Section 1. The workers' compensation law is amended by adding a new section 112-a to read as follows:

§ 112-a. Audits of employers. 1. (a) Employers in all classes other than the construction class shall be audited not less frequently than biennially and the chair or board may provide for more frequent audits of employers in specified classifications based on factors such as amount of premium, type of business, loss ratios, or other relevant factors. In no event shall employers in the construction class, generating more than the amount of premium required to be experience rated, be audited less frequently than annually. The annual audits required for construction classes may be a physical, onsite review of original payroll records, employee records, checkbooks, cash book (disbursements and receipts), general ledger, contracts, tax returns including quarterly payroll filings, and original certificates of insurance. The audit of all employers shall be conducted no more than one hundred twenty days after the expiration of a policy period. At the completion of an audit, if requested by the auditor, the employer or officer of the corporation must print and sign their names on the audit document affirming the accuracy of the information provided therein. As required by section one hundred twelve of this article, employers shall make available all books and records necessary for the payroll verification audit and permit the auditor to make a physical inspection of the employer's operation.
