33 death or serious physical injury to a person, which requires access to  
34 the electronic information without delay, shall within three days after  
35 obtaining the electronic information file with the appropriate court an  
36 application for a warrant or order that authorizes access to such elec-  
37 tronic information, or a motion seeking approval of the emergency

44 to the targets of a warrant or emergency request, pursuant to subdivi-  
45 sion one of section 695.15 of this article, if such notice has not  
46 already been given, upon a finding that the facts did not give rise to

48 cation on any other ground.

3 director, employee, or agent of the entity; or

4 (c) require a service provider to provide subscriber information.

5 9. This section does not prohibit the intended recipient of an elec-  
6 tronic communication from voluntarily disclosing electronic communi-  
7 cation information concerning that communication to a law enforcement  
8 agency or law enforcement officer.

9 10. Nothing in this section shall be construed to expand any authority  
10 under state law to compel the production of or access to electronic  
11 information.

12 § 695.15 Search and seizure of electronic devices and electronic commu-  
13 nications; in an emergency.

14 1. Except as otherwise provided in this section, a law enforcement  
15 agency or law enforcement officer that executes a warrant, or obtains  
16 electronic information in an emergency pursuant to section 695.10 of  
17 this article, shall serve upon or deliver to the target of a warrant or  
18 emergency request by registered or first-class mail, electronic mail, or  
19 by other means reasonably calculated to be effective, a notice that  
20 informs the recipient that information about the recipient has been  
21 compelled or requested. Such notice shall state with reasonable specif-  
22 icity the nature of the government investigation pursuant to which the  
23 information is sought. The notice shall include a copy of the warrant or  
24 a written statement setting forth facts giving rise to the emergency.  
25 The notice shall be provided contemporaneously with the execution of a  
26 warrant, or, in the case of an emergency, within three days after  
27 obtaining the electronic information. The target of the warrant is  
28 entitled to request a copy of the electronic information obtained in the  
29 same form it was received upon request. Notice shall include  
30 instructions for requesting copies and a law enforcement agency and law  
31 enforcement officer must provide copies of information obtained in the  
32 same form within three days of receiving the request from the target of  
33 the warrant.

34 2. (a) When a warrant is sought or electronic information is obtained  
35 in an emergency under section 695.10 of this article, the law enforce-  
36 ment agency or law enforcement officer may submit a request to a court  
37 supported by a sworn affidavit for an order delaying notification and  
38 prohibiting any party providing information from notifying any other  
39 party that information has been sought. The court shall issue the order  
40 if the court determines that there is reason to believe that notifica-  
41 tion may have an adverse result, but only for the period of time that  
42 the court finds there is reason to believe that the notification may  
43 have that adverse result, and not to exceed ninety days.

44 (b) The court may grant extensions of the delay of up to ninety days  
45 each on the same grounds as provided in paragraph (a) of this subdivi-  
46 sion.

47 (c) Upon expiration of the period in which notification is delayed, a  
48 law enforcement agency or law enforcement officer shall serve upon the  
49 identified targets of a warrant or deliver to those targets by regis-  
50 tered or first-class mail, electronic mail, or other means reasonably  
51 calculated to be effective as specified by the court issuing the order  
52 authorizing delayed notification, a document that includes the informa-  
53 tion described in subdivision one of this section, along with a copy of  
54 all electronic information obtained in the same form it was received,  
55 and a statement of the grounds for the court's determination to grant a  
56 delay in notifying the individual.

3. If there is no identified target of a warrant or emergency request at the time of its issuance, the law enforcement agency or law enforcement officer shall submit to the attorney general of this state within three days of the execution of the warrant or issuance of the request a report regarding the information required in subdivision one of this section. If an order delaying notice is obtained pursuant to subdivision two of this section, the law enforcement agency or law enforcement officer shall submit to the attorney general upon the expiration of the period of delay of the notification a report regarding the information required in paragraph (c) of subdivision two of this section. The attorney general's office shall publish such reports on its internet website within ninety days of receipt. The attorney general shall redact names and other personal identifying information from the reports.

4. Except as otherwise provided in this section, nothing in this article shall prohibit or limit a service provider or any other party from disclosing information about any request or demand for electronic information.

§ 695.20 Search and seizure of electronic devices and electronic communications; when evidence can be suppressed.

1. Persons who are party to or otherwise subject to a trial, hearing, or other legal or administrative proceeding may move to suppress electronic information obtained or retained in violation of this article, the United States Constitution, State Constitution, the New York State Constitution or the provisions of the criminal procedure law. The motion shall be made and shall be subject to review by a court in accordance with the procedures set forth in article seven hundred ten of this title.

2. The attorney general of this state may commence a civil action to compel a law enforcement agency or law enforcement officer to comply with the provisions of this article. This does not preclude action by an individual, service provider, or other recipient of a warrant, order, or other legal process that is inconsistent with this article.

3. An individual, service provider or other recipient of a warrant, order, or other legal process may petition the issuing court to quash or modify the warrant, order, or process, or to order the destruction of information that is sought pursuant to such a warrant, order or other legal process, on the basis that the warrant, order or process violates the United States Constitution, the New York State Constitution, or is otherwise contrary to federal or state law. The warrant recipient may also move the quash on the basis that the information or records requested are unusually voluminous in nature or compliance with such order otherwise would cause an undue burden on such provider. The court's decision to grant or deny that petition, in whole or in part, filed under this paragraph is immediately appealable pursuant to section fifty-seven hundred one of the civil practice law and rules.

4. A state, territory or commonwealth of the United States and foreign and domestic corporations as well as officers, employees, and agents of these entities shall not be subject to a cause of action for providing records, information, facilities, or other forms of assistance in accordance with the terms of a warrant, court order, statutory authorization, emergency certification, or wiretap order issued pursuant to this article. This does not preclude a cause of action for providing records, information, facilities, or other forms of assistance in a manner that is inconsistent with this article.

1 1. A law enforcement agency or law enforcement officer that obtains  
2 electronic communication information pursuant to this article shall make  
3 an annual report to the attorney general of this state regarding such

28 (iii) the total number of instances in which information was sought or  
29 obtained that did not specify a target individual from whom or about  
30 whom the information was requested;

31 (iv) for demands or requests issued upon a service provider, the  
32 number of such demands or requests complied with in full, partially  
33 complied with, and not complied with;

49 first thereafter, the attorney general's office shall publish on its  
50 internet website a summary aggregating data related to each type of

52 subdivision one of this section by county.

54 provider from producing an annual report summarizing the demands or  
55 requests it receives under this article.
