AN ACT to amend the retirement and social security law, the education law and the administrative code of the city of New York, in relation to providing cost-of-living adjustments

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision g of section 78-a of the retirement and social
2 security law, as added by chapter 125 of the laws of 2000, is amended to
3 read as follows:

4 g. Notwithstanding any other provision of law, effective the first day
5 of September, two thousand eighteen, the surviving spouse of a deceased
6 retired member who retired under an option which provides that benefits
7 are to be continued for life to the surviving spouse after the death of
8 the retired member, shall be entitled to receive benefits pursuant to
9 this section. Said benefits shall be [~~fifty~~] one hundred percent of the
10 monthly benefits which the pensioner would be receiving pursuant to this
11 section if living, and shall commence (i) with a payment for the month
12 of September, two thousand eighteen, or (ii) the month following the
13 death of the deceased retired member, whichever is later.

14 § 2. Subdivision g of section 378-a of the retirement and social secu-
15 rity law, as added by chapter 125 of the laws of 2000, is amended to
16 read as follows:

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[~~-~~] is old law to be omitted.

LBD11293-07-8

g. Notwithstanding any other provision of law, effective the first day of September, two thousand eighteen, the surviving spouse of a deceased retired member who retired under an option which provides that benefits are to be continued for life to the surviving spouse after the death of the retired member, shall be entitled to receive benefits pursuant to this section. Said benefits shall be [~~fifty~~] one hundred percent of the monthly benefits which the pensioner would be receiving pursuant to this section if living, and shall commence (i) with a payment for the month of September, two thousand eighteen, or (ii) the month following the death of the deceased retired member, whichever is later.

§ 3. Subdivision g of section 532-a of the education law, as added by chapter 125 of the laws of 2000, is amended to read as follows:

g. Notwithstanding any other provision of law, effective the first day of September, two thousand eighteen, the surviving spouse of a deceased retired member who retired under an option which provides that benefits are to be continued for life to the surviving spouse after the death of the retired member, shall be entitled to receive benefits pursuant to this section. Said benefits shall be [~~fifty~~] one hundred percent of the monthly benefits which the pensioner would be receiving pursuant to this section if living, and shall commence (i) with a payment for the month of September, two thousand eighteen, or (ii) the month following the death of the deceased retired member, whichever is later.

§ 4. Subdivision g of section 13-696 of the administrative code of the city of New York, as added by chapter 125 of the laws of 2000, is amended to read as follows:

g. Notwithstanding any other provision of law, effective the first day of September, two thousand eighteen, the surviving spouse of a deceased retired member of the New York city employees' retirement system, the New York city teachers' retirement system, the New York city police pension fund, the New York city fire department pension fund or the New York city board of education retirement system who retired under an option which provides that benefits are to be continued for life to the surviving spouse after the death of the member, shall be entitled to receive a benefit pursuant to this section. Said benefit shall be [~~fifty~~] one hundred percent of the monthly benefit which the pensioner would be receiving if living, and shall commence (i) with a payment for the month of September, two thousand eighteen, or (ii) the month following the death of the deceased retired member, whichever is later.

§ 5. This act shall take effect immediately.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2018 the cost of living benefit payable to a surviving spouse who is eligible for COLA will be increased from fifty percent to one hundred percent of the benefit that the pensioner would have received.

Insofar as this bill affects the New York State and Local Employees' Retirement System, pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. If this bill were enacted, the increase in the present value of benefits would be approximately \$1.1 billion.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (PFRS), the increased costs would be shared by the State of New York and the participating employers in the PFRS. If this bill were enacted, the increase in the present value of benefits

would be approximately \$110 million. The estimated first year cost would be approximately \$2.6 million to the State of New York and approximately \$11 million to the participating employers in the PFRS.

This estimate, dated January 25, 2018, and intended for use only during the 2018 Legislative Session, is Fiscal Note No. 2018-40, prepared by the Actuary for the New York State and Local Retirement System.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would amend subdivision d of Section 532-a of the Education Law to increase the cost-of-living adjustment (COLA) percentage that is used to determine the COLA payable to eligible retired members. The COLA percentage would be increased to 100% of the annual inflation as determined from the increase in the Consumer price Index (CPI) in the one year period ending on the prior March thirty-first. The current percentage is equal to 50% of the annual increase in the CPI. This increase in the COLA percentage would be effective in September 2018.

