or potential threat to public health based on the best available scientific information pursuant to section eleven hundred twelve of the public health law, the department in conjunction with the department of health, may, pursuant to the Clean Water Infrastructure Act of 2017 and within the up to one hundred thirty million dollars appropriated for such purposes, undertake all reasonable and necessary additional mitigation measures in any area of the state in which contamination is known to be present. The department shall employ feasible measures that can be successfully carried out with available, implementable and cost effective technology. Such area shall include, at a minimum, all properties served by the public water system, any individual onsite water supply systems impacted by the contamination, and any land and any surface or underground water sources impacted by the contamination. Such approved measures shall be protective of public health and may include but not be limited to the installation of treatment systems or the provision of alternative water supply sources to ensure that drinking water meets applicable standards, including maximum contaminant levels, notification levels, maximum residual disinfectant levels, or action levels established by the department of health.

2. If the department or the department of health, as applicable, determines that a drinking water contamination site poses a significant threat to the public health or environment from a hazardous waste, the department shall refer the site to the inactive hazardous waste disposal site remedial program pursuant to title thirteen of this article.

3. Whenever the commissioner of health has required a public water system to take action to reduce exposure to emerging contaminants and has determined that the concentration of the emerging contaminant constitutes an actual or potential threat to public health based on the best available scientific information pursuant to section eleven hundred twelve of the public health law:
a. the department shall have the authority to undertake directly in conjunction with the department of health, the development and implementation of all necessary and reasonable mitigation and remediation measures of drinking water contamination, as approved by the department of health, to address emerging contaminants in public water supplies;

b. the commissioner may order, after notice and opportunity for a hearing, the owner and/or operator of the drinking water contamination site and/or any person responsible for such contamination to undertake all reasonable and necessary mitigation and remediation, as approved by the department of health, to ensure that drinking water meets applicable standards, including maximum contaminant levels, notification levels, maximum residual disinfectant levels, or action levels established by the department of health, and employ feasible measures that can be successfully carried out with available, implementable and cost effective technology, subject to the approval of the department and the department of health, at such site, and to implement such program within reasonable time limits specified in the order. Provided, however, that in the event the commissioner of health shall issue an order pursuant to subdivision three of section one thousand three hundred eighty-nine-b of the public health law, such order of the commissioner of health shall supersede any order issued hereunder.

4. The department shall have the authority a. to delegate responsibility for a specific drinking water contamination site to the municipality in which such site is located and b. to contract with any other person to perform necessary work in connection with such sites.

5. Section eight of the court of claims act or any other provision of law to the contrary notwithstanding, the state shall be immune from liability and action with respect to any act or omission done in the discharge of the department’s aforesaid responsibility pursuant to this title; provided, however, that this subdivision shall not limit the liability which may otherwise exist for unlawful, willful, or malicious acts or omissions on the part of the state, state agencies, or their officers, employees or agents; or for the ownership or responsibility for the disposal of such contaminant, including liability for the cost of remediation, pursuant to this section.

6. Whenever the commissioner of health, after investigation, finds:

a. that a public drinking water contamination site represents an actual or potential threat to the public health; and

b. the threat makes it prejudicial to the public interest to delay action until a hearing can be held pursuant to this title, the department may, pursuant to paragraph a of subdivision three of this section and within the funds available to the department from the drinking water response account, develop and implement, in conjunction with the department of health, all reasonable and necessary mitigation and remedial measures to address drinking water contamination for such site to ensure that drinking water meets applicable standards, including maximum contaminant levels, notification levels, maximum residual disinfectant levels or action levels established by the department of health. Findings required pursuant to this subdivision shall be in writing and may be made by the commissioner of health on an ex parte basis subject to judicial review.

