12 c. entertainment elephants are trained with cruel techniques that 13 involve the use of objects to control and punish, such as bullhooks, 14 electric shocks, metal bars, whips, chaining, and other forms of phys-15 ical restriction and painful coercion;

16 d. entertainment elephants live in conditions that are in no way simi-17 lar to their natural habitat, including an unnatural diet, restricted 18 movement, inappropriate housing and a hostile climate;

e. entertainment elephants are subjected to confinement and social isolation, leading to physiological, behavioral and psychological impairments;

f. entertainment elephants transported into the state spend a significant portion of their lives inside trucks, trains or trailers, enduring additional physical restrictions and social isolation;
