30 Section 1. Contingent upon available funding, and not to exceed
31 [~~\$30,000,000~~] \$45,000,000 moneys from the urban development corporation

33 of this section shall mean a county, city, town, village, school
34 district or special district, where (i) on or after June 25, 2015, an
35 electric generating facility located within such local government entity
36 has ceased operations, and (ii) the closing of such facility has caused
37 a reduction in the real property tax collections or payments in lieu of
38 taxes of at least twenty percent owed by such electric generating facil-
39 ity. Such moneys attributable to the cessation of operations, shall be
40 paid annually on a first come, first served basis by the urban develop-
41 ment corporation to such local government entity within a reasonable
42 time upon confirmation from the state office of real property tax
43 services or the local industrial development authority established
44 pursuant to titles eleven and fifteen of article eight of the public
45 authorities law, or the local industrial development agency established
46 pursuant to article eighteen-A of the general municipal law that such

48 collections or payments in lieu of taxes, provided, however, that the
49 urban development corporation shall not provide assistance to such local
50 government entity for more than [~~five~~] seven years, and shall [~~not~~]
51 award [~~in the first year more than eighty percent of~~] payments reflect-

<u>2</u>	<u>no more than seventy percent of loss of revenues</u>
<u>3</u>	<u>no more than sixty percent of loss of revenues</u>
<u>4</u>	<u>no more than fifty percent of loss of revenues</u>
<u>5</u>	<u>no more than forty percent of loss of revenues</u>
<u>6</u>	<u>no more than thirty percent of loss of revenues</u>
<u>7</u>	<u>no more than twenty percent of loss of revenues</u>

A local government entity shall be eligible for only one payment of funds hereunder per year. A local government entity may seek assistance under the electric generation facility cessation mitigation fund once a generator has submitted its notice to the federally designated electric bulk system operator (BSO) serving the state of New York of its intent to retire the facility or of its intent to voluntarily remove the facility from service subject to any return-to-service provisions of any tariff, and that the facility also is ineligible to participate in the markets operated by the BSO. The date of submission of a local government entity's application for assistance shall establish the order in which assistance is paid to program applicants, except that in no event shall assistance be paid to a local government entity until such time that an electric generating facility has retired or become ineligible to participate in the markets operated by the BSO. For purposes of this section, any local government entity seeking assistance under the electric generation facility cessation mitigation fund must submit an attestation to the department of public service that a facility is no longer producing electricity and is no longer participating in markets operated by the BSO. After receipt of such attestation, the department of public service shall confirm such information with the BSO. In the case that the BSO confirms to the department of public service that the facility is no longer producing electricity and participating in markets operated by such BSO, it shall be deemed that the electric generating facility located within the local government entity has ceased operation. The department of public service shall provide such confirmation to the urban development corporation upon receipt. The determination of the amount of such annual payment shall be determined by the president of the urban development corporation based on the amount of the differential between the annual real property taxes and payments in lieu of taxes imposed upon the facility, exclusive of interest and penalties, during the last year of operations and the current real property taxes and payments in lieu of taxes imposed upon the facility, exclusive of interest and penalties. The total amount awarded from this program shall not exceed [~~\$30,000,000~~] \$45,000,000.

§ 2. Notwithstanding any provision of law, rule, or regulation to the contrary the New York state energy research and development authority (authority) is authorized and directed to make a contribution to the urban development corporation for the purposes of this act, an amount not to exceed \$30,000,000 for the state fiscal year commencing April 1, 2016, and an additional amount not to exceed \$15,000,000 for the state fiscal year commencing April 1, 2020 from proceeds collected by the authority from the auction or sale of carbon dioxide emission allowances allocated by the department of environmental conservation.

§ 2. This act shall take effect immediately provided, however, that the amendments to sections 1 and 2 of subpart H of part C of chapter 20 of the laws of 2015 made by section one of this act shall not affect the repeal of such subpart and shall be deemed repealed therewith.
