9 such conditions on the defendant as are necessary to assure compliance  
10 with such law, rule, regulation, permit, certificate or order within a

12 3. No person shall commence a civil action pursuant to subdivision one

23 § 71-4503. Notice of action.

24 1. Except as provided in subdivision two of this section, no action  
25 may be commenced under subdivision one of section 71-4501 of this title:

26 a. prior to sixty days after written notice by certified mail, return  
27 receipt requested, has been given by the plaintiff to the commissioner,  
28 the attorney general, and any person alleged to be in violation of any  
29 law, rule, regulation, permit, certificate or order. Such written notice  
30 shall be given in such a manner as the commissioner may prescribe by  
31 regulation, and shall identify any person alleged to be in violation of  
32 any such law, rule, regulation, permit, certificate or order as set  
33 forth in subdivision one of section 71-4501 of this title and shall  
34 describe with reasonable particularity the activity or condition  
35 complained of including, where appropriate, data or test results in the  
36 possession of the plaintiff which describe such alleged violation; or

37 b. if the commissioner or the commissioner's designee, at any time  
38 prior to the end of the sixty day notice period prescribed in paragraph  
39 a of this subdivision or prior to commencement of such action, whichever  
40 is later and upon written notice to the person who provided the notice  
41 prescribed in paragraph a of this subdivision, has commenced and is  
42 diligently prosecuting an administrative enforcement proceeding pursuant  
43 to this chapter to abate the alleged violation; or

44 c. if the attorney general, at any time prior to the end of the sixty  
45 day notice period prescribed in paragraph a of this subdivision or prior  
46 to commencement of such action, whichever is later, and upon written  
47 notice to the person who provided the notice prescribed in paragraph a  
48 of this subdivision, has commenced and is diligently prosecuting a civil  
49 action in a court of the United States or New York state which seeks an  
50 order or injunction to abate the alleged violation; or

51 d. if the alleged violation is the subject of a consent order, a  
52 court order or any other written agreement signed by the commissioner or  
53 the commissioner's designee and the alleged violator setting forth a  
54 compliance schedule to eliminate the alleged violation in a reasonable  
55 time period, or of a settlement or disposition of an administrative  
56 enforcement proceeding or a civil action commenced pursuant to this

chapter, provided that the alleged violator is in compliance with the terms of such consent order, court order, agreement, settlement or disposition.

2. The plaintiff may commence an action under subdivision one of section 71-4501 of this title prior to sixty days after the giving of notice required by paragraph a of subdivision one of this section upon a showing to the court that the matter in controversy involves a substantial and imminent hazard to health or the environment.

3. A copy of the summons and complaint and any amendment thereto, shall be served upon the commissioner and the attorney general.

§ 71-4505. Intervention.

1. The state as represented by the attorney general may intervene as a matter of right in any action brought pursuant to this title.

2. Any person who is authorized to commence an action pursuant to section 71-4501 of this title and who has given notice pursuant to section 71-4503 of this title may intervene upon timely motion as a matter of right in any action or proceeding subsequently commenced by the department or the attorney general relating to any violation alleged in such notice.

§ 71-4507. Approval of settlements.

1. No action commenced under this title shall be settled except upon approval by the court upon sixty days notice to all parties, the commissioner and the attorney general. Notice of the proposed settlement shall be published in the environmental notice bulletin by the commissioner. Upon the motion of the commissioner, the attorney general, or any other party or upon its own motion, the court may require such further notice as may be required to protect the environment or persons who are not a party to the action. The court shall not approve a settlement in an action commenced under this title if the court determines that a monetary settlement in excess of costs, disbursements and reasonable expert witness and attorney fees has been offered or paid by a defendant as consideration for such settlement to a plaintiff who has standing to sue only by virtue of this title.

2. If, subsequent to the commencement of an action under subdivision one of section 71-4501 of this title which action has not been finally adjudicated, the person alleged to be in violation of any law, rule, regulation, permit, certificate or order enters into a consent order, or is subject to a court order or other written agreement signed by the commissioner or the commissioner's designee which sets forth a reasonable settlement and disposition of the alleged violation, the court in which such action is pending, on motion of any party, may make an appropriate court order disposing of the case, including the award of costs, disbursements, reasonable expert witness and attorney fees to any party if appropriate pursuant to section 71-4509 of this title.

§ 71-4509. Costs, fees and penalties.