7. Any order issued pursuant to paragraph b of subdivision three of this section shall be issued only after notice and the opportunity for a hearing is provided to persons who may be the subject of such order. The commissioner or the commissioner of health shall determine which persons are responsible pursuant to said subdivision according to appli-
cable principles of statutory or common law liability. Such persons shall be entitled to raise any defense set forth in section 27-1211 of this title or common law defense at any such hearing and such defenses shall have the same force and effect at such hearings as they would have in a court of law. In the event a hearing is held, no order shall be issued by the commissioner under subdivision three of this section until a final decision has been rendered. Any such order shall be reviewable pursuant to article seventy-eight of the civil practice law and rules within thirty days after service of such order. The commissioner or the commissioner of health may request the participation of the attorney general in such hearings.

8. The commissioner shall make all reasonable efforts, in accordance with the requirements of subdivision six of section ninety-seven-b of the state finance law, to recover all mitigation costs incurred pursuant to subdivisions one and three of this section from the owner and/or operator of the drinking water contamination site.

9. When a municipality develops and implements remediation to address a drinking water contamination site, determined pursuant to subdivision four of this section, and the plan is approved by the department, in conjunction with the department of health, which is owned or has been operated by such municipality or when the department, in conjunction with the department of health, pursuant to an agreement with a municipality, develops and implements such remediation, the commissioner shall, in the name of the state, agree in such agreement to provide from the drinking water response account, within the limitations of appropriations therefor, seventy-five percent of the eligible design and construction costs of such program for which such municipality is liable solely because of its ownership and/or operation of such site and which are not recovered from or reimbursed or paid by a responsible party or the federal government.

10. Nothing contained within this section shall be construed as impairing or in any manner affecting the right or jurisdiction of the attorney general to seek appropriate relief pursuant to his or her statutory or common law authority.

11. Moneys for actions taken or to be taken by the department, the department of health or any other state agency pursuant to this title shall be payable directly to such agencies from the drinking water response account pursuant to section ninety-seven-b of the state finance law.

12. a. Every person shall, upon the written request of the commissioner or a designee, permit a duly designated officer or employee of the department at all reasonable times to have access to and to copy all books, papers, documents and records pertinent to an ongoing investigation of drinking water contamination identified in section 27-1203 of this title.

b. The commissioner may sign and issue subpoenas in the name of the department requiring the production of books, papers, documents and other records and may take testimony by depositions under oath of any person relating to the ongoing investigation of a drinking water contamination identified in this title. Such subpoenas and depositions shall be regulated by the state of New York’s civil practice law and rules. The commissioner may invoke the powers of the supreme court of the state of New York to compel compliance with any such subpoena or any request to take such depositions.

c. When the department has substantial evidence that such drinking water contamination site is causing or substantially contributing to the
contamination of drinking water, and subject to the applicable notice
provisions set forth in paragraph d of this subdivision, any duly desig-
nated officer or employee of the department, or of any state agency, and
any agent, consultant, contractor, or other person, including an employ-
ee, consultant, or contractor of a responsible person acting at
the direction of the department, so authorized in writing by the commis-
sioner, may enter any drinking water contamination site and areas near
such site and inspect and take samples of wastes, soil, air, surface
water, and groundwater. In order to take such samples, the department or
authorized person may utilize or cause to be utilized such sampling
methods as it determines to be necessary including, but not limited to,
soil borings and monitoring wells.

d. The department or authorized person shall not take any samples
involving the substantial disturbance of the ground surface of any prop-
erty unless it has made a reasonable effort to identify the owner of the
property and to notify such owner of the intent to take such samples. If
the owner can be identified, the department shall provide such owner
with a minimum of ten days' written notice of the intent, unless such
owners and occupants consent to an earlier date, to take such samples,
unless the commissioner makes a written determination that such ten day
notice will not allow the department to protect the environment or
public health, in which case two days' written notice shall be suffi-
cient. Any inspection of the property and each such taking of samples
shall take place at reasonable times and shall be commenced and
completed with reasonable promptness. If any officer, employee, agent,
consultant, contractor, or other person so authorized in writing by the
commissioner obtains any samples prior to leaving the premises, he or
she shall give to the owner or operator a receipt describing the sample
obtained and, if requested, a portion of such sample equal in volume or
weight to the portion retained. If any analysis is made of such samples,
a copy of the results of such analysis shall be furnished promptly to
the owner or operator. Upon the completion of all sampling activities,
the department or authorized person shall remove, or cause to be
removed, all equipment and well machinery and return the ground surface
of the property to its condition prior to such sampling, unless the
department or authorized person, and the owner of the property shall
otherwise agree.

