§ 4. Subdivision c of section 13-696 of the administrative code of the city of New York, as added by chapter 125 of the laws of 2000, is amended to read as follows:

§ 5. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2018 the annual cost of living adjustment will be computed on a base benefit amount not to exceed \$25,000.

Insofar as this bill affects the New York State and Local Employees' Retirement System, pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provisions. If this bill were enacted, the increase in the present value of benefits would be approximately \$2.2 billion.

Insofar as this bill affects the New York State and Local Police and Fire Retirement Systems (PFRS), the increased costs would be shared by the State of New York and the participating employers in the PFRS. If this bill were enacted, the increase in the present value of benefits would be approximately \$313 million. The estimated first year cost would be approximately \$7.25 million to the State of New York and approximately \$30.4 million to the participating employers in the PFRS.
