2017-2018 Regular Sessions

## IN SENATE

January 27, 2017

Introduced by Sens. RITCHIE, AMEDORE, CROCI, DeFRANCISCO, GALLIVAN, HANNON, LARKIN, MARCHIONE, ORTT, RANZENHOFER, SERINO, SEWARD -- read twice and ordered printed, and when printed to be committed to the Committee on Agriculture

AN ACT to amend the agriculture and markets law, in relation to the creation of a "Grown in New York" program campaign to increase awareness and consumption of locally grown and produced foods and related products and to increase the production and improve the distribution of foods and related products for local consumption

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. The agriculture and markets law is amended by adding a new
2	article 25-BB to read as follows:
3	ARTICLE 25-BB
4	<u>GROWN IN NEW YORK</u>
5	Section 340. Legislative intent.
6	341. Grown in New York program, created.
7	342. Purposes and duties of the department.
8	343. Certification mark use and imaging.
9	344. Licensing agreement.
10	345. Registration.
11	346. Rules and regulations.
12	<u>§ 340. Legislative intent. Despite an increasing trend among Americans</u>
13	to buy locally grown foods, there are currently insufficient resources
14	and information available to support, encourage and foster consumer
15	product awareness and purchases of locally manufactured products in New
16	York state. By defining, branding and protecting what "Grown in New
17	York" means, New York can capitalize and protect its agricultural busi-
18	nesses in an increasingly competitive global market by distinguishing
19	and building pride in such businesses. The further promotion and educa-
20	tion of consumers about the values of buying local is a mutually benefi-

2	healthful consumption but local businesses will be strengthened and new
3	businesses will choose to grow and make products in New York, thus
4	creating and securing jobs and fostering local economies.
5	<u>§ 341. Grown in New York program, created. The department shall</u>
6	conduct a "Grown in New York" promotional campaign to increase awareness
7	and consumption of locally grown and produced foods and related products
8	and to increase the production and improve the distribution of foods and
9	related products for local consumption. In the program, the department
10	shall emphasize the development of regional food and cultural tourism
11	trails and the development of regional food systems through activities
12	such as creating a program logo and maintaining related marketing mate-
13	rials; creating or supporting networks of producers; and strengthening
14	connections between producers, retailers, institutions, and consumers
15	and nearby producers. Funding for such program shall derive from a
16	budget appropriation therefor beginning in the fiscal year during which
17	such program commences.
18	§ 342. Purposes and duties of the department. The department's "Grown
19	in New York" campaign shall include, but not be limited to: 1. develop-

25	
26	grown goods or products;
27	2. creation of eligibility requirements that will permit participants
28	the use of the "Grown in New York" logo on their products and represent
29	that such product was grown in this state provided that such product has
30	an agricultural origin and/or components of which are not fewer than
31	seventy-five percent grown or harvested in New York or its surface or