e. The expense of any such mitigation by the department or the depart-
ment of health shall be paid by the drinking water response account, but
may be recovered from any responsible person in any action or proceeding
brought pursuant to the state finance law, this title, other state or
federal statute, or common law if the person so authorized in writing is
an employee, agent, consultant, or contractor of a responsible person
acting at the direction of the department, then the expense of any such
sampling and analysis shall be paid by the responsible person.

f. Any duly designated officer or employee of the department or any
other state agency, and any agent, consultant, contractor, or other
person acting at the direction of the department, authorized in writing
by the commissioner, may enter any drinking water contamination site and
areas near such site to undertake all reasonable and necessary miti-
gation and remediation for such site, provided: (a) the commissioner has
sent a written notice to the owners of record or any known occupants of
such site or nearby areas of the intended entry and work at least ten
days prior to such initial entry unless such owners and occupants
consent to an earlier date; and (b) the department has substantial
evidence that such drinking water contamination site is causing or
substantially contributing to the contamination of drinking water. In
the event the commissioner of health makes a written determination that
such ten day notice will not be sufficient to protect public health, two
days’ written notice shall be sufficient.
§ 27-1207. Use and reporting of the solid waste mitigation account and
the drinking water response account.
1. Pursuant to the clean water infrastructure act of two thousand
seventeen and within the up to one hundred thirty million dollars appro-
priated for such purposes, mitigation and remediation efforts to address
public drinking water contamination from emerging contaminants and solid
waste sites causing or substantially contributing to drinking water
impairment that impacts public health may be conducted in accordance
with this title.
2. The solid waste mitigation account shall be made available to the
department and the department of health, as applicable, for the follow-
ing purposes:
   a. enumeration and assessment of solid waste sites;
   b. investigation and environmental characterization of solid waste
   sites, including environmental sampling;
   c. mitigation and remediation of solid waste sites;
   d. monitoring of solid waste sites; and
   e. administration and enforcement of the requirements of section
27-1203 of this title.
3. The drinking water response account shall be made available to the
department and the department of health, as applicable, for the follow-
ing purposes:
   a. mitigation of drinking water contamination;
   b. investigation of drinking water contamination;
   c. remediation of drinking water contamination; and
   d. administration and enforcement of the requirements of this title
except the provisions of section 27-1203.
4. On or before July first, two thousand nineteen and July first of
each succeeding year, the department shall report on the status of the
programs.
§ 27-1209. Rules and regulations.
The department shall promulgate rules and regulations necessary and
appropriate to carry out the purposes of this title and shall at a mini-
mum include such provisions for requisite due process and meaningful
public participation as are appropriate to any action undertaken pursu-
ant to this title, taking into consideration the nature and degree of
any public health impacts and the urgency of any need for investigation
or remediation of contamination.
§ 27-1211. Protection against liability and liability exemptions and
defenses.
In addition to common law defenses, the provisions of sections 27-1321
and 27-1323 of this article shall apply to a solid waste site that is
causing or substantially contributing to contamination of public drink-
ing water supplies or a drinking water contamination site pursuant to
this title and shall apply to emerging contaminants in the same way
applicable to hazardous materials and hazardous wastes.
1. There is hereby established in the custody of the state comptroller a nonlapsing revolving fund to be known as the "hazardous waste remedial fund", which shall consist of a "site investigation and construction account", an "industry fee transfer account", an "environmental restoration project account", "hazardous waste cleanup account", [and] a "hazardous waste remediation oversight and assistance account", a "solid waste mitigation account", and a "drinking water response account".

