1 that promote a safe and secure environment for all persons on school
2 property or at school functions, and restorative practices designed to
3 promote social and emotional learning, resolve student behavioral
4 issues, and keep students in school and in class.

5 (2) Every school shall use interventions and supports that assist
6 students in developing social and emotional competencies such as self-
7 management, self-awareness, responsible decision-making, conflict resol-
8 ution, and refocusing on learning.

9 (3) Every school shall have, and support teachers in maintaining,
10 classrooms and classroom practices that support each student's opportu-
11 nity to obtain an education, that develop each student's social-emotion-
12 al skills, and that are healthy, safe, and inclusive.

13 (4) Every school shall ensure pre-service and annual training in
14 accordance with this section for all school personnel, law enforcement

16 contracted with a school district or charter school regarding the code
17 of conduct, and the use of interventions, positive school climate prac-
18 tices, graduated and proportionate discipline, and disparities that
19 exist in discipline.

20 (5) Every school shall define the roles and areas of responsibility of
21 school personnel, security personnel and law enforcement in response to
22 student misconduct that violates the code of conduct. A school district
23 or charter school that employs, contracts with, or otherwise retains law
24 enforcement or public or private security personnel, including school
25 resource officers, shall establish a written contract or memorandum of
26 understanding that is developed with stakeholder input including but not
27 limited to: parents, students, school administrators, teachers, collec-
28 tive bargaining units, parent and student organizations, community
29 members, as well as probation officers, prosecutors, defense counsels
30 and courts that are familiar with school discipline. Such written
31 contract or memorandum of understanding shall define the relationship
32 between a school district or charter school, school personnel, students,
33 visitors, law enforcement, and public or private security personnel.
34 Such contract or memorandum of understanding shall be consistent with
35 the code of conduct, limit law enforcement or security personnel's
36 involvement when a student's behavior does not threaten the safety of
37 the school, define which behaviors should not result in an arrest or
38 summons, require law enforcement or security personnel to receive train-
39 ing as required by subparagraph four of this subdivision, and clearly
40 delegate the role of school discipline to the school administration.
41 Such written contract or memorandum of understanding shall be incorpo-
42 rated into and published as part of the code of conduct.

43 c. Every school shall use graduated and proportionate discipline,
44 which shall mean a disciplinary approach that requires school personnel
45 to use the least severe action necessary to respond to inappropriate
46 behavior and requires the use of appropriate prevention programs and
47 interventions prior to and in conjunction with the use of any discipline
48 that prevents students from receiving their in-classroom education.
49 Discipline such as removals, suspensions and expulsions that prevent
50 students from receiving their in-classroom education shall be used as a
51 discipline of last resort and may only be imposed as provided in this
52 section and section thirty-two hundred fourteen of this chapter.

53 d. (1) Restorative approaches to school climate and discipline include
54 the use of restorative practices in classrooms and schools to proactive-

56 ing, acceptance of responsibility, trust and respect. Restorative prac-

1 tices may address misbehavior and harm in a way that strengthens
2 relationships between school staff and students and among students and
3 addresses the root causes of discipline problems.

4 (2) Restorative discipline allows students who may have violated the
5 code of conduct to take full responsibility for their behavior by
6 addressing any individuals affected by the behavior. The purpose of such
7 discipline is to help students understand why a specific behavior is
8 wrong and to help them choose a better behavior in the future. Restora-
9 tive practices and discipline may include class meetings, facilitated
10 circles, conferences, peer mediation and other restorative interventions
11 that can effectively address student misconduct, hold students account-
12 able for their behavior, repair harm to persons and property caused by
13 misconduct and foster healthy relationships within the school community.
14 Consistent with this section and section thirty-two hundred fourteen of
15 this chapter, school personnel may use restorative discipline to respond
16 to student behavior.

17 (3) No student shall be required to participate in a restorative prac-
18 tice without their consent. In addition, in the case of an incident
19 where a student has been physically injured, no student shall be
20 required to participate in restorative practices if their parent or
21 person in parental relation affirmatively objects upon notice. If a
22 student chooses not to participate in a restorative practice, the school
23 may use other approaches to respond to a code of conduct violation.

24 2. For purposes of this section, school property [~~means in or within~~]
25 shall mean real, personal or other property owned, leased or occupied by

The principal's determination made pursuant to this paragraph shall be made by the close of business on the school day next succeeding the end of the forty-eight hour period for an informal ~~[hearing]~~ conference contained in paragraph ~~[b]~~ c of this subdivision.

48 notify the parent or person in parental relation and the [~~pupil~~] student
49 of the proposed transfer and of their right to a fair hearing as
50 provided in paragraph c of subdivision [~~three~~] two of this section and
51 shall list community agencies and free legal assistance which may be of

12 student. Staff members who are involved in the ~~[pupil's]~~ student's
13 education must be provided with pertinent records and information relat-
14 ing to the background and problems of the ~~[pupil]~~ student before the
15 ~~[pupil]~~ student is placed in a classroom.
