5 connection with or collateral to a contract or agreement relative to the
6 construction, alteration, repair or maintenance of a building, structure,
7 appurtenances and appliances including moving, demolition and
8 excavating connected therewith, purporting to indemnify or hold harmless
9 the promisee against liability for damage arising out of bodily injury
10 to persons or damage to property contributed to, caused by or resulting
11 from the negligence of the promisee, his agents or employees, or indem-
12 nitee, whether such negligence be in whole or in part, is against public
13 policy and is void and unenforceable; provided that this section shall
14 not affect the validity of any insurance contract, workers' compensation
15 agreement or other agreement issued by an admitted insurer; provided
16 further, that a provision in a construction contract that requires the
17 purchase of additional insured coverage, or any coverage endorsement, or
18 provision within an insurance policy providing additional insured cover-
19 age, is void and unenforceable to the extent that it requires coverage,
20 the scope of which is prohibited under this subdivision. This subdivi-
21 sion shall not preclude a promisee requiring indemnification for damages
22 arising out of bodily injury to persons or damage to property caused by
23 or resulting from the negligence of a party other than the promisee,
24 whether or not the promisor is partially negligent.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