2. Such fund shall consist of all of the following:
   (a) moneys appropriated for transfer to the fund's site investigation and construction account; (b) all fines and other sums accumulated in the fund prior to April first, nineteen hundred eighty-eight pursuant to section 71-2725 of the environmental conservation law for deposit in the fund's site investigation and construction account; (c) all moneys collected or received by the department of taxation and finance pursuant to section 27-0923 of the environmental conservation law for deposit in the fund's industry fee transfer account; (d) all moneys paid into the fund pursuant to section 72-0201 of the environmental conservation law which shall be deposited in the fund's industry fee transfer account; (e) all moneys paid into the fund pursuant to paragraph (b) of subdivision one of section one hundred eighty-six of the navigation law which shall be deposited in the fund's industry fee transfer account; (f) all moneys recovered under sections 56-0503, 56-0505 and 56-0507 of the environmental conservation law into the fund's environmental restoration project account; (g) all fees paid into the fund pursuant to section 72-0402 of the environmental conservation law which shall be deposited in the fund's industry fee transfer account; (h) payments received for all state costs incurred in negotiating and overseeing the implementation of brownfield site cleanup agreements pursuant to title fourteen of article twenty-seven of the environmental conservation law shall be deposited in the hazardous waste remediation oversight and assistance account; (i) all moneys recovered pursuant to title twelve of article twenty-seven of the environmental conservation law into the fund's drinking water response account; and [h] (j) other moneys credited or transferred thereto from any other fund or source for deposit in the fund's site investigation and construction account.

(i) with respect to moneys in the hazardous waste remediation oversight and assistance account, non-bondable costs associated with hazardous waste remediation projects. Such costs shall be limited to agency staff costs associated with the administration of state assistance for brownfield opportunity areas pursuant to section nine hundred seventy-six of the general municipal law, agency staff costs associated with the administration of technical assistance grants pursuant to titles thirteen and fourteen of article twenty-seven of the environmental conservation law, and costs of the department of environmental conservation related to the geographic information system required by section 3-0315 of the environmental conservation law; [and]

(j) with respect to moneys in the hazardous waste remediation oversight and assistance account, technical assistance grants pursuant to titles thirteen and fourteen of article twenty-seven of the environmental conservation law[

(k) with respect to moneys in the solid waste mitigation account, when allocated, shall be available to the department of environmental conser-
vation to undertake mitigation and remediation as the department of 
environmental conservation may determine necessary related to a solid 
water site pursuant to title twelve of article twenty-seven of the envi-
ronmental conservation law which indicates that conditions on such prop-
erty are impairing drinking water quality and to ensure the provision of 
safe drinking water, provided however, that no more than five million 
dollars will be available annually for such account; and

(l) with respect to moneys in the drinking water response account, 
when allocated, shall be available to the department of environmental 
conservation, and to the department of health, to undertake mitigation 
and remediation as the departments may determine necessary related to a 
drinking water contamination site pursuant to title twelve of article 
twenty-seven of the environmental conservation law which indicates that 
conditions on such property are impairing drinking water quality, 
provided however, that no more than twenty million dollars will be 
available annually for such account.

6. The commissioner of the department of environmental conservation 
shall make all reasonable efforts to recover the full amount of any 
funds expended from the fund pursuant to paragraph (a) and paragraph (l) 
of subdivision three of this section through litigation or cooperative 
agreements with responsible persons. Any and all moneys recovered or 
reimbursed pursuant to this section through voluntary agreements or 
court orders shall be deposited with the comptroller and credited to the 
account of such fund from which such expenditures were made.

§ 6. 1. This section shall be known and be cited as the "New York 
State water infrastructure improvement act of 2017".