1. The court, in issuing any final order in any action brought pursuant to subdivisions one and two of section 71-4503 of this title may in its discretion award costs, disbursements and reasonable expert witness and attorney fees to any prevailing or substantially prevailing party; provided, however, that a prevailing or substantially prevailing respondent or defendant must show that the action or claim brought was frivolous in order to recover such costs, disbursements, reasonable expert witness and attorney fees. In order to find the action or claim to be frivolous, the court must find in writing one or more of the following:

1 a. the action or claim was commenced, used or continued in bad faith,  
2 solely to delay or prolong the resolution of the litigation or to harass  
3 or maliciously injure another;

4 b. the action or claim was commenced or continued in bad faith without  
5 any reasonable basis in law or fact and could not be supported by a good  
6 faith argument for an extension, modification or reversal of existing  
7 law. If the action or claim was promptly discontinued when the party or  
8 the attorney learned or should have learned that the action or claim  
9 lacked such a reasonable basis, the court may find that the party or the  
10 attorney did not act in bad faith.

11 2. Notwithstanding the provisions of subdivision one of this section,  
12 no costs, disbursements, or reasonable expert witness and attorney fees  
13 may be awarded against the state, or any of its departments, agencies,  
14 bureaus or any of its political subdivisions, or any public authority in  
15 any action brought under this title.

16 3. In addition to the state's right to intervene pursuant to subdivi-  
17 sion one of section 71-4505 of this title or any other law, the state,  
18 as represented by the attorney general, may appear upon timely motion in  
19 an action brought under this title for the sole purpose of obtaining an  
20 award of penalties against any person found liable in such action;  
21 provided, however, that the plaintiff and defendant must be notified of  
22 the state's intent to move for penalties within thirty days of commence-  
23 ment of such action. Any claim for penalties based upon a violation  
24 which is the subject of an action brought under this title must be  
25 brought in such action.

26 § 71-4511. Applicability in the Adirondack park.

27 With respect to those parts of title twenty-seven of article fifteen  
28 of this chapter and those parts of article twenty-four of this chapter  
29 administered by the Adirondack park agency created pursuant to article  
30 twenty-seven of the executive law, any reference in this title to the  
31 department, the commissioner, or the commissioner's designee shall be  
32 construed to mean the Adirondack park agency.

33 § 71-4513. Savings clause.

34 Nothing in this title shall restrict any right which any person or  
35 class of persons may have under any statute or common law to seek  
36 enforcement of any statute, rule, regulation, permit, certificate or  
37 order, or to seek any other relief.

38 § 2. Section 71-1311 of the environmental conservation law, subdivi-  
39 sion 1 as amended by chapter 846 of the laws of 1981, is amended to read  
40 as follows:

41 § 71-1311. Injunction against violations.

42 [1.] Whenever it appears that any person is violating or threatening  
43 to violate any provision of article 23 of this chapter or is committing  
44 any offense described in section 71-1305 of this title, the department,  
45 acting by the Attorney General, may bring suit against such person in  
46 any court of competent jurisdiction to restrain such person from contin-  
47 uing such violation or from carrying out the threat of violation. In any  
48 such suit, the court shall have jurisdiction to grant to the department  
49 without bond or other undertaking, such prohibitory or mandatory injunc-  
50 tions as the facts may warrant, including temporary restraining orders  
51 and preliminary injunctions.

52 ~~[2. If the department, acting by the Attorney General, shall fail to~~  
53 ~~bring suit to enjoin a violation or threatened violation of any~~  
54 ~~provision of article 23, or any rule, regulation, or order of the~~  
55 ~~department made pursuant hereto, within ten days after receipt of writ-~~  
56 ~~ten request to do so by any person who is or will be adversely affected~~

~~by such violation, the person making such request may bring suit in his own behalf to restrain such violation or threatened violation in any court in which the department might have brought suit. The department shall be made a party in such suit in addition to the person violating or threatening to violate a provision of article 23, or a rule, regulation, or order of the department, and the action shall proceed and injunctive relief may be granted to the department without bond, or other undertaking in the same manner as if suit had been brought by the department.]~~

§ 3. This act shall take effect immediately; provided however, that no action authorized by section 71-4501 of the environmental conservation law, as added by section one of this act, may be commenced against any city, village, town or county prior to September 1, 2022 and nothing in this act shall affect any action commenced pursuant to section 71-1311 of the environmental conservation law, prior to such effective date.
