

STATE OF NEW YORK

3787

2017-2018 Regular Sessions

IN SENATE

January 27, 2017

Introduced by Sen. PHILLIPS -- read twice and ordered printed, and when printed to be committed to the Committee on Education

AN ACT to amend the education law, in relation to authorizing boards of education to provide certain children transportation to school

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 1 of section 3635 of the education law is
2 amended by adding a new paragraph h to read as follows:

3 h. (i) A board of education of any school district shall, upon written
4 request of a parent or guardian of a child attending grades kindergarten
5 through eight who lives within two miles from the school that they
6 legally attend or a parent or guardian of a child attending grades nine
7 through twelve who lives within three miles from the school that they
8 legally attend, make a determination as to whether a child residing
9 within the two or three mile distance limitation may for reasons related
10 to safety or other extraordinary circumstances use an already estab-
11 lished pick-up and/or drop-off point on an already established route
12 outside of such two or three mile distance limitation. Written requests
13 shall specify explanations for the request, including but not limited to
14 any potential hardships or hazards to the child's safety due to the
15 parent or guardian's inability to accompany their child to or from
16 school as well as the pick-up and/or drop-off point closest to the
17 child's place of residence.

18 (ii) Upon receipt of such written request, the board of education
19 shall determine whether the child shall be permitted to use an already
20 established pick-up and/or drop-off point and shall provide a written
21 explanation to the parent or guardian making such request as to the
22 reasons for approval or denial for such request. Before the board of
23 education makes its decision, it shall determine whether permitting the
24 child to use an already established pick-up and/or drop-off point would
25 incur additional costs to the school district that would be in excess of

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD06726-01-7

1 the amount appropriated in the school district budget. If it is deter-
2 mined that such request would incur additional costs to the school
3 district, then the board of education must identify and include the
4 nature and amount of the additional costs in the written explanation to
5 the parent or guardian making such written request and receive approval
6 of the qualified voters of the district at the annual meeting before
7 allowing the child to use the pick-up and/or drop-off point for the
8 school year for which transportation is requested. If such written
9 request is approved by the board of education, such child may be permit-
10 ted to use the pick-up and/or drop-off point specified in the request
11 immediately. Nothing in this paragraph shall be construed to require the
12 board of education to hold a special meeting of the district in order to
13 approve such request by a parent or guardian.

14 § 2. This act shall take effect immediately.