2. For purposes of this act:

a. "water quality infrastructure project" shall mean "sewage treatment 
works" as defined in section 17-1903 of the environmental conservation 
law or "eligible project" as defined in paragraphs (a), (b), (c) and (e) 
of subdivision 4 of section 1160 of the public health law.

b. "construction" shall mean:

(i) for sewage treatment works, the same as defined in section 17-1903 
of the environmental conservation law; and

(ii) for eligible projects, the same meaning as defined in section 
1160 of the public health law.

c. "municipality" shall mean any county, city, town, village, district 
corporation, county or town improvement district, school district, Indi-
an nation or tribe recognized by the state or the United States with a 
reservation wholly or partly within the boundaries of New York state, 
every public benefit corporation or public authority established pursuant 
to the laws of New York or any agency of New York state which is 
empowered to construct and operate a water quality infrastructure 
project, or any two or more of the foregoing which are acting jointly in 
connection with a water quality infrastructure project.

3. a. The environmental facilities corporation shall undertake and 
provide state financial assistance payments, from funds appropriated for 
such purpose, to municipalities in support of water quality infrastruc-
ture projects provided, however, in any such year that funds are appro-
priated for such purpose, no municipality shall receive more than five 
million dollars of appropriated funds. Such state financial assistance 
payments shall be awarded only to water quality infrastructure projects 
for:

(i) replacement or repair of infrastructure; or

(ii) compliance with environmental and public health laws and regu-
lations related to water quality.
b. Any state financial assistance payment awarded pursuant to this act shall not exceed seventy-five percent of the project cost.

c. A municipality may make an application for such state financial assistance payment, in a manner, form and timeframe and containing such information as the environmental facilities corporation may require provided however, such requirements shall not include a requirement for prior listing on the intended use plan.

d. A municipality shall not be required to accept environmental facilities corporation loan financing in order to obtain a state financial assistance payment pursuant to this act if it can provide proof of having obtained similarly low cost financing or other funding from another source.

e. In awarding such financial assistance payments, the corporation shall be prohibited from requiring as a condition of receipt, or otherwise giving preference to, applicants who agree to participate in the design, creation, or implementation of a municipal consolidation plan.

f. In awarding such state financial assistance payments, the environmental facilities corporation shall consider and give preference to municipalities that meet the hardship criteria established by the environmental facilities corporation pursuant to section 1285-m of the public authorities law and projects that result in the greatest water quality improvement or greatest reduction in serious risk to public health. For the purposes of this act, the hardship criteria of section 1285-m of the public authorities law shall also apply to sewage treatment works as defined in section 17-1903 of the environmental conservation law.

g. Water quality infrastructure projects financed with state financial assistance made available pursuant to this section shall be subject to the requirements of article 8 of the labor law, the requirements of article 17-B of the executive law and the requirements and provisions of all applicable minority- and women-owned business mandates including, but not limited to article 15-A of the executive law.

§ 7. The public authorities law is amended by adding a new section 1285-s to read as follows:

§ 1285-s. New York state intermunicipal water infrastructure grants program. 1. For purposes of this section:

(a) "water quality infrastructure project" shall mean "sewage treatment works" as defined in section 17-1903 of the environmental conservation law or "eligible project" as defined in paragraphs (a), (b), (c) and (e) of subdivision four of section eleven hundred sixty of the public health law.

(b) "construction" shall mean:

(i) for sewage treatment works, the same meaning as defined in section 17-1903 of the environmental conservation law; and

(ii) for eligible projects, the same meaning as defined in section one thousand one hundred sixty of the public health law.

(c) "municipality" shall mean any county, city, town, village, district corporation, county or town improvement district, school district, Indian nation or tribe recognized by the state or the United States with a reservation wholly or partly within the boundaries of New York state, any public benefit corporation or public authority established pursuant to the laws of New York or any agency of New York state which is empowered to construct and operate an intermunicipal water quality infrastructure project, or any two or more of the foregoing which are acting jointly in connection with an intermunicipal water quality infrastructure project.
2. (a) The environmental facilities corporation shall undertake and provide state financial assistance payments, from funds appropriated for such purpose, to municipalities in support of intermunicipal water quality infrastructure projects provided, however, in any such year that funds are appropriated for such purpose, each project shall receive an award of up to ten million dollars of appropriated funds; provided that such monies shall not exceed sixty percent of the total project cost; and provided further that the total state financial assistance payment for the project does not represent a disproportionate share of the total amount of available funding in any given year.

