h. (i) A board of education of any school district shall, upon written 4 request of a parent or quardian of a child attending grades kindergarten through eight who lives within two miles from the school that they legally attend or a parent or guardian of a child attending grades nine through twelve who lives within three miles from the school that they legally attend, make a determination as to whether a child residing within the two or three mile distance limitation may for reasons related 10 to safety or other extraordinary circumstances use an already established pick-up and/or drop-off point on an already established route outside of such two or three mile distance limitation. Written requests 12 shall specify explanations for the request, including but not limited to 14 any potential hardships or hazards to the child's safety due to the 15 parent or guardian's inability to accompany their child to or from 16 school as well as the pick-up and/or drop-off point closest to the child's place of residence.

(ii) Upon receipt of such written request, the board of education shall determine whether the child shall be permitted to use an already 20 established pick-up and/or drop-off point and shall provide a written 21 explanation to the parent or quardian making such request as to the 22 reasons for approval or denial for such request. Before the board of education makes its decision, it shall determine whether permitting the child to use an already established pick-up and/or drop-off point would 25 incur additional costs to the school district that would be in excess of

the amount appropriated in the school district budget. If it is determined that such request would incur additional costs to the school district, then the board of education must identify and include the 3 nature and amount of the additional costs in the written explanation to the parent or quardian making such written request and receive approval of the qualified voters of the district at the annual meeting before allowing the child to use the pick-up and/or drop-off point for the 7 school year for which transportation is requested. If such written 9 request is approved by the board of education, such child may be permitted to use the pick-up and/or drop-off point specified in the request 10 immediately. Nothing in this paragraph shall be construed to require the 11 12 board of education to hold a special meeting of the district in order to 13 approve such request by a parent or guardian.

§ 2. This act shall take effect immediately.
