

STATE OF NEW YORK

5121

2017-2018 Regular Sessions

IN SENATE

March 8, 2017

Introduced by Sen. GOLDEN -- read twice and ordered printed, and when printed to be committed to the Committee on Civil Service and Pensions

AN ACT to amend the administrative code of the city of New York, in relation to allowing certain members of the New York city police pension fund to receive service credit for their service in the New York city police department cadet program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision h of section 13-218 of the administrative code
2 of the city of New York, as added by chapter 594 of the laws of 2000, is
3 relettered subdivision i and a new subdivision j is added to read as
4 follows:

5 j. (1) Notwithstanding any provision of law to the contrary, upon
6 election, any member of the police pension fund, subchapter two of this
7 chapter who is subject to article fourteen of the retirement and social
8 security law, and served in the New York city police department cadet
9 program shall receive credit in such police pension fund, subchapter two
10 of this chapter, for the period of service in the New York city police
11 department cadet program. Any member who was not a member of the retire-
12 ment system shall receive such credit by paying into the police pension
13 fund additional member contributions plus interest, at a rate of five
14 percent, which would have been paid or credited had such member been a
15 member of the police pension fund, subchapter two of this chapter, from
16 his or her date of appointment as a New York city police department
17 cadet, provided such payment is made within five years after the effec-
18 tive date of this subdivision, or within five years after commencement
19 of membership in the New York city police pension fund, whichever is
20 later. Any such member who was a member of the New York city employees'
21 retirement system while serving in the New York city police department
22 cadet program shall receive such credit in the police pension fund by
23 requesting a transfer of credit within five years after this subdivision

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD09399-01-7

shall take effect, or within five years after commencement of membership in the New York city police pension fund, whichever is later. Upon such request, the reserve on the benefits allowable to such member as the result of employer contributions, including the reserve-for-increased-take-home-pay, if any, and the accumulated deductions of such member, shall thereupon be transferred from the New York city employees' retirement system to the police pension fund within one year from the date of such request.

(2) The period of such service transferred or purchased pursuant to paragraph one of this subdivision shall be deemed to be service in the police force for purposes of eligibility for benefits and to determine the amounts of benefits under the police pension fund.

(3) Any member of the police pension fund, subchapter two of this chapter, who acquires service credit by reason of the provisions of this subdivision shall be entitled to all rights benefits and privileges to which he or she would have been entitled had his or her current membership begun upon appointment as a New York city police department cadet, as well as any other right, benefit or entitlement of a similarly situated member of such pension fund with equal total service credit consisting only of service in the uniformed force of the police department.

§ 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

We have estimated the impact of the Cadet Bill, a copy of which is attached, on the projected employer contributions. The table below summarizes the resulting contributions by year.

(in millions)

Year	Annual Cost
2017	9.5
2018	10.0
2019	10.5
2020	11.0
2021	11.5

These estimates are based on headcount, as summarized below:

Year	Open Competitive	Promotional
2009	5	180
2010	3	164
2011	1	68
2012	1	52
2013	0	35
2014	2	14
2015	5	73
2016	2	22

For the sake of projection, we assumed that from 2016 to 2019 (the time period that impacts costs from 2018 to 2021), we would continue to see cadets enter the plan with past service. We assumed for each year that 2 cadets would enter as Open Competitive hires and 50 cadets would enter through Promotional hire channels. Note, the new Cadets are all subject to the Tier 6 plan provisions, with no opportunity for Tier reassignment.

We also assumed that Promotional hires would enter with 1.25 years of past service on average and Open Competitive hires would have 0.83 years of service, which is 2/3 of the amount of the Promotional hires. In

addition, we had to make assumptions about the Tier Reinstatement Rates, as summarized in the table below:

Year	Tier Reinstatement Rates
2009	100%
2010	100%
2011	50%
2012	100%
2013	100%
2014	25%
2015	0%
2016	0%

All other assumptions are consistent with our current understanding of the actuarial assumptions employed by the New York City Office of the Actuary to illustrate expected contribution impact.

The undersigned is familiar with the immediate and long-term aspects of pension calculations and meets the Qualification Standards of the American Academy of Actuaries necessary to render the actuarial opinions contained herein.