The annual cost to the employers of members of the New York State Teachers' Retirement System for this benefit is estimated to be \$606.8 million or 3.65% of payroll if this bill is enacted.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Comprehensive Annual Financial Report (CAFR). System assets are as reported in the System's financial statements, and can also be found in the CAFR. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

The source of this estimate is Fiscal Note 2018-19 dated March 30, 2018 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2018 Legislative Session. I, Richard A. Young, am the Actuary for the New York State Teachers' Retirement System. I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY OF BILL: This proposed legislation would amend subdivision g of Section 13-696 of the Administrative Code of the City of New York (ACCNYS) to increase the Cost-of-Living Adjustment (COLA) to a surviving spouse from 50% to 100% of the COLA the pensioner would be receiving if still alive effective September 1, 2018 for the New York City Employees' Retirement System (NYCERS), the New York City Teachers' Retirement System (NYCTRS), the New York City Board of Education Retirement System

(BERS), the New York City Police Pension Fund (POLICE), and the New York City Fire Pension Fund (FIRE), collectively known as the New York City Retirement Systems and Pension Funds (NYCRS).

Effective Date: Upon enactment.

BACKGROUND: The COLA currently provides for an annual increase equal to a percentage of the annual retirement allowance otherwise payable, computed without optional modification on the first \$18,000 of retirement allowance. That percentage is equal to 50% of the increase in the consumer price index (CPI) in the one year period ending on the March thirty-first prior to the COLA effective on the ensuing September first. The percentage is rounded to the next higher one-tenth of one percent and shall not be less than 1.0% nor more than 3.0%.

The surviving spouse of a deceased retired member who retired under an option which provides that benefits are to be continued for life to the surviving spouse after the death of the retired member is currently entitled to receive a COLA equal to 50% of the COLA the pensioner would be receiving if living. This proposed legislation would change the percentage that the surviving spouse COLA is based upon from 50% to 100%.

FINANCIAL IMPACT - SUMMARY: The estimated financial impact to NYCRS for increasing the surviving spouse COLA from 50% to 100% of the retired member's COLA is shown in the table below.

	Additional Actuarial Present Value (APV) of Benefits <u>(\$ Millions)</u>	Estimated First Year Annual Employer Contributions <u>(\$ Millions)</u>
<u>NYCRS</u>		
NYCERS	\$386.6	\$342.9
NYCTRS	184.1	146.6
BERS	19.6	16.5
POLICE	53.6	29.9
FIRE	<u>21.0</u>	<u>11.1</u>
Total	\$664.9	\$547.0

FINANCIAL IMPACT - ANNUAL EMPLOYER CONTRIBUTIONS: In accordance with ACCNY Section 13-638.2(k-2), new Unfunded Accrued Liability (UAL) attributable to benefit changes are to be amortized as determined by the Actuary but generally over the remaining working lifetime of those impacted by the benefit changes.

For purposes of this Fiscal Note it has been assumed that increases in UAL attributable to current retirees would be recognized immediately and that increases in UAL attributable to active members would be amortized over periods ranging from 10 to 15 years depending on the NYCRS (9 to 14 payments, respectively, under One-Year Lag Methodology).

CONTRIBUTION TIMING: For purposes of this Fiscal Note, it is assumed that the changes in the UAL would be reflected for the first time in the Final June 30, 2017 actuarial valuations of the NYCRS. In accordance with the One-Year Lag Methodology (OYLM) used to determine employer contributions, the increase in employer contributions would first be reflected in Fiscal Year 2019.

OTHER COSTS: Not measured in this Fiscal Note is the impact on administrative costs.

CENSUS DATA: The estimates presented herein are based on the census data used in the Preliminary June 30, 2017 (Lag) actuarial valuations of NYCRS used to determine the Preliminary Fiscal Year 2019 employer contributions.

ACTUARIAL ASSUMPTIONS AND METHODS: The changes in APVB, and annual employer contributions presented herein have been calculated based on the same actuarial assumptions and methods in effect for the June 30, 2017 (Lag) actuarial valuations used to determine the Preliminary Fiscal Year 2019 employer contributions of NYCERS. Please note these assumptions and methods are subject to change as this valuation is not considered final until the end of Fiscal Year 2019.

STATEMENT OF ACTUARIAL OPINION: I, Sherry S. Chan, am the Chief Actuary for, and independent of, the New York City Retirement Systems and Pension Funds. I am a Fellow of the Society of Actuaries, an Enrolled Actuary under the Employee Retirement Income and Security Act of 1974 (ERISA), a Member of the American Academy of Actuaries, and a Fellow of the Conference of Consulting Actuaries. I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of my knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2018-44 dated June 20, 2018, was prepared by the Chief Actuary for the New York City Employees' Retirement System, the New York City Teachers' Retirement System, the New York City Board of Education Retirement System, the New York City Police Pension Fund, and the New York City Fire Pension Fund. This estimate is intended for use only during the 2018 Legislative Session.