(b) Intermunicipal water quality infrastructure projects shall serve multiple municipalities and may include a shared water quality infrastructure project or interconnection of multiple municipal water quality infrastructure projects and shall be awarded only to water quality infrastructure projects for:

(i) construction, replacement or repair of infrastructure provided, however, that such assistance shall not be awarded for construction to exclusively support residential or commercial development; or

(ii) compliance with environmental and public health laws and regulations related to water quality.

(c) Cooperating municipalities may make an application for an intermunicipal water infrastructure grant, in a manner, form and timeframe and containing such information as the environmental facilities corporation may require provided however, such requirements shall not include a requirement for prior listing on the intended use plan.

(d) Cooperating municipalities shall not be required to accept environmental facilities corporation loan financing in order to obtain a state financial assistance payment pursuant to this section if it can provide proof of having obtained similarly low cost financing or other funding from another source.

(e) In awarding financial assistance payments, the corporation shall be prohibited from requiring as a condition of receipt, or otherwise giving preference to, applicants who agree to participate in the design, creation, or implementation of a municipal consolidation plan.

3. Intermunicipal water quality infrastructure projects financed with state financial assistance made available pursuant to this section shall be subject to the requirements of article eight of the labor law, the requirements of article seventeen-B of the executive law and the requirements and provisions of all applicable minority- and women-owned business mandates including, but not limited to article fifteen-A of the executive law.

§ 8. The public authorities law is amended by adding a new section 1285-t to read as follows:

§ 1285-t. Water infrastructure emergency financial assistance. 1. For purposes of this section, "municipality" means any county, city, town, village, district corporation, county or town improvement district, school district, Indian nation or tribe recognized by the state or the United States with a reservation wholly or partly within the boundaries of New York state, any public benefit corporation or public authority established pursuant to the laws of New York or any agency of New York state which is empowered to construct and operate a wastewater or drinking water infrastructure project, or any two or more of the foregoing which are acting jointly in connection with such a project.

2. Upon a municipality's formal declaration of an emergency, the municipality shall provide the department of environmental conservation or the department of health, as appropriate, with information to assess any
situation in which the state of the municipality's wastewater or water infrastructure is causing or may cause an imminent hazard to the public health or welfare, or the environment. After its assessment, if either department determines the state of the infrastructure is resulting or may result in imminent hazard to the public health or welfare, or to the environment, the corporation shall provide temporary emergency assistance, within amounts appropriated, to the municipality in an amount not to exceed reasonable costs for infrastructure construction, replacement, or repair, and related engineering costs, that is immediately necessary to eliminate or substantially reduce such hazard.

3. The corporation and the municipality shall enter into an agreement signed by an officer duly authorized by the governing body of the municipality pursuant to which the corporation shall transmit emergency financial assistance in an amount determined by the department of environmental conservation or the department of health, as applicable, as necessary to address the imminent hazard, and shall provide the assistance payment to the municipality within two business days of receipt of such determination. The municipality shall submit an itemized cost estimate from the municipality's engineer or engineering consultant to the applicable department sufficient to make such determination.

4. No later than fourteen days after the cessation of the emergency, the municipality shall provide to the corporation documentation for all costs paid with the emergency assistance and refund to the corporation any portion of the financial assistance not used or committed to pay for the construction, replacement, or repair and related engineering costs determined to be necessary under subdivision one of this section.

5. Subject to appropriation or duly authorized indebtedness, the municipality shall repay the corporation within one year of its receipt of emergency financial assistance the full amount of such assistance provided to it under this section. The corporation may extend the time to repay for up to one additional year if the corporation determines in its sole discretion that such an extension is warranted under the circumstances.

6. Nothing in this section nullifies the eligibility of a municipality for other infrastructure funding, including grant, which may be provided by the state for water infrastructure directly related to the infrastructure for which emergency financial assistance is awarded under this section, including funding the municipality could use to repay the emergency financial assistance. If the municipality receives such other funding from the state or any financial assistance from a third party for the same infrastructure, the municipality shall within ten days first repay the corporation the outstanding balance of the emergency financial assistance before paying any remaining costs for the water infrastructure.

§ 9. The public authorities law is amended by adding a new section 1285-u to read as follows:

§ 1285-u. Septic system replacement fund. 1. Definitions. For purposes of this section:

(a) "Cesspool" means a drywell that receives untreated sanitary waste containing human excreta, which sometimes has an open bottom and/or perforated sides.

(b) "Fund" means the state septic system replacement fund created by this section.

(c) "Participating county" means a county that notifies the corporation that it seeks authority to administer a septic system replacement program within its municipal boundaries and agrees to abide by the
program's goals, guidelines, eligibility requirements and reimbursement procedures and provide information to property owners regarding program parameters including eligibility criteria.

(d) "Septic system" means a system that provides for the treatment and/or disposition of the combination of human and sanitary waste with water not exceeding one thousand gallons per day, serving a single parcel of land, including residences and small businesses.

(e) "Septic system project" means the replacement of a cesspool with a septic system, the installation, replacement or upgrade of a septic system or septic system components, or installation of enhanced treatment technologies, including an advanced nitrogen removal system, to significantly and quantifiably reduce environmental and/or public health impacts associated with effluent from a cesspool or septic system to groundwater used as drinking water, or a threatened or an impaired waterbody.

(f) "Small business" means any business which is resident in this state, independently owned and operated, not dominant in its field, and employing not more than one hundred individuals.

2. (a) There is hereby created the state septic system replacement fund, which shall be administered by the corporation to reimburse property owners for up to fifty percent of the eligible costs incurred for eligible septic system projects, provided that no property owner shall be reimbursed more than ten thousand dollars.

(b) Eligible costs include design and installation costs, and costs of the system, system components, or enhanced treatment technologies, but shall not include costs associated with routine maintenance such as a pump out of a septic tank.

(c) The department of environmental conservation, in consultation with the department of health and participating counties, shall from the list of participating counties establish priority geographic areas and, in the absence of county information, identify eligible septic system projects, based on an area's vulnerability to contamination, including the presence of a sole source aquifer, or known water quality impairment, population density, soils, hydrogeology, climate, and reasonable ability for septic system projects to mitigate water quality impacts. The department of environmental conservation may delegate to a participating county the identification of priority geographic areas. The department of environmental conservation, in consultation with participating counties in which priority areas have been identified, shall determine the amount of money from the fund to be provided to each participating county based on density, demand for reimbursement from the fund and the criteria used to establish the priority geographic areas. The corporation shall publish information, application forms, procedures and guidelines relating to the program on its website and in a manner that is accessible to the public.

(d) The corporation shall provide state financial assistance payments from the fund, from moneys appropriated by the legislature and available for that purpose, to participating counties to administer a septic system replacement program to support septic system projects within their municipal boundaries undertaken by property owners within their municipal boundaries. Where such project is located in a priority geographic area identified by the department of environmental conservation as threatened or impaired by nitrogen, including groundwater used as drinking water, such septic system project must reduce nitrogen levels by at least thirty percent.
3. (a) A participating county shall notify property owners who may be eligible to participate in the program. Determinations of eligibility will be made by the participating county based on the published program criteria and consideration of a property's location in relation to a waterbody, impacts to groundwater used as drinking water, and the condition of the property owner's current septic system as determined by:
   (i) the county health department official; or
   (ii) other designated authority having jurisdiction, pursuant to septic inspections required by a municipal separate storm sewer system permit; or
   (iii) a septic contractor pursuant to the applicable county sanitary code.

(b) An owner of property served by a septic system or cesspool may apply to a participating county on an application substantially in the form provided by the corporation.

(c) Property owners in participating counties must have signed a property owner participation agreement with the county before the start of the design phase to be eligible for reimbursement from the fund. The agreement must be substantially in the form provided by the corporation and include, without limitation, the program's goals, guidelines, eligibility requirements and reimbursement procedures.

(d) A property owner may apply for reimbursement of eligible costs by submitting to the participating county a reimbursement application, which must include at least:
   (i) a signed property owner participation agreement;
   (ii) a completed reimbursement application form substantially in the form provided by the corporation;
   (iii) any applicable design approval for the septic system project;
   (iv) description of all work completed; and
   (v) cost documentation and invoice or invoices for eligible costs.

(e) Participating counties will be responsible for reviewing their property owners' applications and approving, modifying or denying the reimbursement requests as appropriate and issuing reimbursement payments to property owners from financial assistance payments made to the county from the fund.

(f) Participation in this program and the receipt of payments shall not prevent participating counties from providing additional reimbursement to property owners.

(g) Subject to the limitations of paragraph (d) of this subdivision, the county may set graduated incentive reimbursement rates for septic system projects to maximize pollution reduction outcomes.

4. On or before March first, two thousand nineteen, and annually thereafter, the corporation shall submit to the governor, the temporary president of the senate and the speaker of the assembly a report regarding the program. Such report shall include, but shall not be limited to, the number and amount of grants provided, the number and amount of any grants denied, geographic distribution of such projects and any other information the corporation determines useful in evaluating the benefits of the program.
§ 10. Subdivision 4 of section 11-b of the soil and water conservation districts law, as amended by chapter 538 of the laws of 1996, is amended to read as follows:

4. Eligible costs that may be funded pursuant to this section are architectural and engineering services, plans and specifications, including watershed based or individual agricultural nonpoint source pollution assessments, consultant and legal services, conservation easements and associated transaction costs specific to title thirty-three of article fifteen of the environmental conservation law and other direct expenses related to project implementation.

§ 11. Report on integrated database of infrastructure projects. The environmental facilities corporation shall, in cooperation with the departments of health and environmental conservation, study and prepare a report to the legislature by January 30, 2018, on the feasibility of establishing, an integrated database or platform incorporating past, present, and ongoing infrastructure projects that have been applied for, as well as those which have been funded through grant and loan programs administered by the department of environmental conservation, the department of health, and the environmental facilities corporation relating to water quality infrastructure for the purpose of informing ongoing and future policy and funding initiatives.

§ 12. Subdivision 1 of section 3-0315 of the environmental conservation law, as added by section 1 of part C of chapter 1 of the laws of 2003, is amended to read as follows:

1. The department in conjunction with the commissioner of health shall create an existing geographic information system, and maintain such system and associated data storage and analytical systems for purposes of collecting, streamlining, and visualizing integrated data, permits, and relevant sites about drinking water quality including, but not limited to, incorporating remedial programs under its jurisdiction, and supply well and monitoring well data, emerging contaminant data, water quality monitoring data, pertinent data from remediation and landfill sites, permitted discharge locations and other potential contamination risks to water supplies. Such system shall also incorporate information from the source water assessment program collected by the department of health, data from annual water supply statements prepared pursuant to section eleven hundred fifty-one of the public health law, information from the database pursuant to title fourteen of article twenty-seven of this chapter, and any other existing data regarding soil and groundwater contamination currently gathered by the department, as well as data on contamination that is readily available from the United States geological survey and other sources determined appropriate by the department. In addition to facilitating interagency coordination and predictive analysis to protect water quality, such system shall provide state agency information to the public through a website, within reasonable limitations to ensure confidentiality and security.

§ 13. If any clause, sentence, paragraph, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 14. This act shall take effect immediately; provided, however, that emergency financial assistance will not be available under section 1285-t of the public authorities law established pursuant to section
eight of this act until one hundred twenty days after this act shall take effect; and provided further that the provisions of section nine of this act shall take effect on the one hundred eightieth day after it shall become a law.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Parts A through T of this act shall be as specifically set forth in the last section of such Parts.
